Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 21, 1953, as thereafter *amended* by resolution adopted July 1, 1958, by adding thereto, in connection with the parking use, which was granted under Section 7c by resolution adopted July 1, 1958, instead of for a term, so that as *amended* this portion of the resolution shall read:

“that such parking use, now permitted under Section 7c, may include the sale of used cars *on condition* that in all other respects the resolution above cited shall be complied with, as passed by the Borough Superintendent under Alt. App. 4310-58, disapproved January 5, 1959, and as shown on plans marked ‘Received January 27, 1959’, one sheet; that a corrected certificate of occupancy shall be obtained; that there shall be no change in these plans except as to the space where there may be sale of used cars, and in other respects there shall be no change from the plans as approved by the Board under the resolution adopted July 21, 1953, namely, marked ‘Received January 21, 1953’, 4 sheets.”

APPEARANCES—

For Applicant: Alfred A. Lama.

ACTION OF BOARD—Application withdrawn.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley and Commissioner Fox..... 4
Negative: 0
Absent: Commissioner Sleeper..... 1

THE RESOLUTION—

WHEREAS, this application was reopened and restored to the docket by the Board on order of the Court on June 5, 1956; and

WHEREAS, this matter has to do with a former gasoline station denied by the Board on June 22, 1954 and later was subject to court proceeding and a court order was issued under which the matter was remitted to the Board of Standards and Appeals for reconsideration and for such determination as may be justified on the basis of such new evidence as may be adduced; that was as of February 7, 1956 and no further action was taken or requested; that upon investigation it was found that the premises where the gasoline station was proposed has since been developed with residential buildings and in view of that, there is no basis for consideration of the gasoline station; that the request of the applicant is that the application be withdrawn.

Resolved, that the application be and it hereby is *withdrawn*.

Adjourned: 4:15 P.M.

JOSEPH J. DOYLE, *Chief Clerk*.

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on November 12, 1958, as they appeared in Bulletin No. 46, Vol. 43, hereby corrected to read as follows:

1305-25-BZ—Vol. II

APPLICANT—Nathan Lubroth, for Lovelane Automotive Corp., owner.

SUBJECT—Application for consideration—reopening for amendment of resolution—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7a and 7e of the Zoning Resolution, to permit in a *residence* use district the alteration and extension of an existing garage for more than five (5) motor vehicles (existing garage granted by the Board).

PREMISES AFFECTED—42-50 Love Lane, and 1-9 College Place, northwest corner, Block 236, Lot 71, Borough of Brooklyn.

APPEARANCES—

For Applicant: Nathan Lubroth.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, this application was *amended* by the Board as Vol. II, on September 29, 1936, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution as adopted on March 13, 1926, as thereafter *amended* by resolutions adopted through September 29, 1936, by adding thereto:

"that there may be an additional curb cut and door in the garage wall facing on College Place, provided the opening does not exceed 8 feet in width, with a ramp from grade to the floor of the building, as may be required, and as now shown on revised plan marked 'Received October 16, 1958', 1 sheet, and as passed on by the Borough Superintendent under Alt. Applic. 2727/58, Objection 1, disapproved September 22, 1958; and that in all other respects the requirements of the resolution above cited shall be complied with."

*Correction In the Subject, the word "business" use district changed to "*residence*" use district, as indicated in italics.

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on February 3, 1959, as they appeared in Bulletin No. 6, Vol. 44, hereby corrected to read as follows:

674-47-SM—Vol. II

Purpose

The material is to be used for anchoring hangers in stone concrete.

Description

The Rawl Drive is a one piece, longitudinally sheared pre-expanded tempered steel expansion bolt. The drive is made in three head styles; Round, Countersunk and Stud.

In the manufacture of the drive, the drive is given two heat treatments so that it has great tensile strength and hardness. The size of the drive ranges from 3/16 inch to 1/2 inch diameter and from 1 inch to 6 inches in length.

In application, two operations are necessary; drill a hole in the masonry, the nominal diameter of the drive to be used then insert the Rawl Drive in the hole and drive it with a hammer, if the stud drive is used; tighten the nut slightly with a wrench.

The Rawl-Plug is a masonry anchor designed for use with wood, sheet metal and lag screws. It is formed of braided jute, compressed into a tubular shape and is treated chemically and by heat to give a tough and elastic binding. A lead lining makes it possible for the screw to reproduce its own thread and keeps the jute fibers from being cut by the screw.

In application, it is necessary to drill the proper sized hole, insert the plug, put fixture in place and turn.

Inspection and Test

Various size drives were tested at New York Testing Laboratories, Inc. The drives were inserted in concrete blocks and depending on the diameter and imbedment and the loading in pounds, varied from 1287 to 5010 pounds.

The plugs were tested with sheet metal, wood and lag screws. The loading, in pounds ranged from 1193 to 2623 pounds.

The applicant has also submitted a report of the Underwriters' Laboratory—E 5796 and an approval of the former Board of Buildings, City of New York dated August 15, 1935 granting approval to the use of Rawl-Drives.

Recommendation

On the basis of the tests and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Rawl-Drives and Rawl-Plugs, for voluntary use in New York City under the provisions of

C26-191.0 Administrative Building Code under the pertinent sections of the Administrative Building Code in the same manner as an expansion bolt, wherein expansion bolts are permitted on condition that all cartons in which the material is marketed shall be tagged, stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 674-47-SM".

The Committee further recommends that the loading on the plugs and drives shall comply with the following tables:

RAWLPLUGS

Size	Average Tension Load Sustained	Safe Working Load in Shear (20%)	Safe Working Load in Tension (10%)
No. 8	1193 lbs.	240 lbs.	120 lbs.
No. 10	1300	260	130
No. 12	2000	400	200
No. 14	2983	600	300
No. 16	2073	415	210
No. 20	2623	525	265

RAWL-DRIVES

Diameter of Drive	Safe Working Load in Shear (20%)	Safe Working Load in Tension (10%)
3/16	260 lbs.	130 lbs.
1/4	410	205
5/16	700	350
3/8	1000	500

(Sgd.) SAMUEL L. BECKER,

COURT DECISION

Matter of John Minett, et al. vs. Murdock—On January 14, 1958 the Board granted a variance to permit a gasoline service station at 77-01 to 77-21 North Conduit Avenue, northeast corner of Sutter Avenue, Block 11340, Lot 1, Ozone Park, Borough of Queens; Cal. No. 12-57-BZ. Upon court review Mr. Justice James J. Conroy confirmed the determination of the Board and dismissed the petition and vacated the order, stating among other things the following:

"the court is of the opinion that the petitioners have not demonstrated that there are any triable issues of fact".....
"the record shows that the Board has acted upon a reasonable basis and on sufficient evidence to permit the exercise of discretionary powers under subdivisions (e) and (i) of Section 7 of the Zoning Resolution. Since the Board acted within its jurisdiction and upon substantial evidence, the court cannot set such determination aside and substitute its judgment for that of the administrative body in whom alone such discretion is vested."
(N. Y. Law Journal, August 12, 1958, page 4).

Further court proceeding in the Appellate Division Second Department is pending.

A motion for a stay was made to the Appellate Division Second Department as reported in the New York Law Journal, October 10, 1958. The order of the court is as follows:

"Motion for a stay granted on condition that appellants be ready to argue or submit the appeal at the December term, beginning Monday, November 24 (for which term the appeal is ordered to be placed on the calendar), and on the further condition that appellants, within five days after the entry of the order hereon, file an undertaking for \$7,500, with corporate surety, as security for any damages that the intervenor-respondent may sustain if the order appealed from be affirmed or the appeal therefrom is dismissed."

In the Appellate Division, Second Department, a motion by appellants for reargument or motion for stay denied. (N. Y. Law Journal, November 5, 1958, page 13).

The Appellate Division, Second Judicial Department affirmed the decision of the Special Term which upheld the decision of the Board, granting a variance, as follows:

"Proceeding to review a determination of the Board of Standards and Appeals of the City of New York which granted an application pursuant to subdivision (e) of section 7 of the Zoning Resolution of the City of New York for a variance to permit the erection and operation of a gasoline service station and accessory uses in a residence use district for a period of fifteen years, subject to conditions and safeguards imposed by the Board. The appeal is from an order granting motions to dismiss the petition. Order unanimously affirmed, without costs. No opinion." (N. Y. Law Journal, February 17, 1959, page 13).

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, 9th Floor, Borough of Manhattan.

CALENDAR

DOCKET

New Cases filed up to February 24, 1959

Cal. No. Dept. Premises Affected

96-59-BZ—B.B.—3707-3711 Nostrand Avenue, east side, 100 feet south of Avenue X, Block 7422, Lot 73, Borough of Brooklyn, N.B. 211-59—re area excessive—local retail, D area district.

97-59-SA—Waste King Dishwashers, Custom and DeLuxe, Models FS-1C, FS-1D, FS-2C, FS-2D, UC-1C, UC-1D, UC-2C, UC-2D, FSP-1C, FSP-1D, FSP-2C, FSP-2D, FSPT-1C, FSPT-1D, FSPT-2C and FSPT-2D, manufactured by Waste King Corporation, Appliance.

98-59-A—B.M.—435-443 East 85th Street, north side, 94 feet west of York Avenue, Block 1565, Lots 17, 18, 19, 20 and 21, Borough of Manhattan, TA-4—re tax exemption and abatement.

99-59-A—B.M.—9-11 Pike Street and 121-125 East Broadway, southeast corner, Block 283, Lots 43 and 44, Borough of Manhattan, Alt. 1155-58—re multiple dwelling—egress.

100-59-A—B.Q.—97-44 Sutphin Boulevard and 146-01 to 146-09 Liberty Avenue, northwest corner and 97-25 to 97-45 146th Street, Block 10031, Lot 25, Jamaica, Borough of Queens; under section 35, General City Law—re premises partly in bed of a mapped street, N.B. 3690-58.

101-59-BZ—B.M.—168-178 3rd Avenue, west side, 20 feet north of East 16th Street and 145-147 East 16th Street, Block 872, Lots 33, 34 and 37-41, Borough of Manhattan, Alt. 1181-56—re parking lot—local retail use district.

102-59-SA—Fitzgibbons Forced Draft Package Unit, Models 39-59, 44-46, 52-79, 61-93, 74-112, 87-132, 109-165, 130-199, 152-232, 174-265, 217-332, 261-398, 304-464, manufactured by Fitzgibbons Boiler Co., Inc., Appliance.

103-59-SA—Superior Gas Burner for Boilers G2PG, G2RG, G4PG and GTRG, manufactured by Superior Combustion Industries, Inc., Appliance.

104-59-A—B.B.—126-142 Flatbush Avenue Extension, southwest corner of Duffield Street, Block 132, Lots 23, 24, 27, 31, Borough of Brooklyn, Misc. 3151-58—re installation of 5000 gallon gasoline tanks for gasoline service station.

105-59-SM—Fentron Aluminum Windows, Series 310, 310V, 438, 310FR, manufactured by Fentron Architectural Metals Corp., Material.

106-59-A—B.Bx.—3800 East Tremont Avenue, northwest corner of Lamport Place, Block 5562, Lot 73, Borough of The Bronx, Alt. 25-59—re use of Class IV structure for commercial purposes.

107-59-SM—Bethlehem Open Web Steel Joists S-Series, manufactured by Bethlehem Steel Co., Material.

108-59-SM—Pilkington Polished Wired Glass and Wired Cast Square Mesh (Georgian) and Hexagonal Mesh, manufactured by Pilkington Brothers, Ltd., Material.

109-59-SM—Airtex Radiant-Acoustical Ceiling, manufactured by Airtex Corporation, Material.

110-59-A—B.B.—49-51 Dupont Street, northeast corner of Franklin Street, Block 2487, Lots 1, 10, 12, 72, 78, Borough of Brooklyn, Misc. 888-58—re fireproofing, adequate area for live load, exit stairs.

Restored to Docket

798-53-A—Vol. III—B.Q.—107-17 178th Street, east side, 152.48 feet south of 107th Avenue, Block 10336, Lot 12, Jamaica, Borough of Queens, Amendment to N.B. 4070-53—re construction of tank.

202-44-A—Vol. II—B.M.—247 East 53rd Street, north side, 100 feet west of 2nd Avenue, 3rd floor, Block 1327, Lot 20, Borough of Manhattan, Alt. 749-58—re occupying the entire building of class 3 construction as a day care nursery.

783-52-A—Vol. II—B.Bx.—Pelham Parkway and Eastchester Road, southwest corner, Blocks 4281, 4282 and 4217, Borough of The Bronx, Amendment to N.B. 848-50—re door fastenings on required means of egress.

206-58-A—Vol. II—B.R.—1756 Victory Boulevard, south side, 99.49 feet east of Manor Road, 1st floor, Block 707, Lot 6, Four Corners, Borough of Richmond, Amendment to Alt. 39-59—re building in bed of mapped street.

175-49-SM—U. S. Plywood Partition Panel, 1¾ inch thick with Kaylo Core and 1¾ inch thick with Kaylor Core, manufactured by United States Plywood Corporation; reopened for test and report as to additional thickness, Material.

1469-22-SA—Signal Single Stroke A. C. Bell, manufactured by Signal Engineering and Manufacturing Company; reopened for report as to change of name, Appliance.

91-26-SA—Signal Standpipe Alarm Panel, manufactured by Signal Engineering and Manufacturing Co.; reopened for report as to name, Appliance.

617-23-SA—Direct and Alternating Current Control Boards for Vibrating Bells, manufactured by Signal Engineering and Manufacturing Co.; reopened for report as to change of name, Appliance.

38-47-SM—Vol II—Waylite Aggregate—used as aggregate in manufacture of concrete masonry units, manufactured by Bergen Building Block, Inc.; reopened for test and report as to additional sizes, Material.

690-47-SM—Bayonne Block Co. Cinder and Concrete Blocks, manufactured by Bayonne Block Co.; reopened for test and report as to additional size blocks, Material.

569-57-SM—Dura-Vent Gas Vent Pipe (round and oval pipe and fittings), Models DVR and DVO, manufactured by Dura-Vent Corporation; reopened for report as to additional trade name, Material.

81-57-BZ—B.B.—105-111 Sanford Street, east side, 217 feet 9 inches north of Myrtle Avenue, Block 1737, Lots 52, 53

CALENDAR

and 54, Borough of Brooklyn, N.B. 164-57—reopened for consideration as to extension of time to complete—re new building for the manufacture of bowling alleys, silk screens and wood frames—using power equipment—manufacturing use district.

149-56-BZ—B.B.—110 Water Street, southwest corner of Washington Street, Block 37, Lot 1, Borough of Brooklyn, B.N. 1965-55—reopened for consideration as to extension of time to complete—re loading berth, etc.—unrestricted use district.

63-44-BZ—Vol. II—B.M.—236-246 West 17th Street, south side, 256 feet 9 inches east of 8th Avenue, Block 766, Lot 65, Borough of Manhattan, Alt. 55-59—re storage, parking garage and offices—residence use district.

265-28-BZ—Vol. IV—B.Bx.—3181 Westchester Avenue, west side, 160.49 feet south of Wilkinson Avenue, Block 4235, Lot 43, Borough of The Bronx, Alt. 501-58—re bowling alley—residence use district.

514-55-BZ—B.Q.—78-08 51st Avenue and 51-02 Gorsline Street, southwest corner, Block 2470, Lot 5, Elmhurst, Borough of Queens, Alt. 593-55—reopened for consideration as to extension of time to complete—re gasoline station, motor vehicle repair shop, car washing, greasing, dwelling, etc.—residence and retail use district.

676-42-BZ—Vol. III—B.M.—357 West 17th Street, north side, 100 feet east of 9th Avenue, Block 741, Lot 5, Borough of Manhattan, Alt. 1732-58—reopened for consideration of amendment of resolution and extension of term of variance—re office, storage of stationery and storage of knockdown cartons—residence use district.

898-56-BZ—Vol. II—B.Bx.—950 Pugsley Avenue, east side, from Quimby Avenue to Bruckner Boulevard, Block 3682, Lots 1, 10, 15, 23, 70, 75, 78 and 79, Borough of The Bronx, Amendment to N.B. 1276-58—re bowling, recreation center, bar, lounge, private parking lot, etc.—residence use district.

DESIGNATIONS: B.—Department of Buildings; B.B.—Department of Buildings, Brooklyn; B.M.—Department of Buildings, Manhattan; B.Q.—Department of Buildings, Queens; B.R.—Department of Buildings, Richmond; B.Bx.—Department of Buildings, Bronx; H.D.—Health Department; F.D.—Fire Department, and M. and A.—Dept. of Marine and Aviation.

MARCH 3, 1959, 10 A.M.

NOTICE IS HEREBY GIVEN of a public hearing Tuesday morning March 3, 1959, at 10 o'clock at 80 Lafayette Street, 9th floor, New York 13, N. Y., on the following matters:

619-58-BZ

APPLICANT—Kenneth W. Milnes, for Garabed S. Papazian, owner.

SUBJECT—Application October 29, 1958—decision of the Borough Superintendent, under Sections 7f and 7i of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, car wash, minor repairs and office and sales. PREMISES AFFECTED—333 Forest Avenue, northeast corner of Hart Boulevard, Block 131, Lot 242, West Brighton, Borough of Richmond.

555-56-BZ—Vol. III

APPLICANT—Carl H. Salminen, for Charles J. Erthal, owner.

SUBJECT—Application October 28, 1958—decision of the Borough Superintendent, under Sections 7f, 7i and 7A of the Zoning Resolution, to permit in a retail use district, the change in use of the present building, public garage, store, and gasoline station to gasoline station, lubritorium, car wash, minor motor vehicle repairs with hand tools only, curb cuts and show window within 75 feet of a residence use district.

PREMISES AFFECTED—22-50 122nd Street and 121-11 23rd Avenue, northwest corner, Block 4197, Lot 40, College Point, Borough of Queens.

CALENDAR

377-57-BZ—Vol. II

APPLICANT—Carl H. Salminen, for Edgersam Corporation, owner.

SUBJECT—Application reopened October 21, 1958, as Vol. II—decision of the Borough Superintendent, under Sections—7a, 7e and 21 of the zoning resolution, to permit in a retail use, D area district, the erection of an extension to an existing structure occupying more than the permitted area and extend the use of light manufacturing of incombustible plastic novelties, office, storage, storage of carboard containers and incombustible plastics, parking and loading area.

PREMISES AFFECTED—45-22 to 45-30 162nd Street, west side, 200 feet south 45th Avenue, Block 5440, Lots 51 and 54, Flushing, Borough of Queens.

673-58-BZ

APPLICANT—Hurley and Hughes, for Beverley Management Corp., owner; A. and P. Tea Co., lessee.

SUBJECT—Application November 21, 1958—decision of the Borough Superintendent, under Sections 7c and 7A of the Zoning Resolution, to permit in a retail and residence use district, the erection of a one story and cellar structure for use as a retail supermarket and to provide in the residence portion of the premises, a business entrance into the rear yard for an unloading area.

PREMISES AFFECTED—300-304 West 20th Street and 189-195 8th Avenue, southwest corner, Block 743, Lots 44, 45, 47 and 49, Borough of Manhattan.

727-58-BZ

APPLICANT—Arno Fischer, for James J. and Katherine Bartley, owners.

SUBJECT—Application December 10, 1958—decision of the Borough Superintendent, under Sections 7c, 7i and 7A of the Zoning Resolution, to permit in a business and residence use district, the reconstruction of an existing gasoline service station, eliminating the garage and extend the uses to include minor auto repairs, lubricatorium, non-automatic auto laundry, sale of accessories, state inspection service, parking of cars awaiting service with show window and curb cuts within 75 feet of a residence use district.

PREMISES AFFECTED—27-01 to 27-11 Newtown Avenue and 26-50 to 26-56 28th Street, northwest corner, Block 573, Lot 1, Long Island City, Borough of Queens.

604-58-BZ

APPLICANT—Andrew Di Camillo, for Joseph Azara, owner.

SUBJECT—Application October 22, 1958—decision of the Borough Superintendent, under Section 7c of the Zoning Resolution, to permit in a residence use district, the change in occupancy of an existing one story and cellar structure from blacksmith shop to the storage and light repairing of air conditioning equipment.

PREMISES AFFECTED—1342 65th Street, south side, 340 feet east of 13th Avenue, Block 5734, Lot 24, Borough of Brooklyn.

592-58-BZ

APPLICANT—Edith Glennon, for Estate of Edward J. Glennon, owner.

SUBJECT—Application October 16, 1958—decision of the Borough Superintendent, under Section 7h of the Zoning Resolution, to permit in a residence use district, the construction and maintenance of a non-transient parking lot for pleasure-type vehicles only for a term of ten (10) years.

PREMISES AFFECTED—276 Bedford Park Boulevard (East 200th Street), south side, 36.33 feet west of Bainbridge Avenue, Block 3297, Lot 19, Borough of The Bronx.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on September 30, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on January 27, 1959 after due notice by publication in the Bulletin; laid over to February 25, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Louisa Street are in manufacturing and residence use C area, class 1 height districts; 36th Street is in a manufacturing use, C area, class 1 height district; Chester Avenue is in residence and business use, C area, class 1 height districts; Church Avenue is in manufacturing and business use, C area, class 1 height districts; that on July 25, 1916 the premises was in an unrestricted and residence use district, and the unrestricted use zone was changed to manufacturing on July 21, 1955; and

WHEREAS, the decision of the Borough Superintendent, dated July 15, 1958 acting on Alt. Applic. No. 513-58, reads:

"1. Proposed change of occupancy from Public Garage, to Public Garage, offices, spraying, welding, auto repairs, painting, touch up, lubrication, gasoline tanks, storage of parts and lifts, in a building which is partly in a manufacturing and partly a Residence Zone, is contrary to Article II, PP. 3 and PP. 4-F of the Zon-

ing Resolution. (Note—premises were subject of a Bd. of Standards and Appeals variance under Cal. #696-24-BZ)."

and

WHEREAS, the applicant states that the premises consist of a plot, 109 feet 10¼ inches frontage by 95 feet 6½ inches in depth, on which is located a one story garage building, 14 feet in height, 109 feet 10¼ inches by 95 feet 6½ inches in area, erected in 1925 in accordance with Resolution of the Board under Cal. No. 696-24-BZ and occupied under Certificate of Occupancy No. 32523 as a public garage after completion of work under Permit No. 5250-24; that it is proposed to change the occupancy to public garage, motor vehicle repair shop with touch-up painting and spraying, accessory welding, lubrication, gasoline tanks and pumps, storage of parts and offices; and

WHEREAS, the applicant states that Fire Department permits (D-518287) classify the building as a storage garage permitting storage of 200 gallons of lubricating oil and 3300 gallons of gasoline; and

WHEREAS, the applicant further states that the premises is almost entirely within the manufacturing use district in which the proposed uses are permitted; that only the small northerly corner of the building, approximately 6% of its area, is in the residence zone; that if the owner demolished this corner portion, then the building could be occupied as proposed, without a variance; that the streets on which the property is located intersect at an acute angle and the plot is irregular in area; that as a result of these facts, the zoning lines, which are planned for regular tax block, separate the plot into two zones; that 36th Street is zoned manufacturing and unrestricted to the east and west of the site; that the premises adjoining the site—Block 5312, Lots 1 and 39—is occupied as a motor vehicle repair shop, a conforming use in its district; that similarly, the adjoining corner—Block 5310, Lot 29—is occupied as a motor vehicle repair shop, a conforming use; that opposite the premises, on 36th Street, is zoned unrestricted and is developed with a row of garages and an auto laundry—Block 5301, Lot 1; that the corner diagonally opposite the site is occupied as a gasoline service station—Block 5301, Lot 5—a conforming use; and

WHEREAS, the applicant contends that there is no economic need for maintenance of the premises as a garage; that the newly constructed rows of garages erected opposite the site on block 5301, lot 1, adequately provides all the community need for off street parking; that the neighborhood is of low density population, and private garages without attendants, more economically satisfies the need for parking; that all repairs are conducted within the building; that except for a fire emergency exit, there will be no openings of any kind whatsoever proposed within the residence zone; that no external change will be effected on the portion of the building within the residence zone; that the present owner is the occupant of the premises, and when the premises was purchased in 1955, the occupancy was a motor vehicle repair shop; that Fire Department approvals had been obtained by some prior owner for the installation of gas tanks and pumps; that the gasoline pumps were installed outside the building line, and it is proposed to relocate them within the building as shown on plans of proposed conditions; and

WHEREAS, the applicant states that the present owner has held title to the property since June 3, 1955; that the assessed valuation of land is \$20,000 and of the building \$45,000 making a total of \$65,000; that the building was erected in 1925; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution; and

WHEREAS, in the resolution of 1924 under Cal. 696-24-BZ—Vol. I, the entire present building was permitted to be occupied as a garage; the existing uses, additional to a garage 'use' do not change the uses sufficiently to nullify the above action in 1924 because of change of zoning.

Resolved, that the Board of Standards and Appeals does

MINUTES

hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit the inclusion within the area of a portion to the northwest of the premises near the rear on Louisa Street to be used and occupied as proposed and indicated on plans filed with this application, marked "Received August 1, 1958", 5 sheets, as part of the balance of premises located in the manufacturing district, *on condition* that the requirements of the resolution adopted by the Board on July 22, 1924, shall be complied with; that there shall be no windows opening from the rear or side lot lines to the east; that all cars and trucks shall be stored within the premises and none shall be parked on the abutting streets or sidewalks; that the pumps shall be located only within the building as shown and any pumps now on the sidewalk beyond the building line shall be removed; that there shall be no signs on the buildings, except on the portion within the manufacturing district; that such signs shall comply with the requirements for signs permitted in such district and there shall be no signs on any portion of the building facing on Louisa Street; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

1079-25-BZ—Vol. II

APPLICANT—Leonard F. Rothkrug, for Madeline, Scime, doing business as Mels Automatic Transmission Co., owner.

SUBJECT—Application reopened September 30, 1958 as Vol. II—decision of the Borough Superintendent, under section 7i of the Zoning Resolution, to permit in a business use district the change in occupancy of an existing public garage for more than five (5) cars previously granted by the Board to motor vehicle repair shop principally automatic transmission repairs for a temporary term of ten (10) years.

PREMISES AFFECTED—915-925 65th Street, north side, 90 feet west of Fort Hamilton Parkway, Block 5743, Lot 31, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on September 30, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on January 27, 1959 after due notice by publication in the Bulletin; laid over to February 25, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Fort Hamilton Parkway are in a business use, C area, class 1 height district; 64th Street and 65th Street are in business and unrestricted use, C area, class 1 height districts; 9th Avenue is in an unrestricted use, C area, class 1 height district; that on July 25, 1916 the premises was in the same district, and no change is pending at the City Planning Commission; and

WHEREAS, the decision of the Borough Superintendent, dated August 1, 1958 acting on Alt. Applic. No. 2187-58, reads:

"1. Proposed change of use in a business use zone from a public garage for more than 5 cars to motor vehicle repair shop (principally transmission repairs) is contrary to Art. II Sec. 4a(29) of the Zoning Resolution and Res. B.S.A. Cal. No. 1079-25-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 80 feet ½ inch frontage by 115 feet 2 inches

in depth, irregular, on which is located a one story, garage-type building 80 feet ½ inch by 115 feet 2 inches, irregular in area, 13 feet 4 inches in height, erected in 1926 in accordance with a Resolution of the Board under Cal. No. 1079-25-BZ, granted March 3, 1926, and occupied as a public garage for more than five cars under Certificate of Occupancy No. 43181 issued February 16, 1927 after completion of work under Permit No. 4327-26 on November 30, 1926; that it is proposed to maintain the premises as a motor vehicle repair shop, principally for automatic transmission repairs; and

WHEREAS, the applicant states that the premises is entirely within a business use district; that the proposed use of the building for auto transmission adjustments, repairs and exchanges, is a permitted use in a business use district, so long as automobiles do not cross the curb; that the existing building was erected as a public garage, and the existing curb cuts and overhead doors will service the proposed use without change; and

WHEREAS, the applicant further states that Cal. No. 1079-25-BZ was an application affecting both the subject premises and the premises adjoining at the south; that the Board denied the portion of the application for a gas station on the adjoining premises and granted the garage building; that the owner presently conducts business in the premises as Mel's Transmissions Company; that the nature of this use is conforming and similar to motor rebuilding; that acetylene torches are used infrequently to remove the motor from an automobile; that no collision repairs are proposed; and

WHEREAS, the applicant contends that a grant of the variance will not adversely affect any adjoining property owners; that 65th Street is developed principally with motor vehicle uses customarily found in manufacturing and unrestricted use districts; that the premises adjoining at the northeast corner of Fort Hamilton Parkway and 65th Street is developed with a gas station and accessory motor vehicle repair shop in block 5743, lot 26, and on the other adjoining lot, the premises is used for auto collision repairs—block 5743, lots 35 and 38; that opposite the premises, the southwest corner of 65th Street and Fort Hamilton Parkway is occupied as a gas station with accessory auto repairs in block 5750, lots 19 and 118, and directly opposite the site the premises is used as a motor vehicle repair shop—block 5750, lot 18; that to the east and west almost all the lots within the affected area are used for automobile uses—block 4753, lot 40, gas station; block 5743, lot 67—motor vehicle repair shop; block 5750, lots 42 and 47—used car sales; block 5743, lot 1—motor vehicle repair shop; block 5750, lot 1—auto laundry; and

WHEREAS, the applicant further contends that there are no residences or residence buildings on the same side of 65th Street or on the opposite side of 65th Street between its intersections with Fort Hamilton Parkway or with 9th Avenue; that there are no openings along the side lot lines, and there are no windows or openings, except for emergency exit purposes, along the rear lot line; that all the work proposed is within the existing structure, and it is not proposed to extend the building or increase its height; that all the intersections at 9th Avenue and 65th Street are zoned unrestricted, and east of 9th Avenue along 65th Street is likewise zoned unrestricted; that there is no economic need for garage facilities in this neighborhood; that there is a low density of population and existing parking facilities satisfy community requirements; and

WHEREAS, the applicant states that the present owner has held title to the property since August 6, 1956; that the assessed valuation of land is \$13,000 and of the building \$32,000 making a total of \$45,000; that the building was erected in 1926; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted for a term of ten years; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision i of the Zoning Resolution.

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7 i for a term of ten years, to permit the continuance of the existing uses as proposed and indicated on plans filed with this application, marked "Received August 1, 1958", 6 sheets and "December 31, 1958", 1 sheet, *on condition* that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto, except that the floor area may be increased by the construction of a mezzanine as proposed and indicated on such plans; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

223-31-BZ—Vol. II

APPLICANT—Patrick D. Concagh, for American Oil Company, owner.

SUBJECT—Application reopened October 28, 1958, as Vol. II—decision of the Borough Superintendent, under sections 7c, 7i and 7a of the Zoning Resolution, to permit in a business and residence use district, the extension and relocation of an existing gasoline service station and to permit the accessory uses of lubritorium, car wash non-automatic, minor repair with hand tools only and accessory parking of cars waiting to be serviced.

PREMISES AFFECTED—2871-2875 Baisley Avenue and 3319-3333 East Tremont Avenue, northwest corner, Block 5333, Lots, 1, 4 and 110, Borough of The Bronx.

APPEARANCES—

For Applicant: Patrick D. Concagh.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 28, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on January 27, 1959 after due notice by publication in the Bulletin; laid over to February 25, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Mayflower Avenue and Baisley Avenue are in business and residence use, D and DD area, class 1 height districts; East Tremont Avenue is in a business use, D area, class 1 height district; Bradford Avenue is in a residence use, DD area, class 1 height district; that there has been no change in the use district designation since 1916, but on July 25, 1916 the area designation was C and the height designation was 1¼; that on April 20, 1953 the height designation was changed to class 1 and the area to D and DD, the present designation; that East Tremont Avenue, between Mayflower and Puritan Avenues, is in an unrestricted use district to a depth of 100 feet; that there is no application pending at the present time for any change of use; and

WHEREAS, the decision of the Borough Superintendent, dated August 4, 1958 acting on N.B. Applic. No. 709-58, reads:

"1. Proposed use of gasoline service station, lubritorium, car washing, storage room, toilets, parking of more than five motor vehicles and minor repairs with hand tools only partly in a residence use district and partly in a business use district is contrary to Art. II, Sect. 3 & 4 of the Z. R.

"2. Curb cut within 75' of a residence use district is contrary to Sect. 7A of the Z.R."

and

WHEREAS, the applicant states that the premises consist

of a plot, 126.75 feet frontage by 97.84 feet in depth, irregular, and developed as a gasoline service station; that it is proposed to demolish the present building on lot No. 1, remove the existing gasoline pumps, level the plot to the existing grade of East Tremont Avenue and construct a modern new service station, using the combined area of the three lots; that the accessory building, which is to be used for office and salesroom, storage room and three bays for lubrication, non-automatic car wash and for minor auto repairs, will be erected to the rear of the plot, but within the business use portion; that the building will be of masonry construction, faced with an approved porcelain veneer—Seaporcel building veneer—as approved by the Board, on the exterior walls facing west and facing East Tremont Avenue and Baisley Avenue; that it is also proposed to provide three 25-foot cuts on Baisley Avenue, extending the present cuts for this purpose, as shown on plot plan; that the additional curb cut on Baisley Avenue, as proposed, is needed for the purpose of serving the residential area to the north of the site; that the proposed gasoline dispensing pumps will be located at the front of the station, so that the primary activity of the station will be conducted on East Tremont Avenue; that it is also proposed to construct a woven wire fence, set on a concrete curb along the northerly and westerly lot lines, so as to enclose the service station; and

WHEREAS, the applicant states that the present service station is located entirely on lot No. 1; that this station was erected in 1933 under N.B. Applic. No. 345-1931 by virtue of the variation granted by the Board under Cal. No. 223-31-BZ. for which Certificate of Occupancy No. 508 of 1933 was issued on December 5, 1933; that the modification noted in this Certificate, relative to the Board's Resolution of 1931, concerned the location and width of driveways and construction of certain walls within the property lines; that incidentally, this Certificate of Occupancy erroneously refers to the location of the site as the northeast corner of Baisley and East Tremont Avenues, instead of the northwest corner; that this is undoubtedly due to a typographical error; and

WHEREAS, the applicant further states that lots 1 and 110 were acquired by the present owner on November 3, 1954; that lot 4 was purchased from the City of New York at auction in a tax delinquency sale and title to this lot was vested on May 26, 1958; and

WHEREAS, the applicant contends that the present station is inadequate to meet present day public demands; that the present facilities, established 25 years ago, have been outmoded and are now insufficient to meet modern requirements in a highly competitive field; that a grant of this application will place lot 4 back again on the tax rolls and will, at the same time, enable the owner to realize sufficient income on its investment to pay for these taxes; and

WHEREAS, the applicant further contends that the site is directly across from St. Raymond's Cemetery; that East Tremont Avenue at this point is developed with a number of non-conforming uses, which include two gas stations nearby in block 5311, lot 7 and block 5332, lot 1; that adjoining the site on the west, lots 8 and 9 are used as an office and for the display of monumental headstones in connection with the cemetery across the way; that a similar use is being conducted on East Tremont Avenue, between Mayflower and Puritan Avenues; that there are a number of parking lots within the area; that the area to the north is entirely residential; and

WHEREAS, the applicant states that the present owner has held title to lots 1 and 110 since November 3, 1954 and to lot 4 since May 26, 1958; that the assessed valuation of land is \$21,400 and of the building \$3,500 making a total of \$24,900; that the building was erected in 1933; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 27, 1933, as thereafter amended by resolutions adopted through February 15, 1939, by adding thereto:

MINUTES

"that in the event the owner desires to add to the premises and reconstruct and rearrange the premises as now shown on plans marked 'Received August 21, 1958', 6 sheets and 'December 22, 1958', 1 sheet, such changes may be permitted *on condition* that all uses now on the site not proposed to be retained shall be removed and the premises constructed and arranged as indicated on plans above cited; that no pumps shall be nearer than 15 feet to the street building line of east Tremont Avenue; that there may be six additional 550 gallon approved gasoline storage tanks in addition to the existing four tanks which, however, shall not be continued until tested by the Fire Commissioner and found in good structural condition; that the accessory building shall be constructed without cellar and of the design and arrangement indicated for the gasoline service station and lawful accessory uses; that the building shall otherwise comply with the requirements of the Building Code and shall be faced on all sides with face brick; that under Section 7i there may be minor repairs with hand tools only for adjustments maintained solely within the accessory building; that under Section 7e for a similar term there may be parking of cars awaiting service, so parked as not to interfere with the servicing of the station; that signs shall be restricted to permanent signs attached to the facade of accessory building and the illuminated globes of the pumps, excluding all roof and temporary signs and advertising devices but permitting the erection within the building line of one post standard for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale, and permitting such sign to extend not more than 4 feet beyond the building line; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that curb cuts shall be restricted to existing curb cuts and those proposed, as shown on plans above cited, both for East Tremont and Baisley Avenues with no portion of any cut nearer than 5 feet to a side lot line as prolonged; that on the side lot lines to the north and west there shall be erected a woven wire fence of the chain link type on a concrete base to a total height of not less than 5 feet 6 inches with suitable terminating posts at the building lines; that the requirements of resolutions above cited shall be complied with where not inconsistent with this *amended* resolution; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

338-46-BZ—Vol. II

APPLICANT—Charles M. Spindler, for Peteling Realty Corp., owner.

SUBJECT—Application reopened October 28, 1958 as Vol. II—decision of the Borough Superintendent, under sections 7f and 7i of the Zoning Resolution, to permit in a business use district, on a plot presently occupied as a used car sales lot, the erection of a one story building for use as an automobile showroom with incidental motor vehicle repairs, sale and display of new and used cars, parking and storage of motor vehicles and a gasoline service station with lubrication, non-automatic auto washing, accessory sales and auto safety inspection station all for a temporary term of twenty (20) years.

PREMISES AFFECTED—1504-1526 Coney Island Avenue, west side, 100 feet north of Avenue L, Block 6336, Lots 30 and 34, Borough of Brooklyn.

APPEARANCES—

For Applicant: Charles M. Spindler.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Foley and Commissioner Sleeper. 4

Negative: Commissioner Fox 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 28, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on January 27, 1959 after due notice by publication in the Bulletin; laid over to February 25, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Coney Island Avenue are in a business use, C area, class 1¼ height district; Avenue L is in business and residence use, C area, class 1¼ height districts; East 10th Street is in a residence use, C area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 22, 1958 as amended by decision dated January 22, 1959 acting on N.B. Applic. No. 1804-58, reads:

"1. Proposed building and premises, in a Business Zone, to be used for auto showroom, motor vehicle repair shop incidental to authorized dealers use, office, sale and display of more than 5 new and used cars and parking and storage of motor vehicles and gasoline service station, auto washing (non-automatic), lubrication, accessory sales and auto safety inspection station is contrary to Article II, PP. 4a, subsections 29 and 46 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 feet frontage by 100 feet in depth, presently occupied as a used car sales lot; that it is proposed to improve this parcel with an auto showroom, motor vehicle repairing, two bay gasoline service station, and the parking and storage of motor vehicles used in conjunction with the auto showroom; and

WHEREAS, the applicant further states that the plan shows the gasoline pumps set 10 feet back of the building line; that the driveway between the pumps and the building is only 13 feet 6 inches, which is a minimum; that most of the major oil companies require approximately 20 feet or more between the pump islands and the building, but due to the required 70 foot depth of a building—to ensure efficient operation—only the 13 feet 6 inches formerly mentioned is available between the pump island and the building; and

WHEREAS, the applicant states that the principle use proposed will be an auto showroom with a repair shop to be used for the servicing of the cars dealt in by the automobile agency; that Coney Island Avenue is a very heavily traveled motor vehicle artery; that directly opposite there is an existing gas station, motor vehicle repair shop and garage; that the site is presently occupied as a used car sales lot for which Certificate of Occupancy No. 133280 was issued; that adjoining the site to the north is a parking lot, and adjoining the site to the south are stores and dwellings; that on the rear lot line there are a series of private garages; that the plan indicates an unpierced masonry wall along the south and west lot lines; that there is provided approved glass block in the west lot line to provide sufficient light in the repair shop; and

WHEREAS, the applicant states that the present owner has held title to the property since August 14, 1958; that the assessed valuation of land is \$30,000 and of the building \$1,000 making a total of \$31,000; that the building was erected in 1952; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, e and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years, to permit the construction of a one-story building and the balance of the plot for parking, substantially as proposed and indicated on plans filed with

MINUTES

this application, marked "Received September 26, 1958", 4 sheets, *on condition* that all buildings and uses now on the site shall be removed and the premises constructed and arranged as indicated on such plans; that openings with glass blocks on the rear shall not be constructed that the walls shall be solid across the entire portion of the proposed building; that additional skylights may be installed, provided no skylight is within 15 feet of the rear lot line; that the portion of the plot proposed for parking use shall have a woven wire fence of the chain link type on a masonry base not less than 5 feet 6 inches in height maintained on the rear and side lot lines, as shown, with suitable, terminating post at the building line, except that in place of the woven wire fence there shall be a masonry wall in the space between the garages on adjoining lots at the rear and the parking and storage area; that signs shall be restricted to signs attached to the building as permitted in the district and one sign on a post standard, advertising only the brand of gasoline on sale; that such sign may be illuminated and may extend not more than 4 feet beyond the building line; that under Section 7i there may be minor repairs with hand tools only for adjustments, maintained solely within the accessory building; that under Section 7e for a similar term there may be storage of motor vehicles and the display of new and used cars, provided such parking and storage does not interfere with the servicing of the station; that the building shall not be further increased in height or area, shall be without cellar and in all other respects comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

267-49-BZ—Vol. III

APPLICANT—Multer, Nova and Seymour, for Aaron Bring Chevrolet Company, Inc., owner; Gold Medal Candy Corp., lessee.

SUBJECT—Application reopened November 13, 1957, as Vol. III—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a residence and business-1 use district, the change in use of a present building from a public garage to storage warehouse, finished and boxed candy products.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on November 13, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on January 27, 1959 after due notice by publication in the Bulletin; laid over to February 25, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in residence and business-1 use, C area, class 1 height district; West 21st Street and West 20th Street are in residence, local retail and business-1 use, C area, class 1 height districts; Surf Avenue is in a business-1 use, C area, class 1 height district; Mermaid Avenue is in a local retail use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated October 4, 1957, acting on Alt. Applic. No. 2179-57, reads:

"1. The proposed change in use of this bldg. located in a residence use district from garage for more than

5 cars to storage warehouse is contrary to the Zoning Res. Art. II Sect. 3."

and

WHEREAS, the applicant states that the premises consist of a plot, 317 feet 8 $\frac{3}{4}$ inches frontage by 143 feet 6 inches in depth, upon which is located a one story building with attached locker and boiler rooms, having a frontage of 66 feet on the west side of West 20th Street, distance 140 feet south of the corner formed by the intersection of West 20th Street and Mermaid Avenue; that the building is 143 feet 6 inches deep on either side and is bounded on the south by an open lot used for parking and storage of motor vehicles, on the north by an open lot and one story frame building used for storage purposes and in the rear by residential units; that under prior Resolution of the Board, under Cal. No. 267-49-BZ, the premises are permitted to be used for storage and parking of more than five motor vehicles; that it is proposed to change the use of the affected structure from a public garage, to a storage warehouse for candy products; and

WHEREAS, the applicant states that the written objections made to the use of said structure as a public garage by the surrounding land owners were many; that they strongly and strenuously objected to the noise of motor vehicles constantly entering and leaving the premises and the noxious gasoline fumes given off by the vehicles; that in addition, they complained of the fire hazard created by such a use and of the danger to residents caused by the increased traffic attracted to the area by a public garage; that the proposed use of these premises as a candy warehouse would considerably reduce many of these hazards and would completely eliminate others; that the noise, fumes and the fire hazard would be dispelled and traffic conditions would be considerably relieved; that the public garage will be transformed into an air-conditioned warehouse; that more than \$10,000 has already been expended for installation of air conditioning equipment and new concrete flooring, which sums amount to more than one-half of the assessed valuation of the structure as it stands today; that the very nature of the product to be stored calls for an unusually high degree of care and extremely well regulated sanitary and temperature conditions, as opposed to the more unsightly, unsanitary and noxious conditions incidental to the operation of a public garage; and

WHEREAS, the applicant states that the present owner has held title to the property since December 28, 1948; that the assessed valuation of land is \$67,000 and of the building \$18,000 making a total of \$85,000; that the building was erected in 1909; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommends that the application should be granted provided the building complies with the requirements of the Building Code as to the existing construction.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 17, 1949, as thereafter amended by resolution adopted February 5, 1957, only so far as it has reference to a one-story garage and repair shop toward the northerly end of the plot, so that as amended this portion of the resolution shall read:

"that such building may be permitted for warehouse for the storage of candy substantially as proposed and indicated on plans filed with this application marked, "Received November 19, 1958," 2 sheets, "December 5, 1958," 2 sheets, *on condition* that the building shall not be increased in height or area and shall be maintained to the satisfaction of the Borough Superintendent as to construction; that such fire fighting equipment shall be maintained within the building as the Fire Commissioner shall require; that the use of the balance of the premises for parking as permitted by the resolution adopted September 27, 1949, may be maintained for a term of 10 years from the date of this amended resolution; that all permits shall be obtained and all

MINUTES

work completed within the requirements of section 22A and a new certificate of occupancy for the entire premises shall be obtained."

851-57-A

APPLICANT—Multer, Nova and Seymour for Gold Medal Candy Corp., lessee; Aaron Bring Chevrolet Co., Inc., owner.

SUBJECT—Application November 1, 1957—Appeal from a decision of the Borough Superintendent, re use of Class 4 Building—change of use from garage to storage warehouse.

PREMISES AFFECTED—2920 West 20th Street, west side, 140 feet south of Mermaid Avenue, Block 7059, Lot 26, Borough of Brooklyn.

APPEARANCES—

For Applicant: A. W. Charles.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleiner, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 4, 1957 on Alt. Applic. 2179/57, reads:

"2. The proposed change of use of this class 4 bldg. from garage for more than 5 cars to storage warehouse is contrary to the Bldg. Code, Sect. 2.1.3.5 and Sect. 4.1.2."

and

WHEREAS, the applicant states that the premises consist of a lot 317 feet 8 $\frac{3}{8}$ inches by 143 feet 6 inches irregular, located in a retail and business use, C area, class 1 height district, upon which there exists a 1 story, 16 foot high, class 4 building, 95 feet by 143 feet 6 inches irregular, occupied as a storage warehouse, no persons, building erected 1909 and occupied since 1950 as a public garage, for which Certificate of Occupancy 126949 was issued against Alt. Applic. 365/50; and

WHEREAS, the applicant proposes to legalize the present use; storage of packaged candy products; and

WHEREAS, the applicant contends that the proposed use is infinitely less dangerous than the storage of highly combustible gasoline, kerosene and lubricating oils on the same premises; that the subject structure is only one story high and is bordered on its northern and southern lot lines by open areas of substantial size and on its eastern lot lines by West 20th Street; that only on its rear lot line is it bordered by another structure; that the applicant does not propose to make any structural changes or modifications of the subject premises, except for certain interior improvements described in the accompanying application for a variance of the Zoning Resolution; that the premises will be used substantially as they have been over the past four decades; that in view of the above, it is, therefore, respectfully requested that this appeal from the aforementioned administrative decision be granted, and the applicant be permitted to use the affected premises as a storage warehouse for packaged candy products; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated October 4, 1957, acting on Alt. Applic. 2179/57 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the resolution as adopted this day under Calendar Number 267-49-BZ, Vol. III shall be complied with.

918-57-PZ

APPLICANT—Leonard F. Rothkrug, for Peter Baron and New York Lien Corp., owners.

SUBJECT—Application December 17, 1957—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in an E-1 area district, the erection

of a six-story building with cellar and sub-cellar for use as a multiple dwelling.

PREMISES AFFECTED—1227-1233 Pelham Parkway and 2201-2225 Throop Avenue, northwest corner, Block 4372, Lots 1, 25 26 and 28, Borough of The Bronx.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Kleiner, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 9, 1958 after due notice by publication in the Bulletin; laid over to January 13, 1959, for inspection and decision; hearing closed; then to February 3, 1959, at the request of the applicant; then to February 10, 1959, for full membership of the Board; then to February 25, 1959, for decision by full membership of the Board; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Pelham Parkway, Throop Avenue, Astor Avenue and Pearsall Avenue are in a residence use, E-1 area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 13, 1957 acting on N.B. Applic. 531-57, reads:

"A-1. The erection of a six story, cellar & sub-cellar, class 3, class A multiple dwelling in an E-1 district is in violation of Art. IV Sec. 15A Sub. a of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100.98 feet frontage by 278.76 feet in depth, irregular, presently vacant; that it is proposed to erect a building to be used as a multiple dwelling; and

WHEREAS, the applicant contends that the premises cannot be economically developed with a conforming use; that the only legal use would be with one and two family uses; that the soil conditions are such that the cost of constructing one or two family dwellings would be prohibitive as a result thereof; and

WHEREAS, the applicant states that the present owners have held title to the property since June 22, 1953 and July 31, 1956 and that the assessed valuation of land is \$10,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 531-57, Objection No. A-1 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

959-57-BZ

APPLICANT—Kenneth W. Milnes, for Frank and Wesley Van Hoesen, owners.

SUBJECT—Application December 23, 1957—decision of the Borough Superintendent, under sections 7c and 21 of the Zoning Resolution, to permit in a residence use district, a new modern, four (4) bay masonry building as additional accessory building to the present gasoline service station, the new building to be used for lubrication, car wash, motor adjustments and minor repairs with hand tools only.

PREMISES AFFECTED—3701 Amboy Road, northwest

MINUTES

corner of Old Amboy Road, Block 4645, Lot 100, Great Kills, Borough of Richmond.

APPEARANCES—

For Applicant: Kenneth W. Milnes.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 21, 1958 after due notice by publication in the Bulletin; laid over date to be set; hearing closed; then set for December 19, 1958; then to January 6, 1959; then to February 3, 1959, for applicant to file plans showing pumps removed from property in the bed of a mapped street; full dimensions of portion of plot to be used for gas station; and appeal under Section 35 of the General City Law to be filed for entrance across the property in the bed of a mapped street. The premises were inspected by a committee of the Board; then laid over to February 25, 1959, for inspection and decision; for applicant to file an Administrative Appeal; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Amboy Road, Fieldway Avenue, and Keegan's Lane are in a residence use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 16, 1957 acting on N.B. Applic. No. 733-56, reads:

"1. Proposed additional accessory building to be used for a lubritorium, car wash, sales and minor auto repairs to an existing gasoline service station, including office, sales, car wash, lubritorium and minor auto repairs, located in a Residence Use District is contrary to Art. II Sect. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 584.56 feet frontage by 106.6 feet in depth; that it is proposed to construct a new modern four-bay masonry building as an additional accessory building to the present gasoline service station, the new building to be used for lubritorium, car wash, motor adjustment and minor repairs with hand tools only; that it is also proposed to remove the present gas pumps on islands which lie within the widening line of Amboy Road, adopted by The City of New York December 20, 1918, and install two new pumps and ten new 550 gallon gasoline tanks; that the present gas tanks will be abandoned; that as indicated, a portion of the lot will be asphalt paved, billboards will be removed and the balance of the lot will remain vacant; and

WHEREAS, the applicant states that the present owners purchased this property in March, 1956 with the prospect of doing the improvements indicated; that when purchased, the property was in an unrestricted zone and no difficulty was foreseen in making said improvements, but when plans were filed and objections received from the Building Department, it was found that the property had been rezoned to residential use, prohibiting any changes; that this was done by the City Planning Commission in 1956 and no direct notice of said change was sent to the owners; and

WHEREAS, the applicant contends that outside of the fact that a service station has been on this property for many years and that it backs upon a railroad, its peculiar shape practically prohibits its use for any other gainful construction work; that in view of the above and the fact that the property was purchased while it was in an unrestricted area and changed three or four months later to residence, it is felt that disapproval of this application would work a real hardship on the owners; and

WHEREAS, the applicant states that the present owners have held title to the property since March 16, 1956; that the assessed valuation of land is \$5,200 and of the building

\$2,600 making a total of \$7,800; that building was erected in 1919; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions under section 7c and recommended no action under section 21; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit the lawfully established gasoline service station to be extended, substantially as proposed and as indicated on plans filed with this application, marked "Received December 23, 1957", 4 sheets and "May 12, 1958", 1 sheet, as amended by revised plan marked "Received December 24, 1958", 1 sheet, *on condition* that all the uses on the premises now proposed to be removed shall be removed; that the frontage may be as proposed on Amboy Road, namely approximately 206 feet, and that portion of the premises used as extended as a gasoline service station, arranged and designed as indicated thereon; that the proposed new building for automobile repairs shall be not over one story in height, as shown; that there shall be erected on the rear lot line to the north and the side lot lines to the east and west a woven wire fence of the chain link type, erected on a masonry base to a total height of not less than 5 feet, 6 inches, with suitable terminating posts at the building line; that the premises shall not extend beyond the new building line stated as the widening line; that the space between the widening line and the present building line may be continued to be used as a paved apron for cars entering and leaving the premises but no construction or pumps or other equipment shall be erected therein; that curb cuts shall consist only of the existing curb cuts and new curb cuts not over 30 feet in width, located where shown; that such curb cuts shall be moved to the new street line if and when the portion of the site is taken for the street widening of Amboy Road; that the design of the new building shall be as proposed, without cellar and shall in all other respects comply with the requirements of the Building Code; that under Section 7i there may be repairing to the extent now permitted under the certificate of occupancy; that the premises where not occupied by buildings and pumps shall be paved with concrete or asphaltic paving including apron; that pumps shall be of a low approved type, erected not nearer than 15 feet to the proposed widening line of the premises; that gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that signs shall be restricted to permanent signs attached to the facades of the accessory buildings and the illuminated globes of the pumps, excluding all roof and temporary signs and advertising devices but permitting the erection within the widening line of one post standard to the east, where shown, for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale, and to permit such sign to extend beyond the new widening line not more than 4 feet; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that there may be parking of cars awaiting service; that the plot not proposed to be used for the gasoline station where not built upon shall be seeded and planted with suitable planting material and all billboards and other such structures shall be removed; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

21-59-A

APPLICANT—Kenneth W. Milnes, for Frank and Wesley Van Hoesen, owners.

SUBJECT—Application January 8, 1959—appeal from a decision of the Borough Superintendent—re curb cuts in bed of mapped street—proposed widening of Amboy Road.

MINUTES

PREMISES AFFECTED—3701 Amboy Road, northwest corner of Old Amboy Road, Block 4645, Lot 100, Great Kills, Borough of Richmond.

APPEARANCES—

For Applicant: Kenneth W. Milnes.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 7, 1959 on N.B. Applic. 733/56, reads:

"2. Curb cuts located in the bed of a mapped street are contrary to General City Law #35."

and

WHEREAS, the applicant states that the premises consist of a plot 584.56 feet by 106.6 feet irregular, located in residence use, C area, class 1 height district, on which there exists a gasoline service station; that it is proposed to construct a new class III, 25 feet by 41 feet, 1 story high accessory building; that it is proposed to relocate the present pumps; that all existing and proposed conditions are more fully described under Calendar Number 959-57-BZ; and

WHEREAS, the applicant proposes to create two new 30 foot curb cuts on Amboy Road, located in the bed of the proposed street widening of Amboy Road; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 733/56, Objection No. 2, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the use of the premises proposed to be acquired by the city for the widening and construction of Amboy Road and *on condition* that the use of such portion of the premises shall be as set forth in the resolution adopted this day under Cal. No. 959-57-BZ; that if and when the premises are taken by the City for such street widening, award therefore shall be in accordance with the determination of the Court.

389-58-BZ

APPLICANT—Ludwig P. Bono, for Young Israel of Pelham Parkway, owner.

SUBJECT—Application June 24, 1958—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a C area district, the erection of an addition and extension to a present basement synagogue structure occupying more than the permitted area.

PREMISES AFFECTED—2120-2126 Barnes Avenue and 800-818 Lydig Avenue, southeast corner, Block 4293, Lot 31, Borough of the Bronx.

APPEARANCES—

For Applicant: Ludwig P. Bono, David I. Block and Jack Mazuk.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 27, 1959 after due notice by publication in the Bulletin; laid over to February 25, 1959, for inspection and decision; hearing closed.

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Lydig Avenue, Barnes Avenue and Matthews Avenue are in a residence use, C area, class 1 1/4 height district; that the premises were formerly in a

business use, C area, class 1 1/4 height district and received its present designation after December 16, 1954; and

WHEREAS, the decision of the Borough Superintendent, dated June 4, 1958 acting on N.B. Applic. No. 503-49, reads:

"1. Area coverage is contrary to Art. IV Sect. 13(b) Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 150 feet in depth, occupied by a basement structure 80 feet 8 inches by 95 feet; that it is proposed to erect, over the present basement structure, a tall one story Synagogue, sided by two stories of classrooms, and on the westerly portion of the plot, fronting Barnes Avenue, to build a basement and two story extension 42 feet 5 1/2 inches deep by 90 feet wide; and

WHEREAS, the applicant states that the computations relating to the existing and proposed coverages are as follows:

Area of plot = 100x150 = 15000 sq. ft.

Present permissible coverage: .75x5000 = 3750 sq. ft.

.60x10000 = 6000 sq. ft.

9750 sq. ft.

Area of existing building = 7767.66 sq. ft.

Area of proposed extension = 3717.06 sq. ft.

Total proposed bldg. area = 11504.72 sq. ft.

Total proposed bldg. area = 11504.72 sq. ft.

Present permissible coverage = 9750.00 sq. ft.

Proposed excess coverage = 1754.72 sq. ft.

Total permissible 1954 coverage = 11750.00 sq. ft.

Total proposed building area = 11504.72 sq. ft.

Additional land coverage permitted

in 1954 245.28 sq. ft.

Proposed average percentage coverage = 76.7

Existing average permissible percentage coverage = 65.0

Excess average percentage coverage 11.7

Average percentage coverage permitted in 1954 = 78.33

Proposed average percentage coverage 76.70

Additional average percentage coverage per-

mitted in 1954 = 1.63

and

WHEREAS, the applicant further states that in 1949 he completed plans for a two story Synagogue structure with auditorium, classrooms and offices in the basement floor, and Synagogue and classrooms on the first floor; that these plans and application were filed with the Department of Buildings under N.B. Applic. No. 503-49, approved August 12, 1949 and Permit No. 2007-48 obtained in December 7, 1949; that construction work was interrupted for about one year at first tier of beams, leaving all steel girders and beams exposed over the completed foundation walls while awaiting the promised financial commitments to materialize; that revised plans were submitted for the existing one story structure calling for provisions for a roof slab at first tier of beams, roofing, parapet walls and concrete basement floor to permit temporary occupancy of this story until resumption of construction could take place, and for this purpose, an amendment, accompanied by revised plans, were filed October 9, 1950 and approved November 1, 1950; that this work was completed in 1953 on the basis of Permit No. 1753 of 1953 and at this time the building was occupied for religious services and instructions, without first obtaining a Certificate of Occupancy, and remained so occupied under various committees, each with high expectations of work resumption; and

WHEREAS, the applicant further states that in July 22, of 1954 the Zoning Law was amended to permit a non-residential building in a business use, C area, located on a corner, to occupy 85 per cent up to 5000 square feet, and 75 percent over; that about six months after, in December 16, 1954,

MINUTES

the zoning affecting this plot was changed from business to residence use and along the immediate westerly portion of Lydig Avenue changed from business to retail district, the area C in both cases remained unchanged; that this development of course reduced the permissible percentages to 75 and 60 on the plot in question; and

WHEREAS, the applicant contends that prior and during the preparation of these extensive plans, through consultation with the Department of Buildings, an honest misunderstanding of interpretation of land coverage took place; that all the architectural, structural and mechanical plans and specifications were completed and the job ready for bids before its discovery during the examination of plans by the Department of Buildings, that the proposed total area of the building had an excess coverage of 1754.72 square feet by applying the present 75 and 60 percentages, that he is fully conscious of the irrelevancy of this factor in the decision of the Board, and he is anxious to clarify that the mentioning of this unfortunate occurrence has no intent of aspersion towards anyone; that had this situation been known and faced before, the same requests would have been presented to the Board much sooner, thus avoiding discouraging the good will of the most prominent members of this Congregation in the peak of the financial campaign; that had he filed for the contemplated extension on Barnes Avenue in the twilight period of about six months between July 22, 1954 and December 16 of the same year, the permitted land coverage would have been 11750 square feet, about 245 square feet more than the total area of 11504.72 square feet of this proposed building, since as mentioned above, the 85 and 75 percentages could have been applied in a business C district for a non-residential building, and as a result, the average percentage allowed would have been 78.33 instead of 76.7, which is now being sought; that furthermore, the granting of the most liberal percentage can be logically justified on the basis of the physical commercial character of Lydig Avenue extending easterly to the front of the subject premises; that it can be also justified by the illogical establishment of the new residential zoning on the southerly side of Lydig Avenue up to and including the subject premises, when the northerly side directly opposite has a commercial structure; that the boundary zoning line, established by the City Planning Commission no doubt in conformity with its policy of unquestionable fairness, has unconsciously overlooked the paralyzing effect upon the development of the instant project; that when the zoning change took place in December of 1954, the members of this Congregation, unaware of its detrimental effect, did not oppose it in any way; that he was almost finished with the new extension plans, and still ignorant of the pending change, was unable to give any advice; and

WHEREAS, the applicant requests that the Board use its discretionary powers to grant him the benefits of the most liberal zoning prerogatives to which he was entitled before the change of zoning use took place, the same building area that could have been built had the money been available at that time; that this structure was substantially, but never terminated; that there is no Certificate of Occupancy, Violation No. C-901-55 for illegal occupancy still pending and the Permit of 1953 still technically in effect, although obsolete by now; that substantial money pledges are given and still enthusiastically supported, the financial campaign is in full swing and the plans and specifications fully completed and ready for bids; that the variance demand is moderate and the cause essential and honorable; and

WHEREAS, the applicant states that the present owner has held title to the property since April 20, 1948; that the assessed valuation of land is \$21,500 and of the building \$20,500 making a total of \$42,000; that the building was erected in 1949; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and it appears that the building was in process during the time that the zoning was being changed; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant

under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 as to area, to permit the erection of an addition and extension to the present Synagogue structure substantially as proposed and indicated on plans filed with this application marked, "Received June 24, 1958," 8 sheets, and "December 11, 1958," 1 sheet, to permit the erection of the proposed extension as shown, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

471-58-BZ

APPLICANT—William C. Kane, for Pat Management Corp., owner.

SUBJECT—Application August 1, 1958—decision of the Borough Superintendent, under sections 7f, 7e and 7i of the Zoning Resolution, to permit in a retail use district a gasoline service station, lubricatorium, non-automatic car wash, motor vehicle repair shop using hand tools only, parking of more than five (5) motor vehicles.

PREMISES AFFECTED—801-821 Sound View Avenue, 1701-1751 Lafayette Avenue, northwest corner and 800-830 Rosedale Avenue, Block 3637, Lot 64, Borough of The Bronx.

APPEARANCES—

For Applicant: William C. Kane and C. A. Buckley, Jr.

For Opposition: C. J. Cammarata for N. Y. C. Housing Authority and Edward Handelman.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 16, 1958 after due notice by publication in the Bulletin; laid over to December 19, 1958 for inspection and decision; hearing closed; then to January 20, 1959, at the request of an objector; then to February 3, 1959, for inspection and decision; no further notices to be sent out; then to February 25, 1959, at the request of an objector, applicant concurring; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Soundview Avenue, Rosedale Avenue and Lafayette Avenue are in a retail use, D area, class ½ height district; that the history of the zoning of the site is as follows: until April 26, 1945 the zoning of the site was business, C area, 1¼ height; that by amendment of April 26, 1945 it was changed to residence, D area, class 1 height; by amendment of September 23, 1954 it was changed to residence, D area, class ½ height; by amendment of April 26, 1956 it was changed to residence, F-F area, class ½ height; by amendment of June 13, 1957 it was changed to its present zoning of retail, D area, class ½ height district; that it is felt that these latest changes indicate the need of commercial facilities to serve the residential portions of the area; and

WHEREAS, the decision of the Borough Superintendent, dated July 7, 1958 acting on N.B. Applic. No. 648-58, reads:

"1. The proposed gasoline service station, laundry, repair shop in a retail use area is contrary to Article II Sec. 4A of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 285.5 feet frontage by 146.2 feet in depth; that it is proposed to erect a class 3 building, one story, 15 feet high and 60 feet by 30 feet floor area, with planted shrubbery on three sides, the front of the building to face Soundview Avenue; that curb cuts are to be constructed on

MINUTES

Soundview Avenue and on Rosedale Avenue, none to be within 5 feet of any fire hydrant or utility pole; that the Lafayette Avenue frontage is to be enclosed with a wrought iron fence to a height of 5 feet 6 inches, with returns on the other two avenues and set in a one foot concrete base; that the south end of the site will have a seeded grass area, bordered with a 6 inch concrete curbing, and the north end will have a 5 foot by 5 foot by 1 foot concrete base for a post standard and sign; that the plot will be graded to the filed street grade and surfaced with concrete or bituminous material; and

WHEREAS, the applicant states that the existing site is vacant land, undeveloped and overgrown with tangled brush and slightly above the filed grade; that it fronts on two 100 foot wide avenues and one 80 foot wide avenue; that it is strategically situated to offer the necessary community services afforded by the proposed uses; that Soundview Avenue is the main traffic artery serving the entire Classon's Point section of the southeast Bronx and it is predominantly a thoroughfare of commercial uses; that Rosedale Avenue leads from the Soundview housing project on the south, to the other parts of the Bronx; that to the west is another existing New York City housing project and immediately to the east is the proposed James Monroe Housing; that this indicates that the area affected comprises a rapidly growing community; and

WHEREAS, the applicant contends that the site will provide off street parking facilities, and the granting of this application will permit the erection of a modern, clean and efficient building which will provide all the other community services which are necessary in connection with the use of motor vehicles; that the erection of this building also will encourage the development in the area of other properties which now are vacant and non-productive; and

WHEREAS, the applicant states that the present owner has held title to the property since July 13, 1956 and that the assessed valuation of land is \$28,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, e, and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7f, as proposed and indicated on plans filed with this application to permit the premises to be occupied as a gasoline service station for a term of fifteen years, substantially as proposed and indicated on plans filed with this application marked, "Received August 1, 1958," 2 sheets, and "November 13, 1958," 2 sheets, on condition that the premises shall be leveled substantially to the grade of the abutting street and shall be constructed and maintained as indicated on such revised plans marked, "February 2, 1959," 2 sheets; that the accessory building shall be constructed and located, where shown, without cellar and shall be faced on all sides with face brick and shall comply with the requirements of the Building Code in all other respects; that along the building line of Lafayette Avenue and a portion of Rosedale Avenue and also Soundview Avenue there shall be maintained a planting area not less than 8 feet in width, properly protected with curbing; that a woven wire fence of the chain link type on a masonry base not less than 5 feet, 6 inches in height shall be erected on the building line where such hedge is proposed and the hedge constructed between such fence and protected with concrete curbing; that pumps shall be of the low approved type, erected not nearer than 15 feet to the street building line; that there shall be 2 curb cuts, each 20 feet in width and one curb cut 10 feet in width, as shown, to Rosedale Avenue and 2 curb cuts, each 30 feet in width to Soundview Avenue; that where not occupied by accessory building and pumps the premises shall have bituminous or asphaltic paving; that at the intersection of Soundview Avenue and Rosedale Avenue there shall be a block of concrete for the full width of 10 feet at such

intersection and extending not less than 5 feet along either avenue, and not less than 12 inches in height; that in such location there may also be a post standard for supporting a sign, advertising the brand of gasoline on sale, extending beyond the building line of Soundview Avenue for a distance of not over 4 feet; that other signs shall be restricted to permanent signs attached to the facade of the building and the illuminated globes of the pumps excluding all roof and temporary signs and advertising devices; that the curbing and sidewalks abutting the premises shall be constructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved gasoline storage tanks; that there shall be no washing of cars on the premises; that under Section 7i for a similar term there may be minor repairs with hand tools only for adjustments maintained solely within the accessory building; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

486-58-BZ

APPLICANT—Ingram S. Carner, for J. and A. Brenneis, Inc., owner.

SUBJECT—Application August 14, 1958—decision of the Borough Superintendent, under sections 7c and 7i of the Zoning Resolution, to permit in a retail use district the change in use of the existing building and premises from stores, auto showroom and service station for own cars only to store for sale and storage of auto accessories, motor vehicle repair shop, no painting or spraying and parking of more than five cars waiting to be serviced on the unbuilt portion of the premises.

PREMISES AFFECTED—35-19 Leavitt Street, east side, 101.10 feet north of Northern Boulevard, Block 4961, Lot 7, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Ingram S. Carner.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 27, 1959 after due notice by publication in the Bulletin; laid over to February 25, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Leavitt Street, Northern Boulevard, 35th Avenue and Union Street are in a retail use, B area, class 1½ height district; that as of July 25, 1916 the property was zoned as a business district and a C area district, and the present use and area designations became effective on April 8, 1946; that the height designation has not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated July 14, 1958 acting on Alt. Applic. No. 1321-58, reads:

"1. The proposed change in use from stores and service station for own cars only to stores for sale and storage of auto accessories, motor vehicle repair shop (no painting or spraying) and parking of cars waiting to be serviced on the unbuilt portion of the lot on a plot located in a retail use district is contrary to Art. 2 Sec. 4-A of the Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 feet frontage by 89.5 feet in depth, irregular, on which Certificate of Occupancy No. 1944-31 was issued by the Department of Buildings for stores—auto showroom—service station for own cars only; that the premises have been altered many times since its original erection and the

MINUTES

service station—motor vehicle repair—has continually been in use; that it is proposed to change the nomenclature to store for sale and storage of auto accessories, motor vehicle repair shop—no painting or spraying, and parking of more than five cars awaiting service on the unbuilt portion of the plot; and

WHEREAS, the applicant states that due to a violation issued by the Division of Fire Prevention, stating that the existing Certificate of Occupancy permitted servicing of own cars only, and since the auto showroom use no longer exists at the premises, that this is an appropriate case for the Board to exercise its discretion; and

WHEREAS, the applicant contends that the proposed uses have been established for many years and the premises have been so used continuously; that a grant of this application would do substantial justice in that it would clarify the owner's position without adversely affecting anyone, without altering the essential character of the neighborhood, without affecting values of nearby properties, without creating or augmenting traffic or parking congestion, without affecting pedestrian safety and without impairing light and ventilation of nearby properties; and

WHEREAS, the applicant states that the present owner has held title to the property since May 27, 1946; that the assessed valuation of land is \$6,500 and of the building \$20,000 making a total of \$26,500; that the building was erected in 1931; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit the use of the premises as store for sale of accessories and service station for own cars only, and parking area as indicated on plans filed with this application marked, "Received August 14, 1958," 3 sheets, and "November 12, 1958," 1 sheet, *on condition* that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that there shall be erected on the lot lines of the portion of the premises proposed to be occupied for parking a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches, including the front line on Leavitt Street in which there shall be a gate with curb cut opposite as now existing; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the use of the premises may be as proposed, to be occupied by the owner dealing in the storage and sale of its own cars, and maintaining auto showroom and service station and sale and storage of auto accessories; that under Section 7i, there may be minor repairs with hand tools only for adjustments, without painting or spraying; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall require and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

504-58-BZ

APPLICANT—Julius S. Rapson, for Stephen E. Korpany, owner.

SUBJECT—Application August 26th, 1958—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a G-1 area district, the maintenance of a one family dwelling that encroaches on the required setbacks from the street line, these encroachments are due to proposed street widenings.

PREMISES AFFECTED—244-25 130th Avenue, northwest corner of Hook Creek Boulevard, Block 12891, Lot 10, Rosedale, Borough of Queens.

APPEARANCES—

For Applicant: Julius S. Rapson.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 27, 1959 after due notice by publication in the Bulletin; laid over to February 25, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 130th Avenue, Hook Creek Boulevard, 244th Street and 129th Road are in a residence use, G-1 area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated August 25, 1958 acting on Alt. Applic. No. 2473-52, reads:

"1. Buildings erected in a G-1 area district are required to have a front setback of 15 ft. from *any* city mapped street as required in Article IV Section 16-c of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 81.82 feet frontage by 91.67 feet in depth, irregular; that a brick veneer building, 25 feet by 45 feet was moved to this plot from 242-08 130th Avenue, due to the widening of Brookville Boulevard, the north-bound service road for the new Belt Parkway; and

WHEREAS, the applicant states that when the altered building application was processed the widening on Hook Creek Boulevard was so certified, but there was a question on the proposed 10 feet widening on 130th Avenue and the application was certified without the widening, and the application was approved and a permit was issued by the Department of Buildings accordingly; that this was a case where the building had to be moved quickly to meet the schedule of the Parkway Commission and the building was actually at the site before the owners took title the day a survey was received showing the 10 foot widening on 130th Avenue; that due to the pressure put upon the owner by the Parkway Commission, there was very little time allowed to make any changes, and the building was moved as quickly as possible; that the final survey shows that the building was located 14.96 feet from the original line, with only a 5 foot widening instead of the 10 feet shown originally; that the present Final City Alteration Map shows a widening of 5 feet; and

WHEREAS, the applicant contends that the front yard on Hook Creek Boulevard is 8 feet, which was legal until a change of zoning on May 23, 1953; that in this front yard, an open porch off the kitchen, 6 feet 11 inches by 7 feet 2 inches was built, which encroaches into the front yard area; that as shown on the detailed plot plan, the building in question does not project out as much as the other buildings on the block; that as this building was moved under such pressure and unusual conditions, and as the building in all other respects meets the requirements of the Code, it is requested that this variance be granted; and

WHEREAS, the applicant states that the present owner has held title to the property since November 19, 1952; that the assessed valuation of land is \$2,000 and of the building \$7,000 making a total of \$9,000; that the building was erected in 1952; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area dis-

MINUTES

strict regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 to permit the erection of the building within the G-1 area with the setback as proposed from the existing line of the present street as indicated on plans filed with this application marked, "Received August 26, 1958," 5 sheets, *on condition* that the front and side lot line yards of the building, as shown, shall be in compliance with all laws, rules and regulations applicable thereto; that the sewerage disposal plant shall be reconstructed so as to be within the house lot, except that the present disposal plant may be continued where now located so long as the adjoining portion of the premises proposed to be taken for street widening is within the same ownership and the premises are not taken for street widening, provided that when the premises are taken for street widening the requirements for this resolution, as to the location of the sewerage plant, shall be complied with; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

510-58-BZ

APPLICANT—Matthew and Lucy Macchio, owners.

SUBJECT—Application August 22, 1958—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in an E-1 area district, the erection of a two family dwelling with less than the required setback from the side street.

PREMISES AFFECTED—1301 Astor Avenue, northeast corner of Wilson Avenue, Block 4381, Lot 8, Borough of The Bronx.

APPEARANCES—

For Applicant: Matthew Macchio.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Foley, Commissioner Sleeper and
Commissioner Fox 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 27, 1959 after due notice by publication in the Bulletin; laid over to February 25, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Astor Avenue, Wilson Avenue, Young Avenue and Waring Avenue are in a residence use, E-1 area, class 1 height district; that as of July 25, 1916 the use, height and area designations were changed from business-1 C section to a residence E section, height 1 on July 20, 1942; that on October 13, 1953 this plot was changed to E-1 section with the height remaining at 1; and

WHEREAS, the decision of the Borough Superintendent, dated August 12, 1958 acting on N.B. Applic. No. 472-58, reads:

"1. The proposed building in an E-1 area district without a setback from a side street is contrary to Art. IV Sec. 15A, par. (e) of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 feet frontage by 100.05 feet in depth; that it is proposed to erect a two story and basement, two family dwelling, on a corner plot with less than the required side yard; and

WHEREAS, the applicant further states that he sought property in the Pelham Parkway and Eastchester Road section of The Bronx for almost one year before purchasing the parcel of land in question from The City of New York for \$2,000; that at the time of purchase, he was assured by his real estate agent that he could erect a building five feet from the building line and a 15 foot setback from the front; that he would never have purchased this property had he been aware that the setback from the building line was any more than five feet; and

WHEREAS, the applicant states that it wasn't until February, 1958 that he found himself financially capable of erecting a house, considering, of course, that a portion of the expense would be defrayed by his own labor and the help of friends; that the first architect he approached informed him that as the subject plot was located on a corner and in an E-1 zone, the building would have to be set ten feet back from the building line facing one street, and fifteen feet from the building line facing the other streets; that his immediate reaction was to purchase the vacant parcel of land next to his, but he found that it was absolutely not for sale; that he then wished to sell the subject plot, but was unsuccessful; that the only type of building which could be erected on this particular plot of land would be a railroad car type of house only 15 feet wide, and to find any individual willing to go through this expense in building a house of this type has been an impossibility; and

WHEREAS, the applicant states that he was informed that for a fee of \$1500 he could have his problem brought before the Board by an architect, and as he is not a rich man, he prepared this appeal by himself; that he would not have bothered going through the expense of this appeal except that he gathered new hope when another individual, Joseph Fierro of Morgan Avenue, The Bronx, had almost the same situation as the instant one, and that the Board granted him a variance allowing him to erect a 22 foot building on a 25 by 100 foot corner plot in a E-1 zone; and

WHEREAS, the applicant contends that he made an honest mistake, and that the Board will grant him a variance; and

WHEREAS, the applicant states that the present owners have held title to the property since October 6, 1956 and that the assessed valuation of land is \$2,200; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which finds that the applicant is attempting to put too much building on his lot and that the building as proposed on the building line would not be compatible with the type of building erected throughout the area, which in every case is well set back from the building line, and therefore recommends that the application should not be granted; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 472/58, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

643-58-BZ

APPLICANT—Lama, Proskauer and Prober, for The Greenpoint Savings Bank, owner.

SUBJECT—Application November 10, 1958—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a retail and residence use district, the extension of the present parking lot from the retail portion into the residential portion of the plot for use of the patrons of the bank, no fee to be charged.

PREMISES AFFECTED—5102-5124 Church Avenue and 356-366 East 52nd Street, southwest corner and 397-409 East 51st Street, Block 4699, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Foley, Commissioner Sleeper and
Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 27, 1959 after due notice by publication in the Bulletin; laid over to February 25, 1959, for inspection and decision; hearing closed; and

MINUTES

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, East 51st Street and East 52nd Street are in retail and residence use, C area, class 1 height districts; Church Avenue is in a retail use, C area, class 1 height district; Snyder Avenue is in a residence use, C area, class 1 height district; that as of July 25, 1916 that part of the premises within 100 feet of Church Avenue was in a business use district and received the present use designation on March 25, 1954; and

WHEREAS, the decision of the Borough Superintendent, dated October 20, 1958 acting on amendment to Alt. Applic. No. 2175-58, reads:

"1. The proposed parking of patrons cars (no fee to be charged) in the residence portion of a lot located partly within a retail and partly within a residence use district is contrary to Art. II Sec. 3 of the Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 206 feet 8½ inches frontage by 125 feet 7¼ inches in depth, presently developed with a one story mezzanine bank building; that it is proposed to extend the proposed use of parking and patrons cars—no fee to be charged—and the 10 foot by 10 foot temporary frame office, into the residential portion of the plot; and

WHEREAS, the applicant states that Department of Building records indicate that the bank building was erected under N. B. Applic. No. 13403 of 1936, and Certificate of Occupancy No. 85355 was issued for use as banking on December 10, 1937; that the records further indicate that under Alt. Applic. No. 2175-58 plans were approved to use the open portion of the lot within the retail use district for parking of patrons cars—no fee to be charged—and a 10 foot by 10 foot temporary frame office; and

WHEREAS, the applicant contends that the parking of cars is a permitted use in the retail portion of the plot; that the proposed extension into the small residential portion of the plot cannot possibly have an adverse effect upon any of the adjoining properties, inasmuch as the residential portion of the plot only amounts to approximately 1000 square feet, and of which approximately only 650 square feet will actually be used for parking of cars; that all fences, curb cuts, landscaping, gates, paving, etc., will be done as per the proposed condition plans filed with this application; and

WHEREAS, the applicant states that the present owner has held title to the property since December 23, 1935; that the assessed valuation of land is \$85,000 and of the building \$305,000 making a total of \$390,000; that the building was erected in 1937; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit extension of use and change and arrangement of the portion of the plot at the corner of East 52nd Street and Church Avenue substantially as proposed and indicated on plans filed with this application marked, "Received November 10, 1958," 5 sheets, *on condition* that the remaining space shown to be planted shall be so maintained with suitable planting material and curbing; that the premises shall be paved with asphaltic pavement; that the attendant's office shall be constructed in accordance with the Building Code; except the building may be brick veneer on all sides; that the existing iron picket fence may be continued provided there are gates at the entrances, as shown, with curb cuts opposite, not exceeding 18 feet in width; that the sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough Superintendent; that the parking permitted shall be without fee and shall be solely for the parking of employees' and patrons' cars; and that

all permits shall be obtained, including a new Certificate of Occupancy, and all work completed within six months.

Adjourned: 4:35 P. M.

JOSEPH J. DOYLE, *Chief Clerk*.

REGULAR MEETING

WEDNESDAY AFTERNOON, FEBRUARY 25, 1959,
2 P.M.

Present: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox.

631-58-A

APPLICANT—Joseph Lau, for George and Luise Smol, owners.

SUBJECT—Appeal November 5 1958—filed pursuant to Section 310 of The Multiple Dwelling Law for variation of section 172(1) re legal yard, etc.

PREMISES AFFECTED—1289 Madison Avenue, east side, 40 feet, 8½ inches south of East 92nd Street, Block 1503, Lot 53, Borough of Manhattan.

APPEARANCES—

For Applicant: Joseph Lau.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 7, 1958 on Alt. Applic. 1833/56, reads:

"A3—A legal yard must be maintained at the level of the 2nd story apartment as per Sec. 172 subd. 1 M.D. Law."

and

WHEREAS, the applicant states that the building is 5 stories, 54 feet high, built before 1899 as a private dwelling, non-fireproof construction, 20 feet by 46 feet in area, located in retail use, B area, class 1½ height district, used and occupied since 1950 as follows: Cellar—boiler room and storage; 1st floor—store, 4 persons, 2nd floor—store, 4 persons; 3rd, 4th and 5th floors—multiple dwellings; and

WHEREAS, the applicant proposes to change 2nd floor use; that the 2nd and 3rd floors will be used jointly as a duplex apartment; that this building has a 13 foot 6 inch deep yard for the full 20 feet width of the property except at the 2nd floor where the existing extension is 9 feet 1 inches wide by 13 feet 6 inches deep thus leaving an open yard of 147.3 square feet area which is adequate for kitchen and playroom light and ventilation; that permission is requested to permit the present 2nd floor extension to remain as it is proposed to use it as a playroom for the children of the owner of the building; that the open yard at the 2nd floor is 147.3 square feet which is adequate light and ventilation for the playroom and kitchen; that this extension existed since erection of this original one family residence dwelling.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 1833/56, Objection No. A3, be and it hereby is *modified* under the powers vested in the Board by Section 310 of the Multiple Dwelling Law, and that the appeal be and it hereby is *granted*, to permit the legal yard to be maintained as proposed, commencing substantially at the level of the second floor ceiling, as proposed and shown on plans filed with this appeal, marked "Received November 5, 1958", 6 sheets and "February 20, 1959", 1 sheet, *on condition* that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto and specifically as to a heretofore converted multiple dwelling.

Negative: Vice Chairman Kleinert and Commissioner Fox 2

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 18, 1958, on Alt. Applic. 2141/58, reads:

"1. The proposed change in use of the 2nd floor of this class 4 building from residence to business use is contrary to Sect. 2.1.3.5 with Sect. 4.1.3 of the Bldg. Code.

2. Provide at least one stair enclosed in 1 hr. partition with all opening protected by $\frac{3}{4}$ hr. assemblies and leading to the street and roof as required by Sect. 6.1.2.2.3 of the Bldg. Code.

3. The support of 2nd floor beams on a bearing partition is prohibited by Sect. 8.7.1.1 of the Bldg Code."

and

WHEREAS, the applicant states that the building is 3 stories, 36 feet high, 25 feet by 52 feet in area, of class 4 construction, erected 1901 as an old law tenement, class 1 height district, used and occupied since 1950 as follows: cellar—storage, no persons; 1st floor—store, 2 persons; 2nd floor—salesroom, no persons; 3rd floor—2 families; that both side walls of the building are party walls, brick filled throughout; that the front and rear walls of the building have recently been surfaced with asphalt shingles; that there is ordinarily no human occupancy whatsoever on the 2nd floor; that the business is small and visits to the 2nd floor usually occur only a few times each day; that the exit from the 2nd floor consists of a 3 foot 6 inch wood stair leading to a hallway on the 1st floor which opens directly to the street; that there is no opening from the stairhall to the 1st floor business occupancy; that the stair enclosure is the original stud wood lath and plaster partition; that the 2nd floor is also served by a regulation Multiple Dwelling Law fire escape on the rear of the building with a sliding drop ladder to the rear yard; that there is normally no human occupancy on the 2nd floor, we propose to install a new fireproof self-closing door from the front portion of the 2nd floor stairhall so as to reduce to a minimum the distance from any point on the 2nd floor to a stairhall door; that the present floor beams on the 2nd floor figure for the 75 pound live load required for salesroom occupancy, except that they are supported by a bearing partition; that this bearing partition is part of the original building construction, and it is respectfully requested that its use be accepted; that it is proposed to construct a masonry enclosure around the present interior stairs to the cellar with a fireproof door at the bottom; that the only occupants of the store will consist of the owner and one clerk on the 1st floor; that as previously mentioned, no one is employed on the 2nd floor; that since the 2nd floor will ordinarily be unoccupied, there is less hazard than existed when this floor was occupied as 2 apartments with cooking facilities in each apartment; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the application should be granted on condition noting that walls were brick filled; and

WHEREAS, the applicant claims that the side walls are brick filled throughout.

Resolved, that the decision of the Borough Superintendent, dated July 18, 1958, acting on Alt. App. 2141-58 be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the change of occupancy of the second floor from residence to business as proposed and as indicated on plans filed with this appeal marked "Received July 23, 1958", 3 sheets, as to Objection No. 2, *on condition* that the stair is enclosed in at least one-hour assembly and is protected by a sprinkler system of the type as permitted for use in a converted multiple dwelling; that as to Objection No. 3 that the floor beams supporting the bearing partition shall be maintained as proposed and to the satisfaction of the Borough Superintendent; that the building shall not be increased in height or area; that this variance shall continue only so long as the building is occupied as herein proposed and for no other use.

534-58-A

APPLICANT—Hurley and Hughes, for Besal Realty Corp., owner; Alfred Heller Heat Treating Co., lessee.

SUBJECT—Application September 3, 1958—Appeal from a decision of the Borough Superintendent—re enclosed stairways to street from cellar.

PREMISES AFFECTED—379-391 Pearl Street, west side, 98 feet, 8½ inches south of Vanderwater Street, cellar, Block 113, Lots 23, 24 and 25, Borough of Manhattan.

APPEARANCES—

For Applicant: Joseph V. Marino.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated August 4, 1958, on B.N. Applic. 1854/57, reads:

"1. Provide 2 stairs enclosed to the street from the cellar which is used as a factory. Sec. 271 LL."

and

WHEREAS, the applicant states that the buildings are 2 and 3 stories in height, 92 feet 5 inches by 133 feet in area, of class 3 construction, erected prior to 1872, located in unrestricted use, B area, class 2 height district, used and occupied since 1943 as follows: cellar—factory, 3 persons; 1st floor—shipping, receiving and heat treating, 14 persons; 2nd floor of 379-383 building—heat treating and copper plating, 3 persons; 2nd floor of 391 building—offices, 6 persons; 3rd floor of 391 building—stock room and women's lounge, no persons; and

WHEREAS, the applicant proposes to construct one new 3 foot 8 inch wide concrete stair enclosed in 8 inch concrete blocks in the cellar and 6 inch block with 2¾ inch concrete ceiling on the 1st floor leading from the cellar to street; that the other exits consist of one present 3 foot 8 inch fireproof stair from cellar to 1st floor and through factory or shipping space to any of the four different doors to street; that there are two engineers ladder and trap doors to street; that a third trap door and ladder at rear of space leading to 1st floor; that cellar ceiling in building #381 and #383 is a fireproof concrete arch; that in building 391 ceiling is fire retarded; that there are 3 occupants on the floor engaged in factory work; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee finds that the premises and use are exceptionally dangerous and should not be permitted in this building and recommends that the appeal should be denied.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 1854/57, Objection No. One be and it hereby is *affirmed* and that the application be and it hereby is denied.

APPLICANT—Murray S. Bierer, for Bush Terminal Co., owner; Fein's Tin Can Co., Inc., lessee.

MINUTES

SUBJECT—Application October 24, 1958—Appeal from an order of the Fire Commissioner, re partitions separating cafeteria from factory.

PREMISES AFFECTED—Foot of 50th Street, 193.17 feet east of 1st Avenue, Bush Building 58, 5th floor; Block 725, part of Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Millard Bresin and Murray S. Bierer.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Foley, Commissioner Sleeper and
Commissioner Fox 5

Negative 0

THE RESOLUTION—

WHEREAS, the order of the Fire Commissioner, dated Oc-
tober 6, 1958 on Order No. 6971-8, reads:

"1. Remove all partitions not built of incombustible
material separating cafeterias from factory on 5th floor.
Sec. 264 Subdivision 7 Labor Law."

and

WHEREAS, the applicant states that the building is 6
stories, 83 feet high, 150 feet by 150 feet at typical floor, of
class 1 construction, erected in 1910, located in unrestricted
use, A area, class 2 height district, used and occupied since
1945 as follows: Basement—storage, no persons; 1st to 4th
floors—factory, 121 persons each floor; 5th floor—factory
and cafeteria, 121 persons; 6th floor—factory, 121 persons;
for which Certificate of Occupancy #112311 was issued
against Alt. Applic. 2519/44; that the exits consist of one
3 foot 2 inch and one 5 foot wide stairs enclosed in 3 hour
walls and fireproof self-closing doors; that the building is
equipped with a two-source sprinkler, fire alarm and stand-
pipe systems; that the Fein Tin Can Company has occupied
this entire building since 1939 at which time the partition
that now form a part of the walls to enclosed cafeteria and
store room from the factory portion of the building on the
5th floor were in place when we moved into the building;
that the company is now planning to obtain a new two story
building at some other location and requests that the Board
grant permission to retain the present wood partitions for
two years; and

WHEREAS, the premises was inspected by a committee of
the Board and the committee recommended that the appeal
should be granted on condition; and

WHEREAS, the applicant states that the tenants will re-
move from the premises within one year;

Resolved, that the decision of the Fire Commissioner dated
October 6, 1958, acting on Order No. 6971-8, Objection No.
1, be and it hereby is *modified* and that the appeal be and it
hereby is *granted* to permit the partitions not built of incom-
bustible material separating the cafeteria from the factory
on the fifth floor to remain for a term of two years from
the date of this resolution; as shown on plans filed with this
appeal marked "Received October 24, 1958". 3 sheets, *on*
condition that in all other respects the building and occu-
pancy shall comply with all laws, rules and regulations ap-
plicable thereto.

626-58-A

APPLICANT—William H. Byrne of Byrne Associates,
Inc., for American Bank Note Co., owner.

SUBJECT—Application October 29, 1958—Appeal from a
decision of the Borough Superintendent, re Class 3 con-
struction, over 4 stories in height.

PREMISES AFFECTED—74 Broad Street, southwest
corner of Marketfield Street, Block 11, Lot 17, Borough
of Manhattan.

APPEARANCES—

For Applicant: A. T. Kniffen.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Klein-
ert, Commissioner Foley, Commissioner Sleeper and
Commissioner Fox 5

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent,
dated October 15, 1958, on Alt. Applic. 1285/58, reads:

"4. Bldg. must conform to Sec. 270 of the Labor
Laws. A class III—nonfireproof building cannot ex-
ceed four (4) stories in height (Sec. 270 of the Labor
Law)."

and

WHEREAS, the applicant states that the building is 6
stories, 72 feet high, 33 feet 9½ inches by 95 feet 7½ inches
in area on typical floors, of class 3 construction, erected
prior to 1910, located in unrestricted use, B area, class 2½
height district, used and occupied since 1948 as follows:
cellar—storage, no persons; mezzanine—office, 2 persons;
1st floor—display and sales, 2 persons; 2nd floor—same;
3rd floor—work room, 2 persons; 4th, 5th and 6th floors—
storage, no persons; that the building is equipped with a one-
source sprinkler, fire alarm and standpipe systems; that
there are two interior steel stairs enclosed in terra cotta par-
titions and fireproof self-closing doors; that one 3 foot 8
inch wide stair extends from 1st floor to roof; that one 3
foot 2 inch wide stair extends from 1st floor to 3rd floor;
that there is a Labor Law type 45° rear fire escape landing
with a counterbalanced stair on Marketfield Street; that the
cellar exits consist of two vertical ladders; and

WHEREAS, the applicant proposes to change the use and
occupancy of the building to one tenant occupancy by the
owner, American Bank Note Company as follows: Cellar—
storage and boiler room no persons; 1st floor—offices and
locker room, 20 persons; 2nd floor—printing, 25 persons;
3rd floor—same; 4th floor—offices and telephone equip-
ment, 20 persons; 5th floor—offices, 20 persons; 6th floor—
same; that the applicant proposes to provide a roof passage-
way connecting the rear fire escape passageways with the
roof stair bulkhead; that it is planned to do everything prac-
ticable to make the present structure as safe and fireproof
as possible; that it is planned to install a sprinkler system
on all floors and in the bridge; that the underside of the 1st
floor will be fireproofed; that fire escape facilities will be
improved; that the partitions throughout the building will be
metal; that the present building was previously used for 5
years by American Bank Note Company for a similar pur-
pose as evidence by Certificate of Occupancy No. 13236
issued on November 10, 1927; that it would create a hard-
ship on American Bank Note Company to be denied the use
of this building to add additional facilities to conduct its
present operations which are now confined to 70 Broad
Street or to require it to rebuild the building at 74 Broad
Street to a Class 1 fireproof building; and

WHEREAS, the premises was inspected by a committee of
the Board and the committee recommended that the appeal
should be granted under conditions.

Resolved, that the decision of the Borough Superintendent,
dated October 15, 1958, acting on Alt. App. 1285-58, Objec-
tion No. 4, be and it hereby is *modified* and that the appeal
be and it hereby is *granted on condition* that the building
shall not be extended in height or area and in all other re-
spects shall comply with all laws, rules and regulations ap-
plicable thereto; that a one-source sprinkler system, fire
alarm system and standpipe system within the building shall
be maintained; that the two interior steel stairs enclosed in
terra cotta partitions and fireproof self-closing doors shall
be maintained; that the 45 degree fire escape at the rear shall
be maintained with counterbalanced stair leading to Market-
field Street; that the proposed bridge between this building
and the building on the north side of Marketfield Street
shall be maintained so as to provide additional means of
exit; that the use of the building may be as proposed; and
that the occupancy of the building shall not exceed the num-
ber as herein proposed.

THE RESOLUTION—

WHEREAS, this application was granted by the Board on June 10, 1958 on certain conditions; and

WHEREAS, the resolution was amended on November 25, 1958; and

WHEREAS, the applicant requested a further amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 10, 1958, as thereafter *amended* by resolution adopted November 25, 1958, by adding thereto:

"that in the event the owner desires to make additional changes other than those permitted by the resolution amended on November 25, 1958, such additional changes may be as follows:

'A 30 foot curb cut on Baychester Avenue as permitted by resolution adopted November 25, 1958, may be omitted, as now shown on revised plan marked "Received February 10, 1958", 1 sheet;'

"that the accessory building may be moved for a distance of 10 feet north of the south lot line and in connection therewith the southerly lot line interior fence shall be rearranged to apply to the new location due to the unforeseen soil conditions;

"that the interior lot lines to the south and east shall have erected thereon a woven wire fence" shall be changed to read on the south and *west* lot lines;

"that under Section 7i there may be minor repairs with hand tools only for adjustments maintained solely within the accessory building;

"that under Section 7e for a similar term there may be parking of motor vehicles awaiting service, so arranged as not to interfere with the servicing of the station; and that in all other respects the resolution above cited shall be complied with."

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, 9th Floor, Borough of Manhattan.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the Administrative Official either Borough Superintendent of Buildings or Fire Commissioner and file with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

HARRIS H. MURDOCK, Chairman.

MINUTES

A public hearing was held on the following application at the regular meeting of January 6, 1959 at 10 A.M., at which time the application was acted upon by the Board but resolution was deferred and is now published below.

9-58-BZ

APPLICANT—Albert Melniker, for Vincent De Palma and Frank Griffe, partners.

SUBJECT—Application January 15, 1958—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a retail use district, at an existing gasoline service station with public garage, motor vehicle repair shop, used car lot and dead storage of automobiles, the erection of an extension for use as a two-bay lubritorium, and to extend the uses to include auto body and fender repairs.

PREMISES AFFECTED—2062 Richmond Road and 5 Colfax Avenue, southeast corner—Block 3577, Lot 1, Grant City, Borough of Richmond.

APPEARANCES—

For Applicant: Kenneth W. Milnes.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 9, 1958, after due notice by publication in the Bulletin; laid over for inspection and decision; date to be set; hearing closed; then set for December 19, 1958; then laid over to January 6, 1959 at 10 A.M.; the premises were inspected by a committee of the Board; for further consideration after applicant has submitted to the Board a proposal to preclude storing motor vehicles on Colfax Avenue; hearing previously closed.

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Richmond Road is in a retail use, D area and class 1 height district; Midland and Colfax Avenues are in a retail and residence use, D and E

area and class 1 height district; Lisbon Place is in a residence use, E area and class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 31, 1957, acting on Alt. Applic. 483-57, reads:

"1. Proposed alteration to an existing gasoline service station, motor vehicle repair shop, public garage, used car and sales lot to include an auto body shop and lubritorium located in a retail use district, is contrary to Art. II, Sect. 4A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 129.10 feet frontage, by 143.76 feet in depth; that it is proposed to erect a two bay lubritorium, 26 feet by 28 feet, attached to the adjoining present structure; that in addition, permission is requested to relocate the present two pump islands from the property lines and to consolidate the present four pumps on one island, to be placed fifteen feet back of the property line; that it is also proposed to include the use of the basement as an auto body shop; that the basement, which lies under the present garage, is at the Colfax Avenue Street Level; that there are four 550 gallon buried gasoline storage tanks now existing, and it is proposed to add eight additional 550 gallon gasoline storage tanks; and

WHEREAS, the applicant states that Certificate of Occupancy No. 9678, dated January 12, 1953, lists the use of this building as a motor vehicle repair shop, public garage, gasoline service station and used car sales lot; that Alt. Applic. No. 757 of 1928 lists, on the approved application, the use of the basement as dead storage of cars; that letter from the Fire Department dated August 7, 1951 indicates that permits have been issued for this building for the storage of gasoline since July 16, 1916; and

WHEREAS, the applicant states that the present owners have held title to the property since January 27, 1953; that the assessed valuation of land is \$4,300 and of the building \$13,200 making a total of \$17,500; that the building was erected in 1908; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee

MINUTES

recommended that the application should be granted on condition; and

WHEREAS, the Committee recommended that the application be granted under Section 7c, not required as a conditional term inasmuch as premises were established prior to zoning being adopted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit the erection of an extension for use as a two bay lubritorium, and to extend the uses to include automotive repairing, including body and fender repairs, *on condition* that all work shall be done as proposed and as shown on plans filed with this application, marked "Received January 15, 1958", 6 sheets, "November 3, 1958", one sheet, and "December 8, 1958", 3 sheets; that there may be rearrangement of gasoline pumps as proposed; that there may be installed four additional 550 gallon approved gasoline storage tanks; that such portable fire-fighting equipment shall be installed as the Fire Commissioner shall require; that the no parking regulation on the east side of Colfax Avenue as issued by the Commissioner of Traffic shall be observed; that the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

REGULAR MEETING

TUESDAY MORNING, MARCH 3, 1959, 10 A.M.

Present: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox.

The minutes of the regular meetings of the Board held on Tuesday morning and afternoon February 17, 1959 were approved as printed in the Bulletin of February 24, 1959, Vol. 44, No. 8.

ACTION OF BOARD—Laid over to March 31, 1959, at 10 A.M. for inspection and decision; Traffic Department to submit working drawings; hearing closed.

673-58-BZ

APPLICANT—Hurley and Hughes, for Beverley Management Corp., owner; A. and P. Tea Co., lessee.

SUBJECT—Application November 21, 1958—decision of the Borough Superintendent, under sections 7c and 7A of the Zoning Resolution, to permit in a retail and residence use district, the erection of a one story and cellar structure for use as a retail supermarket and to provide in the residence portion of the premises, a business entrance into the rear yard for an unloading area.

PREMISES AFFECTED—300-304 West 20th Street and 189-195 8th Avenue, southwest corner, Block 743, Lots 44, 45, 47 and 49, Borough of Manhattan.

APPEARANCES—

For Applicant: Joseph V. Marino.

For Opposition: None.

ACTION OF BOARD—Taken off calendar and referred to examiner for setting a new date and new notification.

727-58-BZ

APPLICANT—Arno Fischer, for James J. and Katherine Bartley, owners.

SUBJECT—Application December 10, 1958—decision of the Borough Superintendent, under sections 7c, 7i and 7A of the Zoning Resolution, to permit in a business and residence use district, the reconstruction of an existing gasoline service station, eliminating the garage and extend the uses to include minor auto repairs, lubritorium, non-automatic auto laundry, sale of accessories, state inspection service, parking of cars awaiting service with show window and curb cuts within 75 feet of a residence use district.

PREMISES AFFECTED—27-01 to 27-11 Newtown Avenue and 26-50 to 26-56 28th Street, northwest corner, Block 573, Lot 1, Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Arno Fischer, James Bartley and Katherine Bartley.

For Opposition: Robert Cohen, Antoinette Passero, Michael Bednarz, Charles Hlinka, Vito De Nigris, Pancrazio Previti, Maria V. Onorato, Camisa Bertolotti, Joseph Bertolotti, Irene Dura and Daniel Pisimile.

ACTION OF BOARD—Laid over to March 31, 1959, at 10 A.M. for inspection and decision; hearing closed.

756-58-BZ

APPLICANT—Leonard F. Rothkrug for Jacob Morrow and Nat Chanelis, owners.

SUBJECT—Application December 24, 1958—decision of the Borough Superintendent under section 9A of the Zoning Resolution to permit in a class ½ height district, the erection of a multiple dwelling the height of a portion of which is in excess of that permitted within two miles of a designated airport.

PREMISES AFFECTED—3291-3323 Nostrand Avenue northeast corner of Avenue T, Block 7365, Lot 71, Borough of Brooklyn.

MINUTES

APPEARANCES—

For Applicant: Leonard F. Rothkrug.
For Opposition: B. H. Loizzo, Stella Menakake, Katherine Rutledge, Sophia Holinan, Mary Alcuri, Mathilde C. Mealey, Charles Ciambra, Beatrice M. Kelly, Catherine O'Sullivan and William O'Sullivan.

ACTION OF BOARD—Taken off calendar; referred to examiner to set new date for hearing; area district to be checked for all parts of plot; applicant to send new notices by regular mail.

759-58-BZ

APPLICANT—Leonard F. Rothkrug for Berkeley Plaza Corporation, owner.

SUBJECT—Application December 24, 1958—decision of the Borough Superintendent, under section 9A of the Zoning Resolution, to permit in a class one height district, the erection of a multiple dwelling of a height in excess of that permitted within two miles of a designated airport.

PREMISES AFFECTED—2111 Brown Street, southeast corner of Avenue U, Block 7365, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.
For Opposition: Sam Curto, Annette Gottlieb, Gussie Silverman, Morris Levy and Jean Rosen.

ACTION OF BOARD—Laid over to March 31, 1959, at 10 A.M. for inspection and decision; hearing closed.

770-58-BZ

APPLICANT—Lama, Proskauer & Prober, for Drake Bakeries, Inc., owner.

SUBJECT—Application December 30, 1958—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in an unrestricted, business and residence use district, the extension of the use of parking and storage of owners trucks, loading and unloading from the unrestricted and business portion into the residence portion of the plot.

PREMISES AFFECTED—81-85 Clinton Avenue, east side, 105 feet 4 inches south of Park Avenue and 76 Waverly Avenue, Block 1888, Lots 37, 38 and 39 Borough of Brooklyn.

APPEARANCES—

For Applicant: James E. Vassalotti.
For Opposition: James Finelli, Anthony Finelli, Fannie Casale, Vincenzo Miele, M. Serarri and Monfuon Montuori.

ACTION OF BOARD—Laid over to March 31, 1959, at 10 A.M. for inspection and decision; hearing closed.

902-52-BZ—Vol. III

APPLICANT—Charles M. Spindler, for Estate of Sadie V. Sisto; John R. Owens, Executor; owner.

SUBJECT—Application reopened July 23, 1957 as Vol. III—decision of the Borough Superintendent under sections 7c and 7e of the Zoning Resolution, to permit in a retail use district the erection and maintenance of a gasoline service station together with a motor safety inspection station, minor repairs with hand tools only and the parking within the retail use zone of cars awaiting service.

PREMISES AFFECTED—164-15 to 164-25 (164-25 official) Union Turnpike and 78-28 to 78-36 165th Street, northwest corner, Block 6972, Lot 21 Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Charles M. Spindler.
For Opposition: None.

ACTION OF BOARD—Application withdrawn at the request of the applicant.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

752-29-BZ—Vol. IV

APPLICANT—Leonard F. Rothkrug, for Walbell Real Estate Corp., owner.

SUBJECT—Application reopened November 12, 1958—as Vol. IV—decision of the Borough Superintendent, under Sections 7f, 7i and 21 of the Zoning Resolution, to permit partly in a business use and partly in manufacturing use, C area district, the extension of the accessory motor vehicle repair shop building—hand tools only, no welding or spraying, using more than the permitted area, and the maintenance of the gasoline service station—previously granted by the Board; all for a temporary term of ten (10) years.

PREMISES AFFECTED—8801-8809 4th Avenue, southeast corner of 88th Street, Block 6065, Lot 6, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.
For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on November 12, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on February 3, 1959 after due notice by publication in the Bulletin; laid over to March 3, 1959, for inspection and decision; applicant to correct plans to show that all plans are not void; hearing closed; and

WHEREAS, the district maps accompany the Zoning Resolution show that the site, 88th Street and 89th Street are in business and manufacturing use, C area, class 1¼ height districts; 4th Avenue and 5th Avenue are in a business use, C area, class 1¼ height district; that on July 25, 1916 the premises was in a business and unrestricted use district and the unrestricted portion of the premises was rezoned to manufacturing on October 15, 1954; and

WHEREAS, the decision of the Borough Superintendent, dated October 3, 1958 and amended December 8, 1958, acting on Alt. Applic. No. 1103-58, reads:

"1. Proposed extension to building and change of use from auto showroom, display and sale of auto accessories and parts, motor vehicle repair shop incidental to authorized dealers use (no welding or spraying), free parking for patrons and employees of gasoline selling station to factory, office, gasoline selling station, office and motor vehicle repair shop (no welding or spraying), hand tools only on a plot which is partly in a Business and partly in a manufacturing zone is contrary to Art. II, PP. 4a Subsections 29 and 46 of the Zoning Resolution.

2. Proposed extension to building in a "C" area zone exceeds permitted area coverage and violates Article IV, PP. 13 of the Zoning Resolution.

Note—Premises were subject of a Bd. of Standards and Appeals variance under Cal. #752-29-BZ, Vol. III." and

WHEREAS, the applicant states that the premises consist of a plot, 86.76 feet frontage by 103.98 feet in depth, on which is located a one story and mezzanine building 89.25 feet by 83 feet, irregular in area, erected under resolution of the Board, to be used as a new car salesroom, accessory motor vehicle repair shop, gasoline service station with parking of cars awaiting service, and altered when the new car agency was discontinued, under an amended resolution, so that the accessory motor vehicle repair shop portion of the building is presently used by a conforming use—plastics factory; that the premises was developed for a new car sales agency, and a large accessory motor vehicle repair shop was constructed in addition to the new car showrooms, and gasoline service station; that it is proposed to extend the building and use the new portion for minor auto repairs with hand

MINUTES

tools only, in conjunction with the gas station; that the area of the lot is 10,209 square feet; area of existing building—6,774 square feet; area of proposed building—8,423.5 square feet; permitted area coverage—7,896.3 square feet; that the excess area is 527.2 square feet; and

WHEREAS, the applicant states that this application, under Sections 7b and 7f of the Zoning Resolution, to permit partly in a business use and partly in an unrestricted use district, the parking and storage of more than five motor vehicles, was withdrawn as Vol. I on May 6, 1930; that this application, under 7h of the Zoning Resolution, to permit the parking and storage of more than five motor vehicles was granted for a term of two years under Vol. II on May 6, 1941; that this application, under Sections 7f and 7i of the Zoning Resolution, to permit the erection and maintenance of a building to be used as an automobile showroom, display and sale of auto accessories and parts and motor vehicle repair shop, incidental to authorized auto dealer's use, and to permit the outdoor parking for patrons and employees cars and to permit a gasoline service station for a term of ten years, previously granted for parking and storage of more than five motor vehicles, was granted by the Board December 20, 1949 as Vol. III; that the application was amended on July 1, 1958 to permit the accessory motor vehicle repair shop building to be used as a conforming use; and

WHEREAS, the applicant further states that the former owner found it economically impossible to maintain the premises as a new car agency, and sold it to the present owner who likewise is the owner of the adjoining premises in block 6065, lot 16; that the new owner is a plastics manufacturer and altered the large repair shop building for use in conjunction with the plastics business; that the gasoline service station is operated independently from the balance of the premises, and the one bay formerly used for used car display is now used as an office for the station; and

WHEREAS, the applicant contends that when the building was originally erected, the entire premises was used as a new car agency with an accessory large motor vehicle repair shop, gasoline service station and other customary uses; that the southerly portion of the lot was used for an exit from the repair shop building and for the parking of automobiles awaiting service; that the vacant portion is valueless and creates an undesirable alley wherein repairs can be conducted in the open; that the enclosure of this alley and vacant area will remove a nuisance and present a more attractive and desirable situation in the area; and

WHEREAS, the applicant further contends that the proposed extension is of small excess area—approximately 5% of the area of the lot; that there are only two lots adjoining the portion of the premises under consideration—lot 50 and lot No. 1; that there is an existing solid brick wall approximately 10 feet high along the common lot line, with lot 50, so that the proposed extension will not affect it; that there will be no loss of light, air or ventilation to any adjoining property owner by a grant of the variance; that the open area used as a gasoline service station is less than that customary in new stations for the reason that initially it was to be used principally as an accessory use to the new car agency; that the proposed extension will be used solely in connection with the gas station, and because of its location, does not take away from the open area; that to the contrary, the proposed extension creates a more desirable overall situation; that the proposed accessory motor vehicle repair shop uses are necessary for the economic and sound maintenance of the gas station; that the gas station must be leased to an operator and experience shows that no operator can economically maintain the station in a proper manner without the customary incidental auto servicing; that all repairs will be minor in nature and will be conducted within the premises; and

WHEREAS, the applicant states that the present owner has held title to the property since January 6, 1955; that the assessed valuation of land is \$30,000 and of the building \$45,000 making a total of \$75,000; that the building was erected in 1951; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 20, 1949, as thereafter amended by resolution adopted July 1, 1958, under Vol. III, by adding thereto:

"that the proposed additional building may be constructed toward the south for use as a motor vehicle repair shop with hand tools only, for use in connection with the gasoline service station, substantially as proposed for the term as stated in prior resolution and as indicated on plans filed with this application marked "Received October 15, 1958", 7 sheets, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto except that the proposed brand sign and post standard for supporting such sign, as previously permitted, within the building line at the corner of 88th Street and 4th Avenue may remain, without any additional sign to the south as shown; that any signs erected on the building now not part of the gasoline station shall be removed and only such signs erected as are on the gasoline service station building; that in all other respects the requirements of the resolution above cited shall be complied with; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

402-40-BZ

APPLICANT—Agnes M. Hall, owner.

SUBJECT—Application reopened January 20, 1959 for consideration as to extension of time to complete, expired July 24, 1957—decision of the Borough Superintendent, previously granted on condition, under Section 7c of the Zoning Resolution, permitting in a residence use, F area district, the erection and maintenance of a building to be used as an auto laundry, lubritorium, office and boiler room in conjunction with a gasoline service station on a plot previously occupied as a gasoline service station.

PREMISES AFFECTED—144-39 to 144-47 Farmers Boulevard, southeast corner of South Conduit Avenue, Block 4517, Lot 1 and part of Lot 3, Springfield, Borough of Queens.

APPEARANCES—

For Applicant: Alum J. Sondel.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, the applicant requested reopening of this application and extension of time to obtain permits and complete the work, which had expired by time limitation July 24, 1957; and

WHEREAS, this application was reopened on January 20, 1959 and set for hearing on March 3, 1959 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on March 3, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated November 10, 1958 acting on Mis. Applic. No. 340-56, reads:

"1. Extension of time for one year to perform the work of construction is contrary to the Board of Standards and Appeals Resolution Cal. #402-40-BZ, Bull. #46, Vol. 41"; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 10, 1940, only as far as it has reference to obtaining permits and completion of the work, so as amended this portion of the resolution shall read:

"that in view of the statement by the applicant that the work will be in process shortly and that the property is under contract for sale all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

635-49-BZ—Vol. II

APPLICANT—Leonard F. Rothkrug, for Carmelo Sgarlato, owner; Ornamental Iron Works, lessee.

SUBJECT—Application reopened April 29, 1958—as Vol. II—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a residence use district, a change in occupancy from storage of fruit and two truck garage, previously granted by the Board, to ornamental iron works factory with accessory welding and garage for two trucks in the open yard, for a term of ten (10) years.

PREMISES AFFECTED—78 Butler Street, south side, 150 feet east of Smith Street, Block 409, Lot 14, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleiner, Commissioner Foley, Commissioner Sleeper and Commissioner Fox

Negative: 5

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on April 29, 1958 subject to regular procedure, to consider change of use; and

WHEREAS, a public hearing was held on this application on February 3, 1959 after due notice by publication in the Bulletin; and to March 3, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, C area, class 1 height district; Butler Street and Douglass Street are in residence, local retail and business use, C area, class 1 height districts; Smith Street is in a business use, C area, class 1 height district; Hoyt Street is in a local retail use, C area, class 1 height district; that on July 25, 1916 the premises was in a business use district and it was rezoned to residence on November 19, 1946; and

WHEREAS, the decision of the Borough Superintendent, dated March 31, 1958 acting on Alt. Applic. No. 4130-57, reads:

"1. Proposed change of occupancy, in a Residential Zone, to ornamental iron works, welding and burning, and parking of two trucks in the open yard is contrary to Art. II, PP. 3 of the Zoning Resolution.

Note—Premises were subject of the Bd. of Standards and Appeals variance under Cal. #635-49-BZ." and

WHEREAS, the applicant states that the premises consist of a plot, 25 feet frontage by 100 feet in depth, on which is located a building 25 feet front by 45 feet 8 inches in depth, one story, 13 feet 7 inches in height, of class 3 construction, used in accordance with Certificate of Occupancy No. 129109 for the storage of fruits (bananas), and garage for two trucks, previously granted by the Board; that it is proposed to change the occupancy to ornamental iron works with accessory welding and parking for two trucks in the open yard; and

WHEREAS, the applicant states that the present building was erected in 1918 under N.B. Applic. No. 3209-18 and Certificate of Occupancy for a five car garage was issued in 1919; that on November 9, 1927, Alt. Applic. No. 14560-

27 was approved by the Building Department for a change of occupancy from five car garage to ice cream manufacturing and a five car garage; that the subject site was in a business zone until changed to a residential zone on November 19, 1946; that the change in zone was probably due to the fact that the New York City Housing Authority erected a slum clearance housing project in the immediate neighborhood, namely, along the east side of Hoyt Street; and

WHEREAS, the applicant contends that the father of the present owner purchased these premises in September, 1947 and made application to the Board under Cal. No. 635-49-BZ for a variance to use the premises for his own use, and has used the premises for his banana business until the present time; that the owner is no longer economically able to continue in this business; that this building is the only building on the plot, and on the front of the plot—building line—and on the two side lot lines there is a brick and cinder concrete block fence, eleven feet high at the sides and thirteen feet high at the front; that a grant of the variance will not adversely affect any of the surrounding property owners; that this neighborhood is one of the earliest developed areas in the Borough and all of the buildings within the affected area were erected prior to 1916, when the Zoning Resolution went into effect, and when the proposed use would have been permitted; that it is presently developed in such a manner so that there will be no way in which the use will be visual to any surrounding property owners; that the existing high lot line and building line walls completely enclose the property; that there are no openings in these walls or in the nearby adjoining buildings; that the premises adjoining to the east is vacant, and to the west is used for factory use; that the premises cannot be economically developed with a conforming use and can no longer be used by the owner in the conduct of his business; and

WHEREAS, the applicant states that the present owner has held title to the property since January 27, 1956; that the assessed valuation of land is \$2,500 and of the building \$4,500 making a total of \$7,000; that the building was erected in 1919; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of ten years, to permit the change of use previously granted by the Board to the proposed use of the building for ornamental iron works with accessory welding and parking for two trucks in the open yard, as proposed and indicated on plans filed with this application marked "Received April 3, 1958", 3 sheets, and "April 25, 1958", 1 sheet, *on condition* that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that the existing anvil and forge may be permitted to continue within the building; that the open yard may be used for the parking of two trucks used in connection with the business; that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; and that all permits, including a new certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

178-57-BZ—Vol. II

APPLICANT—Hurley, Kearney and Lane, for Church of Our Lady of Grace at Howard Beach, owner.

SUBJECT—Application reopened October 7, 1958 as Vol. II—decision of the Borough Superintendent, under section 9A of the Zoning Resolution, to permit in a class ½ height district, the erection of an additional story to an existing two-story school building the height of which

MINUTES

exceeds that permitted within two miles of a designated airport.

PREMISES AFFECTED—158-10 101st Street, southwest corner of 158th Avenue, Block 14170, Lot 1, Howard Beach, Borough of Queens.

APPEARANCES—

For Applicant: George Lane and Rev. Joseph Hardy.

For Opposition: None.

For Administration: John J. Saunders, Board of Education.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleiert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 7, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on March 3, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 100th Street, 158th Avenue, 101st Street and 159th Avenue are in a residence use, E-1 area, class ½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated August 13, 1958, as amended by decision dated November 13, 1958, acting on Alt. Applic. No. 1315-58, reads:

"1. The erection of an extension to the school structure to a height in excess of that permitted in a ½ height district at the street line when the structure is within two miles of an airport is contrary to Art. III Section 9A of the Zoning Resolution and contrary to Bd. of S & A Res. 178-57-BZ and is referred back to the Board for reconsideration."

and

WHEREAS, the applicant states that the premises consist of a plot, 560 feet frontage by 200 feet in depth; that it is proposed to erect an additional story on an existing parochial school to a total height of 44 feet; and

WHEREAS, the applicant states that the existing school structure, two stories in height, is owned by Our Lady of Grace Roman Catholic Church; that existing facilities are inadequate to accommodate all pupils in the parish and the addition of a story to the building is the only feasible way of providing the necessary additional facilities; that the Civil Aeronautics Administration, Department of Commerce, which has jurisdiction over the airport, by letter dated November 2, 1955, has stated that it has no objection to the proposed extension; and

WHEREAS, the applicant contends that there are many other streets in the area upon which the proposed structure could be built as a conforming use; that further, under Cal. No. 178-57-BZ, Vol. I, the Board previously granted approval for the erection of a convent in the same block by the same owner, although it was in excess of the permitted height; total height proposed 39'0"; that under all the circumstances, to grant the variance, would be in harmony with the general purpose and intent of section 9A of the Zoning Resolution; and

WHEREAS, the applicant states that the present owner has held title to the property since October 10, 1924 and that the assessed valuation of land is \$39,500; that the building was erected in 1925; and

WHEREAS, the premises and surrounding area were previously inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 19, 1957, by adding thereto:

"that in the event the owner desires to construct a third story and make other changes as now proposed and indicated on plans filed with this application marked, "Received August 26, 1958," 8 sheets and "January 22, 1959," 2 sheets, such construction may be permitted

on condition that the previous resolution referring to the convent and as now permitted referring to the adjacent school building shall be complied with; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

635-57-BZ

APPLICANT—H. M. Cole, for 115 East 69th Street, Inc., owner.

SUBJECT—Application September 17, 1957—decision of the Borough Superintendent under section 7e of the Zoning Resolution, to permit in a residence use district, the use of the first floor as a legation for the Republic of Sudan to the United Nations and the second floor as an office for the Pharmaceutical Information Bureau.

PREMISES AFFECTED—115 East 69th Street, north side, 185 feet east of Park Avenue, Block 1404, Lot 8, Borough of Manhattan.

APPEARANCES—

For Applicant: H. M. Cole and H. G. Feinson.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleiert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 16, 1958 after due notice by publication in the Bulletin; laid over for continuation of hearing to January 20, 1959, for applicant to obtain a new decision of the Borough Superintendent, submit revised plans and notices to be sent by regular mail, of a new date of hearing; and

WHEREAS, the applicant amended the papers and submitted a new decision of the Borough Superintendent and revised plans to limit the change in use to the second floor; and

WHEREAS, a public hearing was held on this application on January 20, 1959 after due notice by publication in the Bulletin; then laid over to February 3, 1959, for applicant to obtain new decision of the Borough Superintendent as to the use of the second floor under the Multiple Dwelling Law; then to February 10, 1959, for decision; applicant to file plan identical with that referred to in decision of the Borough Superintendent, dated November 26, 1958, showing compliance with the Multiple Dwelling Law for the second story; then to March 3, 1959, for inspection and decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Park Avenue are in a residence use, B area, class 1½ height district; East 69th Street and East 70th Street are in residence and local retail use, B area, class 1½ height districts; Lexington Avenue is in a local retail use, B area, class 1½ height district; that the zoning and height for these premises has been continuous since July 25, 1916; and

WHEREAS, the decision of the Borough Superintendent, dated August 26, 1957, as amended by decision dated December 23, 1958, acting on Alt. Applic. No. 585-57, reads:

"A-2. Use of 2nd sty. as office for Medical Research Publication not permitted in a Residence Dist. by Art. II Sec. 3, Zon. Resol."

and

WHEREAS, the applicant states that the premises consist of a plot, 20 feet frontage by 100 feet 5 inches in depth, on which is located a building of class 3, non-fireproof construction, five stories and penthouse in height, with a frontage of 20 feet and a depth of 99 feet 4 inches over all; that it is proposed to make minor alterations on the second floor, in order to adjust the premises for the proposed use; that the residential exterior and entrance to the building are to remain unchanged; and

MINUTES

WHEREAS, the applicant states that the earliest record in the Department of Buildings is Alt. Applic. No. 1330-50, when the building was converted from a private dwelling to class A multiple dwelling; that Certificate of Occupancy No. 38533 was issued for the building upon completion of the alteration; and

WHEREAS, the applicant contends that the entire building will be made to comply with the Multiple Dwelling Law and all Fire Department regulations and a new Certificate of Occupancy will be obtained; that due to the unusual character of the proposed occupancy on the second floor, it is felt that the character of the general area in which the building is located, as well as the general welfare or public health and safety, will not be affected in any detrimental manner by such occupancy within the building; and

WHEREAS, the applicant states that the present owner has held title to the property since March 9, 1956; that the assessed valuation of land is \$32,000 and of the building \$63,000 making a total of \$95,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7 Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years, to permit the occupancy of the building as proposed except omitting the use previously requested as an office on the first floor for a legation since withdrawn, *on condition* that the building shall not be increased in height or area and in all other respects the building and occupancy as proposed shall comply with all laws, rules and regulations applicable thereto, as shown on plans filed with this application, marked "Received February 5, 1959", 3 sheets and area plan marked "Received September 17, 1957", superseding plans previously marked "Received September 17, 1957", 6 sheets; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

482-58-BZ

APPLICANT—Otto J. and Warren A. Sambach, for Anthony J. Amato, owner.

SUBJECT—Application August 12, 1958—decision of the Borough Superintendent, under Sections 7e, 7h and 21 of the Zoning Resolution, to permit in a residence use district, the erection of a one story building for use as a warehouse and office with the open area in front used for the parking of employees cars, the proposed structure does not provide a rear yard and exceeds the permitted area coverage.

PREMISES AFFECTED—156-08 107th Avenue, south side, 50 feet west of 157th Street, Block 10135, Lot 27, South Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Warren A. Sambach.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 20, 1959 after due notice by publication in the Bulletin; laid over to February 10, 1959, for inspection and decision; hearing closed; then to March 3, 1959, for inspection and decision; application to file revised plans; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 107th Avenue, 156th Street, 108th Avenue and 157th Street are in a residence use, D area, class 1 height district; that this whole block was zoned as

unrestricted use, A area, 1 height until January 13, 1941, at which time it was rezoned to its present residential use, D area, 1 height; and

WHEREAS, the decision of the Borough Superintendent, dated August 4, 1958 acting on N.B. Applic. No. 650-58, reads:

"1. The proposed erection of warehouse and offices, open area for parking of employees cars in a residence zone is contrary to Art. II Sec. 3 of Zoning Res.

2. Rear yard required in a residence D zone per Sec. 14 of Zoning Res.

3. Area occupancy of structure on plot is in excess of permitted area per Sec. 14 of Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 feet frontage by 100 feet in depth; that the parcel of land is now being used as two parcels of land; that one parcel of the land has a one story and attic residence and garage, while the rest of the area is vacant land; that the residence structure and garage are to be demolished; that it is proposed to erect a structure set back off the street so that trucks will not block traffic on 107th Avenue; that the area in front of the building will be used for parking of employees' cars, and loading and unloading; that the building will be used for warehousing and general office area; and

WHEREAS, the applicant states that the vacant land has been cleaned up and a cyclone woven wire fence installed around the property to keep out undesirable people and trash; and

WHEREAS, the applicant contends that there appears to be no demand for the development of the premises for residential purposes, as directly across the street there is located a junk scrap yard where rags, cardboard, newspapers, etc. are collected and packed into bales; that the southwest corner of 107th Avenue and 157th Street, and the southeast corner of 156th Street, are occupied by grocery stores; that no building applications have been filed for this block since 1939; that at present, on lot 41, there is a series of garages that is used by a trucking concern; and

WHEREAS, the applicant states that the present owner has held title to the property since February, 1958; that the assessed valuation of land is \$2,250 and of the building \$3,500 making a total of \$5,750; that there is no date of the erection of the building; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions, as now proposed and indicated on revised plans; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7e and 7h for a term of twenty years, to permit the warehouse and parking uses as now proposed and shown on plans filed with this application, marked "Received August 12, 1958", 1 sheet and "February 25, 1959", 6 sheets, *on condition* that the building shall not be increased beyond the size now proposed and shown on revised plan marked "Received February 25, 1959"; that the space left unbuilt upon may be used for an open parking space for employees' cars only; that such space shall be leveled substantially to the grade of the street, surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on all lot lines where masonry walls of adjoining buildings do not occur, fences of the chain link woven wire type, as now substantially existing and with no opening therein to 107th Avenue except one not over 15 feet in width, equipped with gates which shall normally be kept closed when the premises is not in operation; and *withdrawn* as to Objections 2 and 3 to comply; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

APPLICANT—Norman Lederer and Leonard Joseph, for Nugget Properties, Inc., owner.

SUBJECT—Application September 17, 1958—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a local retail use district, in an existing two story and cellar structure, the change in occupancy of one store on the first floor to a printing shop—factory.

PREMISES AFFECTED—147-57 41st Avenue and 41-02 149th Street, northwest corner, Block 5027, Lot 1, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Leonard Joseph.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 3, 1959 after due notice by publication in the Bulletin; laid over to March 3, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a local retail use, C area, class 1 height district; 149th Street and 41st Avenue are in local retail and residence use, C area, class 1 height districts; 14th Street and Roosevelt Avenue are in a residence use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated August 25, 1958 acting on Alt. Applic. No. 2147-58, reads:

"1. The proposed use of factory in a local retail district is contrary to Art. 2, Sec. 4c of the Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 18 feet frontage by 97 feet in depth, on which is located a building containing two apartments on the second floor and two stores on the first floor, one on the corner and one on 41st Street; that Certificate of Occupancy No. 16271 was issued, showing stores on the first floor and dwelling on the second floor; that it is proposed to occupy the corner store as a job printing establishment; and

WHEREAS, the applicant states that the Department of Buildings has placed a violation against the building designating the printing shop as a factory, not permitted under the Zoning Resolution in a local retail use district; and

WHEREAS, the applicant contends that while the use of the premises as a printing plant does not conform to the Zoning Ordinance, it is conducted in such a manner as not to be a nuisance in any respect, either to the other tenants of the building or to the residents of the neighborhood; that the printing business, as carried on in this building constitutes far less of a nuisance than would the printing of a newspaper which is permitted on these premises under Section 4c of the Zoning Resolution, and it is therefore requested that the Board grant a variance permitting the use of the store on the subject premises as a printing establishment to be continued; and

WHEREAS, the applicant states that the present owner has held title to the property since 1955; that the assessed valuation of land is \$4,000 and of the building \$15,000 making a total of \$19,000; that the building was erected in 1925; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, section 4c states only that the printing of a newspaper shall not be deemed manufacturing; such use and the use here proposed are subject to section 4d prohibiting a use that is offensive because of noise as is the

current use as found by the Committee which inspected the premises; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 2147-58, Objection No. One be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

540-58-A

APPLICANT—Norman Lederer and Leonard Joseph, for Nugget Properties, Inc.; Erwin M. Gilbert, Inc., lessee.

SUBJECT—Application September 17, 1958—Appeal from a decision of the Borough Superintendent—factory in frame building.

PREMISES AFFECTED—147-57 41st Avenue and 41-02 149th Street, northwest corner, 1st floor, Block 5027, Lot 1, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Leonard Joseph.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Fox and Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated August 25, 1958 on Alt. Applic. 2147/58 reads:

"2—The use of a frame bldg. for a factory is contrary to Sec. 4.1.3. of B.C."

and

WHEREAS, the applicant states that the building is 2 stories, 19 feet high, 18 feet by 72 feet in area, of class 4 construction, erected in 1925, located in a local retail use, C area, class 1 height district, used since 1954 as follows: Cellar—boiler and storage; 1st floor—stores, 25 persons; 2nd floor—dwellings; and

WHEREAS, the use of the corner store as a printing establishment with an occupancy of five (5) persons; and

WHEREAS, the applicant contends that the store is on street level and has adequate exits; that this establishment uses no materials that can be considered a fire hazard; that such stocks of paper as are kept on the premises would not be considered a hazard in connection with other permitted uses; that printing inks and various other materials used in the operation of this business do not constitute a fire hazard; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the appeal should not be granted in accordance with its recommendation as to 539-58-BZ.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 2147-58, Objection No. 2 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

552-58-BZ

APPLICANT—Frederick A. Ketcher and Charles Karsch, for 2574 7th Avenue Corp., owner; Eli Zelikoff and Zion Nelson, lessees.

SUBJECT—Application September 22, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a local retail use district, the continuance of a non-flashing, illuminated sign located above the first floor of the building and is not over the subject store.

PREMISES AFFECTED—200 West 149th Street and 2574 7th Avenue, southwest corner, Block 2034, Lot 36, Borough of Manhattan.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

For Opposition: None.

ert, Commissioner Foley, Commissioner Sleeper and
Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 13, 1959 after due notice by publication in the Bulletin; laid over to February 10, 1959, for inspection and decision; hearing closed; then to February 25, 1959 for applicant to submit a letter for the Alcohol Beverage Control Board indicating their approval or disapproval of proposed sign; then to March 3, 1959, for applicant to obtain letter from the Alcoholic Beverage Control Board; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 7th Avenue are in a local retail use, B area, class 1½ height district; West 149th Street and West 150th Street are in local retail and residence use, B area, class 1½ height districts; that the premises was in a business use district until November 4, 1940 when it became local retail; that there has been no change in height or area since 1916; and

WHEREAS, the decision of the Borough Superintendent, dated September 12, 1958 acting on E.S. Applic. No. 377-58, reads:

"1. Sign is not over occupied store thus constituting an 'advertising sign', which is contrary to Sec. 4(a) (49) Z.R.

"2. Sec. 4-c of Z.R. restricts uses of building above the level of the 1st story ceiling to those permitted in a Residence District."

and

WHEREAS, the applicant states that the premises consist of a plot, 24.9 feet frontage by 100 feet in depth; that it is proposed to continue the maintenance of the existing, non-flashing, illuminated sign, which is located on the corner of the building in which the store is located; and

WHEREAS, the applicant states that the sign was erected in 1953; that Zone Violation No. 2 of 1958 was filed June 3, 1958; that Electric Sign Applic. No. 377-58 was filed June 5, 1958 and disapproved June 12, 1958; that at present this is a vertical sign attached to the corner of the building; that it is 16 feet long, starts 12 feet above the sidewalk and has three 18-inch wide faces; that the area of each side is 24 square feet; that it is located directly above the corner store, which is occupied as an ignition-carburetor service and tire repair shop; that the total wall area is 7200 square feet and the total sign area is 72 square feet; that there are four stores in this building and this sign attracts business to the most westerly store; that this sign does not advertise any national brands, but merely identifies the business which is in this building; that the sign cannot be construed as an advertising sign as it does not direct business elsewhere; that for all purposes, with no exceptions, it is an accessory use to a store on the same premises, and any benefit from this specific use is definitely limited to the premises; that besides, this premise is on one tax lot and one zone lot; and

WHEREAS, the applicant contends that when the sign was erected, neither the owner nor the lessee was aware of the specific zoning regulations pertaining to signs; that the area of the sign is only 1% the area of the building; that it cannot be objectionable as records in the Department indicate that there has been no neighborhood complaint since it was erected in 1953; that by placing the sign at the corner, it locates it 100 feet east of the residence district; that it is dark after midnight and is not used Sundays, is non-flashing and the letters are a soft yellow amber color; that along the east side of 7th Avenue, within the affected area, there are no dwellings at all—only the Interborough car repair shops; that it is not out of character for the neighborhood; and

WHEREAS, the applicant contends that this sign is a vital part of the business and the business cannot function with-

out it; that it is the only place on the premises where a sign could be placed, which can be seen, and which would attract some business; that it would be an extreme financial hardship to compel the lessee to remove this sign; that inasmuch as there are less than three years to go on the lease, it is requested that the Board grant a temporary variation for three years, to permit the maintenance of the existing non-flashing illuminated sign as an accessory use to the store; and

WHEREAS, the applicant states that the present owner has held title to the property since November 16, 1928; that the assessed valuation of land is \$16,500 and of the building \$21,500 making a total of \$38,000; that the building was erected in 1898; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Alcohol Beverage Board advised by letter that such a sign is not now approved but that the sign in question could remain as it was erected before the rule prohibiting such as sign was adopted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term running with the term of the lease of the liquor store, said to be two-and-a-half years, to permit the continuance of the existing sign as proposed and indicated on plans filed with this application, marked "Received September 22, 1958", 5 sheets and "November 26, 1958", 1 sheet, *on condition* that the existing sign shall be non-flashing and not increased in height or area; that no additional sign shall be erected unless lawfully permitted in connection with the premises actually occupied by the liquor store; and that all permits, including a certificate of occupancy for such sign shall be obtained and all work completed within six months from the date of this resolution.

579-58-BZ

APPLICANT—Samuel Carr, for Frank and Joseph Imbriale, owners.

SUBJECT—Application October 7, 1958—decision of the Borough Superintendent, under sections 7c and 21 of the Zoning Resolution, to permit in a manufacturing and residence use district, in the existing one story building occupied as a junk yard with storage and garage for two cars and one truck, the installation of loading and unloading facilities in the open area.

PREMISES AFFECTED—264-268 Bay Ridge Avenue, south side, 124 feet, 10⅞ inches west of 3rd Avenue, Block 5871, Lot 40, Borough of Brooklyn.

APPEARANCES—

For Applicant: Samuel Carr.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

Affirmative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Foley, Commissioner Sleeper and
Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 3, 1959 after due notice by publication in the Bulletin; laid over to March 3, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Bay Ridge Place are in manufacturing and residence use, C area, class 1¼ height districts; Bay Ridge Avenue is in manufacturing and retail use, C area, class 1¼ height districts; Ovington Avenue is in retail and residence use, C area, class 1¼ height districts; Third Avenue is in a retail use, C area, class 1¼ height district; and

MINUTES

WHEREAS, the decision of the Borough Superintendent, dated October 3, 1958 acting on Alt. Applic. No. 2930-57, reads:

"Obj. #3. Proposed loading and unloading area on a lot partly in a mfg. and partly in a residence use district in conjunction with a junk shop is contrary to Sec. 3 and 4-F of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 53 feet 8½ inches frontage by 130 feet 6 inches in depth, upon which is located a one story brick, class 3 constructed building covering 22 feet 8 inches frontage by full depth, on a lot previously designated as lot 41, and contains office for the business indicated on this site and known as Building No. 1; that to the rear of the plot and east on part of the adjacent plot, which is 31 feet ½ inches in width, is a one story, class 3 building used for storage only, known as Building No. 3, in front of which is a class 3, one story building known as Building No. 2; that buildings No. 2 and No. 3 were constructed 27 years ago; that adjacent to Building No. 3 and east thereof is a narrow one story, class 3 building, now used as a garage and built at the same time as buildings No. 2 and No. 3; that this is known as Building No. 4 and was extended towards the front of the lot so that its entire depth is 51 feet 10 inches, during the year 1947 under Permit No. Alt. 4890 of 1947; including a curb cut under B.N. 377; that this alteration as of now has not been signed off; that immediately in front of Building No. 2 was a two story dwelling which was removed under Permit No. 659 of 1955, issued December 7, 1955; 27 feet by 55 feet, on Lot 40; that under Certificate of Occupancy—Alt. No. 1815-40—No. 101-11 of June 9, 1941, on lot 40, block 5871, the first floor occupancy was a junk shop; that under Certificate of Occupancy No. 101-11 superseded by No. 119527 for Buildings No. 1 and No. 2 dated January 13, 1948 the occupancy was on the first floor, junk shop use conjunctively; that it is proposed to use the open area, extending from the building line at the front, 31 feet by 60 feet approximately, for loading and unloading; and

WHEREAS, the applicant contends that such uses are permissible in a manufacturing area for the first 100 feet depth from the building line at Bay Ridge Avenue, under the Zoning Law; that in this area, because of the nature of its business, the owners have been at this location for 11 years; that because of the expansion of the business and because it is better for him and for the neighborhood that the curb be not blocked by trucks, this use is requested; that this requested use may be considered non-conforming extension because part of the owners lot to the rear is in residence; that access to the garage is necessary and therefore the area involved here becomes, instead of 30 x 60, 17 feet wide by 60 feet deep, and it is this additional space that must be considered in this variance; and

WHEREAS, the applicant states that the present owners have held title to the property since August, 1947; that the assessed valuation of land is \$7,000 and of the buildings \$12,000 making a total of \$19,000; that the buildings were erected in 1900 and 1940; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7c to permit the extension of use as proposed and as indicated on plans filed with this application marked "Received October 7, 1958", one sheet and "January 14, 1959", 3 sheets, on condition that the building and use shall comply with all laws, rules and regulations applicable thereto; that on the side lot line where masonry walls of adjoining buildings

do not occur there shall be constructed a suitable fence to the satisfaction of the Borough Superintendent; that along the street building line of Bay Ridge Avenue there shall be a fence as proposed, with present and new gates therein which shall normally be kept closed when the premises are not being operated and with an existing curb continued opposite one gate and a new curb cut opposite the other gate and not over 15 feet in width; that all roof signs shall be removed and not replaced; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

APPLICANT—Coscia Realty Corp., through De Rose and Cavaliere, for Theresa Caravella and Carmine Luongo, owners.

SUBJECT—Application October 29, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit for a stated term of five (5) years, the parking and storage of more than five (5) pleasure type motor vehicles on a plot located partly in a residence and partly in a local retail use district.

PREMISES AFFECTED—408 East 116th Street, south side and 411-413 East 115th Street, north side, 95 feet east of 1st Avenue, Block 1709, Lots 5, 6 and 43, Borough of Manhattan.

APPEARANCES—

For Applicant: George J. Cavaliere.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 3, 1959 after due notice by publication in the Bulletin; laid over to March 3, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in residence, local retail and retail use, B area, class 1½ height districts; East 115th Street is in residence and local retail use, B area, class 1½ height district; East 116th Street is in residence and retail use, B area, class 1½ height districts; Pleasant Avenue is in a residence use, B area, class 1½ height district; First Avenue is in retail and local retail use, B area, class 1½ height districts; that the premises are within a residence use district, except the westerly portion, 5 feet wide, within 100 feet of First Avenue, is located in a retail and local retail use district, respectively; that as of July 25, 1916 the entire property was zoned as a business district; that on May 28, 1938 that portion more than 100 feet from First Avenue was placed in its present residence designation, and on June 15, 1956 the portion within 100 feet of First Avenue was changed from its business designation to the present retail and local retail designation, respectively; that the height and area designations have not been changed since July 25, 1916; and

WHEREAS, the decision of the Borough Superintendent, dated October 7, 1958 acting on amendment to Alt. Applic. No. 1122-58, reads:

"1. The proposed parking lot for parking and storage of more than five (5) pleasure type motor vehicles located partially in a Residence Use & Local Retail Use Districts is contrary to Article II Section 3, 4, 4-c of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 37.3 feet and 50 feet frontage by 100 feet 11 inches and 100 feet 11 inches in depth, presently vacant; that there now exist concrete block or stone fence walls along lot lines, closing off this plot from adjoining yards,

MINUTES

with a wire fence and gate along the East 115th Street frontage; that part of the distance along the center line of the block between the two areas is closed off with a concrete block fence wall and the entire site is level with the sidewalk grade and surfaced with an impervious pavement; that according to the owner, the above improvements were erected and completed in 1947, but the records of the Department of Buildings fail to reveal any supporting information whatsoever; that from 1948 to 1957, the site was used as a playground by the Police Athletic League for a rental of one dollar per year; that it is proposed to remove the concrete block fence wall running along the center line of block; erect wire fence and gate along the East 116th Street frontage; construct a driveway across the sidewalk of each street frontage and comply in whatever other detail with the latest rules and regulations of the Department of Buildings relating to the use of vacant land for the parking and storage of motor vehicles; and

WHEREAS, the applicant contends that numerous former garages in the neighborhood have been demolished as the result of condemnation for public improvements and uses; that no provisions for tenant parking are available in the surrounding multiple or private dwellings; that spaces for parking and storage will be available only on a monthly basis, and for pleasure type motor vehicles only; that the gate at each street frontage will be kept locked at all times when not in use; that the proposed use would help to alleviate street congestion caused by the overflow of motor vehicles; that the principals in corporate vendee under contract are experienced operators of parking lots, which assures proper maintenance and policing at all times; that until June 12, 1958 the principals in corporate vendee under contract owned and operated licensed parking lots at locations as follows: 331-333 East 117th Street; 326 East 118th Street and 343 East 117th Street in the Borough of Manhattan; that while they are still continuing to operate same, they are doing so on a monthly rental basis, with The City of New York as landlord; that title was vested in the City on June 12, 1958 and now in process of condemnation for public educational purposes; that due to the size and shape of the plot, the character of the neighborhood and that a conforming use would not be economically sound at this time nor in the near future, the proposed use is the highest and best; and

WHEREAS, the applicant states that the present owners have held title to the property since March 21, 1946 and December 20, 1957 and that the assessed valuation of land is \$16,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and revised plan was filed by the applicant on February 6, 1959, showing no opening for entrance or exit through the premises on East 115th Street; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the premises to be occupied for the parking and storage of motor vehicles of the pleasure car type only, as proposed and indicated on plans filed with this application, marked "Received October 29, 1958", 2 sheets, and revised plan marked "Received February 6, 1959", 1 sheet, *on condition* that the premises shall be leveled substantially to the grade of the abutting streets, surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that along all lot lines there shall be erected a woven wire fence of the chain link type, to a height of not less than 5 feet, 6 inches, except that where block walls occur not less than 5 feet, 6 inches in height, such walls may be retained and at those points the woven wire fence need not be constructed; that such fences as required shall be erected along yards and courts so as to make a complete enclosure; that there shall be no opening to East 115th Street; that entrance and exit shall be solely from

East 116th Street; that during the term of this variance the premises shall be used for no other use and no building shall be erected thereon; that tenants of the parking lot shall have their car spaces assigned and be furnished with a key to the gates, which shall be locked at all times when cars are not moving in and out; that opposite the entrance of East 116th Street there may be a curb cut not exceeding 15 feet in width; that signs shall be restricted to a permanent sign attached to the fence on East 116th Street, advertising the parking and storage use, rates charged and such other information as the Commissioner of Licenses may require; that such sign shall not exceed 5 square feet shall not be illuminated nor extend beyond the building line; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

671-58-BZ

APPLICANT—Gustave Goldman, for Congregation Talmud Torah, R. Morris Kevelson, owners.

SUBJECT—Application November 20, 1958—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in an E-1 area district, the construction of a second story extension to the east end and a two story extension to the south end of the present two story community building occupying more than the permitted area.

PREMISES AFFECTED—1379-1387 East 96th Street, east side, 100 feet north of Avenue L, Block 8242, Lot 15, Borough of Brooklyn.

APPEARANCES—

For Applicant: Gustave Goldman.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleiner, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 3, 1959 after due notice by publication in the Bulletin; laid over to March 3, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Rockaway Parkway and East 96th Street are in business and residence use, D and E-1 area, class ½ height districts; Avenue K is in a residence use, E-1 area, class ½ height district; Avenue L is in a business use, D area, class ½ height district; that the E-1 district area portion of the site was changed on January 12, 1954 from a D area district; and

WHEREAS, the decision of the Borough Superintendent, dated October 20, 1958 acting on Alt. Applic. No. 2710-58 as amended December 18, 1958, reads:

"1. The area of the proposed extension within the limits of the E-1 district exceeds that permitted by Art. IV Sect. 15-A of the Zoning Resolution.

"2. Sect. 15, Art. IV of the Zoning Resolution requires a 25'-0" rear yard along the rear lot line in the E-1 area district.

"3. At least one 5'-0" side yard in the E-1 district is required by Sect. 15-A, Art. IV of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 108 feet frontage by 125 feet in depth, irregular, presently developed with Synagogue community building and caretakers' building; that the Synagogue and caretakers' buildings are class 4 type construction; that the community building is two stories in height and of class 3 construction; that it is proposed to alter the community building, class 3 type construction, by the addition of a two story extension on the rear and on two story wing to the

MINUTES

south; that it is also proposed to change the entrance stoops on the Synagogue and Community buildings as indicated on plans; and

WHEREAS, the applicant states that the present use of first floor is auditorium and kitchen, and second floor is class rooms; that the proposed use will be the same as the existing, except that the building will be larger in area; that the south wing will contain a kitchen on the first floor and library on the second floor; and

WHEREAS, the applicant further states that when the community buildings were erected in 1954, the correct area of the lot was complied with; that the proposed extension increases the occupied space of the lot; that the proposed computations are as follows:

Size of plot E-1 area.....	108'-0" x 161'-5" irregular
Area of plot E-1 area.....	14732 sq. ft.
Permitted area coverage when in D area	7334.80 sq. ft. or 55%
Permitted area coverage when in E-1 area	5892.00 sq. ft. or 40%
Area covered by present build- ings:	
Caretakers House	820 sq. ft.
Synagogue	2310 sq. ft.
Community Building ...	3045 sq. ft.
Vestibule	80 sq. ft.
Area coverage left remaining in D area	1084 sq. ft.
Area of portion purchased Nov. 1958	1059 sq. ft. 31'-6" x 36'-5"
Area of New Extension in E-1 area	757 sq. ft.
Total coverage	8001.56 sq. ft.
Excess coverage	2108.64 sq. ft. or 40%
Size of Plot in D area	20'-0" x 100'-0"
Existing Area of Vestibule ...	80 sq. ft.
Proposed area of Vestibule & stairs	187 sq. ft.
Size of Plot in D area	2000 sq. ft.
Permitted area to be used	1100 sq. ft. or 55%
Area of Extension	1200 sq. ft.
Excess of permitted area	100 sq. ft.
New Rear Extension Area	1726.50 sq. ft. in E-1
New Addition on side Area ..	1200.00 sq. ft. in D
Total	2926.50 sq. ft.

that the erection of the Community building was completed in 1951; that the Building Department inspectors signed for the completion inspection but the Certificate of Occupancy was not issued as shown in Building Department records; and

WHEREAS, the applicant also states that within the past two years, additional parcels of land have been acquired; that a 25 foot rear yard is not indicated and there are no required 5 foot side yards; that no light or air will be disturbed from the adjoining property; that at the north side and rear of the proposed extension is a 5 foot yard; and

WHEREAS, the applicant contends that the population of this section of Brooklyn has increased very rapidly and still more homes are being erected, and therefore a larger auditorium and more class rooms are necessary; that the building is to be used for religious school and religious functions; and

WHEREAS, the applicant states that the present owners have held title to the property since November 15, 1954; that the assessed valuation of land is \$35,000 and of the building \$75,000 making a total of \$110,000; that the building was erected November 15, 1954; and

WHEREAS, the premises and surrounding area were in-

spected by a committee of the Board and the committee recommended that the application should be granted; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 as to area to permit the extensions of the building as proposed and as indicated on plans filed with this application marked "Received January 8, 1959", 11 sheets, *on condition* that the building shall not be further increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

755-58-BZ

APPLICANT—Lama, Proskauer and Prober for Richard Zirinsky, owner.

SUBJECT—Application December 23, 1958—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a D area district, the extension of a present building covering more than the permitted area coverage.

PREMISES AFFECTED—72-25 Woodhaven Boulevard, 90-01 to 90-19 73rd Avenue, northeast corner, and 90-22 to 90-26 Metropolitan Avenue, Block 3884, Lot 2, Middle Village, Borough of Queens.

APPEARANCES—

For Applicant: James E. Vassalotti.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: Commissioner Fox 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 3, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Woodhaven Boulevard, Metropolitan Avenue, Trotting Court Lane and 73rd Avenue are in a business use, D area, class 1 height district; that as of July 25, 1916 the premises were in an unrestricted use district and received the present use designation on May 15, 1941; that as of July 25, 1916 the premises were in a class A area district and received the present area designation on February 5, 1940; and

WHEREAS, the decision of the Borough Superintendent, dated December 1, 1958 acting on N.B. Applic. No. 1698-58, reads:

"1. The proposed extension of the structure exceeds the allowable area permitted in a "D" area district and is contrary to Art. IV Sec. 14 (c) of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 304.89 feet frontage by 189.99 feet in depth, presently being developed with a one story building of class 1 construction, having a frontage of 240 feet and a depth of 155 feet 4 inches and proposed to be occupied as bowling alleys, dining room, cocktail bar, snack bar, lounge, locker rooms, toilets, storage and boiler rooms; that the open area is proposed for parking of patrons cars, with no fee to be charged; that it is proposed to extend the present building and uses by erecting a new extension one story in height, of class 1 construction, 26 feet 10 inches by 240 feet, which will exceed the allowable area in a D area district; and

WHEREAS, the applicant states that the area of the plot is 66,784 square feet, the proposal is 43,513 square feet, the allowable area permitted to be occupied is 37,481 square

MINUTES

feet and therefore the proposal is 6,032 square feet in excess of the allowable area permitted in a D area district; and

WHEREAS, the applicant contends that the site is adjoined on the east by a one story office and warehouse building which is set 60 feet 9 inches east of the easterly line of the site, making the distance between the proposed extension and the adjoining building 67 feet 7¾ inches; that it can therefore readily be seen that the small excess area of 6,032 square feet cannot possibly have an adverse effect upon the adjoining property; that the assessed value of the land has been assumed at \$50,000; that the site, lot 2, and adjoining lot 34 are now taxed as one lot for a total of \$200,000 for land only; and

WHEREAS, the applicant states that the present owner has held title to the property since June 23, 1958; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that the owner's practical difficulty is set forth in his statement explaining the need for additional area because of the size and length of the alleys; that under the decision in the matter of Francis vs the Village of Bronxville the Board finds that this adjustment as to area is justified; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 to permit the extension in area for the present building as to area coverage as proposed and indicated on plans filed with this application marked, "Received December 23, 1958," 7 sheets, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 3:20 P.M.

JOSEPH J. DOYLE, *Chief Clerk*.

REGULAR MEETING

TUESDAY AFTERNOON, MARCH 3, 1959, 2 P.M.

Present: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox.

637-58-A

APPLICANT—Lama, Proskauer and Prober, for Louis Kotler, owner; Surf Avenue Boys' Club, lessee.

SUBJECT—Application November 6, 1958—Appeal from a decision of the Borough Superintendent re use of frame building—business to public occupancy (Club rooms).

PREMISES AFFECTED—3523-3531 Surf Avenue, northeast corner of West 36th Street, Block 7046, Lot 43, Borough of Brooklyn.

APPEARANCES—

For Applicant: James E. Vassalotti.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 23, 1958 on Alt. Applic, 3586/58, reads:

"1. Proposed change of occupancy from business use

to a public building (Club Rooms) is contrary to 4.2.1 of Code."

and

WHEREAS, the applicant states that the building is 1 story, 13 feet high, non-fireproof construction, 85 feet 5½ inches by 31 feet 6¼ inches, irregular in area, located in retail use, C area, class 1 height district, built in 1914 for store use, altered under Alt. Applic, 3317/45 to stores and 2 families, for which Certificate of Occupancy 114903/46 was issued, used and occupied since 1954 as follows: Club room, 50 persons and 2 families; that the Building Department issued a violation for a change in occupancy from a use stated in the certificate of occupancy; that the owner was fined \$10 in the City Magistrates' Court for this violation of the Administrative Code; and

WHEREAS, the applicant proposes to re-hang present doors to improve exit facilities; that the proposed use is of a non-hazardous nature.

Resolved, that the decision of the Borough Superintendent, dated October 23, 1958, acting on Alt. Applic, 3586/58, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the change of occupancy from business use to club rooms, as proposed and shown on plans filed with this appeal, marked "Received November 6, 1958", 2 sheets, *on condition* that an additional door exit shall be constructed to West 36th Street from such section of the building as proposed to be used for a club; and that the building in all other respects shall comply with all laws, rules and regulations applicable thereto.

675-58-A

APPLICANT—Samuel Kaplan, for 57th Street Maspeth Realty Corp., owner; Kings Automatic Plating Co., lessee.

SUBJECT—Application November 24, 1958—Appeal from an order and a decision of the Fire Commissioner, re screened windows, 1st floor.

PREMISES AFFECTED—58-96 57th Street, west side, 431 feet, 6⅛ inches south of Grand Avenue, and 58-97 56th Street, Block 2631, Lot 19, Maspeth, Borough of Queens.

APPEARANCES—

For Applicant: Samuel Kaplan.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision and order of the Fire Commissioner, dated September 25, 1958, on Order No. 6755-8, reads:

"1. Arrange all screens on windows on 1st story so as to be readily movable or removable from inside in such a manner as to afford the free and unobstructed use of such windows for the purpose of egress and to be left unlocked during working hours, Section 272 of the Labor Law."

and

WHEREAS, the applicant states that the premises consist of a lot 125 feet by 196 feet 5 inches in area, located in an unrestricted use, A area, class 1½ height district, upon which there is a 1 story 24.75 feet high, class 3 building, 100 feet by 194 feet in area, fronting on both 57th and 56th Streets; that the present use and occupancy is as follows: Factory (metal plating), 60 persons, for which Certificate of Occupancy 8745/53 was issued against N.B. Applic. 5496/51; and

WHEREAS, the applicant contends that there are 5 swinging door exits; that 3 of these, leading directly to the street, are 5 feet 4 inches wide; that the other 2 which lead to an exterior loading platform with access to 2 streets through a 22 foot wide driveway, are 5 feet wide; that there are also 3 overhead doors, of which two, 8 feet wide, lead to the exterior loading platform, the other, 10 feet wide directly

MINUTES

to street; that in addition there are two horizontal exits in the dividing fire wall, each 10 feet wide and each provided with a fireproof self-closing door; that there are a total of 28 windows on all 4 sides of the building; that these windows are approximately 6 feet above the floor; that since 1953, there have been 5 robberies committed on these premises; that access was gained through these windows in all cases; that there have also been an unusually large number of windows broken by vandals; that the building is equipped with a one-source sprinkler system; that considering the number of exits and the existence of an approved sprinkler system, the lives of the employees are properly safeguarded in event of fire.

Resolved, that the decision of the Fire Commissioner, dated September 25, 1958, acting on Order #6755-8, Objection #1, be and it hereby is *modified* and that the appeal be and it hereby is *granted* on condition that the building shall not be increased in height or area and that all the openings as proposed for exit to 57th Street and to driveways leading thereto shall be maintained openable at all times while the factory is in operation, as shown on plans filed with this appeal, marked "Received November 24, 1958", 1 sheet; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

25-59-A

APPLICANT—Steve Zedlovich, owner.

SUBJECT—Application January 13, 1959—filed pursuant to Section 35 General City Law, re relocation of building into bed of mapped street—proposed widening of Cryders Lane.

PREMISES AFFECTED—14-73 155th Street, northeast corner Cryders Lane, Block 4563, Lot 1, Beechhurst, Borough of Queens.

APPEARANCES—

For Applicant: Steve Zedlovich and Anna Zedlovich.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 12, 1959, on Alt. Applic. 3019/58, reads:

"1. Proposed location of structure in the bed of a mapped street is contrary to Sec. 35 of the General City Law."

and

WHEREAS, the applicant states that the building is one story, 12 feet 6 inches high, 24 feet by 41 feet 4 inches in area, of class 4 construction, erected in 1954 at another location to be moved to this location in a residence use, G-1 Area, class ½ height district; that the proposed use is a one family residence; and

WHEREAS, the applicant contends that the building is for his own use and is not intended for sale; that the size of the lot is such that in order to comply with the present required setbacks, the building will encroach upon the proposed 20 feet widening of Cryders Lane; and

WHEREAS the President of the Borough of Queens has advised this Board that there is an indicated widening of about 20 feet on the north side and about 5 feet on the south side of the dedicated area which is in private ownership; that there is no proceeding now pending to acquire the proposed widening; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 3019/58, Objection No. 1, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the continuance of the

one-story building in the location as shown on plans marked "Received January 13, 1959", 2 sheets, *on condition* that the building shall not be increased in height or area and shall continue as existing except; that in the event portion of the premises is acquired by the city for street widening of Cryders Lane, payment therefor shall be in accordance with the decision of the court and including the cost of altering the building to comply with the requirements so that the building will be inside the new street line.

THE RESOLUTION—

WHEREAS, this application was granted by the Board on December 7, 1926, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 7, 1926, by adding thereto:

"that in the event the owner desires to maintain welding equipment with an electric or acetylene torch, such electric or acetylene torch may be provided as it is maintained only within the portion of the premises zoned for unrestricted use, and shall be subject to proper permit issued by the Fire Commissioner; and that a new Certificate of Occupancy shall be obtained." (Alt. Applic. 1047/58, Obj. December 15, 1958.)

145-36-BZ—Vol. II

APPLICANT—Frederick A. Ketcher, for Kesbec, Inc., owner; Alvin Kurbin, lessee.

SUBJECT—Application for consideration—reopening for amendment of resolution for curb cuts—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7c, 7i and 7h of the Zoning Resolution, to permit in a unrestricted and business use district, the extension for a permanent variation from the Zoning Resolution to present legal gasoline station; to replace the legal one story metal accessory building by a one story masonry accessory building at a different location, with the existing legal uses of lubritorium, motor vehicle repair shop with hand tools and parking and storage of more than 5 motor vehicles; and to permit the additional uses of office and sales, car wash and sale of used cars; and for a permanent variation for the continuing use of the present metal accessory building now used as a gasoline station and motor vehicle repair shop; temporary variation for the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED: 3515 Webster Avenue and 413 Gun Hill Road, northwest corner, Block 3356, Lots 214 and 220, Borough of The Bronx.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on July 23, 1957 on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 27, 1956 as thereafter *amended* by resolutions adopted through July 23, 1957, only so far as it has reference to curb cuts, so that as *amended* this portion of the resolution shall read:

"that there may be four curb cuts along Webster Avenue in place of the three curb cuts as previously permitted; that such curb cuts shall be in accordance with the revised plans marked 'Received February 18, 1959', two sheets, showing present and proposed conditions as to such curb cuts; that the building heretofore permitted as attached to the accessory building toward the north formerly used for office for sales and storage may be used as an extension to the motor vehicle repair shop in the larger section of the building as passed by the Borough Superintendent under NB App. 1872-56, disapproved December 11, 1958 and that in all other

respects the resolution above cited shall be complied with." (Alt. App. 1021/56)

APPLICANT—Prebensam Realty Corp., owner.

SUBJECT—Application for consideration—reopening for extension of term of variance which has expired January 26, 1959—re Application, decision of the Borough Superintendent; previously granted on condition, under section 7h of the Zoning Resolution, permitting in a residence use district, for a term of years, the parking and storage of motor vehicles.

PREMISES AFFECTED—156 Beach 68th Street, east side, 440 feet south of Rockaway Beach Boulevard, Block 360, Lot 29, Arverne, Borough of Queens.

APPEARANCES—

For Applicant: Sam Preffer.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

Whereas, this application was granted by the Board on April 28, 1942, on certain conditions; and

WHEREAS, the term of variance was extended from time to time and last extended on January 26, 1954; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 28, 1942, and *amended* by resolutions adopted through January 26, 1954, only so far as it refers to the term of variance, so that as *amended* this portion of the resolution shall read:

"... granted under Section 7, Subdivision h for a term of 5 years from the date of this *amended* resolution, to permit; that other than as herein *amended* the resolution above cited shall be complied with in all respects; and that all permits, including a new Certificate of Occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (Misc. Applic. 7059/47)

348-46-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Claire Turkel, Bertha and Hilda Zaudrer, owners.

SUBJECT—Application for consideration—reopening for extension of time to complete—re Application, decision of the Borough Superintendent; previously granted on condition, under section 7c of the Zoning Resolution, to permit in a business use district, the use of an existing four story Class 1 building for the storage of motor vehicles (no gasoline in cars) shipping and receiving, storage of cars and parts, office and packaging, preparation of cars for distribution, body and fender work, incidental painting and spraying, and technical instructions.

Negative: 0

THE RESOLUTION—

WHEREAS, this application was amended by the Board as
Vol. II, on December 16, 1958 on certain conditions; and

WHEREAS, the applicant requested an amendment of the
resolution.

Resolved, that the Board of Standards and Appeals does
hereby *amend* the resolution adopted on December 16, 1958,
by adding thereto:

"that in the event the owner desired to increase the
depth of the accessory building from 31 feet, 8 inches
to 42 feet, 8 inches, for a portion of the building toward
the south as now indicated on revised plans marked,
'Received February 13, 1959,' 2 sheets, such change
may be permitted provided the extension of the building
in depth toward the rear is as shown, and the height is
in agreement with the adjoining section; that if the
owner desires to reface the front of the building
throughout with face brick, such refacing may be done;
and that in all other respects the resolution above cited
shall be complied with." (Alt. 1166/57)

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman, director or
the engineers, pertaining to the work of the board, will be
seen only between the hours of ten in the morning and one
in the afternoon—Saturdays excepted.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, 9th Floor,
Borough of Manhattan.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the Administrative Official either Borough
Superintendent of Buildings or Fire Commissioner and file
with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman.*

MARCH 31 1959, 2 P.M.

NOTICE IS HEREBY GIVEN of a public hearing *Tuesday afternoon, March 31, 1959, at 2 o'clock at 80 Lafayette Street, 9th floor, New York 13, N. Y., on the following matters:*

388-52-SM

APPLICANT—American Bilrite Rubber Company, owner.
SUBJECT—Application May 23, 1953—Amtico Rubber Tile Flooring, approval of.

664-53-SM

APPLICANT—The Peelle Company, owner.
SUBJECT—Application August 28, 1953—Peelle Metal Clad Counter Balanced Door, approval of.

159-55-SM

APPLICANT—Certain-teed Products Corporation, owner.
SUBJECT—Application February 16, 1955—Metro-Mix (gypsum concrete used for poured roof deck), approval of.

98-56-SM

APPLICANT—J. H. Thorp & Company, Inc., owner.
SUBJECT—Application January 24, 1956—48 Inch Saravel, Model 2926, approval of.

442-57-SM

APPLICANT—B. F. Goodrich Flooring Company, owner.
SUBJECT—Application May 28, 1957—B. F. Goodrich Koroseal Vinyl Floor Tile, approval of.

574-57-SA

APPLICANT—Sears, Roebuck & Co., for Temco, Inc., owner.
SUBJECT—Application July 25, 1957—E-Z Vent Wall Heater (gas-fired), Model 138.527-020, approval of.

673-57-SA

APPLICANT—Temco, Inc., owner.
SUBJECT—Application July 9, 1957—Temco Pre-Vent Gas-fired Wall Heaters, Models 208-3 and 308-3, approval of.

760-57-SM

APPLICANT—Simplex Ceiling Corporation, owner.
SUBJECT—Application October 11, 1957—Simplex Flush Metal Panel Ceilings; approval of.

806-57-SA

APPLICANT—The Blackstone Corporation, owner.
SUBJECT—Application October 17, 1957—Blackstone Convertible Washing Machine, Model 251, Automatic Washer & Model 252 Semi-Automatic Washer, approval of.

1013-57-SM

APPLICANT—Gustin-Bacon Manufacturing Company, owner.
SUBJECT—Application December 17, 1957—Gustin-Bacon Ultracoustic Ceiling Board, approval of.

35-58-SM

APPLICANT—Joseph Platzker, for Dow Chemical Company, owner.
SUBJECT—Application January 29, 1958—Saraloy-400 (shower pan installation), approval of.

110-58-SM

APPLICANT—Wilkinson Chutes, Inc., owner.
SUBJECT—Application February 19, 1958—Wilkinson Hand or Foot Operated Intake Door, Models W01B, W1B, W3B, W5B, W7B and Wilkinson Discharge Doors, Models 28" x 36", 24" x 30", 20" x 30", 18" x 30", 15" x 24" and 12" x 24", approval of.

113-58-SM

APPLICANT—E. I. du Pont de Nemours & Company (Inc.), owners.
SUBJECT—Application February 20, 1958—DuPont "Tontine" Flame Resistant Vinyl Drapery Material, traversing window draperies, etc., approval of.

250-58-SA

APPLICANT—Ray Oil Burner Sales, Inc., for Ray Burner Company, owner.
SUBJECT—Application February 3, 1958—Ray Conversion Oil Burner, Model PD, approval of.

516-58-SA

APPLICANT—Komline-Sanderson Engineering Corporation, owner.
SUBJECT—Application September 4, 1958—Pneumatic Sewage Ejector Systems, Single & Duplex, Models 30, 50, 75, 100, 150, 200, 250, 300, 350 and 400 GPM, approval of.

596-58-SM

APPLICANT—Imperial Damper Company, Inc., owner.
SUBJECT—Application October 17, 1958—Automatic Louvred Fire Damper, Model VWNVT-1, approval of.

646-58-SA

APPLICANT—The Peelle Company, owner.
SUBJECT—Application October 31, 1958—Peelle Type UA-3 Interlock & Type, UA-4, Lock & Contact, approval of.

650-58-SM

APPLICANT—The Gamewell Company, owner.
SUBJECT—Application November 13, 1958—Flexalarm Fire Line Telephone System as addition to Flexalarm Fire Alarm System, approval of.

720-58-SA

APPLICANT—Per-Fab Company, Inc., owner.
SUBJECT—Application December 9, 1958—Per-Fab Heat Transfer System, approval of.

758-58-SA

APPLICANT—General Automatic Products Corporation, owner.
SUBJECT—Application December 26, 1958—General Automatic Gas-fired Hot Water Domestic Heating Boilers, Models L-4, L-5, L-6, L-7, L-8, L-9 and L-10, approval of.

301-38-SM

APPLICANT—Syre & Fisher Company, owner.
SUBJECT—Application reopened December 9, 1958 for amendment of resolution as to additional size brick—re S. & F. Colonial Veneer Brick, previously approved.

888-40-SA

APPLICANT—Bethlehem Foundry & Machine Company, owner.
SUBJECT—Application reopened January 13, 1959 for amendment of resolution as to additional models of oil-fired Boiler Units, namely Dynatherm Models 48/32 and 100 and the Crusade-A-Therm, Model 36—re Bethlehem-Dynatherm Oil Burner; previously approved.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on November 25, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on February 17, 1959 after due notice by publication in the Bulletin; laid over to March 10, 1959, for inspection and decision; applicant to submit information to the Board as to trailers on site; hearing closed; and

MINUTES

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Fort Hamilton Parkway are in a business use, C area, class 1 height district; 64th Street and 65th Street are in business and unrestricted use, C area, class 1 height districts; 9th Avenue is in an unrestricted use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated October 28, 1958 acting on N.B. Applic. No. 1852-58, reads:

"1. Proposed new building and premises, in a Business zone, to be used for gasoline service station, auto repairs with hand tools only, car wash, parking of cars awaiting service, office and salesroom and lubritorium is contrary to Article II, PP. 4a, subsections 29 and 46 of the Zoning Resolution and contrary to the Bd. of Standards and Appeals variance under Calendar #468-27-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 101 feet 4 inches frontage by 89 feet 10 inches in depth, irregular; that it is proposed to remove the present structures and equipment and erect a new, one story building to house the office, salesroom, lubritorium, minor motor vehicle repairs with hand tools only, car washing as an accessory, and the parking of cars awaiting service; that this new building will improve the appearance of the site and make for greater efficiency and more economical operation; that the new structure will be a one story building, 80 feet long by approximately 30 feet in depth; that the present gasoline pumps will be moved back from their present position and relocated 15 feet from the lot lines; that the existing curb cuts will be altered as indicated on plans; and

WHEREAS, the applicant states that these premises have been occupied by a gasoline station and accessory uses since 1927, under Cal. No. 468-27-BZ; that the premises are surrounded by non-conforming uses and gas station on the east and west sides of Fort Hamilton Parkway, and the north and south sides of 65th Street; that on the southwest corner of Fort Hamilton Parkway and 65th Street, directly opposite the site, there is a gas station and motor vehicle repair shop; that further south is another motor vehicle repair shop, and on the east side of Fort Hamilton Parkway, going south, is a used car lot; that going west on Fort Hamilton Parkway, there is a gas station on the northeast corner of 65th Street, a gas station on the southeast corner of 64th Street, and there is also a gas station on the northeast corner of 64th Street and Fort Hamilton Parkway; that on the west side of Fort Hamilton Parkway, going north, there is a lunchroom and parking lot, and on the corner of 64th Street there is a four story dwelling and stores; that on the north side of 65th Street, to the west of the site, there is a one story motor vehicle repair shop and a yard for auto parts, and further west, at the corner of 9th Avenue, there is a motor vehicle repair shop; that on the south side of 65th Street, going west, beyond the corner, there is a one story brick warehouse and beyond that, an auto laundry; that further west, there are storage tanks for illuminating gas on both sides of the street, and accessory laboratories and offices; and

WHEREAS, the applicant contends that this new structure on the existing gasoline service station will enhance the appearance of the site, will safeguard the health and safety of the neighborhood and will not affect the light and ventilation of surrounding properties; and

WHEREAS, the applicant states that the present owner has held title to the property since May 2, 1958; that the assessed valuation of land is \$29,000 and of the building \$13,000 making a total of \$42,000; that the building was erected in 1927; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution as adopted under Calendar Number 468-27-BZ—Vol. I, to permit the lawfully existing gasoline service station to be reconstructed and rearranged as indicated on plans filed with this application marked, "Received November 6, 1958," 5 sheets, on

condition that the existing buildings proposed to be removed shall be removed including the greasing lifts, and the premises shall be reconstructed and re-arranged as indicated on plans showing proposed conditions; that the accessory building shall comply with the requirements of the Building Code and shall have no cellar and shall be faced on all sides with face brick, except the side to the northeast where it may be of common brick, painted; that the doors to the toilet room shall be relocated so as not to be contiguous; that pumps shall be of the low approved type not nearer than 15 feet to the building line of each street, as shown; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved gasoline storage tanks; that the premises where not occupied by accessory building and pumps shall be paved with concrete or asphaltic paving; that on the interior lot lines there shall be erected a woven wire fence of the chain link type on a masonry base not less than 5 feet, 6 inches in height with suitable terminating posts; that curb cuts shall be rearranged as shown on plan of proposed conditions, namely, 2 to Fort Hamilton Parkway not over 30 feet in width each and 2 to 65th Street of similar width, provided that no portion of any curb cut is nearer than 5 feet to a side lot line as prolonged; that the sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs and advertising devices, but permitting the erection within the building line of 2 post standards where shown, each for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale and permitting such signs to extend beyond the building line for a distance of not more than 4 feet, and advertising only the brand of gasoline on sale; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i there may be minor motor vehicle repairs for adjustments only with hand tools, carried on solely within the accessory building; that there may be parking of cars awaiting service omitting trucks and trailers; and that all permits shall be obtained, including a new Certificate of Occupancy, and all work completed within the requirements of Section 22A of the Zoning Resolution.

479-39-BZ—Vol. III

APPLICANT—Haus and Bresin, for Lakeden Realty Corp., owner.

SUBJECT—Application reopened October 21, 1958 as Vol. III—decision of the Borough Superintendent, under sections 7f and 7i of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, office, sale of accessories, minor repairs with hand tools only, non-automatic auto wash and the parking and storage of more than five (5) motor vehicles all for a temporary term of fifteen (15) years.

PREMISES AFFECTED—184-194 Ludlow Street and 207-215 East Houston Street, southeast corner, Block 412, part of Lot 53, Borough of Manhattan.

APPEARANCES—

For Applicant: Joseph Haus.

For Opposition: None.

For Administration: John J. Saunders, B'd. of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Negative: 5

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on October 21, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on February 17, 1959 after due notice by publication in the Bulletin; laid over to March 10, 1959, for inspection and decision; hearing closed; and

MINUTES

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, East Houston Street, Ludlow Street, Essex Street and Stanton Street are in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated August 26, 1958 acting on N.B. Applic. No. 104-58, reads:

"1. Proposed gasoline service station, auto washing (non-auto) lubrication, office, sale of auto accessories, minor repairs with hand tools only & parking & storage of more than 5 motor vehicles, located in a Business Use District is contrary to Art. II, PP. 4(a) (15), (29) & (46) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 99.64 feet frontage by 78 feet in depth; that this site is part of a large irregular tax lot extending through the block to Essex Street and the entire plot is now occupied for the parking and storage of more than five motor vehicles pursuant to Certificate of Occupancy No. 34171; that it is proposed to erect a gasoline service station on the East Houston Street portion of the present parking lot and to maintain the parking and storage use on the balance of the tax lot; that the contemplated accessory building will be surfaced with face brick; that pumps will be along the East Houston Street frontage of the property and will be set 15 feet back from the building line; that the existing woven wire fence will be maintained along Ludlow Street and a new 5 foot 6 inch high woven wire fence will be provided along the rear line of the site where the walls of the accessory building do not occur; that the brick lot line wall of the adjoining monument works now exists along the east lot line of the site; that the repairing proposed will consist of minor repairs using hand tools only and will be confined to the interior of the accessory building; and

WHEREAS, the applicant states that the Independent subway turns from East Houston Street to Essex Street at this point and runs under the site when making the turn; that the proposed building will be constructed over the roof of the subway, which the Transit Authority states has been designed so that it will support the proposed building; that the gasoline tanks will be located at least 20 feet away from any portion of the subway structure; and

WHEREAS, the applicant contends that East Houston Street is one of the principal crosstown traffic arteries in Manhattan, with a real need for additional automotive servicing facilities; that as previously mentioned, the property abutting the subject site to the south is part of lot 53, under the same ownership as the site; that adjoining the site to the east is a brick building with an unpierced wall along the east lot line, occupied on the first floor as a monument works—block 412, lot 58; that the general area is in a run down condition, with many former stores devoted to factory or warehouse uses; that the instant proposal will provide a paved and well lighted modern development, will eliminate the present advertising ground signs and will be an improvement over the present parking lot development as well as providing a needed service to the community and to passing traffic; and

WHEREAS, the applicant states that the present owner has held title to the property since May 5, 1953 and that the assessed valuation of land is \$215,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years to permit the premises to be occupied as a gasoline service station and uses lawfully accessory thereto as proposed and as indicated on plans filed with this application marked "Received September 17, 1958", 5 sheets on

condition that all buildings and uses now on the premises not proposed to be retained shall be removed and the premises shall be leveled substantially to the grade of East Houston Street and shall be constructed and maintained as indicated on plans above cited; that during the term of this variance the premises shall be occupied for no other use than as permitted herein; that the arrangement and design of the accessory building shall be as shown on such plans; that there shall be no cellar under the accessory building; that the accessory building shall be faced with face brick on all sides except the rear which may be of common brick painted; that there shall be no window openings in the rear wall to adjoining premises; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that pumps shall be of a low approved type erected not nearer than 15 feet to the street building line, where shown; that curb cuts shall be restricted to two curb cuts to East Houston Street each not over 30 feet in width, and one to Ludlow Street, as existing, 14 feet in width; that on the rear lot line to the south there shall be erected, except where masonry walls of the accessory building occurs, a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet six inches in height; that a similar woven wire fence shall be continued along the Ludlow Street line, on a masonry base, except that such fence may be as existing 4 feet in height; that to the east the walls of the adjacent building on the lot line shall be stuccoed for a height of not less than six feet, with the permission of the adjoining owner; that sidewalks and curbing abutting the premises shall be repaired or reconstructed to the satisfaction of the Borough President; that curb cuts shall not be nearer than five feet to any side lot line as prolonged; that signs shall be restricted to permanent signs attached to the facade of the accessory building facing East Houston Street and to the illuminated globes of the pumps excluding all roof signs and all temporary signs and advertising devices but permitting the erection of a post standard at the intersection for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale, and permitting such sign, at right angles to the East Houston Street building line, to extend beyond such building line for a distance of not more than four feet; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that under Section 7i there may be minor repairs, for a similar term, with hand tools only for adjustments maintained solely within the accessory building; that there may also be parking and storage of cars under section 7e for a similar term provided such parking and storage is on such portions of the premises as will not interfere with the servicing of the station; that the gasoline storage system shall be installed and maintained to the satisfaction of the Transit Authority; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

82-40-BZ—Vol. III

APPLICANT—Lama, Proskauer and Prober, for T. Harry Glick and New York City Transit Authority, owners.

SUBJECT—Application reopened April 29, 1958 as Vol. III—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a retail and residence use district, the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—58-62 East 18th Street, west side, 117 feet, 6 inches north of Church Avenue, Block 5078, Lot 30, and part of Lot 32, Borough of Brooklyn.

Negative: 0

MINUTES

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on April 29, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on November 18, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, East 17th Street and East 18th Street are in retail and residence use, C area, class 1¼ height districts; Church Avenue is in a retail use, C area, class 1¼ height district; Caton Avenue is in a residence use, C area, class 1¼ height district; that as of July 25, 1916 that part of the premises within 100 feet of Church Avenue was in a business use district and received the present use designation on May 23, 1957; and

WHEREAS, the decision of the Borough Superintendent, dated March 26, 1958 as amended by decision dated January 16, 1959 acting on Alt. Applic. No. 383-58, reads:

"1. The proposed use of 'Parking and storage of motor vehicles' located on a plot partly within a 'Retail' use district and partly within a 'Residence' use district is contrary to Art. II Sect. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 54 foot frontage by 100 feet in depth, irregular, presently occupied as a parking lot, without a license; that it is proposed to use the premises for parking and storage of motor vehicles; and

WHEREAS, the applicant states that parking and storage of motor vehicles is permitted in that portion of the property within the retail use district and it is intended to extend this same use into the residence use district; that a similar application for the same use was denied by the Board under Cal. No. 82-40-BZ; that at that time the owner was the 501 Avenue R Realty Corporation of which T. Harry Glick was the president; that said corporation purchased this property at a City tax sale on January 26, 1939, and the present owner, T. Harry Glick, transferred title to his name on June 29, 1946; that it can readily be seen that since this property was purchased from the City in 1939, no use could be established that would give the owner an equitable return on his income; and

WHEREAS, the applicant contends that the plot is irregular in shape and only has a frontage of 54 feet on East 18th Street, which precludes the use of this property for a conforming use; that the 54 foot frontage of East 18th Street, for all intents and purposes, has landlocked this piece of property so that it cannot be used for any other use than as proposed; that there are many large apartment houses within the area that were built without garages, so that the granting of this application would help to alleviate the parking problem in this area; and

WHEREAS, the applicant states that the present owner has held title to the property since June 29, 1946 and that the assessed valuation of land is \$6,000; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the premises, consisting of Lot 30 and part of Lot 32 to be used for the parking and storage of motor vehicles, substantially as proposed and as now shown on plans filed with this application, marked "Received January 23, 1959", 2 sheets and revised plans marked "Received February 26, 1959", 2 sheets, *on condition* that all buildings and uses now on the premises shall be removed and the plot shall be leveled substantially to the grade of East 18th Street, surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that on all interior lot lines there shall be maintained a woven wire fence of the chain link type, not less than 5 feet 6 inches in height, except where masonry walls of adjoining buildings occur; that a similar fence shall be erected on the street building line with no openings therein except one for exit

and entrance to East 18th Street, not over 15 feet in width; that such fence on the building line shall be fitted with a gate, which shall be kept closed when cars are not going in or out; that parking shall be limited to cars of the pleasure car type; that during the term of this variance the premises shall be occupied for no other use and no building shall be erected thereon except one, where shown, at the entrance, which may be of frame construction and not over one story in height and 100 square feet in area, to be used solely as an office and shelter for the attendant; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to a permanent sign attached to the fence, advertising the parking and storage use, the rates charged and such other information as the Commissioner of Licenses may require; that such sign shall not exceed five square feet in area, shall not be illuminated nor extend beyond the building line; that bumpers shall be maintained at all points for the protection of fences and buildings; and that all permits required shall be obtained and all work completed within six months from the date of this resolution.

514-45-BZ—Vol. II

APPLICANT—Leonard F. Rothkrug, for D. D. Blackman, Inc., owner; Ethical Products, Inc., lessee.

SUBJECT—Application reopened April 29, 1958 as Vol. II—decision of the Borough Superintendent, under Section 7c of the Zoning Resolution, to permit in a manufacturing and retail use district, the change in use from garage for more than five (5) motor vehicles and automobile salesroom and incidental repair shop—previously granted by the Board, to manufacture of metal products, assembly of machines and machine parts with accessory spraying, welding and loading and unloading.

PREMISES AFFECTED—2339-2351 Bedford Avenue and 2302 Tilden Avenue, southeast corner, Block 5135, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox

Negative: 5
0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on April 29, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on February 17, 1959 after due notice by publication in the Bulletin; laid over to March 10, 1959, for inspection and decision; applicant to submit revised plan showing door to first floor at end of ramp and mark uses of first and second floors; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Tilden Avenue are in manufacturing and retail use, C area, class 1 height districts; Bedford Avenue is in manufacturing, retail and residence use, C area, class 1 height district; Lott Street is in retail and residence use, C area, class 1 height district; Beverly Road is in a residence use, C area, class 1 height district; that on July 25, 1916 the premises was in an unrestricted and business use district and was rezoned to its present designations on May 23, 1957; and

WHEREAS, the decision of the Borough Superintendent, dated April 1, 1958 acting on Alt. Applic. No. 337-58, reads:

"1. Proposed change of occupancy from garage, auto sales and incidental auto repairs to factory, manufacturing of metal products, assembly of machine and machine parts, spraying, welding and loading and unloading in a building which is partly in a manufacturing zone and partly in a Retail zone is contrary to Article II, PP. 4-A and PP. 4-F of the Zoning Resolution."

and

MINUTES

WHEREAS, the applicant states that the premises consist of a plot, 158 feet 3 inches frontage by 102 feet 3 inches in depth, on which is located a two story building 25 feet, 3 inches in height, erected in 1922 and 1926, of class 3 construction, 158 feet 3 inches by 102 feet 3 inches, irregular in area, used at the time of erection as a garage for motor vehicles and a gasoline service station, and extended under Cal. No. 155-26-BZ by a Resolution of the Board for the same uses, and altered under Cal. No. 514-45-BZ by a Resolution of the Board, to change the occupancy to a garage for more than five motor vehicles, automobile salesroom and incidental repair shop, under which Certificate of Occupancy No. 117241 was issued April 10, 1947; that it is proposed to change the occupancy of the building to manufacturing of aluminum building products; and

WHEREAS, the applicant states that the original building was erected on the portion of the premises formerly in an unrestricted use district; and extended into the portion of the premises formerly in a business use district; that the proposed manufacturing use would have been a permitted use when the building was erected; that Tilden Avenue and the major portion of the building is in the manufacturing use district; that all the curb cuts are in the manufacturing use district portion of the premises; that the premises opposite on Bedford Avenue was subject of CP 10831 wherein the unrestricted zoning was extended on June 24, 1954, and then rezoned to manufacturing on May 23, 1957; that the building was used substantially as proposed herein prior to the change of zone on May 23, 1957, and the owner could have obtained approval of the uses without need of a zoning variance; and

WHEREAS, the applicant contends that a grant of the variance will not adversely affect surrounding property owners; that there is no proposed exterior alteration or extension of the existing building, and the proposed use is less restrictive than the uses permitted in the Certificate of Occupancy; that this neighborhood was entirely developed before the change of zone to retail, and when the retail portion was zoned business; that the proposed use of the premises is a conforming use in a business use district; and

WHEREAS, the applicant further contends that the premises is presently used substantially as proposed herein; that it is in the nature of a conforming use in that a portion of the building is used for retail sales; that the premises cannot be economically used for a conforming use; that the building was erected for automotive uses and would have to be demolished or extensively altered and subdivided in order to conform with the use district lines which divide the premises into two use districts; that the proposed paint spraying and welding is solely accessory to the manufacturing processes conducted on the premises and is not meant to be the principal use; that it is therefore conforming to the uses permitted in a business and manufacturing use district; that there are no openings along the rear or side lot lines and the existing curb cuts will permit off street loading and unloading; that there are a considerable number of off-street parking facilities within the affected area—more than sufficient to satisfy the needs of the community; that there are open parking lots for over 500 cars on adjoining lots 23 and 53 and the opposite lot 14 on block 5133—accessory to Sears-Roebuck Department store—and garage facilities for an additional 500 cars in the opposite tax blocks 5133, lots 1, 3, 8, and 10, and block 5126, lot 62; that D. D. Blackman, Inc. is the successor corporation to Loudan Enterprises, Inc., who obtained title on January 11, 1954; that the change in use is in harmony with the general purpose and intent of the Zoning Resolution and is an appropriate case for the Board to exercise its jurisdiction; and

WHEREAS, the applicant states that the present owner has held title to the property since January 11, 1954 and December 31, 1957; that the assessed valuation of land is \$84,000 and of the building \$86,000 making a total of \$170,000; that the building was erected in 1922 and 1926; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to change the use of the former garage to factory as proposed and as indicated on plans marked "Received April 11, 1958", 7 sheets, and revised plans marked "Received March 9, 1959", 2 sheets, *on condition* that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that the requirements of the resolution as adopted this day under Cal. No. 515-45-A, Vol. II shall be complied with; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

515-45-A—Vol. II

APPLICANT—Leonard F. Rothkrug, for D. D. Blackman, Inc., owner; Ethical Products, Inc., lessee.

SUBJECT—Application reopened April 29, 1958 as Vol. II—Appeal from a decision of the Borough Superintendent, re exits, vertical opening between floors, etc.

PREMISES AFFECTED—2339-2351 Bedford Avenue and 2302 Tilden Avenue, southeast corner, Block 5135, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 1, 1958 acting on Alt. Applic. No. 337-58—reads:

"2. Provide 2 exits from 2nd floor in full compliance with Section 270 of the Labor Law and the Factory Exit Rules of the Board of Standards and Appeals.

"3. Vertical openings (ramp) between floors to be enclosed as per Section 270 of the Labor Law.

"Note: Premises were subject of the Board of Standards and Appeals variance under Cal. 514-45-BZ and Cal. 515-45-A."

and

WHEREAS, the applicant states that the building is 2 stories, 25 feet 3 inches in height, 158 feet 3 inches by 102 feet 3 inches in area, of class 3 construction, located in manufacturing and retail use, C area, class 1 height district, erected in 1922 and 1926, in accordance with the Board's resolution under Calendar Number 155-26-BZ, used and occupied since 1956 as follows: Cellar—boiler room, no persons; 1st floor—manufacturing of metal products, machine parts assembly, spraying and welding, 25 persons; 2nd floor—manufacturing of aluminum products, welding and spraying; that the building is equipped with a one-source sprinkler system; that the exits consist of an interior 3 foot 8 inch wide steel stairs from 2nd floor to Tilden Avenue, a fire escape balcony with a drop ladder at south end on Bedford Avenue and a ramp at the northeast corner to Tilden Avenue; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the application should be granted on condition.

Resolved, that the decision of the Borough Superintendent, dated April 1, 1958, acting on Alt. App. 337-58, Objections 2 and 3 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the means of exit as to Objection No. 2 shall be constructed and maintained as indicated on plans filed with Cal. No. 514-45-BZ, Vol. II marked "Received March 9, 1959", 2 sheets; that the balcony exit toward the south proposed as a second means of exit shall be maintained with a counterbalanced stairway to the

MINUTES

street; and as to Objection No. 3, that the existing ramp may be continued but not counted as a legal means of exit provided the enclosures are maintained as shown on such plans; that in all other respects the requirements of the resolution as adopted under Cal. No. 514-45-BZ, Vol. II, adopted this day, shall be complied with and that the sprinkler system shall be maintained.

189-52-BZ—Vol. II

APPLICANT—James E. McKillop, for Archie Lakin, owner.

SUBJECT—Application reopened February 3, 1959 for consideration as to extension of time to complete, expired October 1, 1958—decision of the Borough Superintendent, previously granted on condition under section 21 of the Zoning Resolution, permitting in a business use, C area district, the erection and maintenance of a building (store) using more than the area permitted.

PREMISES AFFECTED—602 Manhattan Avenue, east side, 200 feet south of Nassau Avenue, Block 2680, Lot 46, Borough of Brooklyn.

APPEARANCES—

For Applicant: Archie Lakin.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, on January 12, 1954 this application was granted by the Board on certain conditions, under Section 21 of the Zoning Resolution, to permit in a business use, C area district, the erection and maintenance of a building—store—using more than the area permitted, affecting premises 602 Manhattan Avenue, east side, 200 feet south of Nassau Avenue, Block 2680, Lot 46, Borough of Brooklyn; and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation October 1, 1958; and

WHEREAS, this application was reopened on February 3, 1959 and set for hearing on March 10, 1959 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on March 10, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated December 19, 1958 acting on N.B. Applic. No. 4-52, reads:

"1. File for extension of time and obtain approval from Bd. of St. and Appeals."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 12, 1954, as amended by resolutions adopted through October 1, 1957; only so far as it has reference to the time to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (N.B. 4/52, disapproved December 19, 1958).

663-54-BZ

APPLICANT—George H. Colin, for Cities Diverse Assets, Inc., owner.

SUBJECT—Application for consideration—reopening for extension of time to complete—re Application, decision of the Borough Superintendent; previously granted on condition, under Section 7c of the Zoning Resolution, permit-

ting in a retail use district, the reconstruction of existing gasoline service station to include lubritorium, washing of cars, storage and sale of accessories and office and permitting the parking of cars waiting to be serviced.

PREMISES AFFECTED—24-32 Lafayette Street, 530-532 Pearl Street, northwest corner and 41 Elk Street, Block 168, Lot 12, Borough of Manhattan.

APPEARANCES—

For Applicant: Benjamin Mosher and Samuel Rosenblum.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—OF JANUARY 6, 1959—

Affirmative: Acting Chairman Kleintert and Commissioner Foley 2

Negative: Commissioner Sleeper 1

Absent: Chairman Murdock 1

THE VOTE OF MARCH 10, 1959—

Affirmative: Chairman Murdock and Commissioner Fox 2

Negative: 0

THE RESOLUTION—

WHEREAS, this applicant was granted by the Board on December 7, 1954 on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended from time to time and last extended on January 21, 1958; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work; and

WHEREAS, it is expected that the premises will be acquired by the Federal Government;

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 7, 1954, as thereafter *amended* by resolutions adopted through January 21, 1958, only so far as it has reference to the time within which to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution; and that a new certificate of occupancy shall be obtained." (N.B. 103/54)

881-54-BZ—Vol. II

APPLICANT—Charles M. Spindler, for Shell Oil Co., owner.

SUBJECT—Application reopened October 28, 1958—decision of the Borough Superintendent, under sections 7c and 21 of the Zoning Resolution, to permit in a retail and residence use district, the erection of a two bay extension to an existing gasoline service station, accessory building, a pylon and sign and a refuse storage bin, the proposed extension does not provide a rear yard.

PREMISES AFFECTED—218-10 Northern Boulevard, south side, from Springfield Boulevard to 218th Street, 45-02 to 45-12 Springfield Boulevard and 45-01 to 45-09 218th Street, Block 7338, Lot 10, Bayside, Borough of Queens.

APPEARANCES—

For Applicant: Charles M. Spindler.

For Opposition: V. Tertzakian.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley and Commissioner Sleeper. 4

Negative: Commissioner Fox 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 28, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on February 17, 1959 after due notice by publication in the Bulletin; laid over to March 10, 1959, for inspection and decision; applicant to report to the Board after discussion with owner of the site as to parked garbage trucks and trailers on the premises; hearing closed; and

MINUTES

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in retail and residence use, D and E-1 area, class ½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 24, 1958 acting on Alt. Applic. No. 2154-58, reads:

"1. Proposed erection of extension to existing Gasoline Service Station, auto washing, non-automatic, Lubrication, office, accessory sales, minor repairs with hand tools only, parking & storage of motor vehicles & auto safety inspection station located in a Retail use district & extending into a Residence use district is contrary to approval by the Board of Standards & Appeals under Cal. #881-54-BZ.

"2. Proposed sign is contrary to Art. II Sec. 4A & Sec. 3 of the Zoning Resolution.

"3. Provide rear yard as per Art. IV Sec. 17a of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 feet frontage by 101.24 feet in depth, irregular; that it is proposed to erect a two bay extension to an existing service station building; that the existing two bay building is 42 feet in length and 28 feet 8 inches in depth and it is proposed to add two additional bays, at which time the building will have a length of 67 feet 4 inches and 28 feet 8 inches in depth; that it is also proposed to erect a refuse storage bin 13 feet 6 inches in length and 5 feet in depth; that there will be no change in the tanks or in the pumps; and

WHEREAS, the applicant states that the existing lubrication facilities are not sufficient to supply the needs of the station and the erection of the two additional bays are a necessity; that the erection of the refuse storage bin will help maintain the standards of cleanliness which the Shell Oil Company desires; and

WHEREAS, the applicant states that the portion of the property within 100 feet of Northern Boulevard is zoned as a retail district and a D area district and the remainder is zoned residence and E-1; that as of July 25, 1916 the portion of the property within 100 feet of Northern Boulevard was zoned business and the remainder was zoned residence; that the present retail designation became effective on June 28, 1956; that as of July 25, 1916 the property was zoned as a one times height district and on December 19, 1938 a portion more than 100 feet from Northern Boulevard was placed in a one half times height district and was expanded to include the entire property; that as of July 25, 1916 the property was zoned as a D area district; and

WHEREAS, the applicant contends as to Objection 2 issued by the Borough Superintendent, that plans indicate the erection of the Shell Emblem; that this sign projects above the roof and it is a very slightly adjunct to the type of building which the Shell Oil Company is proud of; that as to Objection 3, the applicant contends that at the time of the erection of this building, the site was in a business zone and no rear yard was required at grade level; that it is proposed to continue the existing rear wall, which wall is erected approximately 5 feet from the rear lot line, thereby maintaining the existing 5 foot rear yard; and

WHEREAS, the applicant further contends that in view of the need for the expanded service station building and in view of the remainder of the station remaining as originally approved by the Board, it is requested that this appeal be granted; and

WHEREAS, the applicant states that the present owner has held title to the property since July 18, 1955; that the assessed valuation of land is \$45,000 and of the building \$15,000 making a total of \$60,000; that the building was erected June 10, 1957; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, there is no basis for Section 7 subdivision c; that the amendment requested may be considered under the section of the Zoning Resolution as originally granted.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 3, 1955, by adding thereto:

"that in the event the owner desires to extend the accessory building as now proposed and shown on plans filed with this application marked, "Received October 6, 1958," 4 sheets, such extension may be made for the use as proposed to permit auto safety inspection provided there are no windows in the rear wall of the building facing on the seeded area and *on condition* that the terms of the resolution as adopted May 3, 1955 shall be strictly complied with; that all uses not legally accessory to the gasoline service station as previously permitted shall be promptly removed, including parking of garbage trucks and trailers; that signs shall be as permitted by the resolution above referred, excluding any pylon or porcelain enamel sign as indicated; that there shall be no advertising sign devices; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

302-55-BZ

APPLICANT—Larry Meltzer, for John M. Ell, owner; Joseph Livio, present lessee.

SUBJECT—Application reopened February 3, 1959 for consideration as to extension of time to complete, expired January 9, 1958—decision of the Borough Superintendent, previously granted on condition, under sections 7e and 7i of the Zoning Resolution, permitting in a business use district, the proposed change in occupancy from boiler room, garage for 5 cars and showroom to boiler room, body and fender repairs, wheel and frame alignment, welding, painting and spraying, parking of cars waiting to be serviced.

PREMISES AFFECTED—1469-1471 86th Street, north side, 100 feet west of 15th Avenue, Block 6340, Lot 48, Borough of Brooklyn.

APPEARANCES—

For Applicant: Larry Meltzer.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, on January 24, 1956 this application was granted by the Board on certain conditions, under Sections 7c and 7i of the Zoning Resolution, to permit in a business use district, the repairing of motor vehicles, including painting, welding and spraying, and parking of cars awaiting service, affecting premises 1469-1471 86th Street, north side, 100 feet west of 15th Avenue, Block 6340, Lot 48, Borough of Brooklyn; and

WHEREAS, the applicant requested reopening of this application and extension of time to obtain permits and complete the work, which had expired by time limitation January 9, 1958; and

WHEREAS, this application was reopened on February 3, 1959 and set for hearing on March 10, 1959 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on March 10, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated January 13, 1959 acting on Alt. Applic. No. 384-55, reads:

"1. Time for completion under Section 22A has expired. Refer back to the Board of Standards and Appeals for an extension of time."

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 24, 1956, as *amended* by resolution adopted on January 9, 1957, only so far as it has reference to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that all permits required shall be obtained and all work completed within six months from the date of this amended resolution." (Alt. App. 384/55, disapproved 1/13/59)

137-56-BZ

APPLICANT—Leonard F. Rothkrug, for Frank Ward, owner.

SUBJECT—Application reopened May 28, 1957 and re-stored to docket—decision of the Borough Superintendent under sections 7h and 7c of the Zoning Resolution, to permit in a residence and local retail use district, the maintenance of a parking lot for the non transient parking of motor vehicles, pleasure car type.

PREMISES AFFECTED—238-240 McDougal Street, south side, 100 feet east of Rockaway Avenue, Block 1534, Lot 7, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Action of January 15, 1957 re-affirmed.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 14, 1956 after due notice by publication in the Bulletin; laid over to December 11, 1956 at 10 A.M. for inspection and decision; hearing closed; then laid over to January 15, 1957 for inspection and decision; hearing previously closed; then it was granted; and

WHEREAS, the applicant requested that this application be reopened; reopened and set for hearing June 25, 1957 at 10 A.M. for additional hearing waiving all requirements except publication in the Bulletin as required, legal notice and regular notice to list of owners in the area as corrected by registered mail; then laid over, date to be determined after applicant consults with adjoining owners; for decision; hearing closed; then set for February 17, 1959; then to March 10, 1959, for inspection and decision; and

WHEREAS, the district map accompanying the Zoning Resolution show that the site is in residence and local retail use, C area, class 1 height districts; McDougal Street is in a residence use, C area, class 1 height district; Rockaway Avenue is in a local retail use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated February 24, 1956 acting on Alt. Applic. 204-56, reads:

"1. The parking of motor vehicles (pleasure type non-transient motor vehicles) partly in a residence use district & partly in local retail use district is contrary to Art. II Sec. 3 and Sec. 4c of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of an irregular plot, 50 feet frontage on McDougal Street by 250 feet along the rear lot line, presently vacant; that it is proposed to use the plot for non-transient parking of motor vehicles of the pleasure car type; and

WHEREAS, the applicant states that Rockaway Avenue and part of the premises was in a business use district on July 25, 1916 and was rezoned to its present designation on March 17, 1953; and

WHEREAS, the applicant contends that there is an urgent need for parking space in this neighborhood as there is bumper to bumper parking on both sides of the street; that this area was developed over 40 years ago principally with fully attached dwellings without any provision for parking, so that the residents on the block have no adequate or con-

venient place to park; that the premises are in a transition area, Rockaway Avenue and part of the site being in a local retail use district, and it is not economically feasible to develop these premises with a conforming use; that the character of the neighborhood is such as to discourage residential development at this time or within the near future; that the existing buildings are principally of frame construction in varying degrees of disrepair, with low assessed valuations and below average rentals; that the high cost of erecting a residential dwelling at the present time is impractical in that the property would not yield a sufficient return for the investment; that the plot is irregular in area and consists principally of an interior portion of the tax block and it would be impractical to develop with a conforming use; that the proposed parking will be non-transient and principally in conjunction with the residences on the block; and

WHEREAS, the applicant states that the present owner has held title to the property since August 25, 1955 and that the assessed valuation of land is \$9,600; and

WHEREAS, notices were not sent out to the correct list of owners prior to hearing on November 14, 1956; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the applicant reported that no abutting owners had considered favorably acquiring a portion of the premises; that the decision made as expressed in resolution adopted on January 15, 1957 is reaffirmed by resolution adopted this day after notification to owners and rehearing on June 25, 1957; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the premises to be occupied for the parking and storage of motor vehicles substantially as proposed and indicated on plans filed with this application marked, "Received February 24, 1956", 2 sheets, *on condition*, that all uses now on the premises shall be removed and the premises shall be levelled to the grade of McDougal Street and shall be surfaced with clean gravel, treated with a binder and properly rolled; that there shall be erected on all interior lot lines where the substantial fences of adjoining owners do not occur, a woven wire fence of the chain link type on a masonry base not less than 5 feet, 6 inches in height, except that at the street building line there may be an opening in such fence for entrance and exit not exceeding 10 feet, which shall be fitted with a gate which normally shall be kept closed when the parking lot is not in operation, with a curb cut opposite of similar width; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that bumpers shall be maintained at all points for the protection of the fences; that during the term of this variance the premises shall be occupied for no other uses than as herein permitted; that sidewalks and curbing opposite the premises on MacDougal Street shall be constructed or repaired to the satisfaction of the Borough President; that signs shall be restricted to one sign attached to the fence near the entrance, advertising the parking and storage use and the rates charged and such other information as may be required by the Commissioner of Licenses; that such signs shall not exceed five square feet, shall not be illuminated and shall not extend beyond the building line; that all permits shall be obtained, including a Certificate of Occupancy, and all work completed within the requirements of Section 22A of the Zoning Resolution.

117-58-BZ

APPLICANT—John J. Lynch and James J. Lyons, Jr., for 60 Duane Street Corp., owner.

SUBJECT—Application February 21, 1958—decision of the Borough Superintendent, under section 7h of the Zoning

MINUTES

Resolution, to permit in a business and residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles to extend into the residence portion of the premises.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 16, 1958 after due notice by publication in the Bulletin; laid over to January 6, 1959, at the request of an objector; then to January 27, 1959, for inspection and decision; hearing closed; then laid over from January 27, 1959, to February 3, 1959, for further consideration and decision; then to February 10, 1959, for consideration, and decision; then to March 10, 1959, for full membership of the Board and for further inspection and decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Simpson Street and Barretto Street are in business and residence use, B area, class 1½ height districts; East 163rd Street and Southern Boulevard are in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated February 5, 1958 acting on Alt. Applic. No. 1140-57, reads:

"1. The premises located in a residence district and partly in a business district to be used for parking of motor vehicles is contrary to Sect. 3, Art. II of the Zoning Resolution and is therefore denied."

and

WHEREAS, the applicant states that the premises consist of a plot, 88.57 feet frontage by 105 feet in depth, unimproved and vacant; that it is proposed to permit, in an area zoned partially business and partially residential, the parking and storage of more than five motor vehicles; and

WHEREAS, the applicant states that the premises consists of a rectangular grade-level plot with 88.57 feet frontage on Simpson Street and a depth of 105 feet; that presently unoccupied and unimproved, it is protected from use as a public dumping area by a six foot woven chain link fence along the front of the property; that the walls of adjoining properties surround the other three sides of the plot; and

WHEREAS, the applicant further states that a survey of the immediate neighborhood shows that the plot in question is in area occupied by numerous old five and six story multiple dwellings, small retail stores, lofts, meeting halls, clubs, a lumber yard and a Synagogue, all without off street parking facilities; that this area is also affected by the alternate parking regulations, and metered parking; that East 163rd Street, which intersects nearby Southern Boulevard, is a heavily trafficked street; and

WHEREAS, the applicant contends that the premises cannot be economically improved with a conforming use; that this neighborhood is one of the oldest and earliest developed in the Borough of The Bronx, and there has been no new construction within the affected area for over 25 years, and the high cost of new residential structures makes such improvement impractical; that the deteriorated condition of the neighborhood and the undesirability of the location of the premises make it nigh impossible to obtain the required rents of apartments of a new multiple dwelling; that the proposed parking lot will afford much needed facilities for parking in this area and at the same time give financial relief to the owners in carrying this property; that the proposed parking

lot use cannot in any way depress or affect adjacent or surrounding property values; that off street parking facilities within the affected area being extremely limited, with resultant double parking and traffic congestion, a parking lot as proposed would definitely benefit the tenant car owners as well as shoppers, and afford some relief from traffic congestion, thereby benefitting the entire area; that it would also be an improvement over a vacant lot which may turn into a dumping ground if not attended; and

WHEREAS, the applicant states that the present owner has held title to the property since October 7, 1957 and the assessed valuation of land is \$21,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of two years, to permit the premises to be occupied for the parking and storage of motor vehicles limited to those of the pleasure car type, as shown on plans filed with this application, marked "Received February 21, 1958", 2 sheets and "October 30, 1958", 1 sheet, *on condition* that all buildings and uses on the premises shall be removed and the premises leveled substantially to the grade of Simpson Street and surfaced with steam gravel or clean cinders, properly rolled and treated with a binder; that there shall be erected on all lot lines where masonry walls do not occur, a woven wire fence of the chain link type, not less than 5 feet, 6 inches in height or a solid fence wall of similar height; that the fence along the street building line shall have only one opening therein for egress and entrance and with curb cut in front thereof not exceeding ten feet in width; that gates shall be kept closed when the parking lot is not in operation; that suitable bumpers shall be provided against all walls and fences for protection thereof; that signs shall be restricted to one sign on the fence near the entrance, advertising only the use, rates charged and such other information as the Commissioner of Licenses may require; that such sign shall not exceed 5 square feet, shall not be illuminated nor extend beyond the building line; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that during the term of this variance the premises shall be used for no other use than that herein permitted; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

501-58-BZ

APPLICANT—Charles M. Spindler, for Clara Flapan, owner.

SUBJECT—Application August 25th 1958—decision of the Borough Superintendent, under sections 7e and 7h of the Zoning Resolution, to permit in a local retail use district the erection and maintenance of a gasoline service station, lubritorium, auto washing, non-automatic, office, sale of accessories, minor repairs with hand tools only, auto safety inspection station and the parking and storage of motor vehicles for a stated term of fifteen (15) years.

PREMISES AFFECTED—3743-3761 Nostrand Avenue, east side 140 feet north of Avenue Y, Block 7422, Lot 54, Borough of Brooklyn.

APPEARANCES—

For Applicant: Charles M. Spindler.

For Opposition: Theodore J. Malvin.

For Administration: John J. Saunders, Bd. of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

MINUTES

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 20, 1959 after due notice by publication in the Bulletin; laid over to February 3, 1959, for inspection and decision; hearing closed; then to February 10, 1959, for consideration and decision; then to March 10, 1959, for further inspection and decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Nostrand Avenue and Avenue X are in a local retail use, D area, class 1 height district; Haring Avenue and Avenue Y are in local retail and residence use, D area, class 1 height districts; that as of July 25, 1916 the use designation of the property referred to was undetermined; that on April 4, 1924 the property was placed in a business district and the present local retail designation became effective on April 28, 1949; that the height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated August 15, 1958 acting on N.B. Applic. No. 1376-58, reads:

"1. Proposed building and premises, located in a Local Retail District, to be used for Gasoline service station, lubrication, auto washing (non-automatic), office, sales of accessories, minor repairs with hand tools only, auto safety inspection station, parking and storage of motor vehicles is contrary to Article II, PP. 4-c of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 160 feet frontage by 85 feet in depth, presently vacant; that it is proposed to erect a gasoline service station, for a term of fifteen years; and

WHEREAS, the applicant states that Nostrand Avenue is a heavily travelled automobile artery and has recently been widened to 100 feet in width; that during the widening process the site was reduced to a depth of 85 feet; that the site is directly north of an adjoining gas station in block 7422, lot 46, and there is another gas station directly opposite on the northwest corner of Nostrand Avenue and Avenue Y in block 7422, lot 1037; that the surrounding area is heavily built up with six story apartment houses and there are numerous other similar multi-story buildings in course of construction; that directly opposite the site, there is under construction a shopping center, and signs on other lots along Nostrand Avenue in the immediate area indicate that additional shopping areas are proposed; and

WHEREAS, the applicant contends that a gas station is a necessity at this location due to the numerous apartment houses presently constructed and those in course of construction; that a station at this site is just as necessary as the shopping center presently under construction and the shopping centers which are proposed; that the servicing of an automobile is just as necessary today as the serving of the consumer needs of the occupants of these multiple dwellings; and

WHEREAS, the applicant further contends that the station abuts the garage of the apartment house on the rear and the station building will be only slightly higher than the wall of the abutting garage and therefore there will be no diminishing of the permanent light and air of the multiple dwelling directly in the rear; that the building will cover but a small percentage of the lot and the light and air of the adjoining building will be assured; that due to the reduced depth of the plot and the 55% area coverage, it would not be economically feasible to construct stores on this site; and

WHEREAS, the applicant states that the present owner has held title to the property since September 25, 1952 and that the assessed valuation of land is \$12,200; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and uses lawfully accessory thereto, substantially as proposed and as indicated on plans filed with this application, marked "Received August 25, 1958", 4 sheets, *on condition* that all uses on the premises shall be removed and the plot leveled substantially to the grade of Nostrand Avenue, constructed and arranged as indicated on plans above cited; that the accessory building shall be of the location, design and arrangement proposed and shall have no cellar and shall be faced on all sides with face brick; that on the rear lot line and side lot lines to the north and south there shall be erected and maintained a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches; that planting areas against such fence as shown on plans of proposed conditions shall be maintained with suitable planting material and protected with concrete curbing not less than 6 inches in width and 8 inches in height above grade; that pumps shall be of a low approved type, erected not nearer than 15 feet to the street building line; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that the balance of the premises where not occupied by accessory building, pumps and planting shall be paved with concrete or asphalt paving; that signs shall be restricted to permanent signs attached to the front facade of the accessory building, excluding all roof signs and temporary signs and advertising devices, but permitting the erection within the building line toward the north of one post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend not more than four feet beyond the building line at right angles, as shown; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that curb cuts shall be restricted to three, each 30 feet in width, with no curb cut near than five feet to a side lot line as prolonged; that the curbing and sidewalk in front of the premises shall be constructed or repaired to the satisfaction of the Borough President; that under Section 7h, for a similar term, there may be parking of cars on such locations as will not interfere with the servicing of the station; that under Section 7e for a similar term there may be minor repairing with hand tools only for adjustments, maintained solely within the accessory building and the use of the accessory building as an Inspection Station under the State law may be permitted; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

514-58-BZ

APPLICANT—Tobias Goldstone, for Brooklyn Savings Bank, owner.

SUBJECT—Application September 2, 1958—decision of the Borough Superintendent, under Section 7h of the Zoning Resolution, to permit in a restricted retail use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles for patrons of the adjoining bank and public parking.

PREMISES AFFECTED—135 Pierrepont Street, northeast corner of Clinton Street, Block 239, part of Lot 9, Borough of Brooklyn.

APPEARANCES—

For Applicant: Tobias Goldstone.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on

MINUTES

February 17, 1959 after due notice by publication in the Bulletin; laid over to March 10, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Clinton Street, Pierrepont Street, Fulton Street and Tillary Street are in a restricted retail use, B area, class 2 height district; and

WHEREAS, the decision of the Borough Superintendent, dated August 14, 1958 acting on Alt. Applic. No. 2154-58, reads:

"1. Parking of cars in a restricted retail use district is contrary to Art. II Section 4-B(i) of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 196 feet 6 inches frontage by 75 feet 10 inches in depth; and

WHEREAS, the applicant states that the Department of Buildings approved an application to use the vacant lot for parking lot for bank patrons under Alt. Applic. No. 2793-57 and Certificate of Occupancy No. 160275 was issued therefor; that the bank finds that the area of the parking lot is larger than required for the accommodation of their patrons and can provide parking facilities for additional cars; that these premises are located in a densely occupied area by office buildings, medical buildings, banks, etc., and permission to use this proposed parking lot will relieve traffic congestion in this area; and

WHEREAS, the applicant contends that there now exists diagonally opposite this proposed parking lot, a parking lot 50 feet by 100 feet and another parking lot on Clinton Street 136 feet by 100 feet; that these parking lots are always overcrowded; and

WHEREAS, the applicant states that the present owner has held title to the property since 1950; that the assessed valuation of land is \$358,500 and of the building \$566,500 making a total of \$925,000; that the building was erected in 1933 and 1950; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the premises to be occupied for parking of cars belonging to patrons of the adjoining bank and the public substantially as proposed and indicated on plans filed with this application marked, "Received September 2, 1958," 1 sheet, "September 22, 1958," 1 sheet *on condition* that the area proposed for parking shall be leveled substantially to the grade of Pierrepont Street and shall be surfaced with steam cinders or clean gravel, treated with a binder and properly rolled; that on all lot lines there shall be constructed and maintained a woven wire fence of the chain link type, on a masonry base, not less than 5 feet, 6 inches in height with no openings therein except one to Pierrepont Street not exceeding 10 feet in width, which shall be fitted with gates which shall be normally closed when the parking lot is not in use; that opposite such gate there may be a curb cut of similar width; that the sidewalks and curbing in front of the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that bumpers shall be maintained against all fences for protection thereto; that such portable fire-fighting appliance shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to one sign attached to the fence, advertising the parking and storage use, the rates charged and such other information as may be required by the Commissioner of Licenses; that such sign shall not exceed 5 square feet, shall not be illuminated and shall not extend beyond the building line; and that all permits shall be obtained, including a Certificate of Occupancy, and all work completed within six months from the date of this resolution.

553-58-BZ

APPLICANT—Max Wechsler of Wechsler and Schimenti, for Fraydun Construction Co., owner.

SUBJECT—Application filed September 22, 1958—decision of the Borough Superintendent, under sections 7c, 7A and 21 of the Zoning Resolution, to permit in a local retail and residence use district, a one story extension to an existing four-story multiple dwelling with basement and cellar and the change in occupancy of the basement floor from apartments to restaurant with storage, office and restrooms in the cellar, the proposed show windows and signs are within 75 feet of a residence use district and the proposed extension exceeds the permitted area.

PREMISES AFFECTED—355 East 50th Street, north side, 85 feet west of 1st Avenue, Block 1343, Lot 23, Borough of Manhattan.

APPEARANCES—

For Applicant: Max Wechsler.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 6, 1959 after due notice by publication in the Bulletin; laid over to January 27, 1959, for inspection and decision; hearing closed; then to February 10, 1959, for decision; at request of applicant so the owner may be present; then to February 17, 1959, for applicant to file revised plans making proposal less objectionable to adjoining owners and for decision; then to March 10, 1959, for inspection and decision; applicant to file revised plans; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in local retail and residence use, B area, class 1½ height districts; East 50th Street and East 51st Street are in local retail, retail and residence use, B area, class 1½ height districts; First Avenue is in a local retail use, B area, class 1½ height district; Second Avenue is in a retail use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 4, 1958 acting on Alt. Applic. No. 2-58, reads:

"A2. Proposed store front and signs within 75'-0" of Residence District is contrary to Section 7A of the Zoning Resolution.

A4. Proposed extension of business in a Residence District (a) Restaurant chimney cellar to roof (b) cellar and basement (c) Mechanical ventilation,—contrary to Article 2, Section 3 of the Zoning Resolution.

A5. Proposed extension coverage exceeds 65% of lot—as lot abuts Residence District—contrary to Article 4 Section 12B(b) and 19(e) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 19 feet 11¼ inches frontage by 100 feet 5 inches in depth; that existing Certificate of Occupancy No. 26197, issued June 5, 1940, is as follows: cellar—boiler room and storage; basement—two apartments; first to fourth floors—two apartments on each floor; that it is proposed to erect a rear extension to cover the entire yard at the basement level and said coverage is necessary in order to have a properly designed restaurant; and

WHEREAS, the applicant requests the following occupancy: cellar—boiler room, office, toilets and storage for restaurant; basement—restaurant; first to fourth floors—two apartments on each floor; that only a small area of the proposed restaurant will be in the residential zone; that whereas the major portion of the restaurant is in the local retail zone, in effect it practically complies with the spirit of the Zoning Resolutions, as the building is only 4 feet 11¼ inches in the residential zone; and

WHEREAS, the applicant contends that as this extension is at the basement level, there is practically no blocking of

MINUTES

light to the adjoining properties on the east and west; that the roof of the new extension on the north will be practically level with the yard of adjacent property in block 1343, lot 130; that the roof of said extension will be constructed of fireproof materials; that the building next, easterly of the subject building, No. 357 East 50th Street, is occupied by a liquor store in the basement; that the building at No. 359 East 50th Street is occupied by a restaurant in the basement and has a projecting canvas and pipe marquee out to the curb; that in altering the building into a restaurant in the basement, it is intended to cater to the better type of clientele and conduct a restaurant that will be an asset to the neighborhood; that the front of the building will be maintained residential in character; that due to the fact that the owner has paid a great sum of money for this building and now realizes that the building expenses, as compared to income, is out of proportion, he finds that it is a hardship to keep this building as is because he does not receive a fair return on his investment; that if a variance is granted, the City can raise the assessed valuation of this building and thereby obtain a greater amount of taxes than it now collects; and

WHEREAS, the applicant states that the present owner has held title to the property since November, 1957; that the assessed valuation of land is \$24,000 and of the building \$20,000 making a total of \$44,000; that the building was erected in 1872; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions c and A of the Zoning Resolution; and

WHEREAS, the liquor store at No. 357 and the restaurant at No. 359 are conforming uses in a local retail district with no part non-conforming as to zoning district; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 2-58, Objections No. A 2, A 4, and A 5 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

557-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Abraham Rosenberg, Rebecca Rosenberg, Sylvia Rosenberg, Shirley Firkser, Marvin Friedman and Ruth Gould, owners.

SUBJECT—Application filed September 24, 1958—decision of the Borough Superintendent, under sections 7f, 7i and 7e of the Zoning Resolution, to permit in a business and residence use district, on the business portion of the premises, the erection and maintenance of a gasoline service station with accessory uses of lubritorium, minor auto repairs, car wash, storage room, office and sales and the parking and storage of motor vehicles, all for a temporary term of fifteen (15) years.

PREMISES AFFECTED—88-01 to 88-15 (official 88-09) Liberty Avenue and 103-11 to 103-19 88th Street, northeast corner, Block 9108, Lots 19, 22, 25, 28 and 29, Ozone Park, Borough of Queens.

APPEARANCES—

For Applicant: R. S. Hardy.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 27, 1959 after due notice by publication in the Bulletin; laid over to February 25, 1959, for inspection and

decision; hearing closed; then to March 10, 1959, for decision and for applicant to submit revised plans rearranging the plot with additional space behind accessory building for possible later use for a dwelling and now to be a planted area; hearing previously closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 88th Street and 89th Street are in business and residence use, D area, class 1 height districts; Liberty Avenue is in a business use, D area, class 1 height district; 103rd Avenue is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated August 25, 1958 acting on N.B. Applic. No. 2394-58, reads:

"1. The proposed erection of a gasoline service station, lubritorium, minor auto repairs, car wash, storage room, office and sales. Parking and storage of motor vehicles on a lot in a business use district and extending into a residence use district is contrary to Art. 2, Sec. 4(a) item 29, and 46 and Art. 2 Sec. 3 of the Z.R.

"2. Proposed ground sign on the business use portion of the lot is contrary to Art. 2, Sec. 4a, item 49 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 166.43 feet frontage by 99.29 feet in depth, irregular, vacant, except for a billboard; that it is proposed to erect and maintain, for a period of fifteen years, a gasoline service station consisting of twelve 550 gallon gasoline tanks and six dispensing pumps; that the contemplated accessory building will be one story in height, of class 3 construction, having a frontage of 60 feet, a depth of 30 feet and will contain the conjunctive uses of lubritorium, minor auto repairs, car wash, storage room, office and sales; that the open area not proposed for the gas station will be reserved for the parking and storage of motor vehicles; and

WHEREAS, the applicant states that the site is partly in a residence use district, but no part of the proposed building on the gasoline station will encroach on this small triangular area; that said area will be landscaped and thus form a suitable buffer to the residence area to the north; and

WHEREAS, the applicant contends that Liberty Avenue is a main auto thoroughfare leading east and west across Queens and as such the proposal is entirely in keeping and a required service at this point; that the area to the north and south of Liberty Avenue is fully developed with dwellings, which has also created a need for the proposed gas station; that the highly modern design of the gas station will improve the appearance of the community; that inasmuch as the northwest corner of Liberty Avenue and 88th Street, in block 9107, lot 25, is developed with a gas station and is directly opposite the site, the affected area certainly will not be adversely affected by the proposal; that the entire block 9107 is in an unrestricted zone and is developed with two gas stations, a steel yard and a factory; that all of these uses, and an unrestricted zone directly opposite the site, are not conducive to the erection of stores on the property; that Liberty Avenue, due to the noisy elevated railroad, has become a dark, dismal thoroughfare and does not lend itself to business development; that in addition to the unrestricted zone directly opposite the site, the noisy elevated railroad above the area is further developed with non-conforming uses as follows: block 9092, lot 17—welding and storage; block 9109, lot 18—storage of building materials; block 9154, lots 3, 6 and 9—storage of building materials; that the continued undevelopment of the site has conclusively proven that the site is unsuitable for business use; and

WHEREAS, the applicant states that the present owners have held title to the property since October 6, 1955 and that the assessed valuation of land is \$11,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and revised plan has been shown leaving 30 feet as a lot that could be used for conforming use back of accessory building; and

WHEREAS, the Board found that this was an appropriate

MINUTES

case in which to exercise discretion to grant under Section 7, Subdivisions f, i and e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and lawful accessory uses thereto, substantially as proposed and indicated on plans filed with this application marked, "Received September 24, 1958," 4 sheets, and revised plan marked, "Received March 6, 1959," one sheet, *on condition* that all buildings and uses now on the premises shall be removed and the premises shall be arranged and constructed substantially as indicated on such plans, as amended by revised plans; that the accessory building shall be of the design and arrangement as indicated and shall be faced on all sides with face brick; that there shall be no cellar under such building; and such building shall have no windows in its rear wall; that the space to the rear of the accessory building for a width of 30 feet and the depth of approximately 100 feet shall be left vacant but landscaped with suitable landscaping material and protected from the accessory building to the street line of 88th Street, where shown, with a woven wire fence of the chain link type on a masonry base to a height of not less than 5 feet, 6 inches; that pumps shall be erected not nearer than 15 feet to the street building line of Liberty Avenue; that gasoline storage tanks shall not exceed twelve 550 gallon approved gasoline storage tanks; that on the lot lines where the walls of the proposed accessory building do not occur, and where other walls of the masonry building on the lot line do not occur, there shall be erected a woven wire fence of the chain link type to a total height of not less than 5 feet, 6 inches of a masonry base; that such fence shall continue along 88th Street from the northerly lot line to a point equivalent to the front of the accessory building; that curb cuts shall be restricted to two curb cuts, where shown, each 30 feet in width to Liberty Avenue and one curb cut to 88th Street, where shown, not over 20 feet in width and within the first 30 feet from the front building line of Liberty Avenue as prolonged; that the sidewalks and curbing abutting the premises shall be constructed or repaired to the satisfaction of the Borough President; that where not occupied by accessory buildings and pumps the premises shall be paved, except for the landscaping area, with concrete or asphaltic pavement; that signs shall be restricted to permanent signs attached to the facade of the accessory building facing Liberty Avenue and the illuminated globes of the pumps, excluding all roof signs and temporary signs and advertising devices, but permitting the erection at the intersection of 88th Street and Liberty Avenue of one post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend at right angles to Liberty Avenue not more than 4 feet; that at such intersection a block of concrete shall be maintained for a distance of five feet from the intersection along both streets and twelve inches in height; that suitable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i for a similar term, there may be minor repairs with hand tools only maintained within the accessory building; that under Section 7e for a similar term, there may be parking and storage of motor vehicles provided such parking and storage is maintained on such portion of the station as will not interfere with the servicing of the station; that the owner may, upon notice to the Board, construct or cause to be constructed a building conforming in all respects to the requirements of the Zoning Resolution on that portion of this plot at the rear of the accessory building approximately 30' x 100' in size; when constructed the plot of such size may be taken from the gasoline station plot as may be permitted by amendment of this resolution to record such arrangements; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

572-58-BZ

APPLICANT—Ingram S. Carner, for Sutbro's Realty Corporation, owner; Shell Oil Company, lessee.

SUBJECT—Application October 3, 1958—decision of the Borough Superintendent, under sections 7f, 7i and 7A of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, office, sale of auto accessories, car washing—non automatic, minor automobile repairs with hand tools only, lubritorium, storage and parking and storage of more than five (5) motor vehicles waiting to be serviced for a stated term of fifteen (15) years.

PREMISES AFFECTED—2472-2484 Knapp Street and 3111-3121 Avenue Y, northwest corner, Block 7429, part of Lot 16, Borough of Brooklyn.

APPEARANCES—

For Applicant: Ingram S. Carner.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 17, 1959 after due notice by publication in the Bulletin; laid over to March 10, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Knapp Street are in a retail use, D area class 1 height district; Avenue X and Avenue Y are in retail and residence use, D area, class 1 height districts; Brigham Street is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 18, 1958 acting on amendment to N.B. Applic. No. 799-58, reads:

"1. Proposed gasoline service station, lubritorium, car washing (non-automatic), auto repairs with hand tools only, office, storage, sale of accessories, parking of more than (5) five motor vehicles awaiting service located within a retail district is contrary to Art. 2 Sect. 4-A of Zone Resolution.

2. Proposed show windows, curb cuts and signs within 75 feet of a residential zone is contrary to Art. 2 Section 7A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 120 feet frontage by 100 feet in depth, presently vacant; that it is proposed to erect a modern gasoline service station, office, sales of auto accessories, non-automatic car wash, minor automobile repairs with hand tools only, lubritorium, storage and parking, and storage of more than five motor vehicles awaiting service; and

WHEREAS, the applicant states that there is an economic demand for development of the subject premises as proposed, as the property is located along Knapp Street which is a wide and heavily trafficked automobile thoroughfare; that the premises could be developed substantially as proposed so as to yield a fair return on the owner's investment, and a major oil company has entered into a purchase and/or lease agreement of the premises, conditioned on its development as proposed; that the proposed use would not alter the essential character of the neighborhood as the premises is situated in a retail use district and is across the street from an unrestricted use district; that a grant of the proposed application would not affect values of nearby properties; that the subject premises is zoned for retail use, and a variance, subject to the numerous conditions and safeguards customarily imposed by the Board will safeguard adjoining properties to a far greater extent than if the property were to be developed with a conforming use; that the proposed building, being set back more than 65 feet from the Knapp Street building line will insure greater traffic safety by giving clear visibility to traffic at the intersection, whereas a conforming use structure could theoret-

MINUTES

cally be built flush to the building lines at the corner, partially obscuring the intersection and thereby endangering traffic; that the proposed gas station would not create any additional traffic but would be supported by the heavy automobile traffic which now exists; that the proposed uses of the premises would provide more light and ventilation to adjoining properties than if the premises were to be developed with a conforming use; that the building is limited to one story, 14 feet in height and approximately 1600 square feet in area; that a conforming use structure could theoretically be erected to occupy an area of approximately 7300 square feet or 60% of the area of the lot; that a conforming use structure could theoretically be erected to a height of 87 feet 6 inches along the Knapp Street building line, whereas the proposed structure is limited to only one story, 14 feet in height; and

WHEREAS, the applicant contends that a grant of this application would do substantial justice in that it would permit the property to be developed for the only beneficial manner for which there exists an economic demand, without adversely affecting anyone and without altering the essential character of the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since June 27, 1952 and that the assessed valuation of land is \$3,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, i and A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7f for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and lawful accessory uses thereto, substantially as proposed and indicated on plans filed with this application marked, "Received October 3, 1958," 6 sheets, on condition that all uses now on the premises shall be removed and the premises shall be arranged as indicated on such plans; that along the lot line to the east there shall be erected a masonry wall not less than 5 feet, 6 inches in height with suitable terminating posts; that along the northerly lot line there shall be erected and maintained a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches and with suitable terminating post at the building line; that the accessory building shall be in the location and of the design and arrangement as shown, and that area of the accessory building for the full length from rear to Avenue Y shall be maintained as a planting area with suitable planting material and properly protected by curbing of the width as shown; that the accessory building shall be of the design and arrangement as proposed, without cellar; that the doors to exterior toilet rooms shall be rearranged so that the doors thereto shall not be contiguous; that such building shall be faced with face brick on all sides; that signs shall be restricted to permanent signs attached to the front facade of the accessory building, excluding the pylon shown and all roof signs, but permitting the illuminated globes of the pumps and the erection of a post standard for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale, and extending beyond the building line at right angles to Knapp Street for a distance of not over 4 feet; that no other signs shall be erected on the premises than that as herein permitted and no rotary signs shall be allowed; that there shall be no advertising devices displayed on the premises; that curb cuts shall be restricted to two curb cuts to Avenue Y, each 30 feet in width, as shown, and one of similar width to Knapp Street with no portion of the curb cuts nearer than 5 feet; that within the intersection there shall be a block of concrete extending for a distance of 5 feet along either building line from the intersection and not less than 12 inches in height; that such portable fire-fighting appliances shall be maintained

as the Fire Commissioner shall direct; that there may be parking of cars waiting to be serviced; that under Section 7i there shall be for a similar term minor motor vehicle repairs for adjustments with hand tools only maintained solely within the accessory building; that under Section 7A any curb cuts or signs found contrary to such section may be permitted provided the requirements of this resolution are complied with; that during the term of this variance the premises shall be occupied for no other uses than the use herein permitted; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

573-58-BZ

APPLICANT—Victor G. Madonia, for George Burburan, owner.

SUBJECT—Application filed October 3, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a local retail and residence use district, the extension of parking facilities for patrons and employees into the residence portion of the plot for a period of fifteen (15) years.

PREMISES AFFECTED—158-06 Northern Boulevard and 40-02 158th Street, southeast corner, Block 5277, Lot 16, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Victor G. Madonia and George Burburan.

For Opposition: Bertram Kassam.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 3, 1959 after due notice by publication in the Bulletin; laid over to March 3, 1959, for inspection and decision; applicant to file additional plan showing proposed curb cuts, walls and fences; hearing closed; then to March 10, 1959, for inspection and decision; applicant to file revised plan as to entrances; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 158th Street and 159th Street are in local retail and residence use, D and G-1 area, class 1 height districts; Northern Boulevard is in a local retail use, D area, class 1 height district; Depot Road is in a residence use, G-1 area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 23, 1958 acting on amendment to Alt. Applic. No. 1692-58, reads:

"1. The proposed extension of the parking of employees and patrons cars into the residence portion of the lot is contrary to Art. 2 Sec. 3 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 105.10 feet frontage by 126.12 feet and 156.70 feet in depth, on which is located a two story building, 73 feet 6 inches front by 70 feet deep, with a 32 by 24 foot, one story rear extension; that this building is used as a restaurant, bar and catering establishment on the first floor and a one family dwelling on the second floor; that the retail use portion of the affected plot has limited parking facilities for patrons and employees at the rear and west sides, and the remainder, which lies in the residential use district, is occupied by an existing two car frame garage; that it is proposed to demolish the existing two car garage and extend the limited parking facilities to the rear line of the affected plot; that the property will be levelled to the grade of the abutting streets and will be surfaced with steam cinders, treated with a binder and properly rolled; that the portion of the affected plot to be used for the parking facilities will be enclosed with a solid, rustic type cedar fence, 5 feet high; that suitable bumpers will be provided at all points to protect the fence; and

WHEREAS, the applicant states that the affected plot is

MINUTES

located in a congested business area, where parking space is not easily available to the public; that this is due to the fact that Northern Boulevard is a busy thoroughfare used by both local and through traffic, and because no public parking fields are available within the affected area; that the type of business conducted by the owner of the affected premises is one in which the availability of parking space for patrons is essential to its success; that because of the very high assessed valuation of the land, it is not economical for the owner to use the residential portion of the plot solely for the existing two car garage, more so, since the space is sorely needed to promote the success of the business by the owner; and

WHEREAS, the applicant contends that the proposed extension of the existing parking facilities will not only alleviate the parking problem for the public within the affected area, but will also relieve the owner of the severe hardship of paying high taxes for the residential portion of the affected plot, which is, in effect, wasted; and

WHEREAS, the applicant states that the present owner has held title to the property since May 24, 1954; that the assessed valuation of land is \$27,200 and of the building \$30,300 making a total of \$57,500; that the building was erected in 1919; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the premises where not built upon to be occupied where proposed for the parking of motor vehicles belonging to employees and patrons of the restaurant, substantially as shown on plans filed with this application, marked "Received October 3, 1958", 3 sheets, and revised plan marked "Received March 5, 1959", 1 sheet, *on condition* that the existing accessory garage shall be removed and this portion of the premises shall be surface with clean gravel or steam cinders treated with a binder and properly rolled; that suitable fences shall be maintained on the lot line to the east except that within the residence district a masonry wall shall be erected continuously along the portion in the residential district to the east and along the side lot line to a point approximately 55 feet from the rear, as shown on such revised plan above cited; that such wall shall be of brick masonry, properly coped; that outside such wall there shall be shrubbery as proposed with curbing, including the street line along 158th Street; that the curb cut now existing on 158th Street may be retained, but gates shall be constructed and maintained so that this entrance shall not be used normally at that point; that the exit and entrance of cars shall be solely from Northern Boulevard except on such occasions as additional entry is required, in which case the entrance on 158th Street may be used; that no other cars shall be stored on such lot than those hereinbefore permitted; that such portable firefighting appliances shall be maintained as the Fire Commissioner shall direct; that a sign stating the permitted use for private parking may be maintained at the building line, provided such sign does not exceed five square feet in area, is not illuminated and does not extend beyond the building line; that opposite such entrance to Northern Boulevard there may be a curb cut not over ten feet in width; that a gate shall be maintained at the building line, which shall be kept closed when the restaurant is not in operation; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

606-58-BZ

APPLICANT—Randolph M. Smith, for Anthony and Ernest Caputo, owners.

SUBJECT—Application October 23, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the

maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles on a monthly and transient basis.

PREMISES AFFECTED—370-372 Lefferts Avenue, south side, 416 feet, 2 $\frac{3}{8}$ inches east of Nostrand Avenue, Block 1330, Lots 21 and 22, Borough of Brooklyn.

APPEARANCES—

For Applicant: Randolph M. Smith.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox

Negative:

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 17, 1958 after due notice by publication in the Bulletin; laid over to March 10, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, C area, class 1 $\frac{1}{4}$ height district; Lefferts Avenue and Lincoln Road are in residence, local retail and retail use, C area, class 1 $\frac{1}{4}$ height districts; New York Avenue is in a retail use, C area, class 1 $\frac{1}{4}$ height district; Nostrand Avenue is in a local retail use, C area, class 1 $\frac{1}{4}$ height district; and

WHEREAS, the decision of the Borough Superintendent, dated October 17, 1958 acting on Alt. Applic. No. 2778-58, reads:

"1. Parking of motor vehicles in a Residence use district is contrary to Art. II Sec. 3 of Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 40 feet frontage by 100 feet in depth; that it is proposed to use this site for parking for up to twenty cars; that this area is a very congested one, with no available space for short time parking; that the avenues are so crowded that double parking has occurred numerous times; that the surrounding large apartment houses have preempted much of the streets for tenant parking; and

WHEREAS, the applicant further states that if one man moves his car, he cannot find a place to park when he returns, and accordingly some of the tenants have asked the owners to rent them space on this site on a monthly basis, so that they will not be forced to find parking space on a haphazard basis; that there is a legal parking lot next door to the owners' house, but that lot is always full; that Lefferts Avenue has no space for parking as can be seen from photographs submitted with this application; and

WHEREAS, the applicant contends that the owners live next door and they do not wish to put up a temporary shed as one of them will always be available to attend to the parking lot; that they will protect the adjoining property with suitable bumpers and fence in the property where no buildings exist; that the grade will be levelled off and rolled and compacted with steam cinders and a suitable binder; that in front, a woven wire fence 5 feet high exists, with a 14 foot gate; that a 6 foot curb cut with a 1 $\frac{1}{2}$ foot splay each way will be constructed; and

WHEREAS, the applicant states that a Fire Department violation exists, and has been filed with this application; and

WHEREAS, the applicant states that the present owners have held title to the property since October 1, 1957 and that the assessed valuation of land is \$4,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the premises to be oc-

MINUTES

cupied for the parking and storage of five motor vehicles limited to motor vehicles of the pleasure-car type substantially as proposed and indicated on plans filed with this application marked, "Received October 23, 1958," 1 sheet, "January 22, 1959," 2 sheets, *on condition* that the plot shall be leveled substantially to the grade of Lefferts Avenue and shall be surfaced with clean gravel, treated with a binder and properly rolled; that on the interior lot lines there shall be erected a woven wire fence, where the masonry walls of adjoining buildings do not occur, to a total height of not less than 5 feet, 6 inches; that a similar fence shall be erected on the rear lot line and a similar fence shall be erected on the front lot line with no entrance therein, except a gate not over 10 feet in width with a curb cut opposite of similar width; that during the time that this parking lot is not in operation the gates shall be kept closed; that suitable bumpers shall be maintained along the fence for protection; that suitable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to one sign attached to the fence near the entrance, advertising the parking and the rates charged and such other information as may be required by the Commissioner of Licenses; that such sign shall not exceed five square feet, shall not be illuminated and shall not extend beyond the building line; that during the term of this variance the premises shall be occupied for no other use and no building erected thereon; and that all permits shall be obtained and all work completed within six months from the date of this resolution.

609-58-BZ

APPLICANT—M. Martin Elkind, for Marie Roody, owner.

SUBJECT—Application October 24, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—40-14 80th Street, west side, 100 feet south of Roosevelt Avenue, Block 1490, Lot 12, Jackson Heights, Borough of Queens.

APPEARANCES—

For Applicant: M. Martin Elkind.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 17, 1959 after due notice by publication in the Bulletin; laid over to March 10, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 41st Avenue are in a residence use, B area, class 1½ height district; 79th Street and 80th Street are in residence and business use, B area, class 1½ height districts; Roosevelt Avenue is in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 26, 1958 acting on Alt. Applic. No. 1325-58, reads:

"1. Proposed use of land located in a Residence use district for parking and storage over five (5) motor vehicles is contrary to Article II section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 29.5 feet frontage by 100 feet in depth, presently vacant, bound on the north by a row of two-car garages, located at the rear of the business property facing Roosevelt Avenue; that on the west the property contains a four story multiple dwelling; that on the south is the property and two family dwelling owned by the same owner as the

subject premises; that it is proposed to prepare and treat the ground surface, installing fencing and curbing and such other work as required in conformance with parking regulations; and

WHEREAS, the applicant states that although the subject premises are located in a residential district, the nature of the immediate vicinity and the block on which the property is located is one of traffic congestion and saturation of car parking; that this situation is due to the fact that the property is located 100 feet from Roosevelt Avenue and two blocks from 82nd Street, both main business and shopping streets in this vicinity; that there is a large day time working population in this area and the need for parking facilities is very great; that furthermore, the recently opened Elmhurst General Hospital is one block distant and has greatly added to the constant need for parking facilities; and

WHEREAS, the applicant contends that the character of the immediate surrounding area on the subject block will not be adversely affected by the proposed parking; that the property immediately surrounding the subject premises consists of the following: on the north there is business property with a row of two-car garages located on the common lot line and on the west there is a four story apartment house; that to the south is located the property of the same owner as subject premises, containing a two family dwelling and two-car garage; that at the southern end of this block, there is now under construction, on both sides of the street, two large six-story apartment buildings, which upon completion will no doubt also contribute to the parking problem in this area; that although the proposed parking facility is quite small in number of cars, any off street parking space is greatly needed; that this property, by reason of its location, would not economically warrant improvement with a conforming building, and the proposed parking use would be logical for this property without detriment to any affected owner; and

WHEREAS, the applicant states that the present owner has held title to the property since October 22, 1954 and that the assessed valuation of land is \$4,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the plot to be occupied for parking and storage of motor vehicles, limited to the pleasure-car type only, substantially as proposed and indicated on plans filed with this application marked, "Received October 24, 1958," 2 sheets, "January 21, 1959," 1 sheet, *on condition* that all buildings and uses on the premises shall be removed and the premises shall be leveled substantially to the grade of 80th Street and shall be surfaced with clean gravel, treated with a binder and properly rolled; that along the rear lot line the retaining wall one foot, eight inches in height with existing wood fence thereon, found to be in good structural condition by the Borough Superintendent, may be retained; that along the side lot lines there shall be erected a woven wire fence of the chain link type on a masonry base not less than 5 feet, 6 inches in total height; that a similar fence shall be constructed on the street building line, except for an opening for entrance and exit, not exceeding 10 feet, with a curb cut opposite shall be of similar width; that the fence as above required on the southerly side may be omitted from the garage to the street line to permit exiting from the two-car accessory garage of the adjoining house to the street through the parking lot, provided that at no time shall the cars parked on Lot 12 extend over the lot line to encroach on Lot 13; that signs shall be restricted to a permanent sign attached to the fence, advertising the parking and storage use and rates charged and such other information as may be re-

MINUTES

quired by the Commissioner of Licenses, and such sign shall not exceed five square feet, shall not be illuminated and shall not extend beyond the building line; that sidewalks and curbing in front of the premises shall be constructed or repaired to the satisfaction of the Borough President; that suitable timber bumpers shall be maintained along the side lot lines and rear and against the fence at the front for protection thereto; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that during the term of this variance the premises shall be occupied for no other use as herein permitted; and that all permits shall be obtained, including a Certificate of Occupancy, and all work completed within six months from the date of this resolution.

659-58-BZ

APPLICANT—George H. Colin, for Cities Service Oil Co., owner.

SUBJECT—Application November 3, 1958—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a business use district, the reconstruction of an existing gasoline service station, retail sales, and minor motor vehicle repairs by extending the uses to include car laundry and lubritorium, and by erecting a new accessory building, installing additional gasoline tanks and a new pump island.

PREMISES AFFECTED—1398-1410 Eastern Parkway, northeast corner of Pitkin Avenue, Block 1475, Lot 35, Borough of Brooklyn.

APPEARANCES—

For Applicant: Benjamin Mosher, Gerard F. Reninger and Sam Gluckman.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinfert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 17, 1959 after due notice by publication in the Bulletin; laid over to March 10, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Eastern Parkway, Pitkin Avenue, Lincoln Place and Howard Avenue are in a business use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated October 28, 1958 acting on N.B. Applic. No. 640-58, reads:

"1. Proposed new building and addition of uses to an existing gasoline service station to include the following: Gasoline service station, retail sales, car laundry, lubritorium and minor motor vehicle repairs, in a Business Zone, violates Art. II, PP. 4a, subsections 29 and 46 of the Zoning Resolution. Note—Premises were subject of a Bd. of Standards and Appeals variance under Cal. #628-27-A."

and

WHEREAS, the applicant states that the premises consist of a plot, 130 feet frontage by 70 feet in depth, irregular, upon which is located a gasoline service station within a business use district; that it is proposed to demolish the existing structure and to erect, in lieu thereof, a new two bay service station building; that the proposed building has been adopted by the owner as one of its standard types throughout its marketing area; that it is to be 44 feet by 28 feet and is to accommodate, in addition to the office, two bays—one lube bay and one car wash bay—ladies' and men's rest rooms and a storage and heater room; that the construction is to be of class 3 type, with concrete foundations, masonry walls and wood roof; that it is believed that porcelain enamel facing is appropriate for this location and this type of exterior is therefore indicated; that the building will be of a canopy design and on the canopy, above the office, an illuminated

free standing sign is proposed; that one island with three pumps is proposed instead of the existing four pump island, with five additional 550 gallon gasoline storage tanks and one 550 gallon waste oil tank; that the entire premises will be paved; that the existing lift is to be removed and the existing wing wall will also be removed; that a new identification sign and pole are proposed instead of the existing ones; that no change is contemplated with respect to the existing four curb cuts, two of which are on Eastern Parkway and two on Pitkin Avenue; and

WHEREAS, the applicant states that Cities Service Oil Company has been interested in this property since it succeeded to the properties and assets of Warner-Quinlan Company in 1937, through reorganization proceedings under Section 77-B of the Bankruptcy Act, this property having been owned by real estate subsidiaries of Warner-Quinlan since 1927, and having been owned by Cities Service Oil Company, either in its own name or in the name of wholly-owned subsidiaries, since 1937; and

WHEREAS, the applicant further states that the gas station on these premises was erected in 1927, under N.B. Applic. No. 12207-27 and Certificate of Occupancy No. 47877 was issued on November 18, 1927 for a gas station and auto accessory office after Resolution of the Board dated June 21, 1927, under Cal. No. 628-27-A, referring to Fire Department records which indicated the existence of a permit in force on the entire premises for a gasoline selling station prior to the Zoning prohibition against gas stations in business districts; that at present the property is improved with a one story brick gas station building, irregular in shape, 15 feet by 19 feet, with a Spanish tile roof; that there are also on the property one 4-pump island, seven 550 gallon underground gasoline storage tanks, an outside hydraulic lift, a sign and pole, and a brick wing wall running from the intersection of the north and east property lines to the north edge of the rear wall of the building and from the south edge of the rear building wall to the intersection of the south and east property lines; and

WHEREAS, the applicant contends that Eastern Parkway and Pitkin Avenue are important vehicular thoroughfares, with ever-increasing traffic; that the station was erected in 1927, according to the standards and requirements of that day, and does not meet the present day requirements of either the public or progressive service station operation; that this application reflects the purpose of the owner to erect a modern gasoline service station in lieu of the existing station which has lapsed into obsolescence in the course of more than 30 years past; that the enclosed lubritorium will make available an appropriate, modern greasing facility to the advantage of the public, the property owner and the persons employed at the station; that operating personnel will work under more favorable conditions from the viewpoint of their health and safety, since they will not be exposed to bad weather conditions and will not have to contend with icy and wet pavement while servicing automobiles; that the proposed car wash bay is necessary by reasons of public demand for complete servicing facilities at one station; that in addition, necessary and appropriate storage room will be furnished and the rest rooms will afford the public modern, sanitary convenience of this nature; that in the over-all aspect, the proposed modernization will improve the general appearance of the neighborhood by substituting a service station building of handsome appearance and modern design for an outdated structure, and will also, for the same reason, tend to increase property values and the City's tax income; that the owner is at present under a special and unique hardship in respect to the property involved in this application; that by reason of its inability to effect the proposed improvements, and thereby increase its economic productivity, the owner is burdened with the full cost of carrying and maintaining this property and cannot realize the full economic potential of the property in order to defray such costs; that the granting of this application will not alter the essential character of the locality; and

WHEREAS, the applicant states that the present owner has held title to the property since May 5, 1955, and through affiliated corporations since 1927; that the assessed valuation

MINUTES

of land is \$19,000 and of the building \$3,000 making a total of \$22,000; that the building was erected November 18, 1927; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7c to permit the reconstruction of the lawfully existing gasoline service station substantially as proposed and as indicated on plans filed with this application marked "Received November 3, 1958", 6 sheets, on condition that all buildings and structures not proposed to be retained in accordance with such plans shall be removed and the premises shall be leveled substantially to the grade of the abutting streets and shall be reconstructed and rearranged as indicated on such plans as showing proposed conditions; that the accessory building shall comply with the requirements of the Building Code therefore and shall be faced on all sides with face brick and shall have no cellar; that there shall be no windows opening to adjoining premises to the east; that curb cuts as existing may be continued as shown provided no portion of any curb cut is nearer than five feet to a lot line as prolonged; that pumps shall be erected as shown and shall be of a low approved type; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that along the rear lot line where walls of adjoining buildings do not occur there shall be erected a masonry wall not less than five feet six inches in height, where a wall is required; that under Section 7i there may be minor repairs for adjustments only with hand tools, maintained solely within the accessory building; that signs shall be restricted to permanent signs attached to the front facade of the accessory building and to the illuminated globes of the pumps excluding all roof signs and temporary signs and advertising devices but permitting the erection at the intersection of a post standard for supporting a sign, which may be illuminated and which may have two leaves provided each leaf does not extend over the building line for a distance of not more than four feet advertising only the brand of gasoline on sale and precluding all other signs; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the premises, where not built upon, or occupied by pumps, shall be paved with concrete or asphaltic pavement; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall require; and that all permits shall be obtained and all work—completed within the requirements of Section 22A of the Zoning Resolution.

663-58-BZ

APPLICANT—Leonard F. Rothkrug, for Northern Studios, Inc., owner.

SUBJECT—Application November 14, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the change in use from stables and storage to a factory for manufacturing of metal products with accessory office and caretaker's apartment in another building on the same lot formerly used as a one family dwelling all for a temporary term of ten (10) years.

PREMISES AFFECTED—25-52 Crescent Street, west side, 140.76 feet north of Astoria Avenue, Block 872, Lot 76, Astoria, Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: Commissioner Fox 1
THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 17, 1959 after due notice by publication in the Bulletin; laid over to March 10, 1959, for inspection and decision; applicant to file more complete plans; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Hoyt Avenue are in a residence use, D area, class 1 height district; Crescent Street and 23rd Street are in residence and business use, D area, class 1 height districts; Astoria Boulevard is in a business use, D area, class 1 height district; that there have been no changes in zone since July 25, 1916; and

WHEREAS, the decision of the Borough Superintendent, dated October 22, 1958 acting on Alt. Applic. No. 135-58, reads:

"1. Proposed change of use of a structure (Bldg. #1) used for stables & storage to factory in a residence zone is contrary to Art. II Sec. 3 of Zoning Resolution.

3. Proposed change of use of a structure (Bldg. #3) used for dwelling to offices and drafting rooms on the first floor and caretakers apartment on second floor in a residence zone is contrary to Art. II Sec. 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 50.04 feet frontage by 200.17 feet in depth, on which is located three buildings—a rear building, two stories, 26 feet 10 inches in height erected under N.B. Applic. No. 1317-12, in 1912, 50 feet by 70 feet irregular in area, used and occupied at the time of erection as a stable—wagon room with hay and feed loft and storage on second floor—and changed to factory use in 1930 under Certificate of Occupancy No. 1823—factory on the first floor; a front building altered under Alt. Applic. No. 685-09 from one to two stories and used as a one family dwelling; that the third building was erected under N.B. Applic. No. 17713-24 as a garage for four cars accessory to dwelling; that it is proposed to occupy the three buildings conjunctively for the manufacturing of metal products; and

WHEREAS, the applicant states that the premises is presently used substantially as proposed herein; that the owner purchased these premises on August 29, 1930 and has used the premises for metal products manufacturing since that time; that at the time of purchase application was made to the Department of Buildings for a Certificate of Occupancy to permit the factory use, and the Department issued Certificate of Occupancy No. 1823 on the existing building to permit factory use on the first floor of the rear stable building; that the neighborhood was fully developed prior to the effective date of the Zoning Resolution, so that the factory use could have been established without a variance; that moreover, the owner has occupied the premises since 1930 and first violation was issued in 1957—over 27 years later; that the proposed use is more desirable to the community than the stables which were permitted when the building was erected; that it is not proposed to change the exterior of the buildings and there will be no change from that which has existed for almost thirty years; and

WHEREAS, the applicant contends that the existing Certificate of Occupancy for factory uses may have been issued by the Department of Buildings in error; that however, the owner believed that, since the change of use from stables to factory was from a non-conforming use to another less obnoxious use, it was permitted; that the premises cannot be economically used for a conforming use; that the owner has converted the premises for factory use and in almost thirty years has invested a considerable sum to maintain that use; that the front building is the only one not covered by the Certificate of Occupancy to factory use, and this front building is proposed to be used as an office and caretaker's apartment on the second floor; and

MINUTES

WHEREAS, the applicant states that the present owner has held title to the property since August 29, 1930; that the assessed valuation of land is \$6,000 and of the building \$14,000 making a total of \$20,000; that the buildings were erected in 1912; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted provided the requirements of Cal. No. 664-58-A are complied with; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of ten years to permit the rear building as a factory for manufacturing metal products, with accessory office and caretaker's apartment in the front building on the same lot, formerly used as a one family dwelling substantially as proposed and as indicated on plans filed with this application marked "Received November 14, 1958", 6 sheets, and "March 6, 1959", 4 sheets, *on condition* that the buildings shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto and as required under 664-58A; that suitable fences shall be maintained on the lot lines as the Borough Superintendent shall require; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

664-58-A

APPLICANT—Leonard F. Rothkrug, for Northern Studios, Inc., owner.

SUBJECT—Application November 14, 1958—Appeal from a decision of the Borough Superintendent, re egress, frame structure, business use.

PREMISES AFFECTED—25-52 Crescent Street, west side, 140.76 feet north of Astoria Avenue, Block 872, Lot 76, Astoria, Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, and Commissioner Sleeper.. 4

Negative: Commissioner Fox 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 22, 1958 on Alt. Applic. 135/58, reads:

"2. Provide two legal means of egress as per Sect. 270. Labor Law."

and

WHEREAS, the applicant states that the premises consist of a lot 50.04 feet by 200.17 feet in area, located in residence use, D area, class 1 height district, upon which are located three buildings: (1) A rear building—2 stories, 26 feet 10 inches in height, 50 feet by 70 feet in area, class 3 construction, built under N.B. Applic. 1317/12 as a stable, later Certificate of Occupancy 1823/30 gives use and occupancy; 1st floor—factory, no persons; 2nd floor—not stated; (2) a one story, 18 feet by 40 feet, class 5 construction—garage; (3) a front building—2 stories in height, 18 feet by 47.85 feet in area, of frame construction, built prior to 1900 as a one story dwelling and altered under Alt. Applic. 685/09 to a two story dwelling, occupied since 1930 by offices, with 5 persons on the 1st floor and caretaker's apartment on the 2nd floor; and

WHEREAS, the applicant proposed to establish the following uses and occupancy; that all 3 buildings to be used conjunctively for the manufacture of metal products; that building #1—1st floor—factory, 6 persons; building #1—2nd floor—factory, 6 persons; building #2—4 car garage; that building #3—1st floor, offices, 5 persons; building #3—2nd floor—caretaker's dwelling; and

WHEREAS, the applicant proposes to enclose the rear wood 3 foot 6 inch interior stair in 1 hour partition with fireproof self-closing doors top and bottom; that the 2nd egress by present 3 foot 8 inch wide front exterior steel stairs; that the two exits from the 1st floor will be through the 3 foot 8 inch by 5 foot 10 inch existing door and a new 3 foot 7 inch door near the north wall of the building; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal should be granted on condition.

Resolved, that the decision of the Borough Superintendent, dated October 22, 1958, acting on Alt. App. 135-58, Objection No. 2 be and it hereby is *modified* and that the appeal be and it hereby is *granted* on condition that there shall be maintained within the rear building the enclosed stairway and, in addition, the proposed exterior stairway at the front of the building with exit to the street; that the enclosed stair shall have a means of exit through the rear of the building to an adjoining lot, permission for which shall be filed with the Borough Superintendent, which will give access through such lot to the street; that in all other respects the requirements of the resolution as adopted this day under Calendar number 663-58-BZ shall be complied with.

703-58-BZ

APPLICANT—A. L. Seiden, for Sea Crest Inc., owner; Sylvia Parking Co., and Abraham Dollinger, lessees.

SUBJECT—Application December 3, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a restricted retail use district, the maintenance of a parking lot for more than five (5) motor vehicles of the pleasure car type.

PREMISES AFFECTED—65 West 55th Street, north side, 152.8 feet east of Avenue of The Americas (6th), Block 1271, Lot 7, Borough of Manhattan.

APPEARANCES—

For Applicant: A. L. Seiden.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 17, 1959 after due notice by publication in the Bulletin; laid over to March 10, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a restricted retail use, B area, class 1½ height district; West 55th Street and West 56th Street are in restricted retail use, B area, class 1½ height districts; Avenue of the Americas is in a retail use, B area, class 1½ height district; that the zone was changed from retail to restricted retail on July 6, 1948; and

WHEREAS, the decision of the Borough Superintendent, dated November 12, 1958 acting on Alt. Applic. No. 1633-58, reads:

"1. Proposed use of lot in restricted retail district as "Parking and storage of motor vehicles and 10 x 10 x 10 temporary frame shelter" not permitted. PP. 4B Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 57 feet 6 inches frontage by 100 feet 5 inches in depth; that it is proposed to use this vacant lot for parking of pleasure cars; that the lot will be enclosed in a woven wire fence 6 feet high, except at abutting brick walls of adjacent buildings, where substantial bumpers will be set; that curb cut at street will be provided as shown, and attendant's shelter will be installed; and

WHEREAS, the applicant states that the present owner has purchased the adjoining building to the east at 61 West 55th Street, for the purpose of eventual demolition

MINUTES

and additional plottage assembly for future building, but it will require approximately five years before possession can be had and plans completed for such project; that in the interim, in order to pay taxes on this land, parking is the only use to which it lends itself at the present time, and the present lessee is the holder of a five year lease for use as a parking lot; and

WHEREAS, the applicant contends that this lot is located in a no parking area, with parking prohibited on both sides of the street at all times; that there are no parking facilities in this entire heavily congested traffic area, surrounded by hotels, theatres and fine retail shops; that in view of the urgent need of easing this serious traffic congestion and the fact that parking space would be an immeasurable aid, it is requested that the Board grant this appeal for a period of five years; and

WHEREAS, the applicant states that the present owner has held title to the property since September 4, 1958 and that the assessed valuation of land is \$170,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the premises to be occupied for parking and storage of motor vehicles of the pleasure car type only substantially as proposed and as indicated on plans filed with this application marked "Received December 3, 1958", 5 sheets *on condition* that during the term of this variance the premises shall be occupied for no other use and no building shall be erected thereon except there may be erected near the entrance, as shown, a building not over one hundred square feet in area and not over one story in height to be used only as an office and shelter for the attendant; that on the interior lot line where walls of adjoining buildings do not occur there shall be erected a woven wire fence on a masonry base to a total height of not less than five feet six inches with no openings therein; that a similar fence shall be erected on the street line except for an opening not over 14 feet in width with curb cut opposite of similar width; that suitable bumpers shall be maintained for protection to walls and fences; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the premises shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that signs shall be restricted to one sign attached to the fence near the entrances not exceeding five square feet in area and not illuminated and not extended beyond the building line advertising only the parking use and rates charged and such other information as may be required by the Commissioner of Licenses; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 4:00 P.M.

JOSEPH J. DOYLE, *Chief Clerk*.

REGULAR MEETING

TUESDAY AFTERNOON, MARCH 10, 1959, 2 P.M.

Present: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox.

725-49-SA

APPLICANT—Stewart-Warner Corporation, U.S. Machine Division, owner.

SUBJECT—Application October 14, 1949—Saf-Air Gas-fired Wall Heater, Models 8201, 8202 and 8203, approval of.

APPEARANCES—

For Applicant: R. Skanda, Harry C. Brown and B. C. Van Kampen.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 4

Negative: Vice Chairman Kleinert 1

THE RESOLUTION—

WHEREAS, members of the Board examined the appliance in the presence of a representative of the Gas Appliance Manufacturers' Association formerly with the American Gas Associations and familiar with their test procedures and a representative of the American Gas Association New York Office and also familiar with laboratory procedures; these representatives advised the Board that one hundred thousand or more of this type of unit have been installed and are in use and that they have no record of any fires due to the use; that the test specifications of the American Standard Association under which this type of gas heater has been approved was formulated by a committee which included representatives of the Underwriters Laboratories, Inc., and the National Fire Protection Association; that the Board has held two meetings with the above named representatives and has also conferred with one of New York's Gas Company who sell and install gas heaters of this type and who report complete satisfaction with their operation.

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 725-49-SA

Subject: Saf-Aire Gas Fired Wall Heaters, Models 8201, 8202 and 8203.

Stewart-Warner Corporation, U. S. Machine Division Lebanon, Indiana, filed October 14, 1949, an application with the Board of Standards and Appeals for approval of the Saf-Aire Gas Fired Wall Heater, Models 991-14 and 992-20 under the provisions of Article 12, Chapter 26, Administrative Building Code. On December 12, 1956, the Stewart-Warner Corporation, requested, by filing an application, that the original request be voided as the original models had been superseded by models 8201, 8202 and 8203.

Purpose

The appliances are gas fired wall heaters.

Description

The heaters are designed for installation on the interior sides of exterior walls of building which such walls are of combustible or incombustible construction.

Operation of the Saf-Aire Heater is extremely simple. The unit consists of an all-welded steel combustion chamber in which the gas flame is sealed from the room air. The combustion chamber is vented to the outside air through two passages. The lower passage provides an inlet for the air necessary to sustain combustion on the burner, and the upper passage provides an outlet for the products of combustion to escape to the outside air.

By using natural draft, the need for complicated vents or forced draft blowers is eliminated, and operation of the heater is greatly simplified. The heated gases rise to the top of the combustion chamber where they pass out through the exhaust vent and, in so doing, draw in fresh air to supply the burner at the bottom of the combustion chamber.

The Saf-Aire Recessed Heaters are equipped with atmospheric burners designed to burn natural, manufactured, or liquefied petroleum gases. The burner assembly is assembled as a single unit which can easily be removed from the combustion chamber for inspection or servicing.

The combustion chamber of 16 gauge ceramic coated inside and out and finned by 2" fins spaced 1/2" apart welded both front and rear, and burner assembly are surrounded by the air case rough-in box of 18 gauge galvanized steel

MINUTES

and room panel. This forms a convection jacket or channel for circulation of the room air. Room air enters the heater through the louvers in the bottom panel and flows upward where it is heated by contact with the fins on the combustion chamber. The heated air then passes out through the louvers, at the top of the room panel. The room air and combustion system are completely separated by the sealed combustion chamber and burner assembly, making it impossible for the air to become contaminated by noxious fumes from the burner assembly. No air is used from within the room for combustion, and no vapor is discharged into the room as a result of combustion. This insures purity of the room air and prevents the destructive results of moisture condensation which are so often associated with other types of heaters.

The patented concentric vent is another feature which contributes to the ease of installation and operating efficiency of the Saf-Aire Heaters. Because of the short distance which the flue gases are required to travel, it is possible to maintain the exhaust vent at a relatively high temperature without loss of heating efficiency. This, in turn, prevents any possibility of condensation within the vent and assures proper vent action at all times, regardless of temperature or wind conditions.

The controls are Robertshaw Type A and/or General Control, with wall thermostat and the controls are so designed that they fall safe so that pilot and main gas are shut off in case of failure.

Inspection and Test

Details of construction were examined by Ass't. Engr. J. A. Darts, Committee on Test. The appliances have been approved by the American Gas Association.

Recommendation

On the basis of the inspection and data filed by the applicant, The Committee on Test recommends the approval of the Saf-Aire Gas Fired Wall Heaters, Models 8201, 8202 and 8203 for use in New York City when installed in accordance with this report and the provisions of Article 12, Administrative Building Code and in addition when installed in multiple dwellings the pertinent sections of the Multiple Dwelling Law be complied with, provide that each heater bears a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 725-49-SA".

Re: Calendar Number 272-55-SA

Subject: Safti-Vent Gas Fired Wall Heaters, Models GW-16, GW-22, GW-30, GWT-16, GWT-22, GWT-30, GWR-8, and GWT-8.

H. C. Little Burner Company, Inc., San Rafael, California, filed March 28, 1955 an application with the Board of Standards and Appeals, for approval of the Safti-Vent Gas Fired Wall Heaters, Models GW-16, GW-22, GW-30, GWT-8, GWT-16, GWT-22, GWT-30, GWR-8, for use in New York City under the provisions of Article 12, Administrative Building Code.

Purpose

Wall Type gas fired room heaters.

Description

The Safti-Vent gas heaters are designed to be installed on the interior sides of exterior walls of buildings whether such walls are of combustible or incombustible construction.

The heaters are made up of a welded steel sealed combustion chamber housing a slotted port cast iron burner with pilot light and thermocouple. The controls used are a regulator valve, thermostat, automatic gas valve and manual gas control—Unitrol—and are within the outer casing adjacent to the combustion chamber.

The chamber is designed to be vented outdoors through the adjoining wall by means of a 3 inch galvanized flue pipe connected to the combustion chamber. The open end of this pipe on the outside of the building is protected with a cast aluminum vent cap assembly. All combustion air is supplied to the burner from outdoors through a 5 inch sheet metal galvanized pipe which is connected to a passage leading to the bottom of the combustion chamber. This 5 inch pipe is installed around the flue pipe. Finally a 6 inch sheet metal sleeve is secured to the unit and is the actual contacting surface with the wall. All three pipes are cut to size to fit the wall thickness.

For installation, a 7¼ inch diameter hole is cut into the outer wall equally spaced between wall studs and at a suitable height. The heater is removed from its outer casing and is fastened to the wall through the drilled holes on the angle frame. The outer sleeve pipe is secured to the heater by screws and projects through the wall opening. The combustion air pipe is then fitted in place from the outside and held in place by means of a flanged collar secured to the wall and caulked or mortared to the wall for tight seal. Finally the flue pipe is attached to the combustion chamber opening and by means of long screws. The vent cap assembly is secured to the flanged collar to make a rigid assembly.

Gas piping is then connected to the heater and after final adjustments the outer casing is replaced.

The GW Models which may be suffixed with the letter B are the standard wall models. The GWT are the thin line models which are flatter against the wall but correspondingly wider than the GW Series.

The GWR heater is a recessed type heater installed into walls but for smaller rooms such as a bathroom. The numeral in the model designation indicates in thousands the Btu input per hour.

MINUTES

Inspection and Test

A typical heater was inspected at 571 Third Avenue, Brooklyn, New York, by Ass't. Engr. G. F. Sklenarik, Committee on Test. Present was Mr. J. A. Arnao representing the applicant.

These heaters were tested and approved by the American Gas Association as recessed heaters. The applicant also submitted evidence that the largest unit, GWO30, had been tested by the Pittsburgh Testing Laboratory, California, for maximum surface temperature rise which was determined to be 82°F above room temperature—80°F.

Recommendation

On the basis of the inspection and the tests, the Committee on Test recommends the approval of the Safti-Vent Gas Fired Wall Heaters, Models GW-16, GW-22, GW-30, GWT-8, GWT-16, GWT-22, GWT-30, GWR-8 for use in New York City when installed in accordance with this report and the provisions of Article 12. Administrative Code and in addition when installed in multiple dwellings the pertinent sections of the Multiple Dwelling Law be complied with provided that each such heater shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 272-55-SA".

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 123-56-SA

Subject: Hunt Novent Gas-fired Heating Unit (for window or wall installation) Models W-20, W-355 and W-455.

Hunt Heater Corporation, Nashville, Tenn., filed February 1, 1956 an application with the Board of Standards and Appeals for approval of the Hunt Novent Gas-fired Heating Unit (for window or wall installation) to be manufactured under two trade names. Suburban Novent, Models N-20, N-35 and N-45, Dynavent, Models DN-20, DN-35 and DN-45 for use in New York City under the provisions of Article 12, Chapter 26 of the Administrative Building Code and pertinent sections of the Multiple Dwelling Law.

Purpose

Gas-fired heating unit for window or wall installation.

Description

The Hunt Novent Gas-fired Heating Unit to be manufactured under the trade names of Suburban Novent and Dynavent (for window or wall installation) are designed to be installed on the interior sides of exterior walls of buildings, whether such are of combustible or incombustible construction.

The heater consists of 20 gauge steel cabinet, external finish is baked on enamel and has 2 flue outlets, one on each side on exterior sides of cabinet near the top, with vent cap covers. Interior of cabinet has ½ inch thick glass wool foil backed insulation located on top, sides and front panel. Combustion chamber and heat exchanger is 20 gauge steel and seam welded throughout. Burner is slot type cast iron construction. The heater is a vent gas-fired heating unit designed for installation in windows or in outside walls without the use of additional vents, flues or chimneys. The heater employs a blower that circulates the heater air within the area being heated and also brings in fresh air for the combustion from outside and forces products of combustion from the unit through two rear exhausts. It takes no air for combustion from the area being heated.

Burner and blower are controlled by wall type, line voltage White-Rogers Thermostat #180-1. Other controls in the unit are as follows:

1. Pressure Regulator: Major controls No. H300-90-½ x ½.
2. 100% Safety Pilot: General Controls MR-4 Manual Reset Thermopilot valve with pilot takeoff.
3. Solenoid Valve: General Controls K-3N Appliance Gas Valve.
4. Thermocouple: General Controls 2600 F24.
5. High Limit Control: Thermodisc MR-1 #7713-L.
6. Fan Switch: Spence Thermostat C4370-1-22 Klixon Thermo-Snap Switch L 240-3.
7. Pilot Burner: General Controls #26 BL.

Blower unit is powered by Redmont #7605 Type W fractional horsepower motor.

No venting material is required because the unit has its own built-in self-contained venting system.

The heaters have a BTU input rating ranging from 20,000 to 45,000 BTU per hour.

No transformers is required because both the heating unit and thermostat operate on line voltage. It must be serviced by 115 volt 60 cycle alternating current. Appliance may be plugged into a 115 volt outlet or installed with rigid or semi-rigid conduit or metallic sheathed cable. The gas fitting is ¾ inch female. Proper pipe size must be computed in accordance with type of gas being used and length of run.

Pilot is of the fixed orifice and fixed primary air type.

For wall installation, wall opening should measure 16⅞" x 19⅞" with the longer dimension being horizontal. Adequate support for the heater should be provided through the use of a sole plate at the bottom of the opening and should extend the full thickness of the wall. Wall should also be adequately reinforced or braced at sides and top of opening.

After the opening is prepared and front gas inlet knockout removed, unit should be inserted from the inside and pushed back unit flange fits snugly against wall. It should then be fastened to wall with wood screws, using the holes provided. Next, the outside should be caulked to make the slight opening between the heater and the wall water tight.

MINUTES

After this is done the gas and electric connections should be made and the unit is ready for operation.

For double hung window installations, units should be located in the window equi-distant from the both side jambs. The bottom mounting flange fits immediately behind the window sill which the top flange comes in front of the bottom sash when it is lowered into position. Top flange may be secured to sash with wood screws if desired. Bottom flange may also be secured to sill in this manner if needed for more rigid installation.

Insulated filler panels should be installed on both sides of unit and sides of unit and secured in position by fastening to side flanges. After filler panels are in place a piece of sponge rubber stripping should be placed across the top of the heater and the filler panels to make a tight fit when sash is lowered into position. After this portion of the installation is made the gap between the upper and lower sash must be filled. To accomplish this the felt sealing strip must be cut to length and notched to fit around mullions; this is not necessary if window has only one large pane—and secured in place on top of the lower sash with the formed felt sealer retainer.

When window installation is complete gas and electric connections may be made as described above under "wall installation".

Inspection and Test

The heaters were tested and approved by the American Gas Association. The report is on file and is part of the report.

Recommendation

On the basis of the test and data filed by the applicant, the Committee on Test recommends the approval of the Suburban Novent, Models N-20, N-35 and N-45 and Dynavent, Models DN-20, DN-35 and DN-45 for use in New York City when installed in accordance with this report and the provisions of Article 12, Chapter 26 Administrative Building Code and in addition when installed in Multiple Dwellings the pertinent sections of the Multiple Dwelling Law be compiled with provided that each such heater shall bear a label, permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 123-56-SA."

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

454-58-SA

APPLICANT—Chattanooga Royal Company, owner.
SUBJECT—Application July 24, 1958—Royal DV-20 and DV-30, approval of.

APPEARANCES—

For Applicant. Marvin Leffler.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley,
Commissioner Sleeper and Commissioner Fox..... 4
Negative: Vice Chairman Kleinert..... 1

THE RESOLUTION—

WHEREAS, members of the Board examined the appliance in the presence of a representative of the Gas Appliance Manufacturers' Association formerly with the American Gas Association and familiar with their test procedures and a representative of the American Gas Association New York Office and also familiar with laboratory procedures; these representatives advised the Board that one hundred thousand or more of this type of unit have been installed and are in use and that they have no record of any fires due to the

use; that the test specifications of the American Standard Association under which this type of gas heater has been approved was formulated by a committee which included representatives of the Underwriters Laboratories, Inc., and the National Fire Protection Association; that the Board has held two meetings with the above named representatives and has also conferred with one of New York's Gas Company who sell and install gas heaters of this type and who report complete satisfaction with their operation; and

WHEREAS, the report of a Committee on Test reads.

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 454-58-SA.

Subject: Royal DV-20 and DV-30.

Chattanooga Royal Company, Chattanooga, Tennessee, filed July 24, 1958, an application with the Board of Standards and Appeals for approval of Royal DV-20 and DV-30 for use in New York City under the provisions of Article 12, Chapter 26, of the Administrative Building Code and pertinent sections of the Multiple Dwelling Law.

Purpose

Thru-the-wall vented gas-fired heater.

Descriptions

The heaters are designed for BTU input ranging from 20,000 to 30,000 BTU per hour.

These heaters are an assembly of parts, namely a cabinet, burners, heat exchanger and controls.

The combustion chamber and heat exchanger is constructed of 20 gauge cold rolled steel and has a silicone paint finish. The heater cabinet is of 22 gauge cold rolled steel.

The burner is of cast iron and has raised and drilled ports. These units contain fixed orifices.

All city gas units are equipped with a General Controls #V-300, small pressure regulator. The approved controls for use on these units are Baso #B-843-3 safety pilot, General Controls #B-60YS54B automatic gas valve, which is used in conjunction with a General Controls #T-80 wall thermostat, and Robertshaw #110-S unitrol, which is an automatic gas valve with thermostatic controls.

The DV-20 or DV-30 models may be installed on outside wall with over-all thickness ranging from 4 $\frac{5}{8}$ " to 12". A minimum of 2" is maintained on flue extension tubes.

If the DV-20 heater is installed so that the bottom of the cabinet is 6" above the floor level, add 6" to 19 $\frac{5}{8}$ ". If the DV-30 heater is installed add 6" to 19 $\frac{1}{4}$ ".

A hole of 6 $\frac{1}{2}$ " diameter is cut in the wall to receive the DV-20 heater and a hole of 8" for the DV-30 heater. The inside sealer plate is then attached in and around the hole by means of screws. Another hole is provided in the wall or through the floor for the gas supply line. Knockouts are provided in cabinet back for the gas supply line.

The inner unit assembly is installed by entering the vent into the sealer plate until the unit is flush against the wall. The unit is then secured to the wall with screws.

The air inlet extension is entered into the air inlet tube until the outside sealer plate is flush against the wall. Next the sealer is secured with four screws and caulk around the edges to insure a water tight seal.

The flue outlet extension is inserted over the flue outlet tube and the assembly is slid forward until the four spacer brackets are touching the outside wall. Then the assembly is secured to the wall with four screws.

If a "G" Model (wall thermostat) Control is being used on the heaters, proceed now to wire in the thermostat. Thermostat should be located approximately five feet above the floor level on an inside wall. Thermostat should not be located where it will be effected by other sources of heat, such as light bulbs, television, etc.

The cabinet is then set over the inner unit assembly so that the flange at the top of the cabinet rests behind the cabinet back. The cabinet is then tilted at the bottom to the left until the cabinet flange falls behind the offset in the cabinet back. The cabinet is then secured on the right side of the cabinet when the fan assembly kit is used. When

MINUTES

the "X" Model (Unitrol 110-S) control is being used on the heater, the thermostat bulb bracket is attached to the cabinet flange with two metal screws. When used, the remote control cable is installed first, then the louver door.

Inspection and Test

The appliances have been approved by the American Gas Association. The report is on file and is part of the report.

Recommendation

On the basis of the test and data filed by the applicant the Committee on Test recommends the approval of Royal DV-20 and DV-30 when installed in accordance with this report and the provisions of Article 12, Chapter 26, of the Administrative Building Code and in addition when installed in multiple dwellings this pertinent section of the Multiple Dwelling Law be complied with, provided that each heater bear a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 454-58-SA."

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,

APPLICANT—National Gypsum Company, owner.

SUBJECT—Application for consideration—reopening for report of added channels—re Gold Bond Masonry Wall Furring Bracket, Gold Bond Metal Lath and Lathing Accessories (for use in plastering operations); previously approved.

APPEARANCES—

For Applicant: John H. Waters.

ACTION OF BOARD—Application reopened for test and report.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

627-57-A

APPLICANT—American Can Company, owner.

SUBJECT—Application September 4, 1957—Appeal from an order and a decision of the Fire Commissioner re use of oil as heat transfer medium, not of approved type.

PREMISES AFFECTED—102-184 43rd Street, south side, from 1st to 2nd Avenues and from 43rd to 44th streets, Block 726, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: M. A. Nichols, R. N. Salisbury and G. M. Weir.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision and order of the Fire Commissioner, dated April 26, 1956 on Order No. 3171-6, reads:

"1. Discontinue the practice of using oil as a heat transfer medium or submit evidence to the Fire Commissioner that the Board of Standards and Appeals has approved the device using said oil within the City of New York."

and

WHEREAS, the applicant states that the building is six stories, 87.5 feet in height, 200 feet by 440 feet in area, of

fireproof construction, erected 1917 and 1927, located on a lot 204 feet by 700 feet in area, in an unrestricted use area, class 2 height district, used and occupied by the present owners since 1920 and 1927 as follows: basement—storage, 30 persons; 1st floor—shipping and receiving, packing and storage, 180 persons; 2nd floor—factory and storage, 300 persons; 3rd floor—factory and storage, 110 persons; 4th floor—factory and storage, 150 persons; 5th floor—factory and repair shop, 230 persons; 6th floor—factory, office cafeteria and medical department, 200 persons; that the building is provided with an approved standpipe system, an approved two-source sprinkler system throughout, an approved interior fire alarm system, and regular monthly fire drills are maintained; that there are six interior stairs, fireproof construction, from roof bulkhead to a street and six fire towers; and

WHEREAS, an engineer of the Board inspected the premises and reports as follows: that the system consists of three gas fire tube type International boilers, twelve milk carton manufacturing machines and the interconnecting piping and automatic controls; that the boilers are installed in the basement and the milk carton machines on the 2nd floor; that the heat transfer oil is purchased from the Socony Mobil Company as Mobiltherm 600, a heavy mineral oil with a minimum flashpoint of 350°F; that it is heated in the gas fired boilers to approximately 400°F and is then piped to the various machines where it is used to melt a special glue which is used to seal the milk carton edges together; that the temperature at the machines is held 375-380°F to prevent decomposition of the glue; that the oil temperatures are thermostatically controlled at the boilers and gas supply to the burners will shut off completely if the oil temperature should reach 450°F; that relief valves made by the Fisher Company are provided in the oil lines near each boiler and are set to relieve at 100 p.s.i.; that normal pressures between boilers and carton machines are maintained at approximately 45 p.s.i. on the high side and approximately 20 p.s.i. on the suction side at the pumps; that an expansion tank, open to atmosphere outdoors, is installed on the 3rd floor as part of the system and is approximately 43 feet above the level of the pumps; that this tank is provided with a mercoid switch level control which would stop the system in case of excessive loss of liquid level in the tank; that all piping is heavily lagged and adequately supported; that joints are either flanged or welded; and

WHEREAS, the premises was inspected by a committee of the Board, which recommended that the appeal be granted with the specific understanding that the conditions as approved are permitted, because the conditions found on inspection to present every safeguard.

Resolved, that the decision of the Borough Superintendent, dated April 26, 1956, acting on Order #3171-6, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the use of oil as proposed, *on condition* that the temperature of such oil shall not exceed approximately 400 degrees; and that all safeguards proposed shall be maintained and that the sprinkler system, standpipe, fire alarm and monthly drills shall be maintained to the satisfaction of the Fire Commissioner and that the requirements of all resolutions adopted by the Board as to prohibition of smoking, storage and use of inflammable materials, enclosure of elevators and other requirements shall be complied with and conditions permitted, maintained to the satisfaction of the administration official.

Sleeper 2
Negative: Commissioner Foley 1
Absent: Chairman Murdock 1

THE VOTE TO GRANT—MARCH 10, 1959—

Affirmative: 0
Negative: Chairman Murdock, Commissioner Fox 2

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, on Alt. Applic. 1760-56, dated July 23, 1958, reads:

"1. The proposed change in use from storage, office, church, practice room and bed room to storage, kitchen, office, print shop, boiler room, garage and parking, class room and church, practice room and recording of a structure on a lot in a residence use district on the ground that this is an eleemosynary institution is contrary to Art. 2 Sec. 3 of the Z.R."

and

WHEREAS, the applicant states that the building is 2 stories and attic, 25 feet in height, 32 feet 1 inch by 36 feet 1¼ inch in area, of class 3 construction, erected in 1909 as a one family dwelling located in residence use, F area, class 1 height district, and used and occupied since 1925: Cellar—storage, 1st floor—office, mail room, garage and parking, 20 persons; 2nd floor—chapel and office, 30 persons; attic—office, music room and recording room, 10 persons; that it is proposed to build a 2 story class 1 extension and change the architecture of the building to an attractive ecclesiastical style; that the size of the altered building will be 87 feet 1 inch by 54 feet 10 inches; that the use and occupancy will be as follows: Cellar—storage, printing shop, kitchen, dining room and boiler room, 40 persons; 1st floor—offices, storage, file room, garage and parking, 60 persons; 2nd floor—chapel, offices, classrooms, 120 persons; attic—offices, music room and recording room, 10 persons; that the applicant requested a ruling from the Borough Superintendent, and he adhered to his original determination with the following decision:

"There is no clear decision by the courts that a building used primarily as an office building by a religious institution conforms to the requirements of Article II, Section 3, of the Zoning Resolution. In consideration of the ambiguity mentioned above, the objection is sustained."

That Article II, Section 3 of the Zoning Resolution prohibits the erection in a residence district of any building except one arranged, intended, or designed for one or more of the following uses, and includes

"(5) Philanthropic or eleemosynary uses or institutions, other than correctional institutions."

That the question for determination, therefore, is whether the applicant is a philanthropic or an eleemosynary institution, or its property is put to philanthropic or eleemosynary uses; that perhaps the quickest answer to that question is the fact that the property is exempt from all taxes by the City of New York; that the applicant, Faith For Today, Inc., was incorporated on June 17, 1952 under the Membership Corporation Law; that its Certificate of Incorporation was approved by Honorable L. Barron Hill, Justice of the Supreme Court, on June 9, 1952 and was further approved under Section II, Article 2 of the Membership Corporations Law by the Commissioner of Education of the State of New York on June 17, 1952, and then was filed in the Queens County Clerk's office on June 30, 1952 under the number 1345 of 1952; that the allegations in the file of the Superintendent of Buildings that Faith For Today, Inc., is a stock corporation are deliberate misstatements of fact; that the Certificate of Incorporation shows that the purposes of the corporation are the following:

"To conduct religious services through the medium of television or radio, to operate and maintain a school

for the teaching of the Holy Bible, to operate and maintain facilities for the teaching and furtherance of moral and religious knowledge through the medium of correspondence and all other instrumentalities and methods, appropriate and available for and tending to the advancement of such ends and aims."

That Faith For Today, Inc., is a non-profit religious organization, whose funds are derived solely from contributions and no part of those funds inures, directly or indirectly, to the profit of any individual or corporation; that Faith For Today, Inc., which is a branch of the Seventh-Day Adventist denomination, sponsors both a radio and a television program; that the purpose of which is to aid in the moral and spiritual upbuilding of our nation through the teaching of the Holy Scriptures and the preaching of the Word of God; that Faith For Today does the same work that any average church does; that it preaches the Word of God; that for this work it uses television; that it teaches the Word of God: that for this work, instead of Sunday School classes it teaches through means of Bible Correspondence Courses, and last it offers spiritual counsel; that to carry on these services modern mailing facilities are necessary such as postage meters and addressographs; that it is true that a small lightweight offset press is used to run off needed form letters, Bible lessons and such; that it would be a neglect of trust if the money donated to our work was not used in the most efficient manner possible; that the use of machines does not make applicant's work any less sacred; that in the proposed new addition it is planned that mailing and addressing machinery and printing equipment will be housed in sound proof engineered rooms without window lights; that it is planned to air condition these portions of the building so that no sound will be admitted to the outside; that for the foregoing it seems to us beyond question that Faith For Today, Inc., is a religious, philanthropic and eleemosynary institution and its property is entirely devoted to those uses; that Dartmouth College, organized for the purpose of preaching Christianity to the Indians, was defined by Chief Justice Marshall as an eleemosynary corporation:

Dartmouth College v. Woodward, 4 Wheat. 660: 4 L. Ed. 629, 658, 660

that a Society for the propagation of the Gospel in foreign parts, with a religious and charitable purpose, was defined as an eleemosynary corporation:

The Society, Inc. v. Town of New Haven, 8 Wheat. 464; 5 L. Ed. 662

that eleemosynary and charitable are, in law, interchangeable terms:

10 Am. & Eng. Enc. of Law, 895

Hamburger v. Cornell, 99 Misc. 564, 567.

that an institution which derives its means of instruction or dispensing charity from the donations of people and applies its funds to that purpose, is a charitable or eleemosynary institution:

People ex. rel. N. Y. Institute for the Blind v. Fitch 154 N. Y. 14, 31, 32.

that it has been specifically held that the American Bible Society could convert a dwelling in a residence use district in New York City into a headquarters, office, store room and place for receiving and sending out Bibles, because it is a philanthropic and eleemosynary institution within the meaning of Section 3 of the Zoning Resolution:

Cromwell v. American Bible Society, 202 App. Div. 625, 628.

WHEREAS, the premises and surrounding area were inspected by a Committee of the Board and the report of the Committee follows:

REPORT OF COMMITTEE

Re: Cal. No. 559-58-A

Premises: 108-43 71st Avenue, Forest Hills, Queens.

This is an appeal for interpretation as to whether the use is a permissive use in a residence use district under Article

MINUTES

II, Section 3, paragraph 5 of the Zoning Resolution which permits institutions that are charitable or eleemosynary.

Under Calendar 241-57-BZ the owners, Faith for Today, Inc., filed an application for a zoning variance to permit the existing two story and attic building, formerly a single family dwelling, to be enlarged by the addition of a fire-proof section about 32 feet wide by 36 feet deep and two stories and attic more than doubling the building for the same uses as were permitted by the Borough Superintendent under Alteration Application 1685 of 1952. The present building was and is used as a plant with printing shop (in the accessory garage) and mailing room, storage room, file room, recording room, kitchen, dining room, chapel and classrooms. After a public hearing and inspection by members of the Board, the Board by a vote of four to one on February 18, 1958 denied the application for a zoning variance but suggested that the applicant might request the Building Department for a ruling as to whether this is an eleemosynary institution and if not so determined the applicant might file an administrative appeal with the Board for an interpretation of the law. The Board found that there was no justification to grant a zoning variance under Section 7, subdivision c.

Thereafter, an administrative appeal was filed on August 14, 1958 from a decision of the Borough Superintendent acting on Alteration Application 1760 of 1958, reading: The proposed change of use from storage, office, church, practice room and bedroom to storage, kitchen, office, print shop, boiler room, garage and parking, classrooms and church, practice room and recording of a structure on a lot in a residence use district on the ground that this is an eleemosynary institution is contrary to Article II, Section 3 of the Zoning Resolution.

Hearing was held on this appeal on December 2, 1958 and was followed by a detailed inspection by two members of the Board who found that the printing equipment consisting of a press, guillotine and accessories was in the garage and that the house was fully occupied by the necessary facilities to produce the advertising matter for distribution. There were no rooms that could be identified as classrooms and the former chapel was divided into two offices.

While the applicant states that this building is exempt from taxes and is a non-profit religious organization, whose funds are derived solely from contributions, the Committee is of the opinion that irrespective of the purpose of the organization, the test must be whether the actual production of material, telecasts and television programs for propagation of the Gospel is a proper use in a residence use district. The Committee finds that it is not and recommends denial of the appeal.

In 1944 under Calendar 235-44-A, the Board permitted a single family dwelling to be occupied as general headquarters of the Greater New York Corporation of Seventh Day Adventists, with which Faith for Today, Inc. is understood to be affiliated. This appeal included no production of propagation material and is located at 108-11 69th Road, Forest Hills, two blocks or more from the building occupied by Faith for Today.

(Sgd.) HARRIS H. MURDOCK, *Chairman*,
MAX H. FOLEY, *Commissioner*,
HUGH P. FOX, *Commissioner*.

and
WHEREAS, the Report of Committee recommended that this appeal be denied.

Resolved, that the decision of the Borough Superintendent, dated July 23, 1958, acting on Alt. Applic. 1760-56, Objection No. One be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

THE RESOLUTION—

WHEREAS, the decision of the First Deputy Commissioner of the Building Department dated January 15, 1959, on Alt. Applic. #1116/57 and Fire Prevention #1670/58, reads:

"The scope of work performed under Alteration Application No. 1116/57 is so extensive as to constitute a new building. Such alteration is not deemed to come within the purview of Section J41-2.4, Administrative Code."

and

WHEREAS, the applicant states that the building is 5 stories, 59 feet high, 49 feet 11½ inches by 86 feet 8 inches in area, of non-fireproof construction, located in a residence use, B area, class 1½ height district, used and occupied as follows: Cellar—boiler room, storage, tenants' laundry and superintendent's office, no persons; 1st floor—7 apartments; 2nd to 5th floors—8 apartments each floor; which use is in accordance with Certificate of Occupancy #49449/58 issued against Alt. Applic. 1116/57; that this certificate of occupancy describes the building as an Old Law Tenement, Class "A" Multiple Dwelling; and

WHEREAS, the applicant contends that the work performed on this building was completed under Alt. Applic. 1116/57; that this alteration comes within the purview of Section J41-2.4 of the Administrative Code; that the word "Alteration" is defined by Section J41-2.4 of the Administrative Code as follows:

"1. Alteration and improvements; a physical change in an existing dwelling other than painting, ordinary repairs, normal replacements or maintenance items."

and

WHEREAS, the applicant contends that Section J41-2.4 of the Administrative Code does not give the Department of Buildings the discretion to determine what building shall or shall not receive the benefit of Section J41-2.4, of the Administrative Code, Paragraph 5, of Subdivision 3 of Section J41-2.4, provides that Department of Buildings shall determine and certify a reasonable cost of any such alteration and improvements; that therefore the department is not given discretion, but is mandated to determine and certify a reasonable cost; that the Department of Buildings itself not only approved the plans in question as an "Alteration" but subsequently issued a certificate of occupancy based on the fact that an existing structure had been modified and changed; that next, we point out that the Department of Buildings accepted and processed at least 100 similar applications involving plans substantially identical to the plans here filed as "altered" buildings; and

WHEREAS, the premises was inspected by a committee of the Board and the Board found after a full and complete hearing that the alteration meets the requirements of the definition of "alteration" under Section J41-2.4 of the Administrative Code.

Resolved, that the decision of the Borough Superintendent, dated January 15, 1959, acting on Alt. Applic. 1116/57 and Fire Prevention #1670/58 be and it hereby is *reversed* and that the appeal be and it hereby is *granted*.

class 1½ height district, used and occupied as follows: Cel-
lar—8 apartments, boiler room, storage, tenants' laundry
and office of the building, 1st floor—16 apartments, which
use is in accordance with Certificate of Occupancy #49108/
58 issued against Alt. Applic. 904/57, which describes this
buildings as an old law tenement Class A Multiple Dwelling;
and

WHEREAS, the applicant contends that the work performed
on this building was completed under Alt. Applic. 904/57;
that this alteration covers within the purview of Section
J41-2.4 of the Administrative Code, which section defines
alteration as follows:

"1. Alteration and improvements; a physical change
in an existing dwelling other than painting, ordinary
repairs, normal replacements or maintenance items."

and

WHEREAS, the applicant states that Section J41-2.4 of
the Administrative Code does not give the Department of
Buildings the discretion to determine what building shall
or shall not receive the benefit of Section J41-2.4, Para-
graph 5, of Subdivision 3 of Section J41-2.4, provides that
Department of Buildings shall determine and certify a rea-
sonable cost of any such alterations and improvements; that
therefore the department is not given discretion, but is man-
dated to determine and certify a reasonable cost; that the
Department of Buildings itself not only approved the plans
in question as an "Alteration" but subsequently issued a cer-
tificate of occupancy based on the fact that an existing
structure had been modified and changed; that next, we
point out that the Department of Buildings accepted and
processed at least 100 similar applications involving plans
substantially identical to the plans here filed as "altered"
buildings; and

WHEREAS, the premises was inspected by a committee of
the Board and the Board found after a full and complete
hearing that the alteration meets the requirements of the
definition of "alteration" under Section J41-2.4 of the Ad-
ministrative Code; and

WHEREAS, the Board is not passing on the question raised
as to the provisions of the Emergency Rent law as not
within the jurisdiction of the Department.

Resolved, that the decision of the Borough Superintend-
ent dated January 27, 1959, acting on Alt. Applic. 904/57
and Fire Prevention #837/58 be and it hereby is *modified*

and that the appeal be and it hereby is *granted*, reversing
the decision of the Borough Superintendent.

PETITION AND ORDER OF CERTIORARI SERVED ON THE BOARD OF STANDARDS AND APPEALS

On March 18, 1959, Petition & Notice of Motion was served on
the Board by Constantino & Levine, attorneys for Daniel J. Carter,
objecting property owner, seeking a review of the Board's determina-
tion on December 19, 1958, granting a variance under Section 7c, to
permit in a retail and residence use district, the installation of an
amusement center consisting of children's rides to be used in conjunc-
tion with the existing one story restaurant with accessory parking;
Cal. No. 127-58-BZ; Premises 1300 Hylan Boulevard, northeast corner
of Old Town Road, Block 3224, Lot 14, Grasmere, Borough of
Richmond.

COURT DECISIONS

Matter of Marion Dutka and Adeline Knox vs. Murdock, Et. Al. :—
On July 25, 1957, the Board granted a variance under Section 7-e
of the Zoning Resolution to permit in a local retail use district the
erection and maintenance of a gasoline service station, office, sales,
car wash (non-automatic), minor repairs and lubricatorium for a period
of fifteen years; Cal. No. 275-56-BZ; premises 929 Manor Road,
Northeast corner of Lincoln Street, Block 700, Lot 1, West New
Brighton, Borough of Richmond.

Upon court review, Mr. Justice Crane, Supreme Court, rendered a
decision which, as published in the New York Law Journal of No-
vember 14, 1958, page 14, reading:

"Motion for an order vacating order of certiorari, dismissing
the petition and sustaining the determination of the board of
standards and appeals denied. Petitioners' cross-motion will be
granted to the extent that the matter will be remitted to the board
of standards and appeals for reconsideration and the making of a
new determination in proper form. This court is of the opinion that
the form of the determination is not based upon findings of fact
and is conclusory in form and therefore insufficient in law.

Upon reargument, Mr. Justice Crane made the following decision,
as published in the New York Law Journal of January 22, 1959;

"Motion by respondents to reargue motions of the respondents
for a final order vacating the order of certiorari and dismissing
the petition and affirming the determination of the board of
standards and appeals, and for an order striking out the reply,
and for affirmative relief granted, and on such reargument the
decisions of the court previously made are adhered to and con-
firmed."

A notice of appeal to the Appeals Division was filed on March 11,
1959.

Matter of Jack Ryback vs. Murdock:—On April 12, 1955, the
Board granted an application under Section 21 of the Zoning Resolu-
tion, to permit in a business use, B area district, the extension on
first story of proposed structure, using more than the area permitted;
Cal. No. 957-54-BZ; premises 524-532 Third Avenue and 163-167
East 35th Street, Borough of Manhattan.

In Bulletins of September 13, 1955, March 27, 1956 and December
9, 1958, the court record was completely published through the second
decision by the Appellate Division, First Department in which the
Board's resolution granting a variance under Section 21 was unani-
mously affirmed with costs. The former decision of the Appellate
Division, First Department was to annul the Board's decision and
remit to the Board for further hearing.

The Appeals Division of the Law Department now advises under
date of March 13, 1959:

"In this case the Appellate Division unanimously affirmed the
order of Special Term. The order of the Appellate Division was
served by mail on the attorney for the petitioner on February
4, and his time to apply for leave to appeal to the Court of
Appeals has now expired and no such motion has been made."

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on July 1, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on February 25, 1959 after due notice by publication in the

MINUTES

Bulletin; laid over to March 17, 1959, for applicant to file revised plans eliminating door to welding room, and inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Bay 19th Street and Bay 20th Street are in business and residence use, A area, class 1 height districts; Cropsey Avenue is in a business use, A area, class 1 height district; that as of July 25, 1916 the entire premises was in a business use district and class 1½ height district; that the present use designation became effective July 29, 1940 and the present height designation became effective January 13, 1955; and

WHEREAS, the decision of the Borough Superintendent, dated May 12, 1958 acting on Alt. Applic. No. 853-58, reads:

"1. Proposed extension to building and addition of mezzanine and extension of plot to include the following uses: Garage for trucks, motor vehicle repair shop, Body and Fender work, Incidental painting and spraying, and Welding and storage, on a plot which is partly in a Residence zone and partly a Business zone, is contrary to Article II, PP. 3 and PP. 4a, subsections 4, 15 and 29 of the Zoning Resolution.

Note—premises were subject of a Bd. of Standards and Appeals variance under Cal. No. 1051-21-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 127 feet 2¼ inches frontage by 145 feet 1¾ inches in depth, presently developed with a one story building of class 3 construction having a frontage of 60 feet ⅛ inches, a depth of 121 feet and now being used for garage for trucks, motor vehicle repair shop, body and fender work; that the open area is being used for parking and storage of motor vehicles; that it is proposed to erect a new one story extension of class 3 construction, having a frontage of 67 feet 2⅛ inches on Cropsey Avenue, a depth of 145 feet 1¾ inches and being irregular in shape; that it is also proposed to legalize the present mezzanine in the existing building; that the proposed combined uses of the present building to the new extension will be garage for trucks, motor vehicle repair shop, body and fender work, incidental painting and spraying, welding and storage of parts; and

WHEREAS, the applicant states that Department of Buildings records indicate that part of the present building, having a frontage of 60 feet ⅛ inch on Cropsey Avenue and a depth of 100 feet on Bay 19th Street was erected under N. B. Applic. No. 13012 of 1922 and Cal. No. 1051-21-BZ for use as a garage for more than five motor vehicles and repair shop, and Certificate of Occupancy No. 17409 was issued for said use; that records further indicate that the open area within 100 feet of Cropsey Avenue was approved under Alt. Applic. No. 1423-57 for use as parking and storage of motor vehicles, and Certificate of Occupancy No. 157993 was issued for said use; that records further indicate that under Cal. No. 1051-21-BZ, Vol. II, an application was made to erect a gas station; that the Resolution adopted December 11, 1951 denied the gas station but extended the parking use carried on under Permit No. 1971-50 into the residence use district; that no Certificate of Occupancy was issued for the extension of parking use into the residence use portion of the plot; and

WHEREAS, the applicant contends that the use of garage for truck and motor vehicle repair shop are legal uses; that the extension of the legal uses and the addition of the uses of body and fender work, incidental painting and spraying, welding and storage of parts cannot affect adjoining property owners, inasmuch as there are no windows proposed in the lot line, and any noise that might emanate from the operation within the building will be strictly confined; that directly across from the site on Cropsey Avenue, and within the affected area, there are non-conforming uses that are in keeping with the present proposal, as follows: block 6435, lot 1—gas station; block 6436, lot 1—motor vehicle repair shop; block 6437, lot 1—motor vehicle repair shop and gas station and in block 6437, lot 4, motor vehicle repair shop; and

WHEREAS, the applicant states that the present owner has held title to the property since November 2, 1955 and June

18, 1956; that the assessed valuation of land is \$22,300 and of the building \$20,000 making a total of \$42,300; that the building was erected in 1923; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted on condition, that the door to the welding room be eliminated, and revised plans have been filed by the applicant showing the elimination of the entire welding room as well as the door, blocked up with approved masonry; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7e for a term of ten years, to permit the premises to be occupied substantially as proposed and as indicated on plans filed with this application marked "Received June 9, 1958", 7 sheets, "January 23, 1959", 2 sheets, and "March 6, 1959", 3 sheets, on condition that the building shall not be increased in height or area other than as proposed to be extended as shown on such plans; that the use may be as proposed, namely, garage and motor vehicle repair shop; that under section 7i for a similar term there may be motor vehicle repairing, including body and fender work and incidental painting and spraying, excluding all welding; that the existing curb cuts to Cropsey Avenue and Bay 19th Street may be retained as proposed; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

950-40-BZ—Vol. III

APPLICANT—Lama, Proskauer and Prober, for Waldwin Holding Corp., owner.

SUBJECT—Application reopened November 5, 1958 as Vol. III—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a residence use district, the construction of a one story and basement extension to the present building and extend the present use of funeral home.

PREMISES AFFECTED—7610-7618 4th Avenue, west side, 59 feet south of 76th Street, Block 5950, Lot 47, Borough of Brooklyn.

APPEARANCES—

For Applicant: James E. Vassalotti.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Foley, Commissioner Sleeper and
Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on November 5, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on March 17, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Fourth Avenue, 76th Street and 77th Street are in a residence use, C area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated October 7, 1958 acting on Alt. Applic. No. 1669-58, reads:

"1. In a residence use district the extension of the existing building and use is contrary to Art. II Sec. 3 of the Zoning Resolution and to the Board of Standards and Appeals Variance under Cal. 950-40-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 90 feet 4 inches frontage by 120 feet in depth, irregular, presently developed with four buildings; that

MINUTES

Building No. 1 with a frontage of 25 feet and a depth of 53 feet is two and one-half stories in height, of class 4 construction and now being occupied as a one family dwelling; that Building No. 2 with a frontage of 50 feet 4 inches and a depth of 55 feet 6 inches is two and one-half stories in height, of class 4 construction and now being occupied as follows: cellar—boiler room; basement—casket showroom and Chapel; first floor—funeral home; second floor and attic—one family; that Building No. 3 with a frontage of 20 feet and a depth of 20 feet is one story in height, of class 3 construction and now being occupied as a two car garage; that Building No. 4 with a frontage of 20 feet and a depth of 20 feet is one story in height, of class 3 construction, now occupied as a one car garage; that it is proposed to maintain the present uses of Building No. 2 as follows: cellar—boiler room; basement—casket showroom and Chapel; first floor—funeral home; second floor and attic—one family, and add a new extension one story and basement in height, of class 3 construction, 9 feet 10 inches wide and 19 feet in depth, for use as an extension to the sitting room on the first floor, and new mens and womens toilets in the cellar; that it is also proposed to reduce the size of the casket showroom in the basement and add a new Chapel; and

WHEREAS, the applicant states that Department of Buildings records show the following: Building No. 2, which is the building under appeal, was erected as a one family house and altered under Alt. Applic. No. 4709-40 and the Board's conditional variance under Cal. No. 950-40-BZ and Cal. No. 32-42-A; that Certificate of Occupancy No. 110477 was issued for the following uses: cellar—boiler room; basement—casket showroom and Chapel; first floor—funeral home; second floor and attic—one family dwelling; that Buildings 1, 3 and 4 are not under appeal; and

WHEREAS, the applicant contends that the extension of this building as proposed, and the addition of a new Chapel in the basement cannot affect any of the adjoining property owners; that the building now has a Certificate of Occupancy for the use conducted on the premises; and

WHEREAS, the applicant states that the present owner has held title to the property since July 6, 1928; that the assessed valuation of land is \$33,500 and of the building \$34,500 making a total of \$68,000; that the building was erected in 1910; and

WHEREAS, the premises and surrounding area were previously inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 7, 1942, under Vol. I, as thereafter amended by resolutions adopted through October 16, 1956, by adding thereto:

"that, in the event the owner desires to extend the building as now proposed and as shown on plans filed with this application, marked 'Received October 15, 1958,' 14 sheets, such proposed extension to the cellar, basement and first floor may be permitted primarily for additional toilets, *on condition* that the resolutions above cited shall be complied with in all other respects; and that all permits, including a corrected certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

844-47-BZ

APPLICANT—Ingram S. Carner, for Max Kirsch, owner.

SUBJECT—Application reopened January 27, 1959 for consideration as to extension of term of variance—expired December 16, 1957—decision of the Borough Superintendent, previously granted on condition, under section 7f of the Zoning Resolution, permitting in a business use district, for a term of years, the erection and maintenance of a gasoline service station, lubritorium and auto laundry.

PREMISES AFFECTED—9701-9715 Ditmas Avenue and 731-739 Rockaway Parkway, northeast corner, Block 8115, Lots 6 and 8, Borough of Brooklyn.

APPEARANCES—

For Applicant: Ingram S. Carner.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Not Voting: Commissioner Fox 1

Negative: 0

THE RESOLUTION—

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation December 16, 1957; and

WHEREAS, this application was reopened on January 27, 1959 and set for hearing on March 17, 1959 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on March 17, 1959 after due notice by publication in the Bulletin as notice; and

WHEREAS, the decision of the Borough Superintendent, dated January 7, 1959 acting on amendment to N.B. Applic. No. 895-47, reads:

"1. Proposed building and premises, in a Business zone, to be used for gasoline service station, lubritorium, auto laundry, office and storage is contrary to Article II, PP. 4a, subsection 46 of the Zoning Resolution.

"Note: Premises were subject of a Bd. of Standards and Appeals variance under Cal. 844-47-BZ which expired Dec. 16, 1957."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 16, 1947 as thereafter amended by resolution adopted through February 23, 1955, only so far as it has reference to the term of variance, so that as amended this portion of the resolution shall read:

"... granted under Section 7, Subdivision f for a term of 10 years from the date of this amended resolution, to permit that other than as herein amended the resolution above cited shall be complied with in all respects; and that all permits, including a Certificate of Occupancy, shall be obtained and all work completed within six months from the date of this amended resolution." N.B. Applic. No. 895-47.

186-53-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober for Jacob Stein, owner.

SUBJECT—Application reopened July 29, 1958 as Vol. II—decision of the Borough Superintendent under section 7e of the Zoning Resolution to permit in a local retail and residence use district, the erection and maintenance of a gasoline service station, lubritorium, minor auto repairs, storage, office and sales and the parking of cars waiting to be serviced for a stated term of fifteen (15) years.

PREMISES AFFECTED—216-06 Hillside Avenue and 88-10 to 88-13 216th Streets, southeast corner, Block 10676, Lot 17, Hollis, Borough of Queens.

APPEARANCES—

For Applicant: Reginald S. Hardy.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—FEBRUARY 3, 1959—

Affirmative: Commissioner Foley 1

Negative: Chairman Murdock and Commissioner Kleintert 2

Absent: Commissioner Sleeper 1

THE VOTE TO GRANT—MARCH 17, 1959—

Affirmative: 0

Negative: Commissioner Sleeper and Commissioner Fox 2

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on July 29, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on January 20, 1959 after due notice by publication in the Bulletin; laid over to February 3, 1959 for inspection and decision; hearing closed; then to February 10, 1959, for com-

MINUTES

pletion of vote; then to February 25, 1959, for decision by full membership of the Board; then to March 17, 1959, for inspection by the members of the Board who have not inspected the area, and for decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that 216th Street, 217th Street and the site are in local retail and residence use D and G-1 area, class $\frac{1}{2}$ height districts; Hillside Avenue is in a local retail use, D area, class $\frac{1}{2}$ height district; 89th Avenue is in a residence use, G-1 area, class $\frac{1}{2}$ height district; that as of July 25, 1916 that part of the premises within 100 feet of Hillside Avenue was in a business use district and the balance of the premises was in a residence use district; that as of July 25, 1916 the entire premises was in a class D area district and class one height district; that the present local retail use designation for that part of the premises within 100 feet of Hillside Avenue became effective January 21, 1947; that the present height designation and the present G-1 area district for that portion of the premises in a residence use district became effective June 30, 1952; and

WHEREAS, the decision of the Borough Superintendent, dated May 22, 1958 acting on N.B. Applic. 1346-58, reads:

"1. The proposed erection of a gasoline service station, lubritorium, minor auto repairs, car washing, storage, office and sales and the parking of cars waiting to be serviced on a lot in a local retail district and extending into a residence district is contrary to Art. 2, Sec. 3 and Sec. 4-c of the Z.R.

"2. The proposed ground sign on the local retail portion of the lot is contrary to Art. 2, Sec. 4-c of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 100.42 feet frontage by 119.40 feet in depth; that it is proposed, for a temporary period of fifteen years, to erect a gasoline service station consisting of twelve 550 gallon buried gas tanks and four dual type gasoline dispensing pumps; that the proposed accessory building will be one story in height, of class 3 construction, having a frontage of 60 feet and a depth of 30 feet and will contain the conjunctive uses of lubritorium, minor auto repairs, car washing, storage, office and sales; that a portion of the open lot, not being used by the gasoline service station, will be reserved for parking of cars awaiting service; and

WHEREAS, the applicant further states that the curb cuts will be restricted to two 30 foot cuts on Hillside Avenue and one 20 foot cut on 216th Street; that the pumps as proposed, set 15 feet in from the street building line on Hillside Avenue will protect the pedestrian traffic and keep cars being serviced off the sidewalk; that although the building is located in a local retail district and residence use district, it is only proposed to use that part of the site in the retail use district for the gasoline service station; that part of the site in the residence use district will be highly landscaped and will act as a buffer between the proposal and the building on Lot No. 23; that there are no windows proposed in the south and east walls of the buildings, so that any noise that might emanate from within the building will be strictly confined; that the proposed ground sign will be 12 feet off the grade to the bottom of the sign; that the sign will be approximately 36 square feet in area, illuminated and non-flashing, and will only advertise the brand of gasoline being sold; and

WHEREAS, the applicant contends that the site is the only piece of property within the affected area that has not been developed for a conforming use; that this same site was denied by the Board, for the same use as proposed, five years ago under Cal. No. 186-53-BZ; that this draws the conclusion that no progress has taken place in this area that would warrant the erection of a conforming use; that the land is high in assessed value, so that it is mandatory for the owner to appeal to the Board for relief in order to erect a gas station so that he may receive an equitable return on his investment; that there are two shopping centers within one half mile east and west of this site, so that there is no economic demand for additional stores in this area; that the proposed building will be modern in

design and in keeping with the modern building on adjoining Lot No. 9; and

WHEREAS, the applicant states that the present owner has held title to the property since October 14, 1957 and that the assessed valuation of land is \$14,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board which recommended that the application should not be granted; and

WHEREAS, the committee noted the development of the area for conforming uses including a new office building on adjoining lot on Hillside Avenue; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. #1346/58, Objections No. 1 and 2, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

352-53-BZ

APPLICANT—Charles M. Spindler, for Gerard Henigin, owner.

SUBJECT—Application reopened February 10, 1959 for consideration as to extension of term of variance—expired December 15, 1958—decision of the Borough Superintendent, previously granted on condition, under section 7h of the Zoning Resolution, permitting in a residence use district the parking and storage of motor vehicles for a term of years.

PREMISES AFFECTED—402-434 Euclid Avenue and 1015-1023 Glenmore Avenue, northwest corner, Block 4194, Lots 27-36, Borough of Brooklyn.

APPEARANCES—

For Applicant: Charles M. Spindler.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleiert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, on December 15, 1953, this application was granted by the Board on certain conditions, under Section 7h of the Zoning Resolution, to permit in a residence use district the parking and storage of motor vehicles for a term of 5 years, affecting premises 402-434 Euclid Avenue and 1015-1023 Glenmore Avenue, northwest corner, Block 4194, Lots 27-36, Borough of Brooklyn; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation December 15, 1958; and

WHEREAS, this application was reopened on February 10, 1959 and set for hearing on March 17, 1959 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin as notice; and

WHEREAS, a public hearing was held on this application on March 17, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated January 26, 1959 acting on amendment to Alt. Applic. No. 2911-52, reads:

"1. Proposed parking and storage of more than five motor vehicles in a residence use district is contrary to Art. II, Sec. 3 of the Zoning Resolution."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 15, 1953, only so far as it refers to the term of variance, so that as *amended* this portion of the resolution shall read:

"... granted under Section 7, Subdivision h for a term of five years from the date of this amended resolution, to permit; that other than as herein amended the resolution above cited shall be complied with in all respects; that all permits, in-

MINUTES

cluding a Certificate of Occupancy, shall be obtained within six months from the date of this amended resolution."

470-57-BZ

APPLICANT—Lama, Proskauer and Prober, for Sparkling Realty Co., Inc., owner.

SUBJECT—Application reopened February 10, 1959 for consideration as to extension of time to complete—expired December 17, 1958—decision of Borough Superintendent, previously granted on condition, under sections 7e, 7h and 7A of the Zoning Resolution, permitting in a local retail and residence use district, the erection and maintenance of a gasoline service station, lubritorium, office, storage, minor auto repairs, car wash, parking and storage of motor vehicles, with show windows, curb cuts and signs within 75 feet of a residence use district.

PREMISES AFFECTED—91-97 Sumner Avenue and 273-299 Vernon Avenue, northeast corner, Block 1585, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: James E. Vassilotti.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation December 17, 1958; and

WHEREAS, this application was reopened on February 10, 1959 and set for hearing on March 17, 1959 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin as notice; and

WHEREAS, a public hearing was held on this application on March 17, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated January 26, 1959 acting on N. B. Applic. No. 476-57, reads:

"19. Proposed extension of time to complete is contrary to Board of Standards and Appeals resolution Cal. No. 470-57-BZ, since same expired on December 17, 1958. This matter is therefore referred back to the Board of Standards and Appeals for their consideration."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on December 17, 1957, and thereafter amended by resolution adopted through March 18, 1958, so that as amended this portion of the resolution shall read:

"that all permits, including a new Certificate of Occupancy, shall be obtained and all work completed within the requirements of section 22A of the Zoning Resolution." (N.B. 476/57)

300-58-BZ

APPLICANT—Charles M. Spindler, for Reo Properties, Inc., owner; Socony Mobil Oil Co., Inc., lessee.

SUBJECT—Application May 15, 1958—decision of the Borough Superintendent, under sections 7e, 7f, 7i and 7A of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station with accessory uses of lubritorium, auto washing—non automatic, office, sale of accessories, minor repairs with hand tools only, safety inspection station and the parking and storage of motor vehicles with business sign and show windows within 75 feet of a residence use district all for a temporary term of fifteen (15) years.

PREMISES AFFECTED—7214-7224 20th Avenue and 1773-1783 73rd Street, northwest corner, Block 6195, Lots 43 and 48, Borough of Brooklyn.

APPEARANCES—

For Applicant: Charles M. Spindler.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 5, 1958 after due notice by publication in the Bulletin; then taken off calendar and referred back to examiner to set a new date for hearing as there has been no notices of hearing sent out; then set for December 9, 1958, then laid over to December 16, 1958, for inspection and decision; hearing closed; then to January 13, 1959, at request of applicant to file revised plans and for decision; the premises were inspected by a committee of the Board; then to February 10, 1959, at the request of the applicant for possible rearrangement of the layout; then to March 10, 1959, for further inspection and decision; then to March 17, 1959, for revised plans showing accessory building moved forward; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 20th Avenue are in a business use, D area, class 1 height district; 72nd Street and 73rd Street are in business and residence use, D area, class 1 height districts; 19th Avenue is in a residence use, D area, class 1 height district; that these designations have not been changed since July 25, 1916 and no zoning amendment is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated May 12, 1958 acting on N. B. Applic. No. 810-58, reads:

"1. Proposed building and premises, in a Business Zone, to be used for gasoline service station, lubrication auto washing (non-automatic), office, sales of accessories, minor repairs with hand tools only, safety inspection station and parking and storage of motor vehicles is contrary to Art. II, PP. 4a, subsections 29 and 46 of the Zoning Resolution.

2. Proposed sign and show window within 75 feet of a Residence Zone in a transition from Business to Residence Zone is contrary to Art. II, PP. 7A."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 100 feet in depth, presently vacant; that it is proposed to erect a one story masonry building; that there will be provided along the west lot line, and along the 73rd Street building line, a chain link fence five feet high, set on a six inch concrete base, to a total height of five feet six inches; that this fence will be provided with suitable terminal posts; that planting and shrubbery, protected by a concrete curb, will be provided along this fence; that pumps will be located only on the 20th Avenue frontage; and

WHEREAS, the applicant states that 20th Avenue starts at McDonald Avenue and runs south to Shore Parkway; that there are no gas stations along the entire length of 20th Avenue with the exception of a station at McDonald Avenue and 20th Avenue, the very northerly beginning of 20th Avenue; that this station is approximately one and one-half miles north of this site; that there is likewise another station at Cropsey Avenue and 20th Avenue, the extreme southerly end of 20th Avenue, and this station is approximately one mile away; that there is also a small 20 foot plot on the corner of 60th Street; that this is where the store front of the building was removed from the first floor and some gasoline pumps installed; that with the exceptions noted, there are no gas stations along the entire length of 20th Avenue, and there are no stations whatsoever along the entire length of 73rd Street; that this is the

MINUTES

only vacant plot along 20th Avenue for approximately three quarters of a mile; and

WHEREAS, the applicant contends that the site is not suitable for additional stores, due to lack of neighborhood support; that this is evidenced by the conversion of the former stores directly opposite a Synagogue, billiard parlor and factory uses, and also by the fact that the parcel was sold In Rem, which further indicates that the former owner could not economically erect a conforming use; that there are also some vacant stores in the immediate vicinity; that a goodly portion of the other stores in the area are of the low rent paying group, all of which indicates the economic impracticability of erecting stores on this site; that the erection of a single, or multi-story factory—a permissive use—which, together with required loading spaces, could cover a very large percentage of the plot, would surely not be as acceptable as the proposed gas station, which would cover such a small percentage of the plot; and

WHEREAS, the applicant further contends that there is a need and a demand for a modern gasoline station, as is evidenced by the lack of stations along the entire 20th Avenue, with the exceptions previously noted; that the granting of this variance will again place the parcel on the tax rolls, so that the City will obtain their increased taxes due to the increased assessment which will be placed on the parcel after the erection of the station; and

WHEREAS, the applicant states that the present owner has held title to the property since December 27, 1957 and that the assessed valuation of land is \$13,800; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e, c, i and A of the Zoning Resolution.

Resolved, that the Board of Standard and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and uses lawfully accessory thereto, substantially as proposed and as indicated on plans filed with this application, marked "Received May 15, 1958", 3 sheets and "March 12, 1959", 1 sheet, *on condition* that all buildings, structures and uses now on the premises shall be removed and the plot leveled substantially to the grade of the abutting streets, constructed and arranged as shown on revised plans marked "Received March 12, 1959"; that the accessory building shall be of the design indicated and located as shown on such revised plan; that there shall be no cellar; that the design of the building shall be as proposed and shall be faced with face brick on all sides except the sides to the north and east, where the walls may be of common brick or concrete block painted; that doors to toilet rooms shall be arranged so as not to be contiguous; that the accessory building shall be located as shown on revised plan marked "Received March 12, 1959"; that there shall be erected on the lot lines where walls of adjoining buildings do not occur a masonry wall not less than 5 feet, 6 inches in height, properly coped; that such wall shall be returned along the street line of 73rd Street for a distance of not less than 45 feet; that planting areas shall be maintained toward the west and south as shown, properly protected with concrete curbing not less than 8 inches in height and 6 inches in width and maintained with suitable planting material; that pumps shall be of a low approved type, erected not nearer than 15 feet to the street building line of 20th Avenue; that the number of gasoline storage tanks shall not exceed twelve 550 gallon tanks; that the balance of the premises where not occupied by accessory building, pumps, and planting shall be paved with concrete or asphalt; that sidewalks and curbing abutting the site shall be constructed or repaired to the satisfaction of the Borough President; that curb cuts shall be restricted to two, each

30 feet in width to 20th Avenue and one within the first 25 feet from the intersection to 73rd Street; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to permanent signs attached to the facade of the accessory building and the gasoline pumps, excluding all roof signs, temporary signs and advertising devices, but permitting the erection within the intersection of one post standard for supporting a sign at right angles to 20th Avenue, advertising the brand of gasoline on sale, and permitting such sign to be illuminated and to extend not more than 4 feet beyond the building line; that the wall of the adjoining building on Lot No. 42 shall, with the consent of the owner, be surfaced with stucco to a height of not less than 15 feet and any signs under the control of this owner shall be removed therefrom; that under Section 7i for a similar term there may be minor repairs with hand tools only, maintained solely within the accessory building and for a safety inspection station; that under Section 7c for a similar term there may be parking and storage of motor vehicles, provided such parking is maintained in such portion of the plot as will not interfere with the servicing of the station; that under Section 7A, any signs or show windows claimed to be contrary to the requirements thereof may be permitted, provided the requirements of this resolution shall be complied with and all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

537-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Atlas Holding Corp., owner.

SUBJECT—Application September 11, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a retail use district, in an existing two story structure presently occupied by a movie theatre and eleven stores, the use of two stores for a wholesale dry cleaning establishment.

PREMISES AFFECTED—32-34 West Mt. Eden Avenue, southwest corner of Inwood Avenue, Block 2865, Lot 53, Borough of The Bronx.

APPEARANCES—

For Applicant: James E. Vassalotti.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 25, 1959 after due notice by publication in the Bulletin; laid over to March 17, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Mt. Eden Avenue and Macombs Road are in a retail use, B area, class 1¼ height district; Globe Place and Inwood Avenue are in retail and manufacturing use, B area, class 1¼ height districts; that as of July 25, 1916 the premises were in an unrestricted use district and received the present use designation on March 22, 1956; and

WHEREAS, the decision of the Borough Superintendent, dated August 11, 1958 acting on Alt. Applic. No. 100-58, reads:

"1. Proposed dry cleaning establishment not for retail purposes in a retail use district is contrary to Art. II Sect. 4-A of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 150.45 feet frontage by 49 feet in depth, irregular, presently developed with a theatre and eleven stores of class 1 and class 3 construction; that it is proposed, for a temporary period of five years, to maintain the present dry cleaning establishment for wholesale use in stores 10 and 11, to-

MINUTES

gether with the use of movie theatre and stores in the same building; that it is also proposed to maintain the present mezzanine in store 11 for office use; and

WHEREAS, the applicant states that stores 10 and 11 are now occupied as a wholesale dry cleaning establishment, with a frontage of 34 feet on West Mt. Eden Avenue, and a depth of 49 feet on Inwood Avenue; that the balance of the building is vacant; that Department of Buildings records indicate that the present building on the site was erected under N.B. Applic. No. 2156 of 1925, and Certificate of Occupancy No. 411 was issued on March 10, 1927 for use as theatre and stores; that the building was further altered under Alt. Applic. No. 236 of 1931, Certificate of Occupancy No. 231 was issued on September 14, 1931 and the use shown as theatre; that records further indicate that stores 10 and 11, having a frontage of 34 feet on West Mt. Eden Avenue and a depth of 49 feet on Inwood Avenue now have approval under Alt. Applic. No. 100 of 1958 for use as movie theatre, stores and class B dry cleaning establishment for retail use only; and

WHEREAS, the applicant contends that the wholesale dry cleaning establishment as proposed to be maintained is not an obnoxious use and will not have an adverse effect upon properties within the affected area; that the entire building is now vacant except for stores 4, 5, 6, 9, 10 and 11, and is a tax burden upon the owner; that the upgrading of this site from an unrestricted use district to a retail use district has caused undue hardship upon the owner, so that it is mandatory for him to develop the site in any manner that would not affect any of the adjoining properties and still enable him to get some return on his large investment; and

WHEREAS, the applicant states that the present owner has held title to the property since January 13, 1958; that the assessed valuation of land is \$97,000 and of the building \$183,000 making a total of \$280,000; that the building was erected in 1927; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board is not passing on any other portion of the premises but only on such part as described in the decision of the Borough Superintendent; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e, for a term of five years to permit the two stores in question as shown on plans filed with this application marked, "Received September 11, 1958," 6 sheets, and "January 14, 1959," 3 sheets, to be occupied as a dry cleaning establishment for wholesale purposes only, and no cleaning done at retail; substantially as proposed and indicated on plans above referred to, *on condition* that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the fluid used in dry cleaning shall not be lower than the permitted flash point as stated by the applicant not less than 140°F; and that all permits, including a Certificate of Occupancy, shall be obtained and all work completed within six months from the date of this resolution.

563-58-BZ

APPLICANT—Henry Nordheim, for Max Steinberg, Jacob Greenman, Robert Grundt and Andrew Catapano, owners.

SUBJECT—Application September 29, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—341-349 East 34th Street, north

side, 110 feet west of 1st Avenue, Block 940, Lots 24, 25, 26, 27 and 28, Borough of Manhattan.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 25, 1959 after due notice by publication in the Bulletin; laid over to March 17, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, B area, class 1½ height district; East 34th Street and East 35th Street are in residence and retail use, B area, class 1½ height districts; First Avenue and Second Avenue are in a retail use, B area, class 1½ height district; that from July 24, 1916 to December 17, 1932 the use was unrestricted, but on December 18, 1932 the use was changed to residential district; that from July 25, 1916 to the present the area designation is B and the same for the height district which is still 1½; and

WHEREAS, the decision of the Borough Superintendent, dated August 28, 1958 acting on amendment to Alt. Applic. No. 674-58, reads:

"1. Proposed Parking Lot, parking for more than five (5) Motor Vehicles and 10' x 10' Watchmen's Shanty, located in a residence use district, is contrary to Article II, Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 97.6 feet in depth and consists of five lots formerly occupied by five old law tenements, now demolished; that it is proposed to surface the site with either trap rock or steam cinders, rolled level with street grade and oiled, enclose the site with a six foot chain link fence where there are no masonry walls on the side and rear lot lines and at the street building line; and

WHEREAS, the applicant states that there is not a building or premises along the 400 foot affected area on the north side of 34th Street from Second Avenue to the site, that is without a commercial occupancy in block 940, and even in the gymnasium on the corner at 1st Avenue, a fee is charged for use of facilities; that within this block, on lot 55, there exists the entrance to the Queens Midtown tunnel and the extent of traffic to this point is enormous; that on the same block, on lot 12 there is the 12 story loft building; lots 8, 58 and 59 are parking lots and adjoining the site on the rear lot line, on lot 41, is a two story garage 75 by 100 feet, and lot 38 contains a four story, 125 foot factory; that the south side of 34th Street, from First Avenue to Second Avenue, all but five buildings have stores, and there is a parking lot on lots 55 to 58 in block 939; that within the 400 foot affected area on block 966, there is the huge Coca-Cola bottling plant, a four and one-half story building, and the New York Telephone Company building; that on block 962, lot 8 is the New York University Hospital; and

WHEREAS, the applicant contends that from the number of buses parked in this block, it appears that the bus company uses this block between First and Second Avenue, as a part-time parking area; that both curbs of 34th Street between First and Second Avenues are most of the time lined up with the crosstown buses, where they are stored between rush hour periods; that it is common to see six and seven buses standing at each curb; that this block is also used for the turn-around of these buses making such turn-around at First Avenue; that this site may derive quite some trade from visitors to the hospital who arrive in cars and must find parking space not available to them on the hospital grounds; that such parkers are short period patrons; and

WHEREAS, the applicant further contends that this appli-

MINUTES

cation is also made under Section 21—hardship, which element is still present when it is considered that taxes must be found on a \$91,000 assessment of the land; that some use should be allowed, even though it is contrary to the Zoning restrictions, providing the proposed use is not offensive, which can hardly be said of a well kept parking lot, since it provides light and air to surrounding properties; that the necessity for parking space in New York is so obvious that advocating approval for a variance, even though in a residence district, should hardly be necessary, for it might be said that if sites of 100 feet by 100 feet were to be carved out of every city block in New York, there would still be insufficient parking space to relieve street parking and reduce congestion; and

WHEREAS, the applicant states that the present owners have held title to the property since May 12, 1958 and that the assessed valuation of land is \$90,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the premises to be occupied for parking and storage of motor vehicles *on condition* that only motor vehicles of the pleasure car type shall be so parked; that the plot shall be leveled substantially to the grade of East 34th Street and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that on the interior and street building line there shall be erected a woven wire fence of the chain link type, on a masonry base, not less than five feet six inches in height, with no openings therein except two for entrance and egress to East 34th Street not to exceed 15 feet in width each with curb cut opposite of similar width; that during the term of this variance the premises shall be occupied for no other use than as herein permitted; that no building shall be erected except that there may be near the entrance a building solely for use as an office and shelter for the attendant provided such building does not exceed one hundred square feet in area and is not over one story in height; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to one sign attached to the fence at the entrance advertising the parking and storage use and the rates charged and such other information as may be required by the Commissioner of Licenses; that such sign shall not exceed five square feet, shall not be illuminated and shall not extend beyond the building line; that suitable bumpers shall be maintained against the fences at all points for protection thereto; and that all permits shall be obtained and all work completed within six months from the date of this resolution and a certificate of occupancy obtained.

594-58-BZ

APPLICANT—Lama, Proskauer and Prober, for 533 Remsen Realty Corp., owner.

SUBJECT—Application October 16, 1958—decision of the Borough Superintendent, under sections 7e and 21 of the Zoning Resolution, to permit in a business use district, on a plot with an existing one story garage for five (5) trucks, storage of fuel tanks, oil burner parts, tanks, gasoline for occupants use and the parking of employees cars, the erection of a new one story structure for use as a motor vehicle repair shop body and fender work, incidental painting and spraying, wheel alignment and brake testing, the proposed new building will exceed the permitted area coverage.

PREMISES AFFECTED—523-533 Remsen Avenue, east side, 240 feet north of Church Avenue, Block 4687, Lot 19, Borough of Brooklyn.

APPEARANCES—

For Applicant: James E. Vassalotti.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley and Commissioner Sleeper... 4
Negative: Commissioner Fox 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 25, 1959 after due notice by publication in the Bulletin; laid over to March 17, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Church Avenue are in a business use, D area, class 1 height district; Remsen Avenue and East 91st Street are in business and residence use, D area, class 1 height districts; Linden Boulevard is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 30, 1958 acting on N. B. Applic. No. 1520-58, reads:

"1. Proposed erection of a building to be used for motor vehicle repairs, body and fender work, welding, incidental painting and spraying, wheel alignment and brake testing, on a lot located within a Business Use district, is contrary to Art II, Sect. 4(a), (4) & (29) of the Zoning Resolution.

2. The combined areas of proposed new structure and existing structure on the same lot exceeds the area coverage permitted in a "D" area district and is contrary to Art. IV, sect. 14 & 19 (e) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 100 feet in depth, presently developed with a one story building of class 3 construction, having a frontage of 54 feet 9¼ inches, a depth of 100 feet and having the legal use of garage for five trucks, storage of fuel and tanks and oil burner parts, gasoline for occupants own use and parking and storage of occupants and employees motor vehicles; that this building was erected under Permit No. N. B. 537 of 1956 and Certificate of Occupancy No. 155623 was issued for the above quoted present uses; that it is proposed to erect and maintain, for a temporary period of fifteen years, a new one story building of class 3 construction on part of the present open area of the site; that the proposed building will have a frontage of 35 feet, a depth of 100 feet and will contain the uses of motor vehicle repair shop, body and fender work, incidental car painting and spraying, wheel alignment and brake testing; and

WHEREAS, the applicant contends that inasmuch as Remsen Avenue is a heavily trafficked auto lane, the proposal is entirely in keeping at this point; that in addition, Remsen Avenue, in the affected area, is almost entirely given over to the servicing of the automobile in one form or another as shown by the following: block 4687, lot 30—sales of used cars; lot 26—gas station; lot 24—auto repair shop; lot 12—sale of used cars; block 4711, lot 36—sale of used cars; block 4710, lot 41—sale of used cars; block 4686, lot 1—gas station; block 4685, lot 14—garage; block 4685, lots 8, 12 and 14—sales of used cars; that of the above quoted uses, the present motor vehicle repair shop directly adjoining the site on lot No. 24 is a non conforming use as is the gas station in block 4687, lot 26, the used car lot in a residence zone in the same block on lot 30; that in addition, the site is directly faced with a non-conforming use of a gas station in block 4686, lot 1, a garage in block 4685, lot 14 and a used car lot in the residence zone on lots 8, 11 and 12; that therefore the proposed motor vehicle repair shop is in keeping at this point and cannot possibly adversely affect the community; and

WHEREAS, the applicant further contends that the site has a total area of 10,000 square feet; the present building has

MINUTES

an area of 5500 square feet; the proposed building will have an area of 3500 square feet, making a total proposed coverage of 9000 square feet; that as the permissible coverage in a D zone is 55% of the total area of the lot, or 5500 square feet, the proposed coverage exceeds the permissible coverage by 3500 square feet; that immediately adjoining the site to the rear, lots 63 and 67 have private garages directly on the rear lot line; that lot 24 adjoining to the north has a building built to the rear lot line and occupying 100% of the lot; that lot 12 to the south is being used for the sale of used cars; that therefore, the excessive coverage of the proposal will not adversely affect these lots; that the leaving of a greater open area on the site would not benefit the building proposed, nor the lots adjoining on all sides; and

WHEREAS, the applicant states that the present owner has held title to the property since September 9, 1957; that the assessed valuation of land is \$12,500 and of the building \$27,500 making a total of \$40,000; that the building was erected in 1956; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board is not passing on any use proposed not included in the decision of the Borough Superintendent; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is granted under Section 7e as to use and Section 21 as to area for a term of fifteen years to permit the construction of an additional building on the premises substantially as proposed and as indicated on plans filed with this application marked "Received October 16, 1958", 5 sheets, *on condition* that the building in all other respects shall comply with all laws, rules and regulations applicable thereto; that there shall be no windows on the rear lot line opening upon adjoining premises; that the space between this building and the existing building shall be blocked up at the lot line with a masonry wall not less than six feet in height; that welding shall be solely electric arc welding; that the sidewalks and curbing shall be constructed or repaired to the satisfaction of the Borough President; that there may be a curb cut not over 15 feet in width, as shown; that the space at the front building line between the buildings shall be provided with a fence with a vestibule, as shown, with doors opening outward; that the court shall be suitably paved; that such portable fire-fighting appliances shall be maintained as the Fire-Commissioner shall direct; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

595-58-BZ

APPLICANT—Henry C. Brucker, for Nichola and Santa Todero, owners.

SUBJECT—Application October 17, 1958—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a residence use, G-1 area district, the change in occupancy of an existing dwelling from one family to two families.

PREMISES AFFECTED—111-07 225th Street, east side, 41.64 feet south of 111th Avenue, Block 11209, Lot 15, Queens Village, Borough of Queens.

APPEARANCES—

For Applicant: Lester C. Ringe and Santa Todero.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley and Commissioner Sleeper. 4

Negative: Commissioner Fox 1
THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 25, 1959 after due notice by publication in the Bulletin; laid over to March 17, 1959, for inspection and decision; and for applicant to furnish list of homes within five hundred feet occupied for two families; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 225th Street, 226th Street, 111th Avenue and 112th Avenue are in a residence use, G-1 area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 18, 1958 acting on Alt. Applic. No. 2010-58, reads:

"1. The conversion from a one to a two family dwelling in a G-1 area district is contrary to Art. IV Sec. 16-C (a) Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 41.64 feet frontage by 130.38 feet and 133.80 feet in depth, upon which is located a one and one-half story brick veneer and frame private dwelling 24 feet 6 inches by 40 feet; that it is proposed to make one of the rooms a kitchen, as shown on plans filed with this application; that the proposed occupancy would then be two families, but would still be a private dwelling as to its classification, the same as a one family dwelling; and

WHEREAS, the applicant states that this building meets all the setback, side and rear yard requirements of a G-1 area district; that the existing attic rooms meet all the requirements as to light and ventilation, also height and area minimums and with the bath room, were established under N.B. Applic. No. 1793-55; that the immediate vicinity in the 500 foot radius area has a considerable number of two family dwelling uses, some of these being block 11208, lots 1, 8, 33 and 53 granted by the Board; also lot 54 in the same block; also block 11205, lots 1 and 3; that in no way will this conversion be detrimental or injurious to the neighborhood in any respect and no physical changes to the exterior of the building will be made; that furthermore, the occupancy of a three room apartment by two adults would be far less hazardous from a fire-fighting standpoint than the hypothetical case of, say five or six children using the floor as bedrooms of a one family dwelling, in case the building was sold; and

WHEREAS, the applicant contends that the owners mother and sister would occupy the proposed apartment, but they desire separate cooking facilities and prefer to live independently while still being close to their relatives; that the proposed conversion would help defray the rising costs of financially carrying the premises, due to increases since the purchase of the property when taken into consideration the drop in the owners earning potential due to increasing age; and

WHEREAS, the applicant states that the present owners have held title to the property since December 14, 1955; that the assessed valuation of land is \$1,800 and of the building \$8,100 making a total of \$9,900; that the building was erected in 1955; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the

MINUTES

application be and it hereby is *granted* under Section 21 to permit the existing one-family residence building to be occupied by two families, *on condition* that the second family shall be located in the attic story, as proposed and shown on plans filed with this application, marked "Received October 17, 1958", 5 sheets; that there shall be a complete separation between the two families, so that the family in the apartment on the first floor and cellar shall be separated from the proposed family in the attic; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required, including a new certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

602-58-BZ

APPLICANT—Anthony M. Salvati, for Gelray Corporation, owner.

SUBJECT—Application October 20, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the change in occupancy of an existing one story building from public garage to bowling alleys with cocktail lounge, luncheonette and snack bar.

PREMISES AFFECTED—2425-2435 Cropsey Avenue, northeast corner of Bay 37th Street, Block 6892, Lot 7, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leon Komondorea.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Foley, Commissioner Sleeper and
Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 25, 1959 after due notice by publication in the Bulletin; laid over to March 17, 1959, for applicant to file new decision of Borough Superintendent; inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Cropsey Avenue, Bay 37th Street and Bay 38th Street are in a residence use, D area, class 1 height district; that the premises, prior to July 29, 1940 had been in a business district, D area, class 1 height, and the area after that date had been rezoned to a residence district, D area, class 1 height; and

WHEREAS, the decision of the Borough Superintendent, dated October 15, 1958 acting on Alt. Applic. No. 2793-58, reads:

"2. Proposed change in occupancy from a Public Garage to Bowling Alleys within a Residential District is contrary to Art. 2 Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 96 feet 8 inches frontage by 180 feet in depth, upon which is located a building now being used as a public garage; that it is proposed to change the occupancy to a modern bowling alley, cocktail lounge, luncheonette and snack bar in a non-conforming use district; and

WHEREAS, the applicant states that a few years ago the area had trolley tracks with overhead wires, and its many vacant lots were being used as dumping grounds, which made this section a most undesirable neighborhood; and

WHEREAS, the applicant contends that the Planning Commission rezoned this area to a residence district, but the area lacks any kind of recreational facilities and the alteration to a modern bowling alley with a cocktail lounge, luncheonette and snack bar would be a most advantageous change to the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since June 5, 1958; that the assessed valuation of land is \$27,000 and of the building

\$70,000 making a total of \$97,000; that the building was erected in 1952; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years, to permit the change of occupancy from public garage to bowling alleys with cocktail lounge, luncheonette and snack bar, substantially as proposed and as indicated on plans filed with this application, marked "Received October 20, 1958", 5 sheets, as amended by revised plans marked "Received March 12, 1959", 2 sheets, *on condition* that there shall be no windows opening upon premises at the rear of the plot; that the front part of the plot where unbuilt upon shall be leveled substantially to the grade of Cropsey Avenue and shall be paved from the building line to the wall of the building similarly to the sidewalk; that the building shall comply with all laws, rules and regulations applicable thereto and shall not be increased further in height or area; that the bowling alley equipment shall be of the near-noiseless type; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

603-58-BZ

APPLICANT—Anthony M. Salvati, for Burgerama, Inc., owner.

SUBJECT—Application October 20, 1958—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a business and residence use district, at an existing drive-in restaurant, the extension of employee and patron parking into the residence portion of the premises.

PREMISES AFFECTED—4-26 Dahill Road and 3301-3313 Fort Hamilton Parkway, southwest corner, Block 5303, Lot 59, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leon Komondorea.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Foley, Commissioner Sleeper and
Commissioner Fox 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 25, 1959 after due notice by publication in the Bulletin; laid over to March 17, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Dahill Road and Micieli Place are in business and residence use C area, class 1 height district; Fort Hamilton Parkway is in a business use, C area, class 1 height district; Minna Street is in a residence use, C area, class 1 height district; that the use, area and height designations affecting these premises since July 25, 1916, have never been changed; and

WHEREAS, the decision of the Borough Superintendent, dated October 15, 1958 acting on Alt. Applic. No. 2268-58, reads:

"1. Parking of Motor Vehicles in a partly Business and partly in a Residence use is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 192 feet 3 $\frac{7}{8}$ inches frontage by 60 feet 5 $\frac{7}{8}$ inches and 54 feet 6 $\frac{1}{2}$ inches in depth; that it is proposed to extend the existing customer parking area into a residence use district; and

MINUTES

WHEREAS, the applicant contends that the owner had built the Drive-In Restaurant with employee and customer parking in the business area of their premises, and Certificate of Occupancy for this use had been issued February 18, 1958; that the restaurant has successfully been in operation since the opening; that the owners, however, realize that they are unable to provide parking facilities for all their customers during the summer months; that this resulted in parking on both sides of Fort Hamilton Parkway and Dahill Road, which are both main thoroughfares; that the crossing of these exceptionally wide streets endangers the lives of the public, which include men, women and children; that the owners desire to increase the parking facilities into the residence area of the property; that the approval of this variance will eliminate this hazardous condition and enable the owners to improve their services to the public; and

WHEREAS, the applicant states that the present owner has held title to the property since July 5, 1958; that the assessed valuation of land is \$20,000 and of the building \$34,000 making a total of \$54,000; that the building was erected February 18, 1958; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and careful consideration has been given to the application to permit extension into the residence use district of the parking use in connection with the business maintained on the business portion of the premises; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 2268-58, Objection No. one be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

605-58-BZ

APPLICANT—Tobias Goldstone, for Anthony Sessa, Executor and Trustee of Estate of Gaetano Farina, owner; Walbaums Inc., lessee.

SUBJECT—Application October 23, 1958—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a business and residence use district, in an existing one story building occupied as a retail food market, the use of that portion located in the residence use district for the storage of packaged merchandise.

PREMISES AFFECTED—1694 Church Avenue, south side, 215 feet, 9 inches east of Buckingham Road, Block 5097, Lot 76, Borough of Brooklyn.

APPEARANCES—

For Applicant: Tobias Goldstone.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 25, 1959 after due notice by publication in the Bulletin; laid over to March 17, 1959, for inspection and decision; objectors to send in written objections properly certified; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in business and residence use, C area, class 1¼ height districts; Church Avenue is in business, retail and residence use, C area, class 1¼ height districts; East 18th Street is in retail and residence use, C area, class 1¼ height districts; Buckingham Road and Albermarle Road are in a residence use, C and G-1 area, class 1¼ height districts; and

WHEREAS, the decision of the Borough Superintendent, dated October 8, 1958 acting on Alt. Applic. No. 1795-58, reads:

"1. The proposed use of rear portion (Beyond 150

feet in depth) for storage purposes which is located in a residential portion of lot, violates Art. 2 Sect. 3 of Zoning Resolution; note front portion 150 feet located within a business use district."

and

WHEREAS, the applicant states that the premises consist of a plot, 60 feet frontage by 135 feet 10 inches and 205 feet 1½ inches in depth, with a one story building erected as a storage garage covering the entire lot, with the exception of a five foot yard at the rear of the property; that these premises were so occupied until September, 1957; that it is proposed to use the remaining portion of approximately 900 square feet for the storage of packaged merchandise; and

WHEREAS, the applicant states that plans were filed with the Department of Buildings in August 1957 to change the use of said building to a market and same was approved on condition that the 100 foot front portion will be used for market, and the remaining portion to be kept vacant; that on November 27, 1957 the City Planning Commission and the Board of Estimate changed the maps, extending the business use portion to 150 feet south of Church Avenue; that after the change in maps, an amendment was filed to the original plans to extend the market portion approximately 120 feet, and the remaining portion to the 150 foot line to be used for refrigerators and lavatories; and

WHEREAS, the applicant contends that the 900 square feet was originally occupied as a storage garage; that the change of use for storage of merchandise creates a better condition; that the said rear portion abuts the depressed tracks of the B.M.T. subway and is not accessible except through the front portion of the building, and it is therefore requested that this rear portion be used for the storage of merchandise; and

WHEREAS, the applicant states that the present owner has held title to the property since 1914; that the assessed valuation of land is \$36,000 and of the building \$64,000 making a total of \$100,000; that the building was erected in 1914 prior to zoning of its present size; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee's opinion, having inspected the premises, is that the existing building, as it existed since erection in 1914 should be permitted even though the zoning, when last adopted, did not include the entire building within the new zoning depth of 150 feet, and that under certain conditions the application should be granted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit the portion of the existing one-story building in a residence use district to be occupied for storage by the present tenant maintaining a retail food market provided such extension shall not be increased in height or in area and shall have no openings not now existing to adjoining premises or to the depressed bed of the subway; that there shall be erected a masonry wall at the point continuing the sidewall of the building toward the west to close the gap between the building and the side lot line; that such wall shall be of masonry and not less than six feet in height; that the building shall not be further increased in height or in area and shall be continued as part of the street floor occupancy and in all other respects shall comply with all laws, rules and regulations; and that all permits shall be obtained and all work completed within six months from the date of this resolution and a certificate of occupancy shall be obtained.

648-58-BZ

APPLICANT—Leonard Lazarus, for Ferdinand Castagna, Janet Hess, Hanna Hess and J. Louis Lazarus, owners.

SUBJECT—Application November 13, 1958—decision of the

MINUTES

Borough Superintendent, under section 9A of the Zoning Resolution, to permit in a Class $\frac{3}{4}$ height district, the erection of a six story and cellar multiple dwelling on a plot with another multiple dwelling and garage, the proposed structure exceeds the permitted height and within two (2) miles of a designated airport.

PREMISES AFFECTED—31-65 138th Street, northeast corner of 32nd Avenue, and 31-90 140th Street, Block 4411, Lot 1, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Leonard Lazarus.

For Opposition: None.

For Administration: John J. Saunders, B'd. of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 17, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 138th Street, 31st Drive, 140th Street and 32nd Avenue are in a residence use, E area, class $\frac{3}{4}$ height district; that the northerly portion of the property is $\frac{3}{4}$ height district and the southerly portion is in a one times height district; that part of the property is in a D area district and the remaining portion is in an E area district; that as of July 25, 1916 the property was zoned as an unrestricted district and the present residence designation became effective on August 13, 1938; that as of July 25, 1916 the property was zoned as a one times height district; that on March 30, 1940 the northerly portion of the property was changed to a $\frac{1}{2}$ times height district and on January 22, 1951 that portion of the property was further changed to $\frac{3}{4}$ height district; that as of July 25, 1916 the property was zoned as a D area district and the present E area designation for the northerly portion of the property became effective on March 30, 1940; that no zoning amendment relative to this property is pending at this time; and

WHEREAS, the decision of the Borough Superintendent, dated November 5, 1958 acting on N.B. Applic. No. 2841-57, reads:

"4M. Part of proposed 6 sty. and cellar Multiple Dwelling located in a $\frac{3}{4}$ and 1 Height District within 2 miles of designated airport, exceeds the height limit prescribed in Section 8 (c & d) and 9-A Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 337.59 feet frontage by 262.50 feet in depth, presently vacant; that it is proposed to erect two buildings connected to each other by a garage structure; and

WHEREAS, the applicant states that no objection has been raised by the Building Department to the building which fronts on 138th Street, since 138th Street is 80 feet wide; that this building is designated as Building No. 1 on the site plan; that the southerly portion of Building No. 2 is objected to by the Building Department since its nearest street, 140th Street, is only 60 feet wide; that when completed, the improvements will be owned by a cooperative corporation to be formed under the laws of the State of New York; that the buildings and other improvements are to be erected pursuant to the requirements of the Federal Housing Administration; that the mortgage is to be insured under Section 213 of the Federal Housing Act; and

WHEREAS, the applicant contends that the setback of the building which is objected to by the Building Department is sufficient to permit the proposed height of six stories in this height district, were it not for the fact that the property lies within two miles of a designated airport; that nevertheless, despite the fact that the property is within two miles of a designated airport, the full six-story height for all two buildings would be permitted if 140th Street were 80 feet

wide instead of 60 feet wide; and

WHEREAS, the applicant further contends that the portion of the plot to which this objection has been raised because of the width of the street, is actually further from the airport than the other portions of the property, where no objection was found because of the greater width of those streets; that this is one of the later sections in a multi-section housing project; that the first two sections have been completed and are occupied by their cooperative owner-tenants; that the third section is under construction and has been completely sold and occupancy is expected next Spring; that these sections which have been built, or are under construction, are located immediately adjacent to the subject plot; that to the east of this property, two large cooperative apartment house projects, known as Mitchell Gardens and Linden Hill, have been completed and are fully occupied; that all are improved with buildings six stories in height and, because of the natural grade of the land, are considerably higher in their general elevation than the buildings proposed to be erected on the subject premises; and

WHEREAS, the applicant states that the present owners have held title to the property since January, 1956 and that the assessed valuation of land is \$30,000; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 9, Subdivision A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 9A to permit the construction of the building as proposed and indicated on plans filed with this application marked, "Received November 13, 1958, 6 sheets, and "February 16, 1959," 1 sheet, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the building shall not be increased in height or area; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

APPLICANT—Leonard Lazarus, for Ferdinand Castagna, Janet Hess, Hanna Hess and J. Louis Lazarus, owners.

SUBJECT—Application November 13, 1958—decision of the Borough Superintendent, under Section 9A of the Zoning Resolution, to permit in a Class $\frac{3}{4}$ height district, the erection of a six story and cellar multiple dwelling on a plot with two similar structures connected by garages, the proposed building exceeds the permitted height and is located within two (2) miles of a designated airport.

PREMISES AFFECTED—29-10, 29-30 and 29-50 137th Street, southwest corner of Whitestone Avenue, Block 4371, Lot 8, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Leonard Lazarus.

For Opposition: None.

For Administration: John J. Saunders, B'd. of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 17, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Whitestone Parkway are in business and residence use, E area, class $\frac{3}{4}$ height districts; Linden Place is in a business use, E area, class $\frac{3}{4}$ height district; 31st Road and 137th Street is in a residence use, E area, class $\frac{3}{4}$ height district; that as of July 25, 1916 the property was zoned as an unrestricted district and the present residence designation became effective on August 13, 1938; that as of July 25, 1916 the property was zoned as a one times height district; that on March 30,

MINUTES

1940 the property was changed to a $\frac{1}{2}$ times height district and on January 22, 1951 it was changed to class $\frac{3}{4}$ height district; that as of July 25, 1916 the property was zoned as a D area district and the present E area designation became effective on March 30, 1940; that no zoning amendment relative to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated November 5, 1958 acting on N.B. Applic. No. 2407-58, reads:

"1M. Part of proposed 6 sty. & cellar Multiple Dwelling is located in a $\frac{3}{4}$ Height District within 2 miles of designated airport exceeds the height limit prescribed in Section 8c and 9A Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 620.89 feet frontage by 306.61 feet in depth, presently vacant; that it is proposed to erect three buildings connected to each other by garage structures; and

WHEREAS, the applicant states that no objection has been raised by the Building Department to the two buildings which front on 137th Street, since 137th Street is 80 feet wide; that these buildings are designated as Buildings No. 1 and No. 3 of the site plan; that the westerly portion of Building No. 2 is objected to by the Building Department since its nearest street, Linden Street, is only 60 feet wide; that when completed, the improvements will be owned by a cooperative corporation to be formed under the laws of the State of New York; that the buildings and other improvements are to be erected pursuant to the requirements of the Federal Housing Administration; that the mortgage is to be insured under Section 213 of the Federal Housing Act; that the setback of the building which is objected to by the Building Department is sufficient to permit the proposed height of six stories in this height district were it not for the fact that the property lies within two miles of a designated airport; that nevertheless, despite the fact that the property is within two miles of a designated airport, the full six story height for all three buildings would be permitted if Linden Street were 80 feet wide instead of 60 feet wide; and

WHEREAS, the applicant contends that Whitestone Parkway which adjoins this plot on the north, is extremely wide, being more than 100 feet in width; that this is one of the later sections in a multi-section housing project; that the first two sections have been completed and are occupied by their cooperative owner-tenants; that the third section is under construction and has been completely sold, and occupancy is expected next Spring; that these sections which have been built or are under construction are located immediately adjacent to the subject plot; that another section, to be built on the block immediately east to the subject premises, will require no variance from the Zoning Resolution inasmuch as all of the streets bounding said block are 80 feet wide; that to the east of this property, two large cooperative apartment house projects, known as Mitchell Gardens and Linden Hill, have been completed and are fully occupied; that all are improved with buildings six stories in height and because of the natural grade of the land, are considerably higher in their general elevation than the buildings proposed to be erected on the subject premises; and

WHEREAS, the applicant states that the present owners have held title to the property since January, 1956 and that the assessed valuation of land is \$13,000; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 9, Subdivision A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is granted under Section 9A to permit the construction of the building as proposed and indicated on plans filed with this application marked, "Received November 13, 1958," 6 sheets, and "February 16, 1959," 1 sheet, on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the building shall

not be increased in height or area; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

653-58-BZ

APPLICANT—Leonard F. Rothkrug, for Rocco and Concetta Miglorelli, owners; Gulf Oil Co., lessee.

SUBJECT—Application November 14, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station with accessory minor auto repairs, car washing, non-automatic, office, sale and parking of cars awaiting servicing all for a temporary term of fifteen (15) years.

PREMISES AFFECTED—2985 Edson Avenue, southwest corner of Adee Avenue, Block 4797, Lot 1, Borough of The Bronx.

APPEARANCES—

For Applicant—Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleiner, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 25, 1959 after due notice by publication in the Bulletin; laid over to March 17, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Adee Avenue, Edson Avenue and Grace Avenue are in a residence use, D-1 area, class $\frac{1}{2}$ height district; that on July 25, 1916 the premises was in an unrestricted use, C area, class 1 height district; that the use zone was changed on October 18, 1949; the area zone was changed November 18, 1954 and the height zone was changed on August 26, 1954; and

WHEREAS, the decision of the Borough Superintendent, dated November 5, 1958 acting on N.B. Applic. No. 62-58, reads:

"1. In a residence district the proposed 'Gasoline Station, lubricatorium, minor repairs, car washing, office, sales & parking of motor vehicles' is contrary to Art. II Section 3 of the Zoning Resolution and is therefore denied."

and

WHEREAS, the applicant states that the premises consist of a plot, 128.57 feet frontage by 95.07 feet in depth, presently vacant; that it is proposed to erect a modern gasoline service station with accessory minor auto repairs, non-automatic car wash, office, sales and parking of cars awaiting service; and

WHEREAS, the applicant states that a grant of a variance will not adversely affect any property owner within the affected area; that to the east, the property opposite the premises is developed with the New England Thruway; that there is no opening either for entrance or exit from the Thruway and the Thruway southbound lane is approximately 150 feet from Edson Avenue; that Adee Avenue is not a through street across the Thruway; that to the south the property is developed with non-conforming uses established prior to the construction of the Thruway and prior to the change of zone; that immediately adjoining to the south is a large cement block building about 35 feet in height, used for manufacturing and storage of cement blocks; that to the north Edson Avenue is developed with newly constructed one family attached houses; that however, Edson Avenue is a one way street running south, and traffic to the proposed station is brought away from these homes; that to the west, the property adjoins a large two story fuel oil company building, a non-conforming use; that the property adjoining to the south and west are developed with non-conforming uses customarily found in unrestricted use districts; that the property cannot be eco-

MINUTES

nomically developed with a conforming use; that the premises is zoned residence, but in view of the existing development with non-conforming uses on both sides and throughout almost the entire tax block, it would be unreasonable to expect residence development; that it is to be noted that the entire tax block No. 4781 has been developed with new homes, except for the corner 41 foot by 95 foot lot opposite the premises; and

WHEREAS, the applicant contends that there is a need for a gas station facility in this community; that there are no existing gasoline service station facilities within the entire affected area, and there is property appropriately zoned for this use on the west side of the Thruway in this area; that the proposed use provides a needed retail service to the community; that the owners of these premises are also the owners of lots 59 and 64 adjoining the premises, fronting on Grace Avenue; that they are long time residents of the neighborhood and would be the most directly affected property owners by a grant of the variance; that the entire area was zoned unrestricted in 1916 when the Zoning Resolution became effective, and it was rezoned to residence on October 18, 1949; that the corner lot No. 1 was purchased by the owner September 18, 1940 when the zone was unrestricted and a gas station could have been erected without a variance; that the entire tax block was developed when the zoning was unrestricted, and as a result most of the uses are non-conforming; and

WHEREAS, the applicant further contends that the premises cannot be developed without a grant of a variance by the Board; that the existing development, principally the large cement block manufacturer, makes development with a conforming residence use practically impossible; that land values in this neighborhood are comparatively low, and there is a considerable amount of large undeveloped tracts which could be improved economically; that this other vacant land would be more desirable for improvement than the premises; that a grant of the variance, subject to conditions and safeguards as usually required by the Board would offer the most attractive and practical development possible for these premises; and

WHEREAS, the applicant states that the present owners have held title to the property since September 18, 1940 and January 13, 1958; that the assessed valuation of the land is \$3,300; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years to permit the premises to be occupied as a gasoline service station and uses lawfully accessory thereto substantially as proposed and as indicated on plans filed with this application marked "Received November 14, 1958", 3 sheets, and "March 6, 1959", 2 sheets, *on condition* that the plot shall be leveled substantially to the grade of adjoining streets and all uses thereon shall be removed and the premises shall be constructed and arranged as indicated on such plans above referred to, particularly the revised plans marked "Received March 6, 1959" except that the curb cut on Adee Avenue as shown toward the west shall not be constructed; that there shall be only one curb cut to Adee Avenue; that the pump island as shown parallel to Adee Avenue shall be located toward the south at the rear of the other pump island facing Edson Avenue so that it can be reached from the one curb cut at Adee Avenue near Edson Avenue; that in all other respects the conditions as shown on the plans shall be complied with; that the accessory building shall be of the design, arrangement and location as shown, faced with face brick on all sides except at the rear; that

the rear wall may be common brick or block painted; that there shall be erected a woven wire fence on a masonry base to a total height of five feet six inches on the east lot line and where shown on the southerly lot line 100 feet from the Adee Avenue building line; that a similar fence shall be maintained along the Adee Avenue building line to within five feet of the permitted curb cut; that suitable terminating posts shall be erected at the building lines; that sidewalks and curbing abutting the premises shall be constructed or repaired to the satisfaction of the Borough President; that curb cuts shall be restricted to two curb cuts each 30 feet in width to Edson Avenue, where shown, and one to Adee Avenue toward the Edson Avenue building line; that pumps shall be of a low approved type erected not nearer than fifteen feet to the street building line; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that the balance of the plot where not occupied by the accessory building and pumps shall be paved with concrete or asphaltic pavement; that at the intersection there shall be erected a block of concrete extending for a distance of not less than five feet along either building line from the intersection and not less than twelve inches in height; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps excluding all roof signs and temporary signs and advertising devices but permitting the erection within the intersection of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend over the building line at right angles to the building line of Edson Avenue for a distance of not over four feet; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7e there may be minor repairs with hand tools only for adjustments maintained solely within the accessory building; that under Section 7e there may also be, for a similar term, the parking of cars awaiting service and the sale of cars so maintained as not to interfere with the servicing of the station; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

660-58-BZ

APPLICANT—Charles M. Spindler, for Amato Recine, owner.

SUBJECT—Application November 18, 1958—decision of the Borough Superintendent, under sections 7f, 7i and 7e of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, auto washing, non-automatic, office, sale of accessories, minor repairs with hand tools only, safety inspection station and the parking and storage of motor vehicles all for a temporary term of fifteen (15) years.

PREMISES AFFECTED—3540 Boston Road and 3520 Mickle Avenue, southeast corner, Block 4724, Lot 61, Borough of The Bronx.

APPEARANCES—

For Applicant: Charles M. Spindler.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 25, 1959 after due notice by publication in the Bulletin; laid over to March 17, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Boston Road are in a retail use, C area, class 1 height district; Tillotson Avenue is in a retail use, D-1 area, class 1 height district; Mickle

MINUTES

Avenue and Kingsland Avenue are in a retail use, C and D-1 area, class 1 height district; that as of July 25, 1916 the property was zoned as a business district and the present retail designation became effective on February 27, 1958; that the height and area designation have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated October 27, 1958 acting on N. B. Applic. No. 1052-58, reads:

"1. In a retail district the proposed 'Gasoline service station, lubritorium, auto washing, non-automatic, office, sales of accessories, minor repairs with hand tools only, safety inspection station, parking and storage of motor vehicles' is contrary to Sect. 4-A of the Zoning Resolution and is therefore denied."

and

WHEREAS, the applicant states that the premises consist of a plot, 159.77 feet frontage by 89.47 feet in depth, presently vacant; that it is proposed to develop this site with a modern gasoline service station of the usual Sun Oil Company standards; and

WHEREAS, the applicant states that the Sun Oil Company has a conditional contract to purchase the property provided the variance is granted by the Board; that this entire square block, with the exceptions of lots 70 and 73—Boston Road and Kingsland Avenue—is under one ownership; that there has recently been erected, as shown on the radius plot diagram, a one story building with stores facing on Mickle Avenue, and a garage at the rear with entrance from Tillotson Avenue; that this proposed gas station will complete the development of the entire block; and

WHEREAS, the applicant further states that Boston Road, south side, between Eastchester Road and Mickle Avenue, is improved with a one story restaurant, parking and amusement rides; that continuing east along the south side of Boston Road, and adjoining the site is a restaurant and bar, and continuing further east, the block front between Kingsland Avenue and Tieman Avenue is occupied with a gas station, parking and motor vehicle repair shop; that there is a new gas station in course of erection on Boston Road, northeast corner of Eastchester Road, recently granted by the Board; that Boston Road, northwest corner of Mickle Avenue and diagonally opposite the site, is occupied as a gas station; that Boston Road, northeast corner of Mickle Avenue, is occupied by a mechanic for the installation of auto glass, ignition keys, etc.; that there are two gas stations on the both corners of Boston Road and Kingsland Avenue, and going further east on the north side of Boston Road, is a used car lot; and

WHEREAS, the applicant contends that this site is ideally situated for the erection of a modern gas service station as automotive uses predominate within the area; and

WHEREAS, the applicant states that the present owner has held title to the property since February 1, 1956 and March 4, 1958 and that the assessed valuation of land is \$16,800; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years to permit the premises to be occupied as a gasoline service station and uses lawfully accessory thereto substantially as proposed and as indicated on plans filed with this application marked "Received November 18, 1958", 4 sheets, *on condition* that all uses now on the premises shall be removed and the premises shall be leveled substantially to the grade of the adjoining streets and shall be constructed and maintained substantially as proposed

and as indicated on plans filed with this application; that the accessory building shall be of the location, design and arrangement as indicated; that the doors to the toilet rooms shall be relocated so as not to be contiguous; that the design with asphalt shingle roof and facing of face brick on all sides shall be maintained; that gasoline pumps shall be located not nearer than fifteen feet to a street building line, as shown; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that on the lot line to the south there shall be erected a retaining wall and fence of the woven wire chain link type with suitable terminal post at the building line of Mickle Avenue; that this fence may be omitted where the masonry wall of the adjoining one-story building occurs; that a similar fence shall be erected on the easterly lot line to the building line of Boston Road and may be omitted where the wall of the accessory building and other masonry walls of adjoining premises occur on the lot line; that in front of such fences, where shown, there shall be planting areas properly protected with curbing not less than eight inches in height and six inches in width maintained with suitable planting material; that the balance of the premises shall be paved with concrete or asphaltic pavement; that sidewalks and curbing shall be repaired or restored to the satisfaction of the Borough President; that curb cuts shall be restricted to two to Boston Road, where shown, each not over 30 feet in width with no curb cut nearer than five feet to a side lot line as prolonged, and with one curb cut to Mickle Avenue not over 30 feet in width; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps excluding all roof signs and temporary signs and advertising devices; that under Section 7i there may be minor repairs with hand tools only for adjustments maintained solely within the accessory building; that there may also be parking and storage of motor vehicles under Section 7e for a similar term provided such parking and storage is maintained in portions of the station where the servicing of the station will not be interfered with; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

742-58-BZ

APPLICANT—Robert Gottlieb for AFCO Associates, owner; M. Rosenstock, Midas Mufflers, Lessee.

SUBJECT—Application December 18, 1958—decision of the Borough Superintendent, under section 7i of the Zoning Resolution, to permit in a business use district, the change in use of an existing building from office and garage to office and store and motor vehicle repairs limited to the installation of mufflers only, for a stated term of ten (10) years.

PREMISES AFFECTED—2510 Boston Road, southeast corner of Wallace Avenue, Block 4435, Lot 1, Borough of The Bronx.

APPEARANCES—

For Applicant: Robert Gottlieb and Jacob Anwer.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 17, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Boston Road, Mace Avenue and Wallace Avenue are in a business use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent,

MINUTES

dated December 3, 1958 acting on Alt. Applic. No. 1057-58, reads:

"1. Proposed use of motor vehicle repair shop (muffler repair & replacement), office and store in a business use district is contrary to Art. II Sect. 4 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 90 feet frontage by 89 feet in depth; that the entire plot is improved with a one story building formerly used as an oil burner supply and four car truck garage for oil supply trucks; that the sign at front will be removed; and

WHEREAS, the applicant contends that Boston Road is a 100 foot wide, much travelled highway; that the building directly to the south is a gas station; that the proposed change in building use would in no way affect the neighborhood and not be detrimental in any way to the adjoining neighborhood; that the replacing of mufflers is not a noisy operation and would be confined to the interior of the building; and

WHEREAS, the applicant states that the present owner has held title to the property since October 15, 1948; that the assessed valuation of land is \$11,500 and of the building \$9,500 making a total of \$21,000; that the building was erected in 1929; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7i to permit the proposed use of the existing one-story building as shown on plans filed with this application marked, "Received December 18, 1958," 2 sheets, and "February 13, 1959," one sheet *on condition* that the building shall not be increased in height or area; that all work, as proposed, shall be at all times maintained solely within the building; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained, including a Certificate of Occupancy, and all work completed within six months from the date of this resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 25, 1959 after due notice by publication in the Bulletin; laid over to March 17, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Powells Cove Boulevard, Utonia Parkway and 166th Street are in a residence use, F area, class ½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated November 26, 1958 acting on N. B. Applic. No. 3911-58, reads:

"1. The proposed use of the premises as day camp in conjunction with a nursery school in a Residence use District is contrary to Art. II, Sec. 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 132 feet frontage by 200 feet in depth, presently vacant; that it is proposed to erect a one story nursery school and day camp on the premises; that the building will have a frontage of 121 feet 4 inches on Powells Cove Boulevard and is 70 feet deep; that the main section of the building is 30 feet by 121 feet 4 inches and has two covered terraces, front and rear, each 20 feet deep; that it is to be of class one construction; and

WHEREAS, the applicant states that the nursery school itself is permissible and can be erected under the provisions of the Zoning Resolution; that because of the use of the day camp, the Department has raised the zoning restriction; that provision is being made to accommodate about 150 children from the ages of four to six and they will be under the supervision of about 15 teachers; that it will be used from 9 A.M. to 5 P.M. with no classes conducted on Saturday or Sunday; that the plot has ample area for the children to have supervised recreation; that the day camp will thus provide facilities in conjunction with the nursery for a safe playground, taking the children off the streets and eliminating the danger of playing in the public streets; that buses will provide transportation; and

WHEREAS, the applicant contends that a nursery school is permitted in a residence district, and the day camp is but an accessory use to the school; that practically every public school in the City is built today with playground facilities; that the proposed use is so isolated on its own property that there will be no nuisance created; that this will be a modern structure with complete supervision and the day camp will be in conjunction with the nursery school, which of itself is not restricted; and

WHEREAS, the applicant states that the present owner has held title to the property since November 1, 1958 and that the assessed valuation of land is \$19,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e, for a term of ten years to permit the premises to be occupied as proposed and as shown on plans filed with this application marked, "Received December 19, 1958," 5 sheets, *on condition* that the operation of the premises as a day camp and nursery school shall be maintained in accordance with the requirements therefor; that the proposed building shall not be further increased in height or area; that suitable fences shall be erected on the lot lines with no openings therein, except one to Powells Cove Boulevard; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 4:00 P.M.

JOSEPH J. DOYLE, Chief Clerk.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF A COMMITTEE ON TEST

Re: Calendar Number 568-50-SA.

Subject: Amendment to resolution as to additional trade names.

Norman Products Company, Columbus, Ohio, requested by letter dated December 2, 1958, that the resolution adopted October 31, 1950 and as amended through October 16, 1956 under Calendar Number 568-50-SA be amended so as to permit the approved heaters to be marketed under additional trade names. The application was reopened December 16, 1958.

Recommendation

The Committee on Test recommends that the resolution adopted October 31, 1950 and as amended through October 16, 1956 be amended so as to permit the approved heaters to be marketed by Frigidaire Division of General Motors Corp., under the trade name of Frigidaire, Models GZW-85, GZW-100 and GZW-140, on condition that the requirements of the resolution adopted October 31, 1950 and amended through October 16, 1956 under Calendar Number 568-50-SA be complied with.

(Sgd.) SAMUEL L. BECKER,

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 211-53-SA.

Subject: Amendment to resolution as to additional models.

Speed Queen a Division of McGraw-Edison Company, requested by letter dated October 14, 1958, that the resolution adopted November 4, 1953 and amended through Octo-

ber 21, 1958. The application was reopened by a vote of the Board December 9, 1958.

Purpose

The appliance is a 9 pound clothes washing machine.

Description

The requested Model A26 is identical to the Model A25 except as to the time of the wash cycle. There is a selectivity range of a normal or short washing cycle which may be selected by means of a washer timer.

Recommendation

The Committee on Test recommends that the resolution adopted November 4, 1953 and amended through October 21, 1958 under Calendar Number 211-53-SA be amended so as to include the additional Model A26 washing machine on condition that the requirements of the resolution adopted November 4, 1953 under Calendar Number 211-53-SA be complied with.

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 278-57-SM.

Subject: Kentile Solid Vinyl Tile, .08 inch and 1/8 inch Gauge.

D. V. Borell for Kentile, Inc., Brooklyn, N. Y., filed March 27, 1957, an application with the Board of Standards and Appeals for approval of the Kentile Solid Vinyl Tile, .08 inch and 1/8 inch Gauge under the provisions of C26-667.0.4 Administrative Building Code.

Purpose

The material is a floor covering.

Description

Kentile Solid Vinyl Tile consists of a blended composition of a thermoplastic binder, fillers and pigments. The thermoplastic binder is made up of polyvinyl chloride resin with suitable plasticizers and stabilizers.

The tile has a smooth wearing surface and is homogenous throughout in that the color and marbling extend throughout the full thickness of the tile.

Inspection and Test

The application and data were examined by Ass't. Engr. G. F. Sklenarik, Committee on Test.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of Kentile Solid Vinyl Tile, .08 inch and 1/8 inch gauge as a floor covering for use in New York City under the provisions of C26-667.0.4 Administrative Building Code and applicable section of the Multiple Dwelling on condition that all containers in which the material is to be marketed shall be tagged, stamped or labeled as follows: "Approved by the

Negative: 0
Absent: Commissioner Fox 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 65-58-SA.

Subject: Burkay Copper Coil Commercial Gas-fired Water Heaters, Models 417, 618, 718, 610A, 10, 10D, 20, 20D, and 40.

The A. O. Smith Corporation, Kankakee, Illinois, filed February 3, 1958, an application with the Board of Standards and Appeals for approval of Burkay Copper Coil Commercial Gas-fired Water Heaters, Models 417, 618, 718, 610A, 10, 10D, 20, 20D, and 40, for use in New York City under the provisions of Article 12, of the Administrative Building Code.

Purpose

Water heater for supplying hot water for large homes, small apartments, commercial establishments, swimming pools, etc.

Description

The Burkay Commercial Water Heaters are designed to heat large volumes of hot water as are required by commercial and industrial users, such as restaurants that require large quantities of 180°F. water for sanitizing purposes.

The waterways and heat exchange surfaces are of copper or bronze. A series of copper tubes attached to copper fins are used for the main heat transfer surfaces. This heat exchanger sits on top of a tightly wound coil in the form of a cone. This copper coil forms the combustion chamber. In the bottom, center of the combustion chamber is located the gas burner. This gas burner is cast iron and round in shape. It employs a two stage primary air adjustment and doesn't require field adjustment of primary air by installer. The heater is encased in a metal jacket with an air space between the copper coil combustion chamber and the jacket. On top of the finned heat exchanger there is a sheet metal flue collector which directs the products of combustion into the base of the back draft diverter where it mixes with the air moving up by gravity from the space between the combustion chamber and outer jacket.

Water to be heated enters the top of the heater at the finned heat exchanger and is heated as it passes through this heat exchanger and down through the coil forming the combustion chamber. Water is passed through the heater by force circulation either by pump in a closed system when connected to a storage tank or main pressure in the case of an instantaneous system.

The main gas valve is controlled by a tank aquastat which turns on the pump and gas valve when temperature drops in the tank. A high limit water temperature control is mounted with its temperature element in the heat exchanger. It is factory mounted and wired in series with the gas valve. This will cut the gas off if the temperature in the heat exchanger exceeds the setting of this high limit control. This applies to all models except the 601-A. The 601-A has a mechanical gas valve with its temperature element inserted in the heat exchanger and will turn gas on to the main burner based on temperature of the water in the heat exchanger. This is a modulating control and will proportion gas to the main burner to hold a pre-set temperature at the outlet. This is to allow for variation of water flow through the heater. This model is protected by a safety shut off with a fuse at the plug which will shut off all gas if the unit overheats.

Each model is equipped with a gas pressure regulator and pilot safety shut off. These are all factory mounted and connected. All models are pressure tested at 550 lbs. per square inch. The models 417, 618, 718 all use normal line voltage.

The models 10, 10D, 20, 20D and 40 use pilot generators and make their own current (700 millie volts). They do not require any outside current. These are manufactured for use in heating swimming pools. All controls are factory mounted and wired in series. A pressure or flow switch on the outlet side must be actuated by water pressure to make

MINUTES

the circuit. A pool temperature control with elements on the inlet side governs the pool temperature and a high limit with element in the heat exchanger prevents high temperature from developing in the heater. Pilot safety is accomplished by loss of power to main burner if pilot fails.

Inspection and Test

The heaters have been approved by the American Gas Association and the American Society of Mechanical Engineers. The complete report as to drawings showing dimensions, gauges, and component parts of the heater, also photographs and certificates are on file with and is part of the record.

Recommendation

On the basis of the data filed by the applicant, the Committee on Test recommends the approval of the Burkey Copper Coil Commercial Gas-fired Water Heaters, Models 417, 618, 718, 610A, 10, 10D, 20, 20D and 40 for use in New York City in other than explosive atmospheres, with natural, manufactured, mixed and LP gas, when installed and operated in accordance with this report and the provisions of Chapter 26, Article 12, of the Administrative Building Code provided each boiler bears a label permanently affixed reading: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 65-58-SA".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

390-58-SM

APPLICANT—Phillips Drill Company, owner.
SUBJECT—Application June 18, 1958—Phillips Red Head—self drilling concrete fastener, approval of.

APPEARANCES—

For Applicant: James F. Wagner.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

RE: Calendar Number 390-58-SM.

Subject: Phillips Red Head Self Drilling Concrete Fastener.

Phillips Drill Company, Michigan City, Indiana, filed June 18, 1958 an application with the Board of Standards and Appeals for approval of the material known as Phillips Red Head Self Drilling Concrete Fasteners under the provisions of C26-191.0 Administrative Building Code.

Purpose

The material is to be used for anchoring hangers in stone concrete.

Description

The fastener is a self drilling concrete fastener, made from case hardened steel. The fastener has eight cutting teeth at one end and an internal thread at the other end. Circular grooves on the fastener act as additional cutting edges and provide the means of undercutting the hole when setting and expanding. All fasteners are furnished with case hardened plugs.

The installation is as follows:

Place tapered snap off fastener in a chuck and drill until the chuck is about $\frac{1}{8}$ inch from concrete; withdraw fastener and clean out hole insert red expander in cutting edge of fastener, replace fastener in hole with expander plug in place and drive fastener home, then snap off chucking end of fastener. Screw bolt into threaded end of fastener.

Inspection and Test

Various sizes of the fastener were tested in shear and tension by the Pittsburgh Testing Laboratory. The complete report is on file with and is part of the record.

Recommendation

On the basis of the tests and the data filed by the applicant, The Committee on Test recommends the approval of the material known as Phillips Red Head Self Drilling Concrete Fasteners for voluntary use in stone concrete, in New York City, under the provisions of C26-191.0 under the pertinent sections of the Administrative Building Code, in the same manner as an expansion bolt, wherein expansion bolts are permitted, on condition that all cartons in which the material is marketed shall be tagged, stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 390-58-SM".

The Committee further recommends that the loading on the fasteners shall comply with the following tables:

Bolt Size	Average Load Lbs.	Safe Working Load in Tension Lbs.
1/4	4009	400
5/16	4425	440
3/8	6175	615

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 436-58-SA.

Subject: Amendment to resolution as to additional model and additional trade name.

The Tokheim Corporation, New York, N. Y., requested by letter dated November 19, 1958 that the resolution adopted November 18, 1958 under Calendar Number 436-58-SA be amended to include an additional model gasoline dispenser, Model 445RC with or without the suffixes WNC or N and to permit the marketing of this new model dispenser as Tokheim or National. The application was reopened by a vote of the Board January 13, 1959.

Description

The Model 455-RC remote control dispensing pedestal is similar to the Model 448-RC and 452-RC dispensers previously approved by the Board under Calendar Number 436-58-SA. The main difference is in the styling and design of the exterior housing and the illuminated advertising panels.

The suffix "WNC" indicates that instead of the usual computing clock, a wheel-type counter is supplied registering gallons only.

The suffix "N" is used when the dispenser is to be marketed under the trade name of "National" and the name "National" will appear on the computer dial face and on the serial number plate.

The Model 455-RC dispensers have been approved by the Underwriters' Laboratories file MH 1895.

Recommendation

The Committee on Test recommends that the resolution adopted November 18, 1958 be amended so as to include the additional Tokheim Model 455-RC Remote Control Dispensing Pedestal with or without the suffixes "WNC" and "N" and when the suffix "N" is used, to be marketed as a National Remote Control Dispensing Pedestal, on condition that the requirements of the resolution adopted November 18, 1958, under Calendar Number 436-58-SA be complied with.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 748-58-SA.

Subject: Wells Triplepass Oil Line Preheater, Model TP-600.

Wells Manufacturing Company, San Francisco, California, filed December 19, 1958, an application with the Board of Standards and Appeals for approval of the Wells Triplepass Oil Line Preheater, Model TP-600 for use in New

York City under the provisions of the Oil Burner Rules of the Board.

Purpose

An electric preheater for fuel oil.

Description

The Model TP-600 heater is made up of three standard Wells heaters welded in series with three manifolds having an inlet and outlet of 2 inch pipe fittings. There is also a ½ inch bottom pipe drain to release any accumulated water. The entire assembly is enclosed in a sheet metal housing with a 4 inch electrical connection box installed on the side.

Each heater is equipped with its own individually controlled thermostat factory preset for 150°F. The heating rate is 6 gallons of fuel per hour raised 100°F. in temperature for each 1000 watt input.

The heaters are made in 9, 12 and 15 kilowatt sizes, 230 or 440 volts and single or three phase current.

Inspection and Test

All details of construction were examined by Ass't. Engr. G. F. Sklenarik, Committee on Test.

The type 600 preheaters were tested and approved by the Underwriters' Laboratories, file MP 1929. The 440 volt heaters are to be used with magnetic switches.

Recommendation

On the basis of the examination and test, the Committee on Test recommends the approval of the Wells Triplepass Oil Line Preheater, Model TP-600 for use in New York City when installed in accordance with this report, the Electrical Code of the City of New York and the Oil Burner Rules of the Board, provided that each such preheater shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 748-58-SA."

For Applicant: None.

ACTION OF BOARD—Laid over to March 31, 1959, at 2 P. M.; applicant has been notified.

140-49-A—Vol. III

APPLICANT—Burke, Green and Groh, for George and Sonia Cullinen, owners; Les Clochettes, lessee.

SUBJECT—Application reopened October 15, 1958 as Vol. III—Appeal from a decision of the Borough Superintendent; re extension of Day Nursery use to cellar.

PREMISES AFFECTED—35-45 223rd Street, east side, 152.8 feet north of 37th Avenue, Block 6192, Lot 68, Bay-side, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 12, 1958 on Alt. Applic. 1661/58, reads:

"1. Proposed extension of use to cellar is contrary to resolution of Board of Standards and Appeals Cal. 140-49-A & 4.2.1 B.C."

and

WHEREAS, the applicant states that the building is 2 stories and attic, 32.2 feet in height, 45 feet front by 36 feet in depth, of class 3 construction, erected 1905, located on a lot 83.04 feet front by 147.71 feet in depth, in a residence use, F area, class 1 height district, and used and occupied as follows: Cellar—storage and boiler room; 1st floor—day nursery, 44 persons; 2nd floor—dwelling, 1 family; for which use and occupancy Certificate of Occupancy No. Q 58981 was issued October 19, 1949 against Alt. Applic. 110-49, pursuant to variance granted by the Board on Calendar Number 149-49-A, Volume I; that the building is proposed to be used and occupied as follows: Cellar—storage, boiler room and nursery, 39 persons; 1st floor—day nursery, 44 persons; 2nd floor—dwelling, (1 family) for the owner of the school; attic—unoccupied; and

WHEREAS, the applicant states that it proposes to use a portion of present cellar for a day nursery; that this area is enclosed in masonry walls; that the ceiling is of 1-hour construction; that the present cellar 3 foot wide wood stairs will be enclosed in masonry walls and fireproof self-closing door top and bottom; that two additional exits will be provided through adjoining cellar space, leads to yard; that all openings in the walls of the proposed cellar school will be protected with fireproof self-closing doors; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 8, 1949, by adding thereto:

"that the extension of use to the cellar as now proposed may be permitted as shown on plans filed with this application marked, "Received September 19, 1958," 10 sheets, *on condition* that the doors to the space under the porch shall be new doors, fire-proof, self-closing, and that a door shall be maintained at the end of the porch, where shown, opening outwardly to a platform from which there shall be a ramp to the outside grade of the plot; that such space under the porch shall be suitably lighted while the school is in session; that all other conditions as shown on plans above referred to shall be maintained; and that the resolution as granted under Volume I shall be complied with where not inconsistent with this *amended* resolution.

963-54-A

APPLICANT—Robert Gottlieb, for Meprin Realty Corp., owner.

SUBJECT—Application December 15, 1954—Appeal from a decision of the Borough Superintendent—re egress.

PREMISES AFFECTED—369 3rd Avenue, east side, 49 feet 4½ inches south of East 27th Street, Block 907, Lot 57, Borough of Manhattan.

APPEARANCES—

For Applicant: Robert Gottlieb.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Foley, Commissioner Sleeper and
Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 6, 1954, acting on Alt. App. 1945/54, reads:

"1. Fire escape unacceptable as second means of egress from 7 story factory. Sec. 271 L.L."

and

WHEREAS, the applicant states the building is 7 stories, 76 feet in height, 24 ft. 8 in. front by 85 ft. in depth, Class 3 construction, erected prior to 1900 on a lot 24 ft. 8 in. front by 85 ft. in depth, in a business use, B area, Class 1½ height district; used and occupied since 1885 as follows: Cellar—storage in conjunction with the 2nd floor—0 persons; 1st floor—factory (glove cutting) 3 persons; 2nd floor—manufacturing incense, 4 persons; 3d floor—vacant; 4th floor—air conditioning apparatus repair, 3 persons; 5th floor—storage in conjunction with 2nd floor—0 persons; 6th floor—manufacturing incense, 2 persons; 7th floor—factory, machine shop, 3 persons; and proposed to be used as follows—Cellar, storage of incense, 0 persons; 1st floor—glove cutting, 3 persons; 2nd floor—manufacturing incense, 4 persons; 3d floor—factory—sewing, 5 persons; 4th floor—air conditioning repairs, 3 persons; 5th floor—storage of incense, 0 persons; 6th floor—manufacturing incense, 2 persons; 7th floor—machine shop, 3 persons. The building is provided with a two-source sprinkler system throughout and an interior fire alarm system; regular monthly fire drills are not maintained. There is one interior 31 in. wide wood stairs, enclosed in fire-retarded partitions, equipped with fireproof, self-closing doors, leading from roof bulkhead direct to street; one fire escape is on the side of building extending to roof by stair and to yard by stair with egress from lower termination through fireproof passage to 27th street; that window and door openings on course of fire escape are fireproof, self-closing; and

WHEREAS, Violation #8955 was issued October 28, 1953, for failing to provide proper legal secondary means of egress for all tenants on all floors as required by Section 271 of the Labor Law; and

WHEREAS, the applicant states the building was erected before 1900 and used continuously as a factory building; that it contains a 31 in. stair enclosed with ¼ in. asbestos and

26 gauge metal both sides as accepted by the Board under Cal. 167-23-S; that under Spr. App. 4190/21 a complete 100% sprinkler system was installed in the building; that the occupancy of the building is low; that the existing floor loads vary from 58 to 112 lbs. and 151 lbs. on various parts of the floor area; that none of the floors have hazardous uses or combustible occupancies; that the number of occupants is less than permitted by Sec. 278 of the Labor Law, which occupancy could be increased 100% due to the sprinkler system; that the existing fire escape on side is 60 degrees; that the total useable area is 1600 sq. ft.; that to be required to install a new stairhall would further diminish the floor area; that the fire escape is accessible by means of fireproof doors without steps and the balcony is large enough to hold many more occupants than those employed on each floor; and

WHEREAS, under Cal. 167-23-S the Board on March 20, 1923, modified Items 1 and 2 of an order of the Fire Commissioner dated January 22, 1923, #42195 LD as to interior stair enclosure and extension of stairway to roof at which time the owner proposed to cover the existing plaster board both sides of stair enclosure with ¼ in. asbestos or 26 gauge metal.

WHEREAS, applicant also indicates present party wall balconies connecting this building with the Multiple Dwelling to the north in the same ownership; that these balconies occur on the 5th, 6th and 7th floors only and provide a third means of egress from the 3 upper most floors; and

WHEREAS, the premises were inspected by a committee of Board; which recommended that the appeal be granted under certain conditions; and the Committee found that the fire escape had been repaired and the passage to the street maintained with party wall balconies to adjoining building; and

WHEREAS, the applicant has filed a photostatic copy of a letter dated December 9, 1958, from the Committee on Slum Clearance, stating in general that complete plans for the proposed housing development are expected to be ready during the Fall of 1959, at which time it is expected the building under appeal will be acquired by the City for such housing development.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 1945/54, Objection No. 1 and that the appeal be and it hereby is *granted, on condition* that the means of exit shall be maintained as proposed and indicated on plans filed with this appeal, marked "Received December 12, 1958", 10 sheets; that the doors to the fire escape shall be equipped with new latch-type hardware so as to be readily openable and the existing slip bolts removed; that the party wall balconies connecting this building to adjoining building under the same ownership shall be maintained; that this variance may continue for one year from the date of this action, at which time the matter shall be subject to review for determination.

ert, Commissioner Foley, Commissioner Sleeper and
Commissioner Fox 5
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 28, 1957, on Alt. Applic 13/57, reads:

MINUTES

"1. Provide exits for "mezzanine" floor complying with the provisions of Sec. 270 of the Labor Law."

and
WHEREAS, the applicant states that the building is 3 stories, 38 feet high, 50 feet by 135 feet $\frac{1}{4}$ inch in area, of non-fireproof construction, erected in 1927, located in business use, C area, class 1 height district, that Certificate of Occupancy #42875/27 gives legal occupancy as bank, stores and offices; that the only portion of the building affected by this application is the retail dress store occupied by Lillie Rubin, Inc., designated as 2015 Church Avenue and used and occupied for the retail sales and alterations of dresses; that this store portion is 33 feet front on Church Avenue by 48 feet in depth, one-story and mezzanine; that this use was started in 1954; that the mezzanine is used only in conjunction with the 1st floor and at no time is any independent use made; that the mezzanine is provided with 3 foot 8 inch stair leading to the 1st floor store area with a 6 inch block enclosure and protected with a fireproof self-closing door; that the 1st floor consists of unobstructed open area with clothing displayed in racks along the walls; that the building is provided with an exterior stair at the rear leading to a side yard with direct access to the street; that the windows along the course of the exterior stair are fireproof and self-closing; that it is proposed to extend the exterior stair balcony at the mezzanine floor level to provide an additional remotely located exit from this area; that the mezzanine floor ceiling is fire retarded; that there is no connection between this store portion and any other use in the building; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. Applic. 13/57, Objection No. 1 and that the appeal be and it hereby is granted, as to the exits from the mezzanine as now shown on plans filed with this application marked, "Received November 7, 1958," 5 sheets, "November 26, 1958," 1 sheet, and "January 29, 1959," 2 sheets, on condition that the exits are maintained as indicated on such revised plans marked, "Received January 29, 1959," for the uses as proposed in addition to the bank.

639-58-A

APPLICANT—Lee Schoen, for A. E. A. Realty Corp., owner.

SUBJECT—Application November 6, 1958—Appeal from a decision of the Borough Superintendent, re exits, entrance to fire tower, etc.

PREMISES AFFECTED—224-226 West 47th Street, south side, 141 feet. $3\frac{3}{8}$ inches west of Broadway, Block 1018, Lot 44, Borough of Manhattan.

APPEARANCES—

For Applicant: Lee Schoen.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 7, 1958 on Alt. Applic. 1439/58, reads:

"2. The mezzanine between 1st and 2nd floors is not open to the 1st floor and requires exits as for 2nd floor on floors above—the proposed entrance into the fire tower is not in accordance with the requirement for a balcony open to the air before entrance into stairway or passageway."

and

WHEREAS, the applicant states that the building is 10 stories, 19 feet 10 inches high, 32 feet $10\frac{3}{8}$ inches by 84 feet 3 inches at typical floors, fireproof construction, erected in 1923, located in retail use, B area, class 2 height district,

used and occupied since 1923 as follows: Cellar—boiler room and storage, no persons; 1st floor—store, 15 persons; mezzanine and 2nd to 10th floors, offices, 10 persons each floor; that the exits consist of one fire tower 3 foot 10 inch wide, enclosed in 8 inch concrete block, plastered on both sides with fireproof self-closing doors; and

WHEREAS, the applicant states that the Certificate of Occupancy #5349/22 issued against N.B. Applic. 181/22 permitting the present use and occupancy; and

WHEREAS, the applicant states that the mezzanine at the rear of the store was enclosed creating a floor; that a previously erected fire escape encroaching on adjoining property and used as means of egress from the mezzanine was removed; that the applicant proposes to connect the mezzanine to the fire tower passageway at the mezzanine level; that this connection will include a passage with two $1\frac{1}{2}$ hour fireproof self-closing doors, opening from the mezzanine into the fire passage; that the floor slab will be reinforced concrete on fireproofed steel, hung from the floor above; that enclosing walls will be 6 inch solid cinder concrete blocks, plastered both sides; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated October 7, 1958, acting on Alt. Applic. 1439/58 be and it hereby is modified and that the appeal be and it hereby is granted on condition that stairs additional to stairs to first floor shall be constructed and maintained from the mezzanine to the second floor as shown on revised plans marked, "Received March 13, 1959," 2 sheets, and that at such second floor connection to the vestibule of the fire tower shall be maintained as proposed and as shown; that other plans filed showing the general condition in the building are marked, "Received November 6, 1958," 6 sheets, but do not represent the conditions above approved; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

"that in view of statement by the applicant that plans have not been approved by the Department of Buildings, due to sewer conditions, that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution." (NB App. 3388/55)

703-56-BZ—Vol. II

APPLICANT—Lama, Proskauer & Prober, for Barbara Ann Gropman and Norman Siegel, owners.

SUBJECT—Application for consideration—reopening for amendment of resolution—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7e and 7h of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, car washing, non-automatic, motor vehicle repairs, sale of accessories, office and parking of more than five (5) motor vehicles awaiting service; for a stated term of fifteen (15) years; previously denied.

PREMISES AFFECTED—144-27 to 144-35 Farmers Boulevard, east side, from 144th Road to North Conduit Avenue, 179-12 to 179-20 144th Road and 179-01 to 179-13 North Conduit Avenue, Block 13090, Lots 4 and 94, South Ozone Park, Borough of Queens.

APPEARANCES—

For Applicant: James E. Vassalotti and Gilbert Lazerus.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on November 18, 1958 on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution; and

WHEREAS, the applicant states that the proposed lessee will be the Texas Company.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on November 18, 1958, by adding thereto:

"that in the event the owner desires to rearrange the gas station as now shown on plans marked 'Received February 18, 1959', two sheets, such changes may be permitted and the dimensions of the accessory building may be changed from 46 feet 4 inches by 30 feet 8 inches to 62 feet by 26 feet; that there may be three curb cuts to North Conduit Avenue, each not over 30 feet in width; and that in all other respects, where not inconsistent with this amendment, the resolution above cited shall be complied with." (N.B. 2869/56)

851-56-BZ

APPLICANT—Goldwater & Flynn, for Peter James Corp., and Helen J. Flynn, owners.

SUBJECT—Application for consideration — reopening for amendment of resolution and extension of time to complete—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7f and 7i of the Zoning Resolution, permitting in a retail use district, the erection and maintenance of a gasoline selling station, office, lubritorium, car washing, repairing, parking and storage of more than 5 motor vehicles.

PREMISES AFFECTED—South side of Westchester Avenue, 100 feet west of Pugsley Avenue, Block 3796, Lots 17, 21 and 23, Borough of The Bronx.

APPEARANCES—

For Applicant: Richard M. Flynn and Samuel Rosenblum.

ACTION OF BOARD—Application reopened, resolution amended and time extended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and

Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on March 26, 1957, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended on March 18, 1958; and

WHEREAS, the applicant requested an amendment of the resolution and a further extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on March 26, 1957, as thereafter amended by resolution adopted on March 18, 1958, by adding to the resolution adopted March 26, 1957 the following:

"that in the event the owner desires to arrange the premises as now shown on revised plans marked 'Received March 4, 1959', 2 sheets, such changes as shown thereon may be permitted on condition that the requirements of the resolutions above cited shall be complied with in all other respects; that the curb cuts to Cross Bronx Expressway shall be as shown on such plans, as well as the curb cuts as permitted to Westchester Avenue; that the accessory building shall comply with the requirements of the resolution above cited and may be located in the new location as proposed; that the doors to the toilet rooms shall be so arranged as not to be contiguous; that the building shall be faced with face brick on all sides as previously required and shall have no cellar, as passed on by the Borough Superintendent under NB App. 1939-56, as disapproved February 24, 1959; and that the resolution may also be amended as to time to complete so that as amended this portion of the resolution shall read:

"that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

796-57-BZ

APPLICANT—Charles M. Spindler, for Forald Realty Corp., owner.

SUBJECT—Application for consideration—reopening for extension of time to complete which has expired March 11, 1959—re Application, decision of the Borough Superintendent; previously granted on condition, under Sections 7f and 7i of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, auto washing, non automatic, office, sale of auto accessories, minor auto repairs with hand tools only, parking and storage of motor vehicles and auto safety inspection station for a stated term of fifteen (15) years.

183-58-A

APPLICANT—Power and Hopkins, for Mabel Curran, owner.

SUBJECT—Application March 31, 1958—Appeal from a decision of the Borough Superintendent, re conversion of 2 story and cellar, frame, two-family dwelling to three families.

PREMISES AFFECTED—1600 Hering Avenue, northeast corner of Pierce Avenue, Block 4113, Lot 38, Borough of The Bronx.

APPEARANCES—

For Applicant: John T. Power.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleiner, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 27, 1958 on Alt. Applic. 391/57, reads:

“Request for reconsideration is denied and objection repeated.

A-1. Conversion of the frame 2nd story and cellar two family dwelling to a 3 family multiple dwelling is

contrary to Sec. 56 of the Multiple Dwelling Law. The affidavit and the Dept. of WSG & E letter filed herewith are inconclusive and attest only to the fact that an unlawful condition has been existing and not to the requirement that a proper approval has been obtained from this dept. or the former Tenement House Department. See Sec. 300 and 301 of the M.D. Law and also N. Y. City Corp. Counsel Opinions #38239 of 1/28/36 and #42722 of 3/12/36.”

and

WHEREAS, the applicant states that the building is 2 stories and cellar, 25 feet high, 21 feet by 48 feet 6 inches in area, of class 4 construction, erected in 1921, as a two-family house, located in a residence use, C area, class 1½ height district, used and occupied since 1921, as follows: Cellar—boiler room, storage and 1 apartment—1 family; 1st and 2nd floors—1 apartment each; that the frame building was erected in 1921 by the father of present owner; that since its erection it has been in actual physical use continuously as a three family dwelling; that said dwelling was equipped and maintained as a three family dwelling long before the enactment of the Multiple Dwelling Law; that the continued use as a three family dwelling is not in violation of the law; and

WHEREAS, the premises was inspected by a committee of the Board and there seems to be evidence that the use of the cellar in this two-story and cellar building has apparently been used continuously for many years although not approved and is subject to violation. In the opinion of the Committee it should be permitted as a legal condition and a certificate of occupancy issued as a heretofore converted multiple dwelling.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 391/57, Objection A-1, be and it hereby is *modified* under the power vested in the Board by the terms of the Charter, and the appeal be and it hereby is *granted*, to permit the building to be continued as proposed and as indicated on plans filed with this application, marked “Received March 31, 1958”, 3 sheets, as heretofore converted multiple dwelling; that the building shall not be increased in height or area; that this *use* may continue only so long as the conditions continue as proposed.

* Correction: In the resolution, the word “variance” changed to “*use*” as indicated in italics.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 16, 1958 after due notice by publication in the Bulletin; and

MINUTES

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, C area, class 1 height district; that as of July 25, 1916 the property was zoned as an unrestricted use district and was rezoned as a residence use district on July 28, 1952; that the present area and height designations have not been changed since July 25, 1916; that there is no petition pending before the City Planning Commission to change any of these designations; and

WHEREAS, the decision of the Borough Superintendent, dated August 13, 1958 acting on N.B. Applic. No. 482-58, reads:

"1. The proposed telephone exchange building in a residence use district is contrary to Article II Sec. 3 of the Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 feet frontage by 100 feet in depth, presently vacant; that it is proposed to construct, in a residence use district, a one story central telephone exchange building, with basement, in order to provide a new dial center to serve the City Island section of The Bronx; and

WHEREAS, the applicant states that in selecting a site for the new dial center to serve this area, it was necessary to locate a site as close to the wire center of the area as possible, and in close proximity to the existing cable plant of the Company; that the premises involved herein are the best available to meet these requirements and to the interest of all concerned in the furnishing of this essential public service; and

WHEREAS, the applicant contends that at present, the City Island area is served by a manual exchange housed in a residence building of wood frame construction, which is located approximately 38 feet east of the proposed site for the new building on the south side of Schofield Avenue; that due to new housing construction in the area, which has accelerated the demand for telephone facilities, this exchange, on the basis of current estimates, will soon reach its capacity, and it is therefore necessary for the Company to increase its central office facilities in order to meet this estimated demand for telephone service; that in order to provide the most modern and efficient telephone service to the residents of City Island, the Company plans to replace the present manual central office with the latest type dial equipment; that since the existing building was not designed to house dial equipment, it is necessary to build a new dial exchange building; and

WHEREAS, the applicant contends that the proposed exchange building will be architecturally and structurally in keeping with the residential buildings in its vicinity; that it will be constructed of concrete block with the front of the building brick veneered; that present schedules contemplate the completion of the proposed building by November 1, 1959 and completion of the installation of the new dial equipment by June 1, 1960, provided that the Company is permitted to proceed with the proposed construction promptly; that it is estimated that the proposed exchange building will be adequate to meet the service demands of this area at the time of such completion and will provide a reasonable reserve for future growth; and

WHEREAS, the applicant states that the present owner has held title to the property since February 29, 1940 and that the assessed valuation of land is \$2,400; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision d of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7d to permit the proposed site to be developed with the building for telephone use as proposed and indicated on the plans filed with this application marked, "Received August 18, 1958," 9 sheets, *on condition* that the building shall be faced with

face brick with slate trimmings *on the front facade and all other walls of common brick except that the face brick shall return on the east side for a distance of 11 feet, 8 inches, as proposed*, and in all other respects shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

*Correction—in the resolution, the requirements of the front facade of the proposed building corrected to read as printed in italics.

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on February 13, 1957, as they appeared in Bulletin No. 9, Vol. 42, are hereby corrected to read as follows:

NOTICE

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority Chapter 508 of 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved, and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and

such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

COURT DECISION

Matter of Tuohy vs. Murdock:—On January 21, 1958, the Board granted a variance under Sections 7f, 7h and 7A of the Zoning Resolution, to permit for a period of fifteen years, in a retail use district, the erection and maintenance of a gasoline service station, lubricatorium, minor auto repairs, car wash, storage, office and sales, and the parking and storage of motor vehicles, with show windows within 75 feet of a residence use district; Cal. No. 342-54-BZ—Vol. II; Premises 76-09 to 76-19 (76-15 official) Main Street and 144-01 to 144-09 76th Road, northeast corner, Flushing, Borough of Queens.

At Supreme Court, Special Term, Mr. Justice Kusnetz, affirmed the Board's determination in the following decision, appearing in the New York Law Journal of July 17, 1958, pages 5 and 6:—

"In a proceeding to review and annul the determination of respondents granting to the predecessors in title of the intervenor-respondent a variance under section 7(f), 7(h), 7(i) and 7(A) of the Zoning Resolution permitting them to erect a gasoline station in a retail use area, respondents and intervenor-respondent move to dismiss the petition and for related relief. Since this court cannot say on the record before it that the determination of respondents was arbitrary or capricious or contrary to law, the motions are granted in all respects (Matter of Taub v. Pirnie, 3 N. Y. 2d 188; Matter of Reed v. Board of Standards and Appeals, 255 N. Y. 126; Matter of Sima v. Board of Standards and Appeals, 278 App. Div. 785; Ellsworth Realty Co. v. Kramer, 268 App. Div. 824). A word may be said as to petitioners' argument that the board was without jurisdiction to pass upon the application for a variance because two of the three members voting were not members of the board at the time of the public hearing and did not read a transcript thereof. In the Taub case (supra) it was contended that a board member who was absent from the hearing and did not read a transcript thereof was disqualified from voting. The Court of Appeals unanimously overruled that contention, saying (at p. 195) that 'the emphasis has always been upon whether the administrative body had the opportunity to make an "informed" decision * * * and in the absence of a "clear" revelation that the administrative body "made no independent appraisal and reached no independent conclusion," its decision will not be disturbed.' The rationale of that decision requires a like result here. Given an adequate showing of facts to support the conclusion that the vote of the absentee member, as in the Taub case, or of the non-member as in this case, was based upon an independent appraisal and that an independent conclusion was reached, the decision of the administrative body may not be disturbed. Such a showing is made in the papers before the court. Smith v. State of New York (214 N. Y. 140) is not in point. There the rule to be followed in the case of the then Board of Claims was by statute declared to be that applicable to the Supreme Court. The Taub case lays down the rule to be followed in the case of administrative tribunals. Settle orders."

On July 25, 1958 notice of appeal to the Appellate Division, Second Department, was filed by the petitioners.

Matter of Tuohy et al., ap. (Murdock, res; Leibson, intervenor-res.), upon further court review, the Supreme Court, Appellate Division, Second Department affirmed the Board's decision, as follows:

"In a proceeding to review a determination of the Board of Standards and Appeals of the City of New York which granted an application pursuant to subdivisions f, h, and i, of section 7 of the Zoning Resolution of the City of New York for a variance to permit the erection and operation of a gasoline service station and accessory uses, in a retail use district, for a period of fifteen years, subject to conditions and safeguards imposed by the board, the appeal is from an order granting the motions of the respondents, and of the intervenor-respondent to vacate the order of certiorari, to dismiss the petition, and to affirm the board's determination. Order unanimously affirmed, without costs. No opinion." (New York Law Journal, March 24, 1959, page 12.)

DISCONTINUANCE OF PROCEEDINGS

Matter of William A. Garrigues, Jr. vs. Murdock, et al.:—On October 21, 1958 the Board granted a variance under Section 7e, for a term of twenty years, to permit in a residence use district a proposed change in use from a one family dwelling and doctor's office to a building to be used and occupied in part, by an eleemosynary

SUBJECT—Application August 26, 1958—Brilliant Fire, Ohio, Radiant, Model 1025, 1025-M, 1035 and 1035-M, approval of.

409-54-SA

APPLICANT—Johnson Heater Corporation, owner.

SUBJECT—Application reopened January 13, 1959 for amendment of resolution as to additional models of gas-fired warm air furnaces—re Johnson Gas-fired Heaters, Models JA15, JA20, JA25, JA30, JA35, JA40, JA50, HB75, HB1, HB2, HB3, HB4, HB5, JAS1, JAS1E, JAS15, JAS2, JAS2E, JAS3E, JAS4, JAS5, JA75, JA1, JA2, JA15, JA3, JA4, JA5, JA6, JA7, JA8, JA2, JA10 and JA12; previously approved.

367-54-SA

APPLICANT—Johnson Heater Corporation, owner.

SUBJECT—Application reopened January 13, 1959 for amendment of resolution as to models of oil-fired warm air heater—re Johnson Forced Warm Air Heaters, oil-fired, Models JA75, JA1, JA15, JA2, JA25, JA3, JA4, JA5, JA6, JA7, JA8, JA12, JA35, JA40, JA50, HB75, HB1, HB2, HB3, HB4, HB5, JAS1, JAS1E, JAS15, JAS2, JAS2E, JAS3, JAS3E, JAS4, JAS5, JA10, JA12, JA15, JA20, JA25, and JA30; previously approved.

682-56-SM

APPLICANT—Bestwall Gypsum Company, owner.

SUBJECT—Application reopened January 13, 1959 for amendment of resolution as to additional trade name—re Bestwall Gypsum Wallboard, Bestwall Insulating Gypsum Wallboard, Bestwall Wood Grain Gypsum Wallboard, interior wall surfacing material; previously approved.

531-56-SM

APPLICANT—Russell, Burdsall & Ward Bolt & Nut Company, owner.

CALENDAR

SUBJECT—Application reopened January 27, 1959 for amendment of resolution as to bolt marking—re Empire (E) High Strength Bolts for Structural Steel Connections; previously approved.

388-52-SM

APPLICANT—American Biltrite Rubber Company, owner.
SUBJECT—Application May 23, 1953—Amtico Rubber Tile Flooring, approval of.

664-53-SM

APPLICANT—The Peelle Company, owner.
SUBJECT—Application August 28, 1953—Peelle Metal Clad Counter Balanced Door, approval of.

159-55-SM

APPLICANT—Certain-teed Products Corporation, owner.
SUBJECT—Application February 16, 1955—Metro-Mix (gypsum concrete used for poured roof deck), approval of.

98-56-SM

APPLICANT—J. H. Thorp & Company, Inc., owner.
SUBJECT—Application January 24, 1956—48 Inch Saravel, Model 2926, approval of.

442-57-SM

APPLICANT—B. F. Goodrich Flooring Company, owner.
SUBJECT—Application May 28, 1957—B. F. Goodrich Koroseal Vinyl Floor Tile, approval of.

574-57-SA

APPLICANT—Sears, Roebuck & Co., for Temco, Inc., owner.
SUBJECT—Application July 25, 1957—E-Z Vent Wall Heater (gas-fired), Model 138.527-020, approval of.

673-57-SA

APPLICANT—Temco, Inc., owner.
SUBJECT—Application July 9, 1957—Temco Pre-Vent Gas-fired Wall Heaters, Models 208-3 and 308-3, approval of.

760-57-SM

APPLICANT—Simplex Ceiling Corporation, owner.
SUBJECT—Application October 11, 1957—Simplex Flush Metal Panel Ceilings; approval of.

806-57-SA

APPLICANT—The Blackstone Corporation, owner.
SUBJECT—Application October 17, 1957—Blackstone Convertible Washing Machine, Model 251, Automatic Washer & Model 252 Semi-Automatic Washer, approval of.

1013-57-SM

APPLICANT—Gustin-Bacon Manufacturing Company, owner.
SUBJECT—Application December 17, 1957—Gustin-Bacon Ultrasonic Ceiling Board, approval of.

35-58-SM

APPLICANT—Joseph Platzker, for Dow Chemical Company, owner.
SUBJECT—Application January 29, 1958—Saraloy-400 (shower pan installation), approval of.

110-58-SM

APPLICANT—Wilkinson Chutes, Inc., owner.
SUBJECT—Application February 19, 1958—Wilkinson Hand or Foot Operated Intake Door, Models W01B, W1B, W3B, W5B, W7B and Wilkinson Discharge Doors, Models 28" x 36", 24" x 30", 20" x 30", 18" x 30", 15" x 24" and 12" x 24", approval of.

113-58-SM

APPLICANT—E. I. du Pont de Nemours & Company (Inc.), owners.

SUBJECT—Application February 20, 1958—DuPont "Tontine" Flame Resistant Vinyl Drapery Material, traversing window draperies, etc., approval of.

250-58-SA

APPLICANT—Ray Oil Burner Sales, Inc., for Ray Burner Company, owner.
SUBJECT—Application February 3, 1958—Ray Conversion Oil Burner, Model PD, approval of.

516-58-SA

APPLICANT—Komline-Sanderson Engineering Corporation, owner.
SUBJECT—Application September 4, 1958—Pneumatic Sewage Ejector Systems, Single & Duplex, Models 30, 50, 75, 100, 150, 200, 250, 300, 350 and 400 GPM, approval of.

596-58-SM

APPLICANT—Imperial Damper Company, Inc., owner.
SUBJECT—Application October 17, 1958—Automatic Louvred Fire Damper, Model VWNVT-1, approval of.

646-58-SA

APPLICANT—The Peelle Company, owner.
SUBJECT—Application October 31, 1958—Peelle Type UA-3 Interlock & Type, UA-4, Lock & Contact, approval of.

650-58-SM

APPLICANT—The Gamewell Company, owner.
SUBJECT—Application November 13, 1958—Flexalarm Fire Line Telephone System as addition to Flexalarm Fire Alarm System, approval of.

720-58-SA

APPLICANT—Per-Fab Company, Inc., owner.
SUBJECT—Application December 9, 1958—Per-Fab Heat Transfer System, approval of.

758-58-SA

APPLICANT—General Automatic Products Corporation, owner.
SUBJECT—Application December 26, 1958—General Automatic Gas-fired Hot Water Domestic Heating Boilers, Models L-4, L-5, L-6, L-7, L-8, L-9 and L-10, approval of.

301-38-SM

APPLICANT—Syre & Fisher Company, owner.
SUBJECT—Application reopened December 9, 1958 for amendment of resolution as to additional size brick—re S. & F. Colonial Veneer Brick, previously approved.

888-40-SA

APPLICANT—Bethlehem Foundry & Machine Company, owner.
SUBJECT—Application reopened January 13, 1959 for amendment of resolution as to additional models of oil-fired Boiler Units, namely Dynatherm Models 48/32 and 100 and the Crusade-A-Therm, Model 36—re Bethlehem-Dynatherm Oil Burner; previously approved.

58-49-SA

APPLICANT—Superior Combustion Industries, Inc., owner.
SUBJECT—Application reopened January 13, 1959 for amendment of resolution as to additional models of rotary oil burners—re Superior Rotary Burners (various models); previously approved.

126-51-SM

APPLICANT—National Gypsum Company, owner.
SUBJECT—Application reopened May 28, 1957 for amendment of Gold Bond Poured-In-Place Gypsum Roof Deck

CALENDAR

construction to include additional bulb tees, additional method of construction and fire endurance ratings—re Gold Bond Poured-In-Place Gypsum Roof Deck, previously approved.

713-56-SM

APPLICANT—Transwall Coated Products, Division of Bemis Brother Bag Co., owner.

SUBJECT—Application August 2, 1956—Bemiswall or Transwall Folding doors or partitions, approval of.

APPEARANCES—

For Applicant: Richard W. Numford.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 713-56-SM.

Subject: Bemiswall or Transwall Folding Doors or Partitions.

The Transwall Coated Products, Division of Bemis Bros. Bag Company, Minneapolis, Minn., filed August 2, 1956, an application with the Board of Standards and Appeals for approval of Bemiswall or Transwall Folding Doors for use in New York City under the provisions of the Flame Proofing Rules of the Board.

Purpose

Heat radiation space divider, noise control, draft control, welding curtains and spark curtains.

Description

The material for folding curtains is comprised entirely of a single layer of coated laminated fabric, coated on both sides to a minimum total weight of 72 ounces per square yard and scored so as to form folding panels of equal width. The fabric panels are top supported so as to form a folding curtain substantially free from wrinkles or puckers. The fabric is coated with flame-resistant flexible vinyl resin and sealed where necessary to form an inconspicuous seam.

The material comes in various colors. The curtain is capable of being trimmed by a simple scribing and cutting operation for compensation of uneven floors. Otherwise, $\frac{3}{8}$ " clearance is provided in manufacture.

The top or supporting plates, as well as track and end plates, have a rust resistant phosphate covered with a coating of a color harmonious and not contrasting with the fabric color. Provisions are made for equispacing the folds when the curtain or door is fully extended.

The curtain is top mounted without auxiliary floor track by means of roller carriers, a minimum of one double wheel carrier for each full fold. The wheels are of molded nylon and run in heavy gauge steel track.

Latching is provided as indicated, with satin finish rust-proof handles. Where latching is specified, provisions are made for anchoring the fixed end post.

The stacking or retracted width of the door shall be no greater than $1\frac{1}{8}$ " per foot of extended width plus $2\frac{1}{2}$ " for the end posts. The retracted thickness of the door shall be no greater than $7\frac{7}{8}$ ".

Inspection and Test

Samples of the material were examined at the Board of Standards and Appeals by Ass't Engr. J. A. Darts.

Recommendation

On the basis of the inspection and data filed the Committee on Test concludes that the material BemisWall or TransWall Folding Doors or Partitions, Calendar Number 713-56-SM possess inherent flameproofing properties and accordingly recommends the approval of the material for use in folding doors. The Committee further recommends that this material shall not be used in locations wherein an approved opening protective assembly is required. The Committee also recommends that this material shall not be used in a structure in excess of one hundred fifty feet or *more* in height.

Tests on each specific installation or any retests thereof shall be made by the Fire Commissioner or in a Laboratory approved by him in accordance with the requirements of the Flameproofing Rules of the Board.

The Committee further recommends that all cartons or containers in which this material is marketed shall be tagged, stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 713-56-SM". The Committee also recommends that the plans showing the location of the folding doors submitted to the Building Department shall be similarly marked with the approval number of the folding door.

(Sgd.) SAMUEL L. BECKER,

Director,

JOHN A. DARTS,

Assistant Engineer,

GEORGE F. SKLENARIK,

Assistant Engineer,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

*Correction—In the Report of Committee on Test, under the heading of Recommendation, in the last line of the first paragraph, the word "less" changed to "*more*" as indicated in italics.

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on May 28, 1957, as they appeared in Bulletin No. 23, Vol. 42, are hereby corrected to read as follows:

49-57-A

APPLICANT—Carl H. Salminen, for Crawford Realities, Inc., owner (John W. Crawford Co., lessee).

SUBJECT—Application January 25, 1957—Appeal from a decision of the Borough Superintendent—re installation of Dryer contrary to resolution of Board.

PREMISES AFFECTED—29-02 to 29-14 20th Avenue and 20-01 to 20-09 29th Street, southeast corner, Block 848, Lot 35, Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Carl H. Salminen and Henry E. Crawford, Jr.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert and Deputy Chief Connolly 3

Negative: 0

Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated, January 17, 1957, on amendment to Alt. App. 1915/56, reads:

"1. Proposed installation and use of Fostoria Radiant Dryers with Type T-40 Lamps are contrary to Board of Standards and Appeals provisions under Cal. No. 331-45-SA for use with combustible materials.

"2. The proposed installation and use of Glass Panel Dryers is contrary to Sec. C26-191.0 of the Administrative Code and must be submitted to the Board of Standards and Appeals for approval."

and

WHEREAS, the applicant states the building is one story, 13 feet in height, 75 feet by 98 feet irregular, in area, of class 3 construction, erected 1956, on a lot 150 feet front by 100 feet in depth, in an unrestricted use, B area, Class 1 height district, for which Certificate of Occupancy No. Q109852 was issued June 13, 1956, against N.B. App. 4314/54, describing the building as of fire-proof construction and permitting its use and occupancy as office and factory with 30 persons, and how proposed to be used for the processing of printed and lithographed paper sheets, with an occupancy of 15 persons; and

WHEREAS, the applicant states that the building is now vacant; that the present owner purchased the property on June 21, 1956, to be used for the processing of printed and lithographed paper sheets; and

WHEREAS, the applicant states that it is proposed to install two Fostoria Radiant Dryers equipped with T-40 lamps as approved by the Board under Cal. No. 331-45-SA for drying metal products; that these two installations will comply with the Board's approval in all respects with the exception that they will be used for drying paper; and

WHEREAS, the applicant states that it is also proposed to install a Herbert Products Radiant glass panel dryer equipped with Corning Pyrex Radiant Heater for which application for general approval has been filed with the Board under Cal. No. 163-57-SA; and

WHEREAS, the applicant states that the installations will be as follows: Dryer No. 1 will consist of a Fostoria T-40 Lamp Dryer of 120 KW capacity, a 60 inch Christensen continuous paper sheet feeder, a 60 inch Waldron Auto-lac lacquer applicator and a 60 inch Surchem Vacuum single belt conveyor; that Installation No. 2 will consist of a Chambers 78 inch lacquer applying machine, an 84 inch conveyor belt and a Fostoria T-40 Lamp dryer of 160 kw maximum capacity, and an 84 inch wide Surchem vacuum conveyor;

that installation No. 3 will consist of a Potdevin 60 inch double glue applicator; that a Herbert Products Company dryer having a maximum capacity of 130 kw of the Corning Glass infra-red panel heater type; and

WHEREAS, the applicant states that the flash point of the solvent used in Installations Nos. 1 and 2 will be in excess of 30°F and the material used in Installation No. 3 will have no flash point; and

WHEREAS, the applicant contends that within the Fostoria ovens, the organic solvents present in the applied paper lacquer are driven off by radiant heat and are exhausted to the outside atmosphere in a ratio of not less than 10,000 cu. ft. of air measured at 70°F for every gallon of solvent so evaporated; and

WHEREAS, the applicant contends that the Christensen Feeder Air Pumps are powered by a 3 hp. explosion proof motor and the Waldron Auto-lac machine is also powered by a explosion proof motor; that all pushbutton stations, interlocking controls, conduits, lights, limit switches are explosion proof and the equipment is grounded and the fan blades in the Fostoria exhaust blowers are non-ferrous, and the installations are in compliance with the National Fire Association requirements, Pamphlet No. 86, dated November, 1950 covering this type of installation; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, dated January 17, 1957, acting on Amdt. to Alt. App. 1915/56, Objs. 1 and 2 be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit modified use of the two radiant dryers as approved by the Board under Cal. No. 331-45-SA and one panel dryer as *submitted* to the Board under Cal. No. 163-57-SA for the use as proposed and with the coatings as proposed and as indicated on plans filed with his appeal marked "Received January 25, 1957", (3 sheets); *on condition* that the storage tank installation shall be maintained as approved by the Borough Superintendent under Misc. App. 152-57 and as indicated on plans filed with this appeal marked "Received May 27, 1957", (one sheet); that there shall be at least a one-source sprinkler system maintained throughout the building; that on all lot lines of the portion of the premises proposed to be left substantially vacant there shall be erected a man-proof chain link fence 7 ft. high as proposed and as shown on such plans above referred to with gates leading to a curb cut which may be constructed as shown on 29th Street 17 feet in width; that the requirements as set forth in the resolution of the Board under Cal. No. 331-45-SA and as proposed under Cal. No. 163-57-SA shall be maintained, particularly as to the lamps which in the event of stopping of the conveyor belt shall shut off as proposed in such resolution.

*Correction—In the 6th and 7th lines of the resolution, the words "approved by" changed to "*submitted to*", as indicated in italics.

SUBJECT—Application reopened June 17, 1958 as Vol. II—decision of the Borough Superintendent under sections 7e and 7h of the Zoning Resolution, to permit in a residence use district at an existing gasoline service station previously granted by the board, an extension of the variance for an additional term of fifteen (15) years, the enlarging of the present accessory service bay, the additional uses of minor auto repairs with hand tools only for ad-

CORRECTIONS

justments maintained solely within the accessory building and the parking of motor vehicles, it is also proposed to make minor changes to the curb cuts on Parsons Blvd. to install six (6) additional 550 gallon gasoline tanks for a total of twelve such tanks and rearrange one gasoline pump island.

PREMISES AFFECTED—77-02 Parsons Boulevard, southwest corner 77th Avenue, Block 6812, Lot 39, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Joseph B. Lynch and Louis Heller.

For Opposition: None.

For Administration: John J. Saunders—Bd. of Education.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Foley and Commissioner Sleeper. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on June 17, 1958 subject to regular procedure, to consider additional uses; and

WHEREAS, a public hearing was held on this application on October 7, 1958 after due notice by publication in the Bulletin; laid over to October 21, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Parsons Boulevard, 77th Avenue, 77th Road and 153rd Street are in a residence use, DD area, class ½ height district; that on July 25, 1916 the instant plot was zoned business use for a depth of 100 feet parallel to Parsons Boulevard, and also, both sides of Parsons Boulevard were in a business use district for a depth of 100 feet in 1916; that on September 18, 1947 the City Planning Commission adopted an amended resolution, rezoning the plot, as well as both sides of Parsons Boulevard, within the area of the radius diagram, from business to residence use; that D area was in effect on July 25, 1916 and same was changed to DD area on May 4, 1953; that there has been no change in the class 1 height district; that Section 7A of the Zone Law does not apply; and

WHEREAS, the decision of the Borough Superintendent, dated May 8, 1958 acting on Alt. Applic. No. 908-58, reads:

"1. The extension in area of an existing gasoline service station accessory building and the additional uses of minor auto repairs with hand tools only and the parking of motor vehicles in a residence use district is contrary to Art. II Section 3 of the Zoning Resolution and also contravenes Cal. No. 707-48-BZ of the Bd. of S&A.

2. Proposed re-arrangement of present curb cuts is contrary to Cal. No. 707-48-BZ, Bd. of S&A."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 100 feet in depth; that it is proposed to enlarge the existing accessory building and provide for a one bay extension to the present accessory building, the installation of six additional 550 gallon gasoline tanks for a total of twelve such tanks, the rearrangement of one existing pump island, including pumps, and a minor change in the curb cuts on Parsons Boulevard, so that the northerly cut of 30 feet, including splays, will be 7 feet instead of 5 feet from the lot line of 77th Avenue as prolonged, and the 28 foot cut on 77th Avenue, including splays, to be 11 feet instead of 5 feet from the lot line of Parsons Boulevard as extended; that it is also proposed to include the additional uses of minor auto repairs with hand tools only for adjustments, maintained solely within the accessory building, and the parking of motor vehicles awaiting service, all for a term of fifteen years from the date of the amended action; that there will be no change in the metes and bounds of the plot; and

WHEREAS, the applicant states that the existing gasoline service station, on a plot 100 feet by 100 feet, was subject to conditional variance granted by the Board on February 15, 1949 under Section 7e, for a term of ten years, under Cal. No. 707-48-BZ; that this variance expires on February 15, 1959, as does Certificate of Occupancy No. J64709; that the variance of February 15, 1949 permitted a gasoline service station, lubricatorium and auto laundry; that the grant by the Board, of February 15, 1949, as amended by Resolution adopted March 8, 1949, was subject to a Certiorari writ brought by the Northcrest Gardens Corporation against the Board; that the action was brought in Supreme Court, Special Term, Part 1, before M. Justice Stoddart; that the Certiorari petition was dismissed and the Board's determination affirmed—New York Law Journal, October 3, 1949; that no appeal was taken from the decision of the Supreme Court; that it is to be noted that the Northcrest Gardens Corporation is no longer owner of any property deemed within the affected area; and

WHEREAS, the applicant further states that as included in Vol. I of this application, the existing site, 100 feet by 100 feet, was part of a larger parcel which covered the entire frontage on the west side of Parsons Boulevard between 77th Avenue and 77th Road; that this huge parcel has been reapportioned in the Tax Department and the instant plot is now known as lot No. 39; that the balance of the plot, still under the same family ownership and identified as lot No. 44, is not included in this application; that Esso Standard Oil Company now holds a long term lease on this going gasoline service station; and

WHEREAS, the applicant also states that diagonally opposite the instant plot, in block 6826, lot No. 1, there now exists a public school playground and Junior High School No. 168; that the present gas station was permitted in a residence use district on a variance from the Board in Resolution adopted February 15, 1949 under Cal. No. 707-48-BZ and Cal. No. 836-48-A; that at this time the Board found that the gas station, on a portion of the plot which was established prior to effective zoning on June 15, 1925, was a permissible use in a business use district and that there has been no permanent abandonment of this use as a gas station, and for further particulars covering the vested right of the gas station use, prior to the amendment in 1925 prohibiting this use in a business use district, reference is made to statement of facts and digest of Vol. I; that the present station was erected in 1950, after Court action, and Certificate of Occupancy No. Q64709 was issued on June 30, 1950; that at the time of completion of the service station, the school and school playground had not been selected or designated for the aforementioned site; that the Junior High School was opened 1952-53 and the school playground in 1956; that pursuant to Section 21A, it is felt that there is no contravention of this section of the Zoning Resolution; that as shown on the 21A diagram, the entrance gates to the playground are more than 200 feet from the existing curb cuts, as slightly altered or rearranged, of two 30 foot cuts, including splays, on Parsons Boulevard and one 28 foot cut, including splays, on 77th Avenue; that the entrance gates to the Junior High School are more than 287 feet from the gas station; that there is no connection between the playground and the school, and as a matter of fact, the level of the playground is about four feet higher than the school yard; that accordingly, there is no entrance to, or exit from the present gas station on the same street

(Continued from page 521)

and charitable foundation and in part by doctors' offices for the practice of medicine as a group, including the owner, with connection to the foundation; Calendar Number 418-58-BZ; Premises 35 East 69th Street, north side, 125 feet west of Park Avenue, Block 1384, Lot 31, Borough of Manhattan. This was granted by the Board on certain conditions and the Board did not pass on the alleged eleemosynary use.

In Supreme Court, New York County, the above entitled proceeding was discontinued by stipulation and agreement by both parties, on March 19, 1959.

CORRECTIONS

between the same intersecting streets, nor within 200 feet measured along the usual line of street travel from any entrance to, or exit from the public school playground or Junior High School located in block 6826, lot 1—all in accordance with Section 21A of the Zoning Resolution; that existing conditions indicate the present gas station substantially in accordance with Resolution adopted on February 15, 1949, as amended through April 25, 1950 and known as Cal. No. 707-48-BZ, Vol. I; and

WHEREAS, the applicant contends that the increase in new homes and developments, together with the vast number of automobiles, makes it necessary to enlarge the accessory building to the usual three service bays and the increasing of the gasoline storage system to twelve tanks; that the Board has recently approved an extension and reconstruction of the service station at the northeast corner of Parsons Boulevard and 75th Avenue, under Cal. No. 584-56-BZ; that in addition, zoning variances have been granted for the Socony station at the southeast corner of Parsons Boulevard and 75th Avenue under Cal. No. 247-54-BZ; the Gulf station at the northeast corner of Parsons Boulevard and Union Turnpike under Cal. No. 802-46-BZ and the Sinclair station at the northwest corner of Parsons Boulevard and Union Turnpike under Cal. No. 321-20-BZ; and

WHEREAS, the applicant states that the present owner has held title to the property since March 4, 1949; that the assessed valuation of land is \$32,000 and of the building \$18,000 making a total of \$50,000; that the building was erected in 1949; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the changes proposed should be permitted and that requirements be made to overcome as far as possible the objections to the maintenance as voiced by adjacent owners.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 15, 1949, as thereafter amended by resolutions adopted through April 25, 1950 by adding thereto:

"that in the event the owner desires to increase the size of the accessory building by a new addition to the

south and to change the size of the curb cuts to Parsons Boulevard and to add six 550 gallon approved gasoline storage tanks, making a total of twelve such tanks, and other minor changes now proposed and indicated on plans filed with this application marked 'Received May 27, 1958', 3 sheets, and 'September 4, 1958', 3 sheets, such changes may be made *on condition* that in all other respects the resolution above referred to shall be complied with; that the balance of the premises under the same ownership shall not be used for any use not permitted in a residential use district and in no event for any use not permitted by the Board in connection with this 100 feet by 100 feet gasoline service station under lease to the Esso Standard Oil Company and to effectuate this there shall be erected on the lot from the one hundred foot gasoline service station area to the rear line of the premises to the west a woven wire fence of the chain link type on a masonry base one foot in height to a total height of five feet six inches in height with no openings therein; that a suitable fence shall be maintained along the building line of Parsons Boulevard from the gas station to 77th Road and along 77th Road to the rear lot line; that there shall be no sale of any product other than as herein permitted as covered by the words, 'gasoline service station and legal accessory thereto'; that there may be under Section 7e, for a similar term, minor auto repairs with hand tools only for adjustments maintained solely within the accessory building for adjustments; *that under Section 7h of the Zoning Resolution, for a similar term, there may be parking of motor vehicles of the pleasure car type only*; that the term of the variance expiring on February 15, 1959 may be extended for an additional term of fifteen years from such date *on condition* that the terms of this resolution shall be complied with; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

*Correction—In the resolution, the inclusion of permission for the parking of motor vehicles, all as indicated in italics.

COURT DECISIONS

Matter of New York Association for the Blind vs. Board:—On March 18, 1958, the Board granted a variance under Section 7f of the Zoning Resolution to permit in a retail use district, the erection of a Class 1 structure to be occupied as a non-storage garage for more than 150 cars and stores; Calendar Number 621-56-BZ; premises 117-127 East 59th Street, north side, 120 feet west of Lexington Avenue and 122 East 60th Street, Block 1394, Lots 7-11 inclusive, 64 and 109, Borough of Manhattan.

Upon court review, Mr. Justice Markowitz, Supreme Court, stated in part:

"Even assuming that the commission's disposition is deemed a final determination and a refusal to approve site use under the resolution necessary for the board to acquire jurisdiction, substantial and material changes in the site plan, raises the question as to whether the intervenors should not have resubmitted the matter to the planning commission. It appears that proper procedure in keeping with the intent of subdivision (b), section 21F, of the Zoning Resolution would require such action.

"Thus where an application in the first instance is made to the City Planning Commission, the Board of Standards and Appeals does not acquire jurisdiction over a variance in a use district zone until the City Planning Commission has by definitive determination, unequivocally refused approval of the particular site plan showing the location of all buildings and structures and other facilities to be approved. To hold otherwise would defeat the purpose intended to be achieved by the Zoning Resolution and would render meaningless any action by the planning commission in this regard.

"Accordingly, the motions of respondents and intervenors are denied, and the petition to annul the resolution of the Board of Standards and Appeals is granted, however, without prejudice to such action as the intervenors are advised to take by way of a resubmission for site approval to the City Planning Commission." (New York Law Journal, January 19, 1959, page 13).

No appeal to the Appellate Division is proposed to be taken.

Note:—In the opinion of the Board, the requirements under 21F are for the approval of the site itself as a location for a garage and the details of the garage construction are of no moment. H.H.M.

* * * * *

Matter of Dugach vs. Board—On March 25, 1958, the Board denied a variance under Section 7, subdivisions e and h of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubricatorium, car washing—non-automatic, minor repairs, with hand tools only, office, sales and storage of auto accessories, and parking of cars waiting for service, with curb cuts and ground sign in a residence use district for a stated term of fifteen (15) years; Calendar Number 600-57-BZ; Premises 76-26 to 76-46 (76-36 official) 164th Street, west side, from 76th Road to 77th Avenue; 162-27 to 162-37 77th Avenue and 162-28 to 162-38 76th Road, Block 6848, Lots 1, 6 and 8(1), Flushing, Borough of Queens.

At Special Term, Supreme Court, Mr. Justice Kusnetz sustained the Board, the order of certiorari vacated and the petition dismissed. (New York Law Journal, February 5, 1959, page 15).

Motion was made to Justice Latham at Supreme Court, Special Term, Part I, for a rehearing and Justice Latham has referred it to Justice Kusnetz. (New York Law Journal, March 27, 1959, page 10).

Mr. Justice Kusnetz granted the motion for reargument and upon reargument the Court adheres to its original decision. Submit order. (New York Law Journal, April 3, 1959, page 14).

Notice of Appeal to Appellate Division has been filed.

787-55-BZ—Vol. III

APPLICANT—J. G. L. Molloy, for B. Kerner and Son, Inc., and Padula Service Station, Inc., owners.

SUBJECT—Application reopened October 28, 1958 as Vol. III—decision of the Borough Superintendent, under sections 7e, 7f and 7i of the Zoning Resolution, to permit in a business use district, the enlargement in area of a gasoline service station by the addition of an adjoining lot and to relocate and add curb cuts and gasoline pumps.

PREMISES AFFECTED—160-168 Ridge Street and 339-345 East Houston Street, southeast corner, Block 345, Lots 44, 48, 49 and 50, Borough of Manhattan.

APPEARANCES—

For Applicant: J. G. L. Malloy

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleiert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on October 28, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on March 3, 1959 after due notice by publication in the Bulletin; laid over to March 31, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, East Houston Street, Ridge Street, Pitt Street and Stanton Street are in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 10, 1958 acting on amendment to N.B. Applic. No. 132-55, reads:

"1. The proposed increase in area of a site for a gasoline service station, lubritorium, minor car repairs with hand tools only, car washing, office, sales area, utility room and parking and storage for more than 5 motor vehicles, in process of being erected under B.S. & A. Cal. #787-55-BZ, located in a Business Use District, constitutes an extension of a non-conforming use and is therefore contrary to Art. II, PP. 4 Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 150 feet frontage by 100 feet in depth; that it is proposed to change the layout to provide pumps 15 feet from the street building line; that there are three curb cuts on Ridge Street, each 30 feet wide, and two curb cuts on East Houston Street, also 30 feet wide; and

WHEREAS, the applicant states that on February 5, 1957 the Board adopted a Resolution making a variation in the application of the use district regulations of the Zoning Resolution granting, for a term of fifteen years, permission to occupy lots 44 and 48 of the subject premises as a gasoline service station and accessory uses, on certain conditions; that thereafter the owner proceeded in accordance with the Resolution and the new structures are practically completed; that however, since the adoption of the above Resolution, the owner purchased lot 49 in block 345, which lot adjoins the original premises to the east, and on June 17, 1958 the Board amended the above Resolution under Vol. II permitting the extension of the area by including the said lot 49 on certain conditions; that thereafter, the owner entered into a lease with Padula Service Station, Inc., whereby the owner leased to Padula Service Station,

Inc. the entire premises, namely, lots 44, 48 and 49, which said lots had been the subject of the two Resolutions of the Board above referred to; that Padula Service Station, Inc., is the owner of lot 50 in block 345 and desires to operate lots 44, 48, 49 and 50 as a gasoline service station; that lot 50 is directly east of the other lots and adjoins lot 49; that a new plan for the layout of the premises with lot 50 included has been filed with Department of Buildings by Padula Service Station, Inc., and an objection dated September 10, 1958 has been received, and copy of this objection is filed with this application; and

WHEREAS, the applicant contends that the increase in area requested will make the gasoline service station extremely efficient and will be a decided improvement for the neighborhood; that the increase in area, however, does not affect any additional owners other than those affected on the two previous applications; and

WHEREAS, the applicant states that the present owners have held title to the property since December 16, 1957; that the assessed valuation of land is \$49,500 and of the building \$52,500 making a total of \$102,000; that the building was erected prior to 1911; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on February 5, 1957, and as thereafter amended by resolutions adopted through June 17, 1957, by adding thereto:

"and to permit extension of area as now proposed and as shown on plans filed with this application marked, "Received October 9, 1958," 1 sheet "January 30, 1959," 2 sheets, and "March 19, 1959," 1 sheet, on condition that the requirements of the resolution as adopted by the Board on February 5, 1957, as thereafter amended by resolution adopted through June 17, 1958, shall be complied with and adapted as to the extended area in accordance with the plans above cited; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

555-56-BZ—Vol. II

APPLICANT—Carl H. Salminen, for Charles J. Erthal, owner.

SUBJECT—Application October 28, 1958—decision of the Borough Superintendent, under sections 7f, 7i and 7A of the Zoning Resolution, to permit in a retail use district, the change in use of the present building, public garage, store and gasoline station to gasoline station, lubritorium, car wash, minor motor vehicle repairs with hand tools only, curb cuts and show window within 75 feet of a residence use district.

PREMISES AFFECTED—22-50 122nd Street and 121-11 23rd Avenue northwest corner, Block 4197, Lot 40, College Point, Borough of Queens.

APPEARANCES—

For Applicant: Carl H. Salminen, Johanna Erthal and Charles J. Erthal.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleiert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 28, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on March 3, 1959 after due notice by publication in the Bulletin; laid over to March 31, 1959, for inspection and decision; applicant to file revised plans; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 122nd Street is in a retail use, C area, class 1 height district; 22nd Avenue and 23rd

MINUTES

Avenue are in retail and residence use, C area, class 1 height districts; 121st Street is in a residence use, C area, class 1 height district; that the retail designation became effective on August 25, 1955; that height and area have not been changed since July 25, 1916 and there are no changes pending; and

WHEREAS, the decision of the Borough Superintendent, dated September 11, 1958 acting on N.B. Applic. No. 2370-55 reads:

"1. The proposed erection of a gasoline service station, lubritorium, car wash, minor auto repairs with hand tools only, office, storage and parking of motor vehicles waiting to be serviced on a lot in a retail use district is contrary to Art. 2, Sec. 4-A of the Z.R.

2. The proposed erection of a ground sign on a lot in a retail use district is contrary to Art. 2 Sec. 4-A of the Z.R.

3. Curb cuts and show window within 75'-0" of a residence use district is contrary to Sec. 7-A of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 feet frontage by 100 feet in depth improved with a two story frame structure, erected in 1899 and used for motor vehicle repairing since 1914; that it is proposed to erect a modern, one story masonry automobile service and gas station of class 3 construction, to be used for the sale of gasoline, oil, lubritorium, car wash, minor motor vehicle repairs with hand tools only, office, storage and parking of motor vehicles awaiting service; that there will be three existing gasoline pumps and six 550 gallon existing underground gasoline storage tanks; that it is proposed to cover the entire service and parking area with concrete paving; that the existing two story frame structure will be demolished; and

WHEREAS, the applicant states that though the permit was inadvertently allowed to expire in 1936, the previous owner continued to do motor vehicle repairing, believing that the permit was in force; that the present owner purchased the business in 1957 with the understanding that he could operate the premises for motor vehicle repairing as in the past; that letter dated March 7, 1956, submitted with Vol. I of this application, lists various dates under which the Fire Department permitted installation of gasoline tanks and pumps outside the building; that the owner requested a new permit from the Fire Department for motor vehicle repairing and their Order No. 8373-4 dated November 4, 1943 (letter in Vol. I), required that a Certificate of Occupancy be first obtained from the Department of Buildings authorizing the use of premises as a motor vehicle repair shop; that the Department of Buildings instructed the owner to file an appeal before this Board; that the Board granted a variance on July 9, 1957, under Cal. 555-56-BZ, Bulletin 29, Vol. 42, for a term of one year, pending report from the owner as to plans to complete re-building; that Certificate of Occupancy No. Q121563 dated March 11, 1958 was issued, which expired July 9, 1958; that notice was filed with the Board on June 23, 1958 that the owner was ready to proceed with a new masonry service station, and was instructed, on July 15, 1958, to file a new application according to usual procedure as Vol. II; and

WHEREAS, the applicant contends that since the premises has been used as motor vehicle repair business from 1914 to date, it is requested that a new masonry gas station be permitted as outlined above, to permit erection of two illuminated ground signs, contrary to Art. II, Sec. 4A, to permit existing curb cuts to remain and new show window to be within 75 feet of a residence use district, contrary to Sec. 7-A; and

WHEREAS, the applicant states that the present owner has held title to the property since January 15, 1951; that the assessed valuation of land is \$10,000 and of the building \$6,000 making a total of \$16,000; that the building was erected in 1899; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended

that the application be granted in accordance with the filed revised plans under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, i and A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7 f for a term of fifteen years, to permit the existing gasoline service station to be reconstructed and rearranged substantially as proposed and indicated on plans filed with this application, marked "Received October 8, 1958", 1 sheet, "January 28, 1959", 1 sheet, and "March 27, 1959", 7 sheets, *on condition* that all buildings and uses not proposed to be retained shall be removed and the premises constructed and arranged as indicated on such plans, except that the proposed accessory building shall be changed so as to reduce the size of the office by omitting the portion of the building close to the front wall at the northeast corner to a point parallel to the door shown to such office; that such building shall have no cellar and no window openings in the lot line to the west; that any openings to the north shall be filled with glass block, without any openings therein; that in all other respects said building shall comply with the requirements of the Building Code; that the balance of the premises shall be paved with concrete, as proposed; that the existing pumps may remain where shown; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President, omitting the present curb cut 36 feet in width to 23d Avenue to the west and substituting curbing therefor; that from the accessory building on the northerly lot to the street line of 122nd Street there shall be a masonry wall not less than 5 feet 6 inches in height with suitable terminating posts at the building line; that the space 3 feet eight inches in width between the building line and the accessory building along 23rd Avenue may be maintained with pavement similar to the adjoining sidewalk; that from the building to the lot line of 23rd Avenue toward the north there shall be a similar masonry wall fence with suitable terminating post at the building line; that under Section 7i there may be repairs with hand tools only, maintained solely within the accessory building and such repairs may be of the same type as now lawfully permitted; that signs shall be restricted to permanent signs attached to the accessory building, facing 122nd Street and the illuminated globes of the pumps, excluding all roof signs and temporary signs and advertising devices, but permitting the erection within the plot near the intersection of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale, and permitting such sign to extend not more than 4 feet beyond the building line; that at such intersection there shall be a block of concrete expanding the base of the pumps to fill the corner formed by the building lines and not less than 12 inches in height; that such portable fire-fighting appliances shall be obtained as the Fire Commissioner shall direct; that under Section 7A any curb cut or show window deemed contrary to such section may be permitted provided the terms of the resolution are complied with; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

711-56-BZ

APPLICANT — Paul Friedman, for Felnor Realty Corp., owner.

SUBJECT—Application October 19, 1956—re decision of the Borough Superintendent, under Sections 7e, 7h and 7i of the Zoning Resolution, to permit in a local retail use district, the erection and maintenance of a gasoline service station, lubritorium, minor repairs with hand tools only, office, storage and sales of auto accessories, parking of more than five (5) motor vehicles waiting to be serviced and a post standard ground sign for a stated term of fifteen (15) years.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 5, 1957 after due notice by publication in the Bulletin; laid over to April 9, 1957, for applicant to file lay-out plan and inspection and decision; hearing closed; then placed on the reserve calendar pending erection of church on adjacent property; then set for hearing on October 1, 1957; then to October 8, 1957 for further inspection and decision; then to November 6, 1957, for further inspection and decision; then to December 10, 1957, at request of the applicant, to file revised plans; then to June 10, 1958, for further consideration by Board; inspected by committee of the Board, which is of the opinion that the application should be laid over further in order to give the church proposed to be erected on the adjacent plot more time to determine whether they can proceed with the development for church or school; then to October 7, 1958, for report from objecting property owner; then to December 9, 1958, for applicant to report to the Board as to adjacent property proposed for church and school which are in objection; then to January 13, 1959, for further consideration as to the progress of construction of the church building on the plot adjacent; then to February 10, 1959, for inspection and decision; to March 17, 1959, for further inspection and decision; then to March 31, 1959, for decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Astoria Boulevard, 101st Street, 102nd Street and 31st Avenue are in a local retail use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 28, 1956 acting on N.B. Applic. 3548-56, reads:

"1. The erection of a gasoline service station in a local retail use district with accessory lubritorium, car washing, sales and storage of auto accessories, minor repair with hand tools, and parking of cars awaiting service is contrary to Art. II Sect. 4-c.

2. The erection of a ground sign is contrary to Art. II Sect. 4-c.

3. The projection of a sign 4' beyond the bld. line is contrary to Art. II Sect. 4-c."

and

WHEREAS, the applicant states that the premises consist of a plot, 101.41 feet frontage by 133.85 feet in depth, irregular; that it is proposed to erect and maintain for a term of fifteen years a modern, parkway type gasoline service station, lubritorium, minor repairs with hand tools only, office, storage and sales of auto accessories and parking for more than five cars waiting to be serviced, with ground sign in a local retail use district; and

WHEREAS, the applicant states that as of July 25, 1916 the property was zoned as a business use district and the present use designation became effective on May 4, 1953; that the height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant contends that there is no economic demand for the development of the subject premises for a conforming store use as nearby store facilities adequately serve the needs of the neighborhood; that one block to the west is a large A. & P. supermarket with accessory parking, block 1379, lot 45; that the subject premises are

too small for present requirements of the chain food markets which require a minimum 10,000 square foot plot for store premises proper, plus additional space for required accessory parking; that adjoining the subject premises to the east is a row of stores, which together with other store facilities along Astoria Boulevard adequately serve the local retail needs of the neighborhood; that the residential portion of the neighborhood is substantially developed so that there is no foreseeable demand for additional store facilities in the near future; that there is no economic demand for residential development as it is located on Astoria Boulevard which is a heavily travelled major thoroughfare; that there is an economic demand for development with a modern gas station as it is located along Astoria Boulevard which is a major thoroughfare sustaining a substantial volume of automotive traffic; that Astoria Boulevard is divided by a wide center mall separating eastbound from westbound traffic thereon and as a consequence of the dividing center mall, the existing gas station in block 1680, lot 36 on the westbound lane, in the immediate area, does not diminish substantially the economic demand for a gas station on the eastbound lane; that on the eastbound lane there are no gas stations in the immediate area, the nearest ones being located at 89th Street and Astoria Boulevard to the west and 104th Street and Astoria Boulevard to the east, approximately one mile apart; that a grant of this application would result in a substantial investment to improve the property so as to yield a reasonable return; that the proposed application would have no adverse effect upon nearby properties; that the property to the east, comprising the balance of the blockfront along Astoria Boulevard is developed with stores, the nearest of which is a bar and grill, stores and dwellings; that the one story store, fronting on Astoria Boulevard and immediately adjacent on the east, has an unpierced wall facing the subject premises on which two large billboard signs are maintained; that the one story garage, fronting on 31st Avenue and immediately adjacent to the east, also has an unpierced wall facing the subject premises; that the property opposite, on the westerly side of 101st Street is vacant and the properties south of 31st Avenue are developed for residences; that opposite the subject premises on the northerly side of Astoria Boulevard is a gas station, established prior to 1925, and for which the Board permitted a reconstruction and extension on May 29, 1934 under Cal. No. 14-34-BZ; and

WHEREAS, the applicant further contends that the proposed safeguards and conditions, such as fencing and landscaping, would adequately buffer and protect nearby properties; that the rear of the proposed building would be constructed along the 31st Avenue street line, with a 5 foot 6 inch high solid brick fence wall extending from the unpierced rear wall of the proposed building to the easterly lot line and to 101st Street, thus completely walling the premises off on the 31st Avenue side; that a similar wall would extend along 101st Street for a distance of 88.85 feet, thus adding to the effect of separating these premises from the view of the premises south of 31st Avenue; that it is proposed to confine all curb cut entrances and exits to Astoria Boulevard except for one 30 foot curb cut located along 101st Street within 5 feet of the intersection with Astoria Boulevard; that section 7-A would not be violated thereby; that it is also proposed to install a 4 foot wide seeded and landscaped buffer strip along the easterly lot line protected by a 6 inch by 8 inch high curb, thus providing an adequate bumper protection of the westerly wall of the adjoining store on which billboard signs are maintained and of the adjoining garage fronting on 31st Avenue; and

WHEREAS, the applicant further contends that the proposed sign is a customary incident to the operation of the gas station and that said sign, as an accessory sign, is in conformity with the spirit of the Zoning Resolution and that the Board has customarily permitted the erection of such post standard signs as incidental to new gasoline service station uses; that the post standard sign will advertise the brand of gasoline sold on the premises; and

WHEREAS, the applicant states that the present owner

MINUTES

has held title to the property since October 15, 1956 and that the assessed valuation of land is \$12,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, the matter having been laid over for applicant to file revised plans showing a wall along 101st Street without any opening for curb cut; and

WHEREAS, it appears that foundation for the proposed church is being constructed on the adjacent block to the west and on the westerly side of such block so that, with the Board's requirement that there shall be no openings from the gasoline station to 101st Street, the church building and such additional church buildings as may in time be constructed are fully protected, and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7 e for a term of fifteen years to permit the premises to be occupied as a gasoline service station and lawful accessory uses substantially as proposed and as indicated on plans filed with this application marked "Received October 19, 1956", one sheet, "November 29, 1957", 1 sheet, "March 29, 1957", one sheet, and "March 24, 1959" one sheet *on condition* that all buildings, structures and uses now on the premises shall be removed and the premises shall be graded substantially to the grade of the abutting streets and shall be constructed and arranged as indicated on plans above cited, particularly revised plan marked "Received March 24, 1959"; that the accessory building shall be of the design and location as indicated on plans above cited and shall be faced with face brick on all sides, with the roof surfaced with asphalt shingles; that there shall be no cellar under such building and in all other respects it shall comply with all laws, rules and regulations applicable thereto; that pumps shall be of a low approved type erected where shown on such revised plans marked "Received March 24, 1959"; that gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that along the lot line to the east where walls of adjoining buildings do not occur there shall be erected a masonry wall not less than five feet six inches in height and properly coped; that a similar wall shall be continued on the southerly lot line to 101st Street; that along 101st Street there shall be erected a wall consisting of three foot six inch high picket fence on a two foot brick wall with suitable terminating post at the intersection of 101st Street and Astoria Boulevard; that landscaped areas shall be maintained with suitable planting materials where shown on plan marked "Received March 24, 1959", and properly protected with concrete curbing not less than eight inches in height and six inches in width; that the balance of the premises where not occupied by accessory building and pumps and planting shall be paved with concrete or asphaltic pavement; that sidewalks and curbing abutting the premises on all three streets shall be reconstructed or repaired to the satisfaction of the Borough President; that cuts shall be permitted to Astoria Boulevard, as shown, consisting of two 30 feet in width each; that at the intersection of Astoria Boulevard and 101st Street there shall be a block of concrete extending for a distance of five feet in either direction from the intersection not less than twelve inches in height; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to permanent signs attached to the facade of the accessory building facing Astoria Boulevard and to the illuminated globes of the pumps, excluding all roof signs and temporary signs and advertising devices but permitting the erection within the building line of a post standard at the intersection, where shown, for supporting a sign, which may be illuminated, advertising the brand of gasoline on sale and permitting such sign to extend at right angles to

Astoria Boulevard for a distance of not more than four feet; that under Section 7i there may be, for a similar term, minor repairs with hand tools only for adjustments maintained solely within the accessory building; that under Section 7h, for a similar term, there may be parking and storage of motor vehicles provided such parking and storage including motor vehicles waiting to be serviced are parked on such portions of the premises as will not interfere with the servicing of the station; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

125-57-BZ

APPLICANT—James E. Vassalotti, for Max Kirsch, Inc., owner.

SUBJECT—Application February 18, 1957—decision of the Borough Superintendent, under sections 7e and 7h of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, minor auto repairs, storage, offices and sales, car washing and parking and storage of motor vehicles.

PREMISES AFFECTED—9501-9515 Sea View Avenue and 1645-1655 East 95th Street, northeast corner, Block 8298, Lot 7, Borough of Brooklyn.

APPEARANCES—

For Applicant: R. S. Hardy and Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: Commissioner Foley 1

Negative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Sleeper and Commissioner Fox 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 22, 1957 after due notice by publication in the Bulletin; laid over to November 19, 1957 for inspection and decision; hearing closed; and denied; and

WHEREAS, this application was restored to the docket by order of the Court for a hearing de novo and set for hearing on February 17, 1959 at 10 A.M. with notice by registered mail to all owners in the area of notification; and

WHEREAS, a public hearing was held on this application on February 17, 1959 after due notice by publication in the Bulletin; laid over to March 10, 1959, for inspection and decision; hearing closed; then to March 31, 1959, at request of the applicant, to furnish Board with information previously requested; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, East 95th Street, East 96th Street and Sea View Avenue are in a residence use, F-1 and class ½ height district; that as of July 25, 1916 the premises were in a business use district, class 1 and one-half height district and class D area district; that the present use and height designation became effective November 28, 1938, on the same day the area designation was changed to F; that the present area designation of F-1 became effective July 22, 1954; and

WHEREAS, the decision of the Borough Superintendent, dated January 25, 1957 acting on N.B. Applic. No. 1-57, reads:

"1. Proposed gasoline service station, lubritorium, minor auto repairs, car washing, storage, office and sales, parking and storage of motor vehicles in a residential use district is contrary to Art. II, Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 142 feet 10⅞ inches frontage by 100 feet, irregular in depth, presently unimproved; that it is proposed to erect and maintain a modern gasoline service station consisting of ten 550 gallon buried gasoline storage tanks and six dispensing pumps; that the accessory building as contemplated will be one story in height, of class 3 construction, having a frontage of 62 feet, a depth of 30 feet and will contain the conjunctive uses of lubritorium, car washing, minor

MINUTES

auto repairs with hand tools only, storage room, office and sales; that part of the open portion of the plot will be reserved for the parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the site occurs in an area that is now being heavily developed with housing projects and dwellings, and as Sea View Avenue is a main auto lane in said area, the proposal is a required service and entirely in keeping at this point; that the highly modern design of the proposal will improve the appearance of the entire community and point the way for future modern construction; that a 10 foot wide planted area along the northerly lot line and a 5 foot wide planted area along the easterly lot line will be maintained to enhance the appearance of the contemplated gas station and also afford lot No. 14 to the north and lot No. 5 to the east, additional permanent light and ventilation and preserve the residential aspect of the area; that Sea View Avenue is a 120 foot avenue and as such is becoming heavily trafficked and the attendant fumes, noises and traffic now render the site unsuitable for residence use; that these factors will steadily become more objectionable to any homes that could possibly be erected; that the proximity of the site to Rockaway Parkway, with its business development which is all in view from the site, further render the site unsuitable for residence development; and

WHEREAS, the applicant states that the present owner has held title to the property since December 17, 1956 and that the assessed valuation of land is \$7,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted as no substantial changes have been presented that were not before the Board as denied November 19, 1957; that the records of traffic submitted does not justify an additional gasoline station; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions e and h of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 1-57, Objection No. One be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

157-57-BZ

APPLICANT—Fred C. Dahlem and Victor E. Block, for Jacob Starr, owner.

SUBJECT—Application March 1, 1957—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—1191-1195 Woodycrest Avenue, west side, 140 feet north of West 167th Street, Block 2515, Lot 53, Borough of The Bronx.

APPEARANCES—

For Applicant: Fred C. Dahlem and Jacob Starr.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 9, 1957 after due notice by publication in the Bulletin; laid over to September 10, 1957 at request of the applicant, to furnish additional information; then to September 24, 1957 for further consideration; the application was granted on condition; and

WHEREAS, the application was restored to the docket by order of the Court and set for hearing on February 17, 1959 at 10 A.M.; and

WHEREAS, a public hearing was held on this application on February 17, 1959 after due notice by publication in the

Bulletin; laid over to March 10, 1959, for inspection and decision; hearing closed; then to March 17, 1959, for owner to file corrected affidavit as to his address; then to March 31, 1959, for the Board to prepare a report and for decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, B area, class 1¼ height district; Woodycrest Avenue and Nelson Avenue are in a local retail and residence use, B area, class 1¼ height districts; and

WHEREAS, the decision of the Borough Superintendent, dated February 25, 1957 acting on Alt. Applic. No. 1042-56, reads:

"1. In a Residence use district the proposed parking and storage of more than 5 motor vehicles is contrary to Sect. 3 of the Zon. Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 60 feet frontage by 115 feet in depth, unimproved; that the plot is situated between the Parish house to the north and a six story, class A multiple dwelling to the south, in an area consisting mostly of five and six story, class A multiple dwellings; and

WHEREAS, the applicant contends that numerous requests have been received to rent a parking space by tenants of the multiple dwellings; that alternate parking has been put on this street and many persons would be glad to get their cars off the street; that there are little facilities for parking in this area; that the lot will be properly fenced in and graded and each tenant will have his own key to the gate; that at present the lot is used as a place for rubbish; that there are no windows in the Parish House wall adjoining the subject lot; that the use of this vacant lot will not only be a benefit to the people using same, but will be cleaner and also bring in revenue towards paying taxes; that to build an apartment house would be too costly, as the rents necessary to make such a venture feasible could not be obtained in this area; and

WHEREAS, the applicant states that the present owner has held title to the property since January 25, 1957 and that the assessed valuation of land is \$8,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, a new public hearing was held upon order of the Court; and

WHEREAS, the report of Committee is as follows:

REPORT OF COMMITTEE

An application for use of premises Block 2515, Lot 53 for parking and storage was filed March 1, 1957, and was set for public hearing on July 9, 1957. At the request of the applicant, the public hearing was postponed to September 10, 1957. On September 10th the public hearing was held and the main objector was the Holy Comforter Lutheran Church, owner of adjoining Lot 19, occupied by a Mission Church and 3 story Parish House with garage on the first floor. On September 24, 1957, the Board unanimously granted a variance for a term of five years under conditions designed to limit any possible objections to the minimum. The lot was permitted for storage of motor vehicles, and not for parking, with car spaces to be assigned to nearby car owners, each of whom will be furnished with a key to the gate at the entrance.

Before the application was granted a list of car owners who desired spaces on the lot was furnished to the Board and this list showed applicants sufficient to take all spaces on the lot from the apartment houses within the area of notification.

Upon Court Review of the Board's resolution as adopted September 24, 1957, the Court called upon the Board to supply a sound basis for granting the variance and remitted the matter to the Board for consideration de novo. The Board has done more than the Court demanded. A new public hearing was held on February 17, 1959 to give the objectors an opportunity to renew their objections. Members of the Board have again inspected the premises and noted

MINUTES

the many cars parked and double parked on the streets in the immediate area and the conditions as to buildings on adjoining lots.

On the church side there are no lot line windows. On the apartment house side there are no windows in the lot line wall and such windows as overlook the lot are separated therefrom by a side yard.

Reference has been made to another application for a parking and storage lot in this block namely Calendar Number 314-57-BZ, public hearing for which was not held until November 13, 1957, four months after the public hearing on Calendar Number 157-57-BZ. When inspected after the hearing it was apparent that there was no similarity between the two locations. The Board denied the application for the second lot because it proposed using a narrow interior space back of the church and other properties having a length of 330 feet plus a 50 foot lot at 1227-1229 Woodycrest Avenue for entrance and exit. The elongated inside lot would be most difficult to control and, unlike the one under consideration, there was no proposal to assign spaces and provide a key to each user to limit the use to storage of cars but instead would include unlimited transient parking.

The present law requires parking or storage in a garage for a Multiple Dwelling but the law is not retroactive. The proposed amended Zoning Resolution requires parking accommodations for all churches. Within the spirit of these requirements the Board has granted variances for storage lots in residence use districts, not only for the parking of apartment dwellers cars but in several instances for churches.

Aside from the fact that this lot was taken over by the City for non payment of taxes and that the present owner undoubtedly knew that he was purchasing a lot in a residence use district where parking and storage use could not be permitted except by exercise of the Board's powers to use discretion, it is the Board's finding that the use proposed will benefit the entire street by providing assigned car spaces in a graded, fenced in plot, subject to entrance and exit only by use of a key to the gate and should not prove objectionable to anyone.

The Board proposes in affirming the resolution of September 24, 1957, to amend the term of the variance to two years, subject to renewal for a further term upon expiration and inspection and further hearing.

and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7h for a term of two years to permit the premises to be occupied for parking and storage of motor vehicles substantially as proposed and as indicated on plans filed with this application marked "Received March 1, 1957", 3 sheets on condition that all buildings and uses now on the premises shall be removed and the premises shall be leveled substantially to the grade of Woodycrest Avenue; that there shall be erected on the street building line and on the side and rear lot lines where walls of adjoining buildings do not occur on the lot line a woven wire fence of the chain link type not less than 5 feet 6 inches in height; that the plot shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that during the term of this variance the premises shall be occupied for no other use and no buildings shall be erected thereon; that bumpers shall be maintained against the fences and walls for protection thereto; that along the street line there shall be gates which shall normally be kept locked and opened only by the proposed occupants who are to be assigned parking spaces for their

pleasure type cars and furnished with a key; that there shall be no signs erected except that there may be one sign attached to the fence near the entrance advertising the parking and storage use and such other information as may be required by the Commissioner of Licenses; that curb cuts shall be restricted to one curb cut opposite the entrance not over 10 feet in width plus splays; that sidewalks and curbing in front of the premises shall be reconstructed or restored to the satisfaction of the Borough President; that only cars of the pleasure type shall be parked on the premises; that at no time shall any repairing, or cleaning or work on any car parked on this lot be carried on; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within six months from the date of this resolution.

911-57-BZ

APPLICANT—Charles M. Spindler, for Sarah Burick, owner.

Subject—Application December 13, 1957—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station with accessory uses of lubritorium, auto washing, non-automatic, office, sale of accessories, minor repairs with hand tools only, safety inspection station and parking and storage of motor vehicles for a temporary term of fifteen (15) years.

PREMISES AFFECTED—80-14 to 80-24 (80-20 official) Pitkin Avenue, southwest corner of 81st Street, Block 9139, Lot 340, Ozone Park, Borough of Queens.

APPEARANCES—

For Applicant: Charles M. Spindler.

For Opposition: Frances Werner, Paul Valente, Emilie Galante and John M. Arena.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Fox and Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 3, 1959 after due notice by publication in the Bulletin; laid over to March 31, 1959, for inspection and decision; and decision by the Board as to whether this application can be accepted in its present form as it overlaps the previous application; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Pitkin Avenue, 81st Street Sutter Avenue and 80th Street are in a residence use, D area, class 1 height district; that as of July 25, 1916 the property was zoned as a business district; that on May 15, 1941 the portion of the property more than 100 feet from Pitkin Avenue and 81st Street was placed in a residence district and on May 23, 1957 the site was placed in a residence use district; that the height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at this time; and

WHEREAS, the decision of the Borough Superintendent, dated December 4, 1957 acting on N.B. Applic. No. 3872-57, reads:

"1. Proposed gasoline service station, lubrication, auto washing (non-automatic), office, sale of accessories, minor repairs with hand tools only, safety inspection station, parking and storage of motor vehicles on a lot in a residence use district is contrary to Art. 2, Sec. 3 of the Z.R.

2. Proposed ground sign in a residence use district is contrary to Art. 2, Sec. 3 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 120 feet frontage by 95.62 feet in depth, irregular, presently vacant; that it is proposed to erect a modern gasoline station with a peaked roof, to have face brick on all four sides; that the plot will be enclosed with a 5 foot high woven wire fence on a 6 inch concrete base, total height 5

MINUTES

feet 6 inches, on all lot lines; that wherever fences occur, there will be a landscaped area protected by a 6 inch by 8 inch concrete curb; that the pumps will be of a low approved type and will be set back 15 feet from the building line; and

WHEREAS, the applicant states that at the time the property was purchased, the site was in a business zone, and was changed on May 23, 1957 to a residence zone; that the owner was not aware of the proposed change and had she been, she would have most naturally objected to the placing of the site in a residence zone; that it appears incongruous that this site, which is opposite a cemetery and also opposite a cut stone yard and also faces an old dilapidated frame building, could possibly be feasibly developed for residences; that it would be impossible to obtain mortgage money and it would be practically impossible to sell dwellings with the surroundings as previously mentioned; and

WHEREAS, the applicant contends that a serious hardship is being placed on the owner by her not being feasibly able to develop the site with a conforming use; and

WHEREAS, the applicant states that the present owner has held title to the property since January 12, 1956 and that the assessed valuation of land is \$7,300; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e, of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 3872-57, Objections No. 1 and 2 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

132-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Ken-Isle Inc., owner.

SUBJECT—Application March 18, 1958—decision of the Borough Superintendent, under sections 7e and 7h of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, minor auto repairs, car wash, storage, office and sales and the parking and storage of motor vehicles for a stated term of fifteen (15) years.

PREMISES AFFECTED—17-39 to 17-61 (17-55 official) Francis Lewis Boulevard, 157-63 to 157-71 18th Avenue, northeast corner, 157-52 to 157-64 17th Road and 17-38 to 17-48 160th Street, Block 4747, Lot 31, Whitestone, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: Louis Riger.

ACTION OF BOARD—Application granted on condition.

THE VOTE OF JANUARY 6, 1959—

Affirmative: Acting Chairman Kleinert and Commissioner Foley 2

Negative: Commissioner Sleeper 1

Absent: Chairman Murdock 1

THE VOTE OF MARCH 31, 1959—

Affirmative: Commissioner Fox 1

Negative: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 15, 1958 after due notice by publication in the Bulletin; laid over to September 30, 1958, at the request of the applicant; then to October 21, 1958, for inspection and decision; hearing closed; attorney in opposition permitted to file objection within ten days, then to November 12, 1958, for further inspection by members of the Board, and decision; then to December 9, 1958 for further inspection and decision; then to January 6, 1959, for decision at the request of the applicant to acquire additional lot; then to January 13, 1959, for inspection and decision; for full vote of the Board; then laid over, date to be set; for full vote of the Board; then set for March 31, 1959; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 17th Road, 18th Avenue,

Francis Lewis Boulevard and 160th Street are in a residence use, F area, class ½ height district; that as of July 25, 1916 the premises were in a class one height district and a class D area district, and the present height and area use designation became effective July 7, 1953; and

WHEREAS, the decision of the Borough Superintendent, dated February 21, 1958 acting on N.B. Applic. No. 376-58, reads:

"1. Proposed gasoline service station, lubritorium, car wash, office and sales, minor auto repairs, parking and storage of motor vehicles in open area, wall signs and ground signs in a residence use district is contrary to Article II Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 242.73 feet frontage by 103.5 feet in depth, presently vacant; that it is proposed to obtain a variance for a temporary period of fifteen years and to erect a modern gasoline service station consisting of sixteen 550 gallon gasoline tanks and nine dispensing pumps; that the contemplated accessory building will be one story in height, of class III construction, with a frontage of 73 feet and a depth of 30 feet, and will contain conjunctive uses of lubritorium, car wash, office and sales and minor auto repairs; that a large part of the open area, not used by the gasoline service station, will be reserved for parking and storage of motor vehicles; that there are four 30 foot curb cuts proposed along Francis Lewis Boulevard; that a two foot six inch high brick wall with a three foot high iron picket fence, making a total of five feet inches in height, will be erected on the building lines of 17th Road, 18th Avenue, 160th Street and along the property lines not occupied by the building; that it is also proposed to install a ten foot planted area and new street trees 25 feet on center along the street building lines of 17th Road, 18th Avenue and 160th Street; and

WHEREAS, the applicant contends that although the site is located in a residence use district, the need for a gas station is created by the large housing project and dwellings within the area that are without this required service; that there are no other gasoline stations within the affected area; that the site is irregular in shape and lends itself to the proposal; that the large heavy planted area and large street trees proposed around the gas station will give this station a real suburban look; that the building will be colonial in design and in keeping with surrounding architecture; that there are only four 30 foot curb cuts proposed along Francis Lewis Boulevard, and inasmuch as the pumps will be set 15 feet back of the street building line, there will be no pedestrian hazard; and

WHEREAS, the applicant states that the present owner has held title to the property since March 31, 1949 and that the assessed valuation of land is \$9,000, and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years to permit the premises to be occupied for a gasoline service station and uses lawfully accessory thereto substantially as indicated on plans filed with this application marked "Received March 18, 1958", 3 sheets, and "June 5, 1958", one sheet, *on condition* that all buildings and uses now on the premises shall be removed and the premises shall be constructed and arranged substantially as indicated on such plans; that the accessory building shall be in the location and of the design and arrangement as shown, without cellar and faced on all sides with face brick and roofed with asphalt shingles; that in all other respects the accessory building shall comply with

MINUTES

the requirements of the Building Code; that pumps shall be of a low approved type erected where shown, fifteen feet from the street building line of Francis Lewis Boulevard; that gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that the sidewalks and curbing on the streets abutting the premises shall be reconstructed or repaired, and installed where missing, to the satisfaction of the Borough President; that curb cuts shall be restricted to four curb cuts each 30 feet in width to Francis Lewis Boulevard, as shown; that where shown new trees shall be planted and maintained on 17th Road, 18th Avenue and 160th Street; that such trees shall be of a kind and caliper as may be approved by the Commissioner of Parks; that planting areas shall be maintained where shown along 17th Road, 18th Avenue and 160th Street; that a wall, as shown, shall be constructed on the building line consisting of masonry portion two feet six inches in height and steel pickets above to a total height of five feet six inches; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps excluding all roof signs and temporary signs and advertising devices but permitting within the building line, both to the north and to the south, post standards each for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than four feet; that the balance of the premises shall be paved with concrete or asphaltic pavement; that suitable curbing shall be maintained for protection to the planting areas which shall be not less than eight inches above grade and six inches in width; that the planting areas shall be maintained with suitable planting materials; that under Section 7e there may be minor repairs with hand tools only for adjustments maintained solely within the accessory building for a similar term; that under Section 7h, for a similar term, there may be parking and storage of motor vehicles maintained where such parking and storage will not interfere with the servicing of the station; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed with the requirements of Section 22A of the Zoning Resolution.

289-58-BZ

APPLICANT—Leo Kornblath, for Allwyn Contracting Co., Inc., owner.

SUBJECT—Application May 9, 1958—decision of the Borough Superintendent, under Sections 7e, 7f, 7i and 7A of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, minor repairs with hand tools only, non-automatic auto laundry, office, storage and sales of auto accessories, parking of more than five (5) motor vehicles waiting for service for a stated term of (15) years

PREMISES AFFECTED—398-410 Kings Highway, southwest corner of Kings Place, Block 6678, Lots 73, 75 and 77, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leo Kornblath.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: Vice Chairman Kleinert 1

Negative: Chairman Murdock, Commissioner Foley,

Commissioner Sleeper and Commissioner Fox 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 30, 1958 after due notice by publication in the Bulletin; laid over to October 15, 1958, for inspection and decision; hearing closed; then to December 16, 1958, at request of applicant to investigate possible conforming use, which might result in withdrawal of this application; premises have been inspected; then to January 13, 1959, at the request of the applicant; then to March 3, 1959, at the re-

quest of applicant pending negotiation for the sale of the property; then to March 31, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Kings Highway are in a business use, C area, class 1 height district; King Place and West 3rd Street are in business and residence use, C area, class 1 height districts; Lloyd Court is in a residence use, C area, class 1 height district; these designations have been the same since July, 1916 and there are no amendments pending at the time of the filing of this application, in the City Planning Commission; and

WHEREAS, the decision of the Borough Superintendent, dated April 21, 1958 acting on N.B. Applic. No. 412-58, reads:

"1. Proposed building and premises to be used for gas station, motor vehicle repair shop and parking for more than 5 cars, on a plot which is in a business zone, is contrary to Article II, PP. 4a, subsections 29 and 46 of the Zoning Resolution.

2. Proposed sign within 75 feet of a Residence zone in a transition from non-residential to residential zone is contrary to Article II, PP. 7-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 120 feet frontage by 64 feet 10 inches and 99 feet 3½ inches in depth; that the premises are now vacant, and it is proposed to erect a gasoline service station consisting of office, sales of auto accessories and storage, non-automatic auto laundry, minor repairs with hand tools only, lubritorium and parking of more than five cars to be serviced; that the accessory building will be of modern design with a frontage of 60 feet and a depth of 32 feet and will be one story in height; that all unbuilt portions of the plot will be paved with asphalt paving; that this is to be erected in its entirety within a business district, and a grant for a term of fifteen years is requested; and

WHEREAS, the applicant states that the owner has, for his full term of ownership of this land, endeavored through the use of licensed real estate brokers, to lease or sell the property for a conforming use, such as stores, offices and factories; that renderings and sketches were drawn for proposed stores and office building, and a ten foot by eight foot sign was erected on the premises showing a colored rendering of the proposed building; that however, the only interest shown was for the use of a gasoline service station; and

WHEREAS, the applicant also states that Kings Highway, where this property is located, is a main vehicular artery which sustains a heavy automotive traffic; that Kings Highway is one of the leading business streets and as such, lends itself to the use of this property for a modern gas station as shown by non-conforming uses of gas stations and automobile repair shop now located at the northeast corner of Kings Highway and West 3rd Street in Block 6654, Lots 37, 39 and 40; northwest corner of Kings Highway and West 3rd Street, Block 6653, Lot 27; northeast corner of Kings Highway and West 4th Street in block 6653, Lot 33; southeast corner of Kings Highway and West 3rd Street in block 6678, lot 65; and

WHEREAS, the applicant contends that with a substantial investment in the land and building erected, this plot would then yield a reasonable return on the investment and increase the tax revenue to the City of New York; that there are more than enough stores in this area for the marketing needs of the community, and the erection of additional stores would only create uneconomic competition for the owners of the present stores; that a new supermarket has been erected with accessory parking on block 6679, lot 1, a short block away, and a factory adjoins this property on block 6678, lot 71; that many conforming uses such as lunch wagons, custard stands and factories with accessory parking, and its attendant odors, noises, grease fumes and boiler smoke would be far more objectional to the neighborhood than the orderly operation of a modern gas station that would

MINUTES

be limited in design and use by the conditions set forth by the Board; and

WHEREAS, the applicant further contends that the proposed accessory building, limited in area as shown on plans filed, to 60 feet by 32 feet and one story in height, is to be set back approximately 64 feet from the building line on Kings Highway and 40 feet from the Kings Place building line, and would be far less than the permitted coverage for a building of a conforming use in height and area that may be erected; that it would also provide permanent light and air protection for adjacent buildings; that the erection of this proposed gas station would be in harmony with the adjoining business buildings, both in design and construction, without having an adverse effect on the values of adjoining properties; that it would provide increased revenue in the form of taxes to the City and would permit the owner to improve this property in the only beneficial manner left to him; and

WHEREAS, the applicant states that the present owner has held title to the property since August 10, 1951 and February 14, 1955 and that the assessed valuation of land is \$20,700; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions e, f, i and 7A of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 412-58, Objections No. 1 and 2 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

584-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Menora Caterers Inc.

SUBJECT—Application October 10, 1958—decision of the Borough Superintendent, under Section 7h of the Zoning Resolution to permit in a residence use district, the maintenance of a parking lot for the parking of patrons' cars in conjunction with the Masonic Temple located on the corner plot.

PREMISES AFFECTED—1362-1364 50th Street, south side, 140 feet west of 14th Avenue, Block 5649, Lots 32 and 33, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Foley, Commissioner Sleeper and
Commissioner Fox 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 17, 1959 after due notice by publication in the Bulletin; laid over to March 10, 1959, for inspection and decision; applicant to give additional information to the Board as to use of Masonic Temple located adjacent hearing closed; then to March 17, 1959, for inspection and decision; applicant to furnish the Board with additional information as to the present use of the Masonic Temple as requested; then to March 31, 1959, for applicant to furnish the Board with a certificate of occupancy for the former Masonic Temple; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 14th Avenue are in a residence use, C area, class 1 height district; 50th Street and 51st Street are in residence and business use, C area, class 1 height districts; 13th Avenue is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 12, 1958 acting on Alt. Applic. No. 3005-58, reads:

"1. Proposed use of parking of patrons cars (no fee to be charged) for the Menora Masonic Temple at 5000 14th Ave., in a Residence use district is contrary to Art. II Sect. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 60 feet frontage by 100 feet in depth, presently developed with a two car garage; that the open space is now being illegally used for parking of patrons' cars for the Menora Masonic Temple at 5000 14th Avenue, in the Borough of Brooklyn; that it is proposed to demolish the existing two car garage and use the premises for the parking of patrons' cars for the Menora Masonic Temple at 5000 14th Avenue, for a temporary period of five years; and

WHEREAS, the applicant states that the main intent of the proposal is to park patrons' cars for the Menora Masonic Temple, which incidentally would relieve the parking situation for all the residences in the community; that it is impossible to conceive that the Zoning Ordinance and the community it was promulgated to protect, would be adversely affected; that this use of the corner building naturally created the parking of patrons' cars in the street in front of all the residences, and the proposal will relieve this condition; and

WHEREAS, the applicant contends that in block 5642, directly opposite the site, lot No. 35 is developed with a synagogue, lot No. 12 with a Y.M.H.A. building and lots 48 and 53 with a school; that all of the uses have already over-loaded the residence streets in the area with their attendant necessary parking of patrons' cars, so that the granting of this requested variance for the parking of patrons' cars for the Menora Masonic Temple would relieve this situation and therefore help to maintain the residential aspect of 50th Street, and in effect help to comply with the spirit and intent of the Zoning Ordinance; and

WHEREAS, the applicant states that the present owner has held title to the property since August 15, 1958; that the assessed valuation of land is \$8,100 and of the building \$500 making a total of \$8,600; that the building was erected in 1918; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, it appears that building with which this parking lot is to be used was formerly a Masonic Temple but now in the opinion of the Board is a business building, and that permission for its use as stated is of questionable legality; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 3005-58, Objection No. One be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

587-58-BZ

APPLICANT—John F. Fitzsimons, for George and Eugene Capuozzo, owners.

SUBJECT—Application October 14, 1958—decision of the Borough Superintendent under section 21 of the Zoning Resolution, to permit in an unrestricted use D area district, an extension to an existing building so as to cover more than the permitted area.

PREMISES AFFECTED—95-14 Sutphin Boulevard, west side, 100 feet south of Atlantic Avenue, Block 10026, Lot 12, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons.

ert, Commissioner Foley, Commissioner Sleeper and
Commissioner Fox 5
Negative: 0

THE RESOLUTION

WHEREAS, a public hearing was held on this application on February 25, 1959 after due notice by publication in the Bulletin; laid over to March 31, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in an unrestricted use, D area, class 1 height district; Sutphin Boulevard is in unrestricted and business use, D area, class 1 height districts; Atlantic Avenue is in a business use, D area, class 1 height district; Waltham Street is in residence and business use, D and E area, class 1 and class ½ height districts; 97th Avenue is in residence and unrestricted use, D and E area, class 1 and class ½ height districts; and

WHEREAS, the decision of the Borough Superintendent, dated October 3, 1958 acting on Alt. Applic. No. 2118-58, reads:

"1. The covered area of the proposed extension to the existing building is in excess of permitted covered area of plot. This is contrary to Art. 4 Sec. 14 of Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 50.05 feet frontage by 100.14 feet in depth, presently developed with a one story building 50 feet wide by 40 feet deep, set back 20 feet from the street building line, said building being used for welding and automobile repair shop and accessory office; that it is proposed to extend the office 20 feet to the street lot line, the office being 8 feet wide; that it is also proposed to add an extension to the rear of the building, extending to within 5 feet of the rear lot line along the northerly 34 feet 4 inches of the property, and to within 22 feet 2 inches of the rear lot line on the southerly 15 feet 8 inches of the property; that the total area of the lot is 5012 square feet; permitted coverage, 2,756.6 square feet; that the present coverage is 2,002 square feet; that the proposed coverage totals 3,555.6 square feet; that the proposed excess coverage is 799 square feet; that percentage wise, the proposed coverage is 70.9%; and

WHEREAS, the applicant contends that the premises being in an unrestricted use district, the welding and automobile repairing may be, and is carried on throughout the entire area of the lot; that since the completion of the building, the business carried on by these two brothers, doing business as Excel Auto Body & Fender Works, Inc., has increased to a point where the covered portion of the premises is no longer adequate to provide a protected work area; that the business recession has deterred individuals from buying new cars so that, as a result, the automobile repair business has been on an up-grade; that the quality of the work done by these mechanics is such that the quantity of work will continue, even after the recession has turned the corner; that it is evident that the need for additional covered area results from a natural growth of the business; and

WHEREAS, the applicant states that the present owners have held title to the property since July 22, 1953; that the assessed valuation of land is \$8,500 and of the building \$10,000 making a total of \$18,500; that the building was erected December 14, 1953; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the Zoning Resolution and that the ap-

plication be and it hereby is granted under Section 21 to permit the proposed excess area on the lot as shown on plans filed with this application marked "Received October 14, 1958", four sheets, and to permit the use of the building as proposed for automobile repairing, constructed as shown on such plans except that the space at the southwest corner proposed to be left vacant shall be included within the building to within five feet of the rear lot line; that on the side lot line and rear lot line there shall be erected a woven wire fence of the chain link type not less than five feet six inches in height; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

592-58-BZ

APPLICANT—Edith Glennon, for Estate of Edward J. Glennon, owner.

SUBJECT—Application October 16, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the construction and maintenance of a non-transient parking lot for pleasure-type vehicles only for a term of ten (10) years.

PREMISES AFFECTED—276 Bedford Park Boulevard, East 200th Street, south side, 36.33 feet west of Bainbridge Avenue, Block 3297, Lot 19, Borough of The Bronx.

APPEARANCES—

For Applicant: None.

For Opposition: Edward Handelman, Jack Rotner, Robert Moorehead and Frank Imperiale.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: Commissioner Foley 1

Negative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Sleeper and Commissioner Fox .. 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 3, 1959 after due notice by publication in the Bulletin; laid over to March 31, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Bedford Park Boulevard, Briggs Avenue, East 199th Street and Bainbridge Avenue are in a residence use, D area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 18, 1958 as amended by decision dated February 17, 1959 acting on Alt. Applic. No. 764-58, reads:

"1. Proposed parking lot for more than five motor vehicles in a residence use district is contrary to Art. II Sect. 3 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 feet frontage by 100 feet in depth, presently vacant; that it is proposed to cover the premises with clean gravel or steam cinders, treated with a binder and properly rolled; that suitable chainlink fences will be provided and retaining walls, as necessary, erected; that each parking space will be assigned to a car owner who will be provided with a key to the lot; that parking will be limited to the tenants of the apartment buildings in the affected area on the Boulevard and leased to them on a weekly or monthly basis; and

WHEREAS, the applicant states that the plot adjoins a six story multiple dwelling which was erected before the enactment of Sect. 19-B of the Zoning Resolution and provides no off street parking facilities; that if this apartment house were built at the present time, a garage or accessory parking lot identical to the one proposed herein, would be mandatory; that if the premises for which the variance is sought were under the same ownership as the apartment house, then the proposed parking would be a permitted ac-

MINUTES

cessory use; that in addition to the benefits to the residents of the area and the City, the unique hardship encountered by the owners of the premises for which the variance is sought would be alleviated; that the property was not acquired for speculation but was received by the Estate of Edward J. Glennon on his death on September 6, 1956; that it then consisted of the frame house and lot which he bought as a residence on June 1, 1920; that the property was placed on the market at the end of 1957; that in January 1958 it was so badly vandalized that it was estimated that \$10,000 would have to be spent to restore it to a livable condition; that the bank which had held a mortgage on the property since 1916 advised that the mortgage which it had offered to extend earlier that month, would have to be paid because the house, as a result of the vandalism, was a shambles; that boardings placed on the broken windows and doors were repeatedly destroyed, and, following several appearances in Magistrate's Court for failure to keep these openings boarded and safe, the house, as a last measure, was demolished in July 1958; that the charges were then withdrawn; that the extent of the vandalism and the resultant depreciation in the value of the house is indicated by reduction by the City in the 1958-59 valuation of the premises from \$19,500 to \$14,000 on March 12, 1958; that the receipt of these taxes is the only benefit now derived from the property; that the premises, consisting of 5,000 square feet in a D area, are considered to be too small for economic development with a conforming use at this time; and

WHEREAS, the applicant contends that the tenants in the multiple dwellings on the Boulevard in the affected area urgently need parking facilities and that if these apartment houses were erected at the present time, such parking facilities would be mandatory; that if the lot and the multiple dwelling adjoining it on the Boulevard were under the same ownership, the proposed lot would be a permitted accessory use; that the use of the lot as a parking lot will alleviate the hardship resulting from the vandalism of the property in 1958 and will permit the economic maintenance of the premises until such time as they are developed with a conforming use; and

WHEREAS, the applicant states that the present owner has held title to the property since September 6, 1956; that the assessed valuation of land is \$14,000 and of the building \$1,000 making a total of \$15,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on amendment to Alt. App. 764/58, Objection No. 1, dated February 17, 1959, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

619-58-BZ

APPLICANT—Kenneth W. Milnes, for Garabed S. Papazian, owner.

SUBJECT—Application October 29, 1958—decision of the Borough Superintendent, under sections 7f and 7i of the Zoning Resolution to permit in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, car wash, minor repairs, office and sales.

PREMISES AFFECTED—333 Forest Avenue, northeast corner of Hart Boulevard, Block 131, Lot 242, West Brighton, Borough of Richmond.

APPEARANCES—

For Applicant: Kenneth W. Milnes.

For Opposition: F. G. Cosinen, Harry Schiffman, Betty Freedman, Gesene Mahnken, Selli R. Horowitz, Mabel Craig, William A. Enick, Maurice W. Du Bois, Dr. Louis M. Horowitz and Patrick J. Harney, Jr.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0
Negative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Foley, Commissioner Sleeper and
Commissioner Fox 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 3, 1959 after due notice by publication in the Bulletin; taken off calendar as notices by registered mail were not sent out; referred back to engineer for new date of hearing; then set for March 31, 1959; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a retail use, D area, class 1 height district; Hart Boulevard and Forest Avenue are in retail and residence use, D area, class 1 height districts; Gregg Place and Randall Avenue are in a residence use, D area, class 1 height districts; and

WHEREAS, the decision of the Borough Superintendent, dated September 30, 1958 acting on N.B. Applic. No. 940-58, reads:

"1. The proposed Gas Station, Lubritorium, Vehicle repairs and car wash is contrary to Art. II Sect. 4 par. (29) (46) & 52 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 99 feet in depth; that it is proposed to erect a gasoline service station with conjunctive uses; and

WHEREAS, the applicant states that the owner has endeavored to secure a purchaser or a tenant, which would enable him to receive a return on his investment, without success, until now; that the F. D. Koehler Co., distributors on Staten Island of Tydol products, have expressed interest in the location if it was possible to secure a permit for a gasoline service station; that it is believed that the proposed service building and its uses would be more acceptable to the neighborhood over a period of years than some permissive use; that the fumes, auto traffic, truck traffic in and around the building has been more of a depressant to the neighborhood than a modern service station could be; that by carefully designing the building, with careful selection of materials and high screen planting as indicated, it is felt that the requested use would be more acceptable than a permitted use, such as food store, bar room, restaurant and many others; and

WHEREAS, the applicant contends that directly across Hart Boulevard, from this plot, is a large new four story central telephone exchange and repair headquarters; that on both sides of Forest Avenue, west of this plot, are all types of stores and businesses which have developed in this retail area to serve the great number of residents in single family houses and apartment houses; that a service station would serve exactly the same purpose for these residents; that F. D. Koehler Co., a local family held concern, has long been identified with this type of business on Staten Island and have always maintained locations under their control in excellent condition; and

WHEREAS, the applicant states that the present owner has held title to the property since September 12, 1939 and that the assessed valuation of land is \$9,700; and

WHEREAS, the premises and surrounding area were previously inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions f and i of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 940-58, Objection No. One be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

668-58-BZ

APPLICANT—Department of Traffic, City of New York, owner.

SUBJECT—Application November 19, 1958—decision of the Borough Superintendent, under section 7h of the

MINUTES

Zoning Resolution, to permit in a residence use district, the maintenance of a municipal parking lot for more than five (5) motor vehicles.

PREMISES AFFECTED—2869-2883 Pitkin Avenue, north side, from Sheridan to Grant Avenues, Block 4222, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Richard E. Hubbell.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley,

Commissioner Sleeper and Commissioner Fox 4

Negative: Vice Chairman Kleinert 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 3, 1959 after due notice by publication in the Bulletin; laid over to March 31, 1959, for inspection and decision; Traffic Department to submit construction drawings; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Pitkin Avenue, Grant Avenue, North Conduit Boulevard and Sheridan Avenue are in a residence use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated November 18, 1958 acting on Alt. Applic. No. 3184-58, reads:

"1. Proposed public parking field located within a residential use district, is contrary to Art. #2 Section #3 of Zoning Resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 151 feet frontage by 148 feet in depth, irregular, and vacant; that it is proposed to improve the site by fencing, grading, paving and the installation of a lighting and drainage system; and

WHEREAS, the applicant states that this application is based on the need for off street parking of cars near the Grant Avenue subway station; that the proposed parking facility will provide space for 57 cars and help to offset the undesirable consequences of on-street, all day parking in the area; and

WHEREAS, the applicant contends that the property is encumbered with a sub-surface subway easement which makes it a poor site for residential type improvements, not only from the standpoint of construction costs but also for the nuisance of vibration that will invariably occur in practically any type of structure built over a subway, with the exception of tall steel framed office or apartment buildings, which types are unlikely improvements in this area; and

WHEREAS, the applicant states that the present owner has held title since September 30, 1940 and that the assessed valuation of land is \$22,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the applicaiton of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h, for a term of five years to permit the premises to be occupied by transient, daytime parking only, substantially as proposed and as indicated on plans filed with this application marked, "Received November 19, 1958," 2 sheets, and revised plan marked, "Received March 20, 1959," 1 sheet, *on condition* that all buildings and uses now on the premises shall be removed and the premises shall be graded substantially to the grade of the abutting streets and shall be paved with asphaltic concrete; that on the interior lot lines and street building lines, there shall be erected a woven wire fence of the chain link type on a masonry base not less than 5 feet, 6 inches in height, with no openings therein, except as shown for entrance and exit from Grant Avenue; that signs be attached to the fence shall be limited to one sign which shall not

extend beyond the fence and shall not be illuminated, advertising the time the parking lot is in operation and the rates charged and such other information as may be required by the Commissioner of Traffic and the Commissioner of Licenses; that a curb cut opposite such opening may be constructed of the width shown; that the sidewalks and curbing on the streets abutting such proposed parking lot shall be reconstructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 3, 1959 after due notice by publication in the Bulletin; laid over to March 31, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in unrestricted, business and residence use, B area, class 1½ height district; Brooklyn-Queens Expressway is in an unrestricted use, B area, class 1½ height district; Clinton Avenue is in unrestricted and residence use, B area, class 1½ height districts; Waverly Avenue is in business and unrestricted use, B area, class 1½ height districts; that part of the premises within 145 feet of Park Avenue is in an unrestricted use district and the balance of the plot is in a business and residence use district; that as of July 25, 1916 the entire plot was in a business and residence use district; that the unrestricted use designation for a part of the plot within 145 feet of Park Avenue became effective March 25, 1946; and

WHEREAS, the decision of the Borough Superintendent, dated December 5, 1958 acting on Alt. Applic. No. 4081-58, reads:

"1. Proposed use of premises for parking and storage of owners trucks, loading and unloading for five story factory on adjoining lot 41 on a plot located partly within an unrestricted use district, partly within a business use district and partly within a residence use district is contrary to Art. II Sect. 3 of the Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 63 feet frontage by 200 feet in depth; that a part of the premises, lot 39, is now being used for parking and storage of owners trucks, loading and unloading for the five story factory on adjoining lot 41; that lots 37 and 38 are vacant; that it is proposed to extend the present uses on lot 39 of parking and storage of owners trucks, loading and unloading for the five story factory on adjoining lot 41, into lots 37 and 38; and

WHEREAS, the applicant states that records indicate that under Alt. Applic. No. 4152-45, lot 39 was used for shipping in conjunction with the factory on lot 41; that Certificate of Occupancy No. 121325 was issued on September 13, 1948; and

WHEREAS, the applicant contends that the combined area of lots 37, 38 and 39 is 10,791 square feet, and of that amount 8011 square feet is in an unrestricted use, 463 square feet is in a business use and 2317 square feet are in a residence district; that the uses as proposed are permitted in the unrestricted and business use district portions of the plot; that only 21.5% of the area of the plot is in question and the small extension into the residence use portion of the plot cannot materially affect the character of this area; and

WHEREAS, the applicant states that the present owner has held title to lot 39 since October 16, 1942; lot 38, since March 12, 1958 and to Lot 37 since April 21, 1958; that the assessed valuation of land is \$13,700 and of the building \$9,800 making a total of \$23,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit an extension of area in the rear of the buildings, substantially as proposed and as indicated on plans filed with this application, marked "Received December 30, 1958," 3 sheets, on condition that such additional area as herein permitted shall be graded to the level of the balance of the unbuilt upon site and paved with asphalt or concrete; that along Clinton Avenue there shall be a 14 foot wall and a roll-up door maintained as shown on such plans; that the existing 8 foot wire fence shall be from such wall and of the chain link type not less than 8 feet in height for the balance of the premises on Clinton Avenue and continued against the lot to the south, where walls of adjoining buildings do not occur; that bumpers shall be maintained to protect walls of such buildings; that at the Waverly Avenue side the existing wall and roll-up door shall be maintained with curb cuts to both Waverly Avenue and Clinton Avenue as shown; and that if any underpinning of walls is required, such underpinning shall be at this owner's expense; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

301-38-SM

APPLICANT—Sayre & Fisher Company, owner.

SUBJECT—Application reopened December 9, 1958 for amendment of resolution as to additional size brick—re S. & F. Colonial Veneer Brick; previously approved.

APPEARANCES—

For Applicant: D. R. Maier.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 301-38-SM.

Subject: Amendment to resolution as to additional size brick, Sayre, and Fisher Co., New Jersey, requested by letter dated November 14, 1958, that the resolution adopted May 17, 1938 under Calendar Number 301-38-SM be amended so as to include an additional size clay brick. The application was reopened by a vote of the Board December 9, 1958.

Purpose

The material is an oversize brick to be used in veneered walls.

Description

The requested brick is made of the same material and in the same manner as the previously approved brick; the only difference being in the size, the approved being 8¼ inches by 2½ inches by 3 inches and the requested size is 9 inches by 3 inches by 3 inches.

Inspection and Test

Samples of the bricks were tested at Jersey Testing Laboratories Inc., and the samples complied with the requirements of ASTM-C-216-50. The complete report is on file with and is part of the record.

Recommendation

The Committee on Test recommends that the resolution adopted May 17, 1938 under Calendar Number 301-38-SM be amended so as to include the additional size brick as herein described on condition that the requirements of the resolution adopted May 17, 1938 under Calendar Number 301-38-SM be complied with.

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 888-40-SA.

Subject: Amendment to resolution as to additional models of oil fired boiler units.

Bethlehem Foundry and Machine Co., Bethlehem, Pa., requested by letter dated December 12, 1958, that the resolution adopted November 6, 1940 under Calendar 888-40-SA be amended so as to include additional models of oil fired boiler burner units. The application was reopened by a vote of the Board, January 13, 1959.

Description

The requested models are similar to the models previously approved, the difference being in size and firing rate. The requested models having a firing rate ranging from 1.12 to 3.8 gallons per hour. The appliances have been approved by the Underwriters' Laboratories under MP 1826.

Recommendation

The Committee on Test recommends that the resolution adopted November 6, 1940 under Calendar Number 888-40-SA be amended so as to include the additional models oil fired units known as Dynatherm Models 48/32 and 100 and the Crusade-A-Therm Model 36, on condition that the requirements of the resolution adopted November 6, 1940 under Calendar Number 888-40-SA are complied with.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 58-49-SA.

Subject: Amendment to resolution as to additional models of rotary oil burners.

Superior Combustion Industries, Inc., New York, requested by letter dated December 11, 1958, that the reso-

MINUTES

lution adopted May 3, 1949 under Calendar Number 58-49-SA be amended so as to include additional models of rotary oil burners. The application was reopened by a vote of the Board January 13, 1959.

Description

The requested models are a modification of those previously approved so as to more closely size the consumption rates. The letter designation has been changed to number designation and some of the sizes in letters, having been replaced by three numbers.

Recommendation

The Committee on Test recommends that the resolution adopted May 3, 1949 under Calendar Number 58-49-SA be amended so as to include the following Superior Rotary Burners:

All of the above designations are for fully automatic operation. If a unit is for semi-automatic operation a suffix "s" is added after the number. This arrangement is the same as it was on the original designation, on condition that the requirements of the resolution adopted May 3, 1949 under Calendar Number 58-49-SA are complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 126-51-SM.

Subject: Amendment of Gold Bond Poured-in-Place Gypsum Roof Deck construction to include additional bulb tees, additional method of construction and fire endurance ratings.

The National Gypsum Company, Buffalo, New York, requested by letter dated April 26, 1957 that the resolution adopted May 12, 1953 and amended July 19, 1955 be further amended to include additional bulb tees, an additional method of construction and fire endurance ratings under the provisions of C26-88.0, C26-191.0, C26-347.0, C26-609.0, C26-618.0, C26-619.0, C26-621.0, and C26-626.0 Administrative Building Code. The application was reopened by a vote of the Board May 28, 1957.

Purpose

Gold Bond Poured-In-Place Gypsum Roof Deck is used as an incombustible roof deck for all classes of construction and when constructed as hereinafter described provides fire endurance of 1 hour, with no ceiling below and 1 1/2 and 3 hours for a floor or roof-ceiling construction with a suspended lath and plaster ceiling.

Description

The Gold Bond "Poured-In-Place" Gypsum Roof Deck, consists of subpurlins (Bulb tees or ASCE rails) welded to the main purlins or floor joists and spaced not over 32 5/8 inches on center with Gold Bond Insulation Formboard, Gold Bond Econacoustic (acoustical form-board), Gold Bond Gypsum Formboard, Gold Bond Asbestos-Cement Formboard or glass fiber formboard, previously approved, placed on the flanges of the Bulb tees or Rails as a permanent form, or gypsum formboard may be placed directly on steel joists or beams (no bulb tees) with a maximum year span of 32 5/8 inches, with a layer of electrically welded, cold drawn, galvanized steel fabric, having No. 12 gage longitudinal wires and No. 14 gage transverse wires, forming an 8 inch by 4 inch mesh laid on the formboard and bent to contour where it crosses the ties or rails, so that it lies entirely within the space to be occupied by the poured gypsum concrete. Gold Bond Metropolitan Mixture (Metro-Mix) gypsum fiber concrete is then poured to a depth of 2 inches, measured from the top of the formboard, completely embedding the mesh and the bulb tees, if used, thereby making the total thickness of the slab at least 2 1/2 inches, including the formboard.

The slab is then screeded or trowled to a proper smoothness and a built-up roofing or weather proofing is then applied.

Inspection and Test

Load tests were conducted in accordance with the requirements of C26-626.0 Administrative Building Code and engineering formulae was submitted for the following bulb tees with clear spans as shown for loads specified.

The test roof deck sections were constructed as described above and tested with loads applied at third points of the bulb tees, which were spaced 32 5/8 inches on centers at recommended clear spans.

No. 1480 bulb tee—32 5/8 in. o.c.

Wt. per lin. ft.—1.55 lbs., Section Modulus 0.173 in. 3,

Moment of inertia—0.146 in. to fourth,

Clear Span—4 feet-8 inches.

Area under test—37.8 sq. ft.

Total sustained load—11,400 lbs. or 300 lbs. per sq. ft.

Safe live load carrying capacity $300 \div 4 = 75$ lbs. per sq. ft.

MINUTES

No. 1680 bulb tee—32½ in. o.c.

Wt. per lin. ft.—2.0 lbs., Section Modulus—0.261 in. 3,
Moment of inertia—0.251 in. to fourth,
Clear Span—5 feet-8 inches.
Area under test—45.9 sq. ft.
Total sustained load—10,400 lbs. or 226 lbs. per sq. ft.
Safe live load carrying capacity $226 \div 4 = 56$ lbs. per sq. ft.

No. 3258 bulb tee—33 in. o.c.

Wt. per lin. ft.—4.67 lbs., Section Modulus—1.046 in. 3,
Moment of inertia—1.37 in. to fourth,
Clear span—11 feet-0 inches.
Safe carrying capacity with moment limited to $M = w l^2$
(simple span) = 41.9 lbs. per sq. ft.

No. 1120 bulb tee—32½ in. o.c.

Wt. per lin. ft.—1.4 lbs., Section Modulus—0.119 in. 3,
Moment of inertia—0.115 in. to fourth,
Clear span—3 feet-9 inches.
Safe carrying capacity with moment limited to $M = w l^2$
(simple span) = 41.5 lbs. per sq. ft.

No. 2025 bulb tee—32½ in. o.c.

Wt. per lin. ft.—3.0 lbs., Section Modulus—0.464 in. 3,
Moment of inertia—0.512 in. to fourth,
Clear span—7 feet-6 inches.
Safe carrying capacity with moment limited to $M = w l^2$
(simple span) = 40.5 lbs. per sq. ft.

The load tests were witnessed by Pittsburgh Testing Laboratory and their report as well as allowable load calculations based on the bulb tee manufacturers specifications have been filed with and part of the record.

When primary framing members, steel beams and/or steel joists are spaced to provide clear spans not in excess of 32½ inches, formboard may be placed directly on these members, parallel or perpendicular to them, and bulb tees or sub-purlins are not required if steel "Zee" clips, ⅝ inch by 1 inch or ¼ inch rods, are welded to the steel joists or beams, or if double strands of 16 gage tie wire are used, providing one clip or wire tie per; not more than 10.5 square feet of roof area. The steel strap or rod "Zee" clips shall project not less than 1 inch above the top of the formboards and provide not less than 1¾ inches long embedment in the slab. The 16 gage tie wire, if used, shall tie the reinforcing mesh to the steel joists or beams.

Three fire endurance tests were conducted at the National Bureau of Standards, tests no. TR10218-26FP:3469, no. 296 and no. 297, on a Poured-In-Place Gypsum Roof Deck slab, without and with a fire protective ceiling. Test No. TR10218 was conducted on a construction employing bulb tee rails, spaced 32½ inches o.c., welded on alternate sides to 4 steel beams which were placed within the furnace. ½ inch x 32 inch wide gypsum form-board (previously approved) was placed on the top of the lower flange of the bulb tees, wire reinforcing mesh, described above, was placed over the formboard and bulb tees, with the 12 gage wire of the mesh perpendicular to the bulb tees, and 2 inches (measured from top of formboard) Poured-In-Place gypsum concrete was poured over the construction. The steel beams were protected with reinforced gypsum concrete, poured solidly around the lower three sides of the beam to a 2 inch thickness from the edges and bottom of beam flanges. There was no ceiling below this construction; the bottom flanges of the bulb tees were exposed to the fire. The fire endurance of the gypsum deck was 1 hour 16 min. at which time cotton waste was ignited over a crack, the steel beam had only reached a maximum temp. of 414°F at 2 Hr. & 20 min. (failure is a maximum temp. of 1200°F per Section C26-599.0 Administrative Building Code.)

Tests No. 296 and 297 included Poured-In-Place Gypsum concrete (previously approved) over bar joists with the underside of the bar joists protected with a standard lath and plaster ceiling consisting of 1½ inch steel channels 4 feet no inches o.c. and ¾ inch steel channels 12 inches o.c. with ¾ inch perforated gypsum lath clipped to the ¾ inch channels with long span wire clips (Gold Bond WireTite clips). Over this was applied 1-1/16 inch gypsum perlite

plaster plus 1/16 inch lime-putty finish, previously approved under Calendar Number 133-51-SM (scratch coat mixed 100 lbs. gypsum to 2 cu. feet perlite, brown coat mixed 100 lbs. gypsum to 3 cu. feet perlite). The constructions failed at 1 hour-48 min. and 1 hour-43 min. respectively and were therefore assigned a fire endurance rating of 1½ hours.

Test No. 313, National Bureau of Standards, in which 1½ in. channels 4 feet o.c. were tied to the bar joists and below were ¾ inch channels 12 inch o.c. to which ¾ inch perforated gypsum lath was clipped with long span wire clips (Gold Bond WireTite clips) with 14 gage wire run diagonally across the ceiling hooked to the extended prong of each WireTite clip and with ⅝ inch (including lime-putty finish) perlite gypsum plaster (scratch coat—100 lbs. gypsum to 2 cu. feet perlite and brown—100 lbs. gypsum to 3 cu. feet perlite).

Recommendation

On the basis of the data furnished by the applicant and inspections and tests conducted, the Committee on Test recommends that the resolution adopted May 12, 1953 and amended July 19, 1955 be amended to include approval of the No. 1480 bulb tee for a clear span of 4 feet 8 inch at not over 75 lbs. per sq. ft. uniform live load, the No. 1680 bulb tee for a clear span of 5 feet 8 inch at not over 56 lbs. per sq. foot uniform live load, the No. 3258 bulb tee for a clear span of 11 feet no inches at not over 41.9 lbs. per sq. foot uniform safe load carrying capacity, the No. 1120 bulb tee for a clear span of 3 feet 9 inch at not over 41.5 lbs. per sq. feet uniform safe load carrying capacity and the No. 2025 bulb tee for a clear span of 7 feet 6 inches at not over 40.5 lbs. per sq. feet safe load carrying capacity; and the resolution be amended to include approval of gypsum roof decks in which the formboard (previously approved) is placed directly on the primary framing member (steel joists or beams) which are spaced so the clear span between them is not over 32½ inches and the use of reinforcing mesh and thickness of gypsum concrete is as previously approved and in conformity with ASA Standard A59.1—1954 and it is further recommended that the resolution be amended to include an unprotected gypsum room deck (employing incombustible formboard) as providing 1-hour fire resistance except that the beam encased as herein described shall be accepted as a 2 hr. fire resistive beam and when protected with a suspended ceiling of gypsum lath and 1-1/16 inch perlite gypsum plaster or ⅝ inch gypsum plaster on metal lath as providing 1½ hours fire resistance for roofs and floors of Class 2 construction per Sections C26-240, C26-615, C26-618, and C26-620.0.c.1.b, and when protected with a 3 hour rated suspended ceiling as herein described, as providing 3 hours fire resistance for roofs and/or floors of Type I and all other classes of construction providing that all other provisions of the resolution as adopted May 12, 1953 and amended under Calendar Number 126-51-SM are complied with.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley,
Commissioner Sleeper and Commissioner Fox..... 4
Negative: Vice Chairman Kleinert 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 388-52-SM.

Subject: Amtico Rubber Tile Flooring.

American Biltrite Rubber Co., Trenton, New Jersey, filed May 23, 1952 an application with the Board of Standards and Appeals for approval of the material known as Amtico Rubber Tile Flooring under the provisions of C26-667.0 Administrative Building Code.

Purpose

The material is to be used as a floor covering.

Description

The material is a standard rubber tile and ranges in thickness from $\frac{1}{8}$ to $\frac{1}{4}$ inch.

Inspection and Test

The tile was tested at the Foster D. Snell Laboratory for abrasion resistance, indentation, combustibility, resistance to glowing cigarettes, resistance to acids and alkalies, resistance to oils, grease or solvents and toxicity and physical properties tests. It was noted that the tile is combustible and has poor resistance to oils, grease and organic solvents, but in all other respects, the performance was acceptable.

The complete report is on file with and is part of the record.

Recommendation

On the basis of the tests and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Amtico Rubber Tile Flooring for use in New York City under the provisions of C26-667.0 Administrative Building Code and the applicable provisions of the Multiple Dwelling Law on condition that the cartons in which the material is marketed shall be tagged, stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 388-52-SM".

Resolved that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

664-53-SM

APPLICANT—The Peelle Company, owner.

SUBJECT—Application August 28, 1953—Peelle Metal Clad Counter Balanced Door, approval of.

APPEARANCES—

For Applicant: Paul R. Doneg.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 664-53-SM.

Subject: Peelle Metal Clad Counter balanced Door.

The Peelle Co., Brooklyn, New York, filed August 28,

1953, an application with the Board of Standards and Appeals for approval of Peelle Metal Clad Counter balanced Door under the provisions of C26-610.0 Administrative Building Code.

Purpose

The door is to be used for openings in elevator shafts.

Description

The door consists of two (2) panels, each panel covering half of the opening. Upon opening, one (1) panel slides upward, the other downward. In the open position, the top edge of the lower panel forms a sill bridging the gap between the car and floor sill.

The panels are constructed of two plys of wood covered with sheet metal held in an angle iron frame. The upper edge of the lower panel is built up with heavy angle iron to reinforce it to support trucking loads. The lower edge of the upper panel is constructed with an asbestos reinforced rubber (neoprene) tube which protects against injury to anything caught between the upper and lower panel on closing. The two halves are connected by chains which pass over sheaves. The sheaves are mounted on guide rails which guide the movement of each panel. On the upper panel the chain is fastened to a hook shaped latching mechanism. The tension in the chain provides the spring loading effect for this side latching hook. In the closed position the side latching engages a cam follower roller on the lower panel. The result of this is to provide a closing force holding the two halves of the door together in the closed position. The actual locking of the door is performed by the interlock hardware associated with the door.

When a normal spandrel height is provided above the opening, a regular type door is provided with both panels riding on a common rail. When the spandrel height is less than the normal requirements, the upper panel is stepped out, riding on a separate guide rail permitting the upper panel to pass the lower panel of the door above when opening. In this case a hinged lintel is provided across the top of the upper panel to close the space between the door and the wall when the door is closed.

Inspection and Test

The door was tested at the Underwriters' Laboratory, Chicago, Illinois, and the door successfully met the requirements of the fire and hose stream test.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test recommends the approval of the Peelle Metal Clad Counter balanced Door under the provisions of C26-610 for use in New York City under the provisions of C26-663.0 Administrative Building Code on condition that all doors shall comply with the requirements of the Rules of the Board for Inspection of Opening Protective Assemblies.

159-55-SM

APPLICANT—Certain-Teed Products Corp., owner.

SUBJECT—Application February 16, 1955—Metro-Mix (gypsum concrete used for poured roof deck), approval of.

APPEARANCES—

For Applicant: Chester E. Abbey.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 5
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 159-55-SM.

Subject: Metro-Mix (gypsum concrete used for poured roof deck).

Certain-teed Products Corp., now known as Bestwall Certain-teed Sales Corp., Ardmore, Pa., filed February 16, 1955 an application with the Board of Standards and Appeals for approval of the material known as Metro-Mix under the provisions of C26-618.0, C26-619.0 and C26-621.0 Administrative Building Code.

MINUTES

Purpose

The material is a poured in place incombustible roof deck.

Description

The construction is a reinforced gypsum concrete slab installed in the following manner; form board is placed on supporting bulb tees, spaced 32 $\frac{5}{8}$ inches on centers, a 2 inch reinforced gypsum slab is then poured on the forms, the reinforcing consists of galvanized wire fabric, cross sectional area of not less than 0.026 sq. inches per ft. of width, equivalent to No. 12 gauge longitudinal wires spaced 4 inches on centers and No. 14 gauge transverse wires spaced 8 inches on centers.

Inspection and Test

A system consisting of three slabs, resting on four supports, constructed as herein described was load tested in accordance with the requirements of C26-626.0 Administrative Building Code.

The two end spans were loaded to 214 lbs. per sq. ft. and the center span to 320 lbs. per sq. ft. and when the factor of safety as required under C26-626.0 Administrative Building Code was applied the safe carrying capacity was 52 lbs. per sq. ft. The tests were witnessed by Ass't. Engr. J. A. Darts, Committee on Test.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Metro-Mix (gypsum concrete used for poured roof deck) for use in New York City under the provisions of C26-619.0 and C26-620.0 Administrative Building Code, as an incombustible roof deck, on condition that the maximum superimposed load, live and dead, does not exceed 52 lbs. per sq. ft., that the supporting steel members be spaced not more than 32 $\frac{5}{8}$ inches on centers and welded to the roof purlins or floor beams. The Committee further recommends that this material shall not be used as a floor, unless it is surfaced with a cinder concrete top or other equivalent material so as to protect against punching shear.

When the mesh is installed care shall be taken so as to provide a minimum of $\frac{1}{4}$ inch of poured gypsum concrete protection and in order to provide full depth, screeds shall be fastened to the sub purlins and further that all plans submitted to the Department of Buildings showing the proposed use of this construction shall be tagged or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 159-55-SM."

(Sgd.) SAMUEL L. BECKER,
Director.

JOHN A. DARTS,

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 647-55-SM.

Subject: Amendment to resolution as to additional size acoustical tile.

Celotex Corp., New York, requested by letter dated August 12, 1958, that the resolution adopted May 28, 1957 under Calendar Number 647-55-SM be amended so as to include additional size of acoustical panels. The application was reopened by a vote of the Board, December 9, 1958.

Purpose

The material is to be used as an incombustible acoustical ceiling.

Description

The requested panels are made of the same material, namely 32 gauge (.0113) cold rolled steel, as those previously approved; the difference in the panels is in size only. The approved size being 2 feet 0 inches x 2 feet 0 inches and the requested sizes being 2 feet 0 inches x 4 feet 0 inches and 2 feet 0 inches x 8 feet 0 inches.

Recommendation

The Committee on Test recommends that the resolution adopted May 28, 1957 under Calendar Number 647-55-SM be amended so as to include the additional size panels as herein described, on condition that the requirements of the resolution adopted May 28, 1957 under Calendar Number 647-55-SM are complied with.

405-56-SM—Vol. II

APPLICANT—The Gamewell Company, owner. E. S. Ruth Agent.

SUBJECT—Application reopened December 9, 1958 as Vol. II for amendment of resolution—re Flexalarm (fire alarm system); previously approved.

APPEARANCES—

For Applicant: E. S. Ruth.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 405-56-SM—Vol. II.

Subject: Amendment to resolution.

The Gamewell Company, Newton Upper Falls, Mass., requested by application filed November 13, 1958, that the resolution adopted March 5, 1957 under Calendar Number 405-56-SM be amended so as to include their Flexalarm Coded Fire Alarm Stations—2 types—and Flexalarm Fire Line Strap Key. The application was reopened as Volume II by a vote of the Board, December 9, 1958.

Description

A. Flexalarm Fire Alarm Station (both Pre-signal and General Alarm Type).

The Flexalarm pull boxes are four-round coded fire

MINUTES

alarm stations of the spring wound, sector pull type. They are made for semi-flush and surface mounting and in both cases are equipped with #16 gauge sheet steel wall shells for conduit connection. The front and pull handle is made of aluminum die cast alloy ASTM, B85, alloy SG100B. All gears are of ASTM B121 Alloy #4 brass and are cut, not stamped. The code wheels are of fabric base phenolic. Contacts are pure hard drawn silver and in duplicate.

Switches are provided on the side of the station for box test, going test or general alarm. Switches are key operated, and constructed so key is trapped in operated position; removable only in normal position. Suitable identification plates of etched aluminum, with red characters, mount behind the switches. Arrows are etched on the plates for indicating the direction of key operation.

B. Fire Line Strap Keys.

The Flexalarm Fire Alarm Strap Keys are normally closed contact push button stations. The push button is mounted on a .060 thick brass single gang flush plate, and is accessible only after unlocking hinged cast aluminum cover with N. Y. C. Fire Department #2 key.

The stations are made for both semi-flush and surface mounting. For flush mounting the station fits a standard 4 inch square box with single gang plaster cover. (Minimum combined depth of 2 inches). For surface mounting the stations are supplied with a cast aluminum Killark Electrolet FSCI or Crouse-Hinds FSI-S24 body.

The push switch is equipped with heavy duty double break contacts. The wiping contact arms are of .020 bronze. The stationary contacts are of .060 brass.

Inspection and Test

Samples of the equipment was inspected and tested at 420 Lexington Avenue, New York, by Ass't Engr. G. F. Sklenarik, Committee on Test, Supervising Electrical Inspector R. C. Lent, New York Fire Department, and Messrs. E. Ruth and W. B. Flanigin representing the applicant.

These fire alarm devices were tested and approved by the Underwriters' Laboratories under file 57N 3697A.

Recommendation

The Committee on Test recommends that the resolution adopted March 5, 1957 be amended so as to include the Gamewell Flexalarm Coded Fire Alarm Stations—2 Types—and Gamewell Flexalarm Fire Line Strap Key on condition that the requirements of the resolution adopted March 5, 1957 under Calendar Number 405-56-SM—Vol. I as well as the requirements of the Standpipe Fire Line Rules of the Board be complied with.

499-56-SM

APPLICANT—United States Steel Corp., American Bridge Division, owner.

SUBJECT—Application June 25, 1956—USS Ambridge Standard Steel Joists, approval of.

APPEARANCES—

For Applicant: Robert D. Borranger.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 499-56-SM.

Subject: USS Ambridge Standard Steel Joists.

United States Steel Corp., American Bridge Division, Pittsburgh, Pa., filed June 25, 1956, an application with the Board of Standards and Appeals for approval of the USS Ambridge Standard Steel Joists for use under C26-519.0 in classes of construction as provided under C26-240.0, C26-241.0, C26-244.0 and C26-620.0 Administrative Building Code.

Purpose

The material is an open web steel joist used in construction.

Description

The joists are manufactured in the following manner:

The top and bottom chord are cold formed from steel strip or bar material to a flat U shaped section. The web members, made from steel rounds, are bent to a zig-zag shape and then resistance welded to both the top and bottom chords.

The bottom chord at each end is then bent up to meet the top chord and arc welded to the top with a spacer bar between. Bearing plate is then welded to bottom chords at ends.

The specifications for material used is as follows:

Strip Chord Material—ASTM A303.

All other material ASTM-AT-56T.

The properties of the joists are as follows:

Joist Type	AREA			Moment in-lbs.	End Reaction lbs.
	Top Chord	Bottom Chord	Web		
SJ-81	0.39	0.39	3/8	29.500	1600
SJ-82	0.49	0.39	7/16	52.500	1900
SJ-102	0.49	0.39	7/16	63.000	1900
SJ-103	0.62	0.49	1/2	82.000	1950
SJ-104	0.73	0.62	1/2	100.000	2200
SJ-123	0.62	0.49	1/2	92.000	2200
SJ-124	0.73	0.62	9/16	115.000	2300
SJ-125	0.87	0.73	9/16	142.000	2500

SJ-145	0.87	0.73	9/16	156.000	2900
SJ-146	1.03	0.87	5/8	205.000	3100
SJ-147	1.25	1.03	5/8	246.000	3400
SJ-166	1.03	0.87	5/8	232.000	3200
SJ-167	1.25	1.03	11/16	281.000	3600
SJ-186	1.03	0.87	11/16	255.000	3600
SJ-187	1.25	1.03	11/16	310.000	3800
SJ-207	1.25	1.03	11/16	340.000	3900

Inspection and Test

Various tests were conducted on various size joists in the presence of Ass't Engr. J. A. Darts, and G. F. Sklenarik, Committee on Tests in accordance with the requirements of C26-519.0d Administrative Building Code at the applicant's plant at Pittsburg, Pa.

Flexure tests were conducted in accordance with the requirements of C26-519.0 Administrative Building Code to determine that the maximum deflection shall not be greater than 1/360 of the span for the total designed load as determined by test. In all cases the joists were tested to maximum span.

Results were as follows:

Joist	Designed Load	Actual Load
SJ-81	76	141
SJ-103	136	141
SJ-145	132	136
SJ-207	141	149

The joists were also tested in shear to check the end reactions and the test was discontinued at 130% overload without failure.

Additional tests were conducted to determine compliance with C26-519.0e and the joists successfully met the require-

MINUTES

ments of being able to sustain an 800 lb. concentrated load at one panel joint and also the ability to transmit 500 lbs. from each joist to two adjoining joists.

The tests also showed that the nailer strip attachment to the chord was adequate.

Recommendation

On the basis of the tests and the data supplied by the applicant, The Committee on Test recommends the approval of the USS Ambridge Standard Steel Joists in sizes listed herein as having met the requirements of C26-519.0.d and e for use in classes of construction as provided under C26-240, C26-241, C26-244 and C26-620.c.I.b. on condition that all welding performed shall be in accordance with the requirements of the Welding Rules of the Board, on condition that all requirements of C26-519.0 are complied with and further that if a suspended ceiling is used in conjunction with the joists the ceiling shall comply with the requirements of C26-461. and that all joists shall be fastened and permanently bugged before construction or other loads are applied; that ceiling or floor openings not exceeding 4 feet in either direction at right angles to the joists may be framed by adequately proportioned header angles secured to framing joists by bolts or welds, provided the joists are designed to carry the concentrated loads and provided that each bundle of joists shall be identified as to dimensions and shall bear a label "Approved for use in New York City under Calendar Number 499-56-SM" and further that all plans submitted to the Department of Buildings showing the proposed use of these joists shall be similarly marked.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report of Committee on Test, on further condition that the joists shall be fabricated so that the actual centroids of the diagonals shall intersect the centroids of the top and bottom cords within one-eighth of an inch of the design points of intersection.

531-56-SM

APPLICANT—Russell, Burdsall & Ward Bolt & Nut Company, owner.

SUBJECT—Application reopened January 27, 1959 for amendment of resolution as to bolt marking—re **Empire** (E) High Strength Bolts for Structural Steel Connections; previously approved.

APPEARANCES—

For Applicant: Frederick E. Graves.

ACTION OF BOARD—Resolution amended, in accordance with the report of Committee on Test. The applicant shall file with the Board the number of plans required by the Board showing the marking of such bolts.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 531-56-SM.

Subject: Amendment to resolution as to bolt marking.

Russell, Burdsall and Ward Bolt and Nut Co., Portchester, New York, requested by letter dated January 9, 1959, that the resolution adopted November 27, 1956 under Calendar Number 531-56-SM be amended so as to include an alternate head marking on the approved bolts. The application was reopened by a vote of the Board January 27, 1959.

Description

The requested markings consists of three radial lines with the letters R, B and W placed between the radials and the number 325 placed between and above the letters R & B and opposite the letter W.

Recommendation

The Committee on Test recommends that the resolution adopted November 27, 1956 under Calendar Number 531-56-SM be amended so as to include the alternate bolt markings as herein described, on condition that the requirements of the resolution, adopted November 27, 1956, under Calendar Number 531-56-SM be complied with and further that the applicant shall submit six drawings showing the markings.

574-57-SA

APPLICANT—Sears, Roebuck and Co., for Temco Inc., owner.

SUBJECT—Application July 25, 1957—E-Z Vent, Wall Heater (gas-fired), Model 138.527-020, approval of.

APPEARANCES—

For Applicant: P. W. Petrosky.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 4
Negative: Vice Chairman Kleinert 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 574-57-SA.

Subject: E-Z Vent Wall Heater, (Gas-Fired) Model 138.527-020.

Sears, Roebuck & Company, Chicago, Illinois, filed July 25, 1957, an application with the Board of Standards and Appeals for approval of E-Z Vent, 138.527-020, for use in New York City under the provision of Article 12, of the Administrative Building Code and pertinent sections of the Multiple Dwelling Law & Code.

Purpose

A heater designed for mounting on a wall.

Description

The heater is arranged so that there are no openings between the combustion system and the room in which the heater is installed. All air for combustion is taken from the outside through the outermost duct of a concentric pair and all flue products are discharged to the outside through the inner most duct of a concentric pair. The outside terminals of the concentric ducts are equipped with specially designed fittings to accommodate variations of wind velocity and direction in addition to accidental blockages of both the inlet and outlet fittings in excess of 60 percent of their effective areas without adverse effect on the performance of the heater.

The E-Z Vent heater is designed for mounting on the wall, as opposed to being recessed into the wall. The only modification required to the building is the installation of an 8 inch diameter hole in the wall to accommodate the vent assembly.

The rear shield of the wall heater is made of 22 gauge galvanized iron, with two galvanized iron channels spot welded to it. The channels are pierced so that the assembly can be fastened to a wall of the space to be heated by the use of four screws.

The combustion chamber itself is made of 20 gauge steel coated inside and outside with porcelain enamel. The assembly is seam welded and arc welded so that it is completely air tight when in operating position. The front of the combustion chamber has an elongated opening for access to the main burner and pilot burner. During operation this opening is sealed off with an access door. On the access door is a small door for lighting the pilot.

The burner is made of cast iron and has a slotted head type of port. The pilot burner is of the non-aerated type.

The main burner and pilot burner are controlled by a Minneapolis-Honeywell valve. This valve acts to turn off all the gas supply in case of pilot failure. Also a thermostatically controlled valve for maintaining uniform temperature in the space to be heated. The entire valve assembly is equipped with a pilot filter. The gas pressure is controlled by a pressure regulator, which is equipped with a leak limiting device.

The outer cabinet is made of 22 gauge steel bonderized and finished with a high temperature baked on enamel. The door is hinged at the bottom and is held closed by a spring catch.

The venting system consists of three concentric pipes, the outer pipe is made of galvanized iron. It serves as a seal to prevent any air movement into the building wall. It has no contact with any part of the heater. Passageway for outside air combustion is made of galvanized iron. The exhaust duct for products of combustion is made of aluminum. Both the passageway and exhaust duct are attached to the heater in such a way that there can be no air or gas leakage into the inside of the house. Flue vent cap and perforated screen are installed on the outside of the building. They are made of aluminum and are so designed that the heater will operate normally regardless of the direction or velocity of outside winds.

MINUTES

As optional equipment the heater can be equipped with a blower, which is thermostatically controlled. This blower discharges heated air at floor level.

Inspection and Test

This heater was tested and approved by the American Gas Association. The report is on file and is part of the record.

Recommendation

On the basis of the test and the data filed by the applicant, The Committee on Test recommends the approval of E-Z Vent Wall Heater, (Gas-Fired) Model 138.527-020, for use in New York City when installed in accordance with this report and the provisions of Article 12, C26-191.0, and D-26-1.0 and D-26-3.10A as amended by Local Law 79 of 1957 of the Administrative Building Code and in addition when installed in Multiple Dwellings the pertinent sections of the Multiple Dwelling Law be complied with provided that each such heater shall bear a label, permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 574-57-SA."

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 673-57-SA.

Subject: Temco Pre-Vent Gas-fired Wall Heaters, Models 208-3 and 308-3.

Temco, Inc., Nashville, Tenn., filed July 9, 1957, an application with the Board of Standards and Appeals for approval of Temco Pre-Vent Gas-fired Wall Heater, Models 208-3 and 308-3, for use in New York City under the provisions of Article 12, of the Administrative Building Code and pertinent sections of the Multiple Dwelling Law Code.

Purpose

For mounting on a wall to heat a room or rooms.

Description

The heater is arranged so that there are no openings between the combustion system and the room in which the heater is installed. All air for combustion is taken from the outside through the outermost duct of a concentric pair and all flue products discharged to the outside through the innermost duct of a concentric pair. The outside terminals of the concentric ducts are equipped with specially designed fittings to accommodate variations of wind velocity and direction in addition to accidental blockages of both the inlet and outlet fittings in excess of 60 percent of their effective areas without adverse effect on the performance of the heater.

The Temco Pre-Vent Gas-fired Wall Heater is designed for mounting on the wall, as opposed to being recessed into the wall. The only modification required to the building is the installation of an 8 inch diameter hole in the wall to accommodate the vent assembly.

The rear shield of the wall heater is made of 22 gauge galvanized iron, with two galvanized iron channels spot welded to it. The channels are pierced so that the assembly can be fastened to a wall of the space to be heated by the use of four screws.

The combustion chamber itself is made of 20 gauge steel coated with porcelain enamel. The assembly is seam welded and arc welded so that it is completely air tight when in operating position. The front of the combustion chamber has an elongated opening for access to the main burner and pilot burner. During operation this opening is sealed off with an access door. On the access door is a small door for lighting the pilot.

The burner is made of cast iron and is provided with slotted ports. The air gas mixture to the burner is automatic and requires no adjustment. The pilot burner is of the non-areated type.

The structural parts of the heater cabinet are made of 22 gauge galvanized steel, and the outer cabinet is made of 22 gauge steel bonderized and finished with a heat resisting baked enamel.

The main burner and pilot are controlled by a Honeywell valve. This valve acts to turn off all the gas supply in case of pilot failure. Also a thermostatically controlled valve for maintaining uniform temperature in the space to be heated. The entire valve assembly is equipped with a pilot filter. The gas pressure is controlled by a pressure regulator, which is equipped with a leak limiting device.

The venting system consists of three concentric pipes, the outer pipe is made of galvanized iron. It serves as a seal to prevent any air movement into the building wall. It has no contact with any part of the heater. Passageway for outside air combustion is made of galvanized iron. The exhaust duct for products of combustion is made of aluminum. Both the passageway and exhaust duct are attached to the heater in such a way that there can be no air or gas leakage into the inside of the house. Flue vent cap and perforated screen are installed on the outside of the building. They are made of aluminum and are so designed that the heater will operate normally regardless of the direction or velocity of outside winds.

Inspection and Test

This heater was tested and approved by the American Gas Association. The report is on file and is part of the record.

For Applicant: Martin Nassof.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Foley, Commissioner Sleeper and
Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 760-57-SM.

Subject: Simplex Flush Metal Panel Ceilings.

Simplex Ceiling Corp., New York, filed October 11, 1957, an application with the Board of Standards and Appeals for approval of the Simplex Flush Metal Panel Ceiling under the provisions of C26-461.0 Administrative Building Code.

Purpose

The material is to be used as an incombustible acoustical ceiling.

Description

The ceiling is to be used in conjunction with steel floors and steel roof deck not lighter than 18 gauge steel.

The members consist of the aluminum panels, previously approved by the Board under Calendar 851-40-SM, aluminum snap bar, .051 inches in thickness, aluminum utility angle, .051 inches in thickness and No. 14 button head cadmium plated sheet metal screw $\frac{3}{4}$ inches long.

In erection, the screw goes through the doubled up portion of the aluminum utility angle which has a $\frac{5}{16}$ inch diameter hole punched in it and is screwed into the underside of the steel floor or roof, which has a hole drilled into it $\frac{1}{16}$ inch less than the diameter of the self tapping screw. The screw is turned up tightly until the utility angle is pulled up snugly against the deck. The screw can be either attached to the double thickness of metal between the cell spaces or to a single thickness of metal into the cell itself.

The snap bar is then attached to the utility angle and the pan is then attached to the snap bar.

Inspection and Test

The system was tested by Ass't. Engr. D. A. Darts, Committee on Test at the applicant's plant. The system was tested with the angles on 5 foot 0 inches centers. The load was applied directly at the connection points. A load of 205 lbs. were applied at each point and the deflection was $\frac{1}{4}$ inch and on the removal of the load the permanent set was 0 inches.

Recommendation

On the basis of the inspection and test and the data filed with the Committee on Test recommends the approval of the material known as Simplex Flush Metal Panel Ceiling as herein described, for use in New York City under the provisions of C-26-461.0 Administrative Building Code as a suspended ceiling on condition that the system be used in conjunction with steel floors and/or steel roof deck of not less than 18 gauge and all plans submitted to the Department of Buildings showing the proposed use of this construction shall be stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 760-57-SM."

(Sgd.) SAMUEL L. BECKER,

Director,

JOHN A. DARTS,

Asst. Engr.,

GEORGE F. SKLENARIK,

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 806-57-SA.

Subject: Blackstone Convertible Washing Machine, Model 251 Automatic Washer and Model 252 Semi-Automatic Washer.

The Blackstone Corp., Jamestown, N. Y., filed October 17, 1957, an application with the Board of Standards and Appeals for approval of the Blackstone Convertible Washing Machine, Model 251 Automatic Washer and Model 252 Semi-Automatic Washer for use in New York City under the provisions of C26-178.0.b and C26-1277.0.h of the Administrative Building Code and the Submerged Inlet Rules of the Board of Standards and Appeals.

Purpose

Automatic and Semi-Automatic Clothes Washer (9 lb. capacity).

Description

These Blackstone Convertible Washers Models 251 and 252 have the same mechanical construction and the same vacuum breaker. The Difference in Models is as follows: Model 252, Semi-Automatic Washer is a manually operated dial control model. Model 251, Automatic Washer is a fully Automatic dial control model. Both models have identically the same mechanism. The only difference is the magic control panel. The semi-automatic control panel can be taken off Model 252 and the new control panel which converts it to Model 251, fully automatic washer can be put on in a few minutes. The washer operates on an agitator principle designed for connecting to a plumbing system and adjacent to a drain outlet. On Model 252, semi-automatic washer, the water temperature of the wash and rinse water is controlled at the faucets and turned off manually. On Model 251, fully automatic washer, the water temperature of the wash and rinse water is controlled by dial. Turn the automatic temperature dial, and it enables you to select the temperature for the wash water. Hot and cold water enters a mixing valve and is transmitted from the mixing valve through a rubber hose to a nozzle then jetted through an air gap into an intake spout which acts as a baffle and breaks up any soap head that may be tossed off by the centrifugal action of the tub when it is rotating.

The tub is provided with flutes which taper outward and are open at the top so as to toss off the water into the collector taken under centrifugal force. The openings of these flutes are roughly $1\frac{1}{4}$ inches below the rim of the tub and $2\frac{3}{4}$ inch below the intake spout. The tub is also provided with top louvers, the purpose of which is to carry off soap, scum and dirt into the collector tank.

The cabinet of the washer has a width of $26\frac{1}{8}$ inches, a depth of $26\frac{1}{8}$ inches, a height to top 36 inches and a height with lid open $50\frac{5}{8}$ inches. The finish is fused, white, baked-on Suprenamel. The tub is gray variegated porcelain enamel.

The motor is heavy-duty, full $\frac{1}{3}$ HP, 115V 60 cycle. The transmission is a linkage type.

Inspection and Test

Details of construction were noted and there is an air gap of 1 inch.

MINUTES

Recommendation

On the basis of the foregoing tests, the Committee on Test recommends the approval of the Blackstone Convertible Washing Machine, Model 251 Automatic Washer and Model 252 Semi-Automatic Washer under C26-171.0.b as meeting the requirements of Rule 2 of the Submerged Inlet Rules, adopted by the Board, February 3, 1939, as amended June 4, 1956, and as meeting the requirements of C26-1277.0.h when connected for the individual unit, and for more than one unit, provided that the connections to the waste line shall be in accordance with the following:

Maximum No. per Battery	Waste Line Diameter
3	2"
12	3"
30	4"

Slop Sink Requirements:

Water line diameter 2½ inches to 4 inches slop sink 3 feet by 3 feet by 3 feet. All slop sinks to have mushroom strainers having a diameter the same size as the waste line.

It is further recommended that each unit bear a label reading as follows: "Approved in New York City by the Board of Standards and Appeals under Calendar Number 806-57-SA," and that all installations in the batteries be submitted to the Department of Buildings and Department of Water Supply, Gas and Electricity for inspection in order that the requirements of this approval be complied with.

(Sgd.) SAUMEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* these appliances in accordance with the above report of Committee on Test *on condition* that the amount of wash load shall be limited to 9 pounds.

1013-57-SM

APPLICANT—Gustin-Bacon Manufacturing Co., owner.
SUBJECT—Application December 17, 1957—Gustin-Bacon Ultracoustic Ceiling Board, for suspended ceiling systems, approval of.

APPEARANCES—

For Applicant: K. H. Crone.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 1013-57-SM.

Subject: Gustin-Bacon Ultracoustic Ceiling Board.

Gustin-Bacon Manufacturing Co., Kansas City, Missouri, filed December 17, 1957, an application with the Board of Standards and Appeals for approval of the material known as Gustin-Bacon Ultracoustic Ceiling Board under the provisions of C26-88.0 and C26-461. Administrative Building Code.

Purpose

The material is an incombustible acoustical ceiling tile.

Description

The material is an acoustical tile made of glass fibers bonded together with thermo-setting resins. The board is 24 inches by 48 inches and 24 inches by 24 inches and ¾ inch thick. The face of the tile is finished with fire-

resistant paint. The binder is a thermo-setting phenol-formaldehyde resin which is relatively inert, and is non-toxic.

Inspection and Test

The material was examined by Ass't Engr. J. A. Darts, Committee on Test. The material meets the requirements of Federal Specifications SS-A-1186, as an incombustible tile.

Recommendation

On the basis of the inspection, and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Gustin-Bacon Ultracoustic Ceiling Board for use in New York City as an incombustible acoustical tile as having met the requirements C26-88.0 Administrative Building Code, on condition that the tile be installed in an approved suspension system installed in accordance with the respective approval and the requirements of C26-461.0 Administrative Building Code on condition that each carton in which the material is marketed shall be tagged, stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 1013-57-SM."

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

35-58-SM

APPLICANT—Joseph Platzker, for The Dow Chemical Co., owner.

SUBJECT—Application January 29, 1958—Saraloy 400, Elastic Flashing; Shower Pan Installation, approval of.

APPEARANCES—

For Applicant: Joseph Platzker.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 35-58-SM.

Subject: Saraloy-400 (shower pan installation).

Joseph Platzker for Dow Chemical Co., Midland, Michigan, filed January 29, 1958, an application with the Board of Standards and Appeals for approval of the material known as Saraloy-400 (shower pan installation) under the provisions of C26-191.0 Administrative Building Code.

Purpose

The material is to be used as a safe under tile and cement in shower stall installation.

Description

The material is a thermoplastic sheet material based on a polymer of vinylidene chloride. It is produced by an extrusion process into a dense, flexible sheet 1/16 inch thick and the weight is 50 pounds per 100 sq. ft.

The process of installation is as follows: Lay sheets on subfloor, folding corners to form pan; cut hole in sheet to fit clamping ring of floor drain; attach vertical portions of pan to the studs or wall—if nails are used, they should be located 1 inch from top edge of sheet.

MINUTES

Inspection and Test

The material was examined by Ass't. Engr., J. A. Darts, Committee on Test and it was noted that the material has been used in all Dow Chemical Co. construction in Texas, Oklahoma, Louisiana, Missouri and Virginia.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Saraloy-400 (Shower Pan Installation) for voluntary use in New York City under the provisions of C26-191.0 Administrative Building Code, as a safe under tile and cement in shower stalls on condition that each container in which the material is marketed shall be tagged, stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 35-58-SM".

(Sgd.) SAMUEL L. BECKER,

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

110-58-SM

APPLICANT—Wilkinson Chutes, Inc., owner.

SUBJECT—Application February 19, 1958—Wilkinson Hand or Foot Operated Intake Doors, Models W01B, W1B, W3B, W5B, W7B and Wilkinson Discharge Doors, Models 28 x 36, 24 x 30, 20 x 30, 18 x 30, 15 x 24 and 12 x 24, approval of.

APPEARANCES—

For Applicant: E. J. Czaplicke.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 110-58-SM.

Subject: Wilkinson Hand or Foot Operated Intake Door, Models W01B, W1B, W3B, W5B, W7B and Wilkinson Discharge Doors, Models 28 x 36 inches, 24 x 30 inches, 20 x 30 inches, 18 x 30 inches, 15 x 24 inches and 12 x 24 inches.

Wilkinson Chutes Inc., Akron, Ohio filed February 19, 1958 an application with the Board of Standards & Appeals for approval of the material known as the Wilkinson Hand or Foot Operated Intake Door, Models W01B, W1B, W3B, W5B, W7B and Wilkinson Discharge Doors, Models 28 x 36 inches, 24 x 30 inches, 20 x 30 inches, 18 x 30 inches, 15 x 24 inches under the provisions of C-26-663.0 Administrative Building Code.

Purpose

The doors are to be used in vertical shafts but not to be used in incinerator openings.

Description

The doors are intended for installations in vertical shafts. The frames of the door assembly are connected to the chute by sheet metal screws and to the walls by four wall anchors.

The doors are of the intake and discharge type. The intake doors are designed to receive the rubbish and are located on the upper floors and are either hand or foot oper-

ated and can be equipped with cylinder locks if required. The discharge doors are located on the lower floors.

The doors are intended for openings not to exceed 24 x 24 inches for intakes and 24 x 36 inches for discharge doors.

The exterior face of the door is of 22 gauge stainless steel and the back face and wings are of 18 gauge stainless steel and the intervening space is insulated with 1 inch of Johns-Manville Marmite 23.

The hardware on the intake doors consists of two steel pivots located at the bottom, a single point latch with a $\frac{3}{8}$ inch latch bolt at the top and a spring-loaded closer of the air check type at one side. The discharge doors are provided with a continuous steel hinge at the top and two single point latches with $\frac{1}{2}$ inch latch bolts at the sides near the bottom.

Inspection and Test

Two intake and four discharge doors were tested at the Underwriters Laboratories, Chicago, Illinois. All doors tested successfully met the fire and hose stream tests. The complete report is on file with and is part of the record.

Recommendation

On the basis of the tests and the data filed by the applicant, the Committee on Test recommends the approval of the Wilkinson Hand or Foot Operated Intake Doors, Models W01B, W1B, W3B, W5B, W7B and Wilkinson Discharge Doors, Models 28" x 36", 24" x 30", 20" x 30", 18" x 30", 15" x 24" and 12" x 24" for use in New York City under the provisions of C26-663.0 Administrative Building Code on condition that the doors shall not be installed in incinerators and further that all installations shall comply with the requirements of the Rules of the Board for Inspection of Opening Protective Assemblies.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,

113-58-SM

APPLICANT—E. I. DuPont de Nemours and Co., Inc., owner.

SUBJECT—Application February 20, 1958—DuPont "Tontine" Flame Resistant Vinyl Drapery Material; traversing window draperies, etc., approval of.

APPEARANCES—

For Applicant: Samuel R. Todd.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 113-58-SM.

Subject: DuPont "Tontine" Flame Resistant Vinyl Drapery Material; traversing window draperies, etc.

E. I. du Pont de Nemours and Company (Incorporated), Wilmington, Delaware filed February 20, 1958 an application with the Board of Standards and Appeals for approval of the material known as DuPont "Tontine" Flame Resistant Vinyl Drapery Material under the provisions of the Flame Proofing Rules of the Board.

MINUTES

Purpose

Traversing window draperies for controlling light in classrooms used for audio-visual education.

Description

DuPont "Tontine" Flame Resistant Vinyl Drapery Material construction is a woven cotton fabric coated on both sides with virgin vinyl resins formulated to impart permanent flame resistance. It has intermediate black pigmented vinyl coating for opacity. One side is decorated with printed and embossed designs. The other side is solid. Neutral color. The material is pliant for easy draping and has a dry, non-tacky surface to minimize clinging of dust particles.

Inspection and Test

Samples of the material were tested at the Better Fabrics Testing Bureau in the presence of Assistant Engineer J. A. Darts, Committee on Test and S. R. Todd representing the applicant.

The complete report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test, the Committee on Test concludes that the material "Tontine" Calendar Number 113-58-SM possesses inherent flame proofing properties and accordingly recommends the approval of the material for use as a flame resistant fabric for traversing window draperies for controlling light in classrooms used for audio-visual education. The Committee further recommends that this material shall not be used in locations wherein an approved opening protective assembly is required.

Test on each specific installation or any retests thereof shall be made by the Fire Commissioner or in a laboratory approved by him in accordance with the requirements of the Flame Proofing Rules of the Board.

The Committee further recommends that all cartons or containers in which this material is marketed shall be tagged, stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 113-58-SM."

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

APPLICANT—Ray Oil Burner Sales, Inc., for Ray Burner Co., owner.

SUBJECT—Application February 3, 1958—Ray Conversion Oil Burner, Model PD; approval of.

APPEARANCES—

For Applicant: Arthur Brierty.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 250-58-SA.

Subject: Ray Conversion Oil Burner, Model PD.

Ray Oil Burner Sales, Inc., for Ray Burner Co., San Francisco, Calif., filed February 3, 1958 an application with the Board of Standards and Appeals for approval of the Ray Conversion Oil Burner, Model PD, for use in New York City under the provisions of the Oil Burner Rules of the Board.

Purpose

A conversion type oil burner.

Description

The Ray Conversion Burners, Model PD, are made in three sizes and are designed to burn fuel oil not heavier than No. 2. They are high pressure type burners which furnish all of the combustion air through the burners for firing rates up to capacity. Oil pressure is generated by a two stage gear pump which is an integral part of the burner. Air is delivered by a multi-blade fan through a steel blower tube equipped with a turbulator type combustion head. Ignition is electric.

The main housing is cast aluminum alloy upon which is mounted the motor, fan, ignition transformer and fuel pump. The steel blower tube is attached to this housing and extends into the combustion chamber.

Burners are furnished standard with 1750 RPM motors for normal draft but are available with 3450 RPM motors for forced draft firing.

Size 1 and 2 burners are fixed firing rate burners, the size 3 burner has a low fire start and may be used as a high-low firing system.

The air inlet shutters for the size 1 and 2 are set and locked in position. The air control for the size 3 burner operates with the variable firing rate. The size 1 burner uses a single nozzle, the size 2 burner two nozzles and the size 3 uses variable flow rate nozzles which operate over the entire firing range.

Standard equipment includes a check valve for the suction line, thermostat, limit control, stackswitch burner control on standard speed sizes 1 and 2. Electronic photocell burner control is standard on size 3 and on 3450 RPM models of size 1 and 2.

The PD burners are designed for either pedestal or flange mounting. The firing rates are:

Size 1	2 to 8 gallons per hour.
Size 2	8 to 18 gallons per hour.
Size 3	14 to 30 gallons per hour.

Inspection and Test

All details were examined by Ass't. Engr. G. F. Sklenarik, Committee on Test.

The Model PD burners have been tested and approved by the Underwriters' Laboratories, MP 79, MP 119, MP 585.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the Ray Conversion Oil Burner, Model PD in three sizes for use in New York City when installed in accordance with this report and the Oil Burner Rules of the Board provided that each burner shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 250-58-SA."

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 506-58-SA

Subject: Brilliant Fire, Ohio Radiant, Model Nos. 1025, 1025-M, 1035 and 1035-M.

The Ohio Foundry & Manufacturing Company, Steubenville, Ohio, filed August 26, 1958, an application with the Board of Standards and Appeals for approval of Brilliant Fire, Ohio Radiant, Sunburst, Models 1025, 1025-M, 1035 and 1035-M for use in New York City under the provisions of C26-191.0 of the Administrative Building Code and pertinent sections of the Multiple Dwelling Law.

Purpose

A gas fired heater for installation on any outside wall.

Description

The following models of Wall Heaters are designed for installation on any outside wall; each heater is vented in itself; no stack is required. A venting device is included with each heater. This design is built in two (2) sizes:

Models 1025 or 1025-M, 25,000 BTU per hour input.

Models 1035 or 1035-M, 35,000 BTU per hour input.

Models 1025 & 1035 are equipped with a louvered jacket.

Models 1025-M & 1035-M are equipped with an expanded metal mesh jacket.

Models 1025 & 1025-M, both models also approved when equipped with a Model 2400A blower assembly as optional equipment.

Models 1035 & 1035-M, both models also approved when equipped with a Model 2400B blower assembly as optional equipment.

Each heater contains in itself a 100% sealed heating section made of aluminized steel. The gas burner and pilot are completely enclosed in this heating unit, providing a complete venting and air supply system. All combustion chamber products are carried outside. All combustion air is drawn from the outside. No room air is needed for combustion; no vent pipes are required. The venting device provides protection against wind and weather conditions. These units are complete with automatic self generating controls, including 100% safety valve and integral or wall thermostat. All controls are easily accessible. The universal cast iron burner provides operation on all gases when correct orifices and control equipment is provided. The universal pilot requires only the correct orifice for 100% safety operation.

The outside cabinet is finished in a high temperature baked enamel, and provides large louver area. The top louver assembly lifts out as a unit for easy cleaning. The cabinet hinges in place while two (2) spring locks it in position at the bottom. There is a large hinged service door, provided with a magnetic latch.

Only an 8 $\frac{3}{8}$ " diameter hole is required through the outside wall to install the vent. The entire heater, either 1025

or 1035 size, installs on the wall with four mounting bolts.

An Accessory Blower No. 2400 (—A or B) is available for use with these units. It is a complete unit in itself, and installs inside the unit with a few screws and an electrical connection. It comes with an automatic blower switch wired into a conduit box, ready to connect. A flexible duct conduits forced warm air out through the grille opening at floor level.

All heating sections parts including the combustion chamber baffles, radiation section, air ducts and vent pipes, both inside and outside, are made of aluminized steel (coated both sides).

When installing the heater, the wall seal tube is inserted from the interior side through a previously determined and drilled 8 $\frac{3}{8}$ " diameter hole. The tube is long enough to fit a wall up to 12" thick. It is cut to fit the wall thickness of the installing job, and is made flush with the exterior wall, then fastened in place with round head screws. Caulking is applied between opening and tube to provide tight joint. The cabinet is disassembled from the heating section assembly by unhooking the two springs on the inside at bottom right and left sides. Open door. Unhook springs (leave string, holding springs, in place until assembly is completed). Then lift cabinet out from bottom and up to detach. The location of the gas connection should be decided upon, either through the wall or up through the floor. Knockouts have been provided for the gas pipe to come through. If the wall location is to be used, tap correct knockout, out of place with hammer or punch. If gas pipe is to come through from floor, tap out casing bottom knockout. Then align the heating section assembly with the mounting holes already drilled and wall seal tube opening. Next, the unit is fastened to wall with self Locking "wall-grip" bolts. Use washers under screw heads. The air inlet pipe is installed next. Fit tube over 6" diameter collar of air duct opening in unit. Air inlet pipe should be same length as wall seal tube. Then 4" diameter flue outlet is fitted next. Fit flue pipe over inside 4" collar of heating section. The flue extends 2 $\frac{1}{2}$ " beyond edges of wall seal and air duct. Fit tightly in place on 4" collar. The outside Vent-O-Magic assembly is installed next. Caulking compound is applied heavily to inside of groove and surface of wall plate. Assembly is inserted into position aligning 6" collar and 4" flue, then pressed into place, and secured against wall with 4 wood screws. For cement block or brick walls, $\frac{1}{8}$ " expansion bolts should be used. Seal around outside edge of siding plate with caulking compound to provide tight water seal.

The gas piping (either floor or wall) can now be completed.

The cabinet is now assembled on the wall unit. Top edge of cabinet hooks over offset flange of back assembly (which has been attached to wall). Hook cabinet edge in offset and drop down over unit. Press against wall at bottom. Open service door and hook springs into holes provided in door frame brackets. Remove shipping string from springs. Heater cabinet will then fit snugly against wall. No screws are required.

Inspection and Test

These heaters were tested and approved by the American Gas Association. The report is on file and is part of the record.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test recommends the approval of Brilliant Fire, Ohio Radiant Model Nos. 1025, 1025-M and 1035 and 1035-M for use in New York City when installed in accordance with this report and the provisions of Article 12, C26-191.0, of the Administrative Building Code and in addition when installed in Multiple Dwellings the pertinent sections of the Multiple Dwelling Law be complied with, provided that each such heater shall bear a label, permanently affixed, reading as follows: "Approved

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 516-58-SA.

Subject: Pneumatic Sewage Ejector Systems, Single and
Duplex, Models 30, 50, 75, 100, 150, 200, 250, 300,
350, and 400 GPM.

Komline-Sanderson Engineering Corp., Peapack, New Jersey, filed Sept. 4, 1958, an application with the Board of Standards and Appeals for approval. The Pneumatic Sewage Ejector Systems, single and duplex, Models 30, 50, 75, 100, 150, 200, 250, 300, 350 and 400 GPM for use in New York City under the provisions of C26-1316.0 of the Administrative Building Code.

Purpose

To collect and eject sewage in buildings, subways, and other facilities which are below main sewer line.

Description

The Pneumatic Sewage Ejector Systems in both single and twin types. The ejector pots are either cast iron or welded steel. If of cast iron, same are suitable for 100# working pressure, and factory tested to 150#. If of welded steel, the pots are fabricated of copper bearing steel, suitable for 50# minimum working pressure and shop tested to 100#.

The ejector pot utilizes either electrode probes, or float and electric float switch, or float and pneumatic pilot control valves to actuate the air and admit same to the ejector pots to discharge them. Air is available from either rotating positive displacement compressors or from an air receiver which may be served by a reciprocating type compressor.

The compressors are rated to discharge the contents of each ejector pot in 30 seconds against the designed discharge head.

Each ejector pot has one check valve and one gate valve on the inlet side of the ejector and one check valve and one gate valve on the discharge side of the ejector. As the ejector pot is filling, the inlet check valve is held open by the incoming flow and the discharge check valve is held

closed by the column of sewage in the discharge line. During the discharge cycle, when air is admitted to the top of the sewage, the discharge check valve is forced open and the inlet check valve is simultaneously forced closed. The sewage is then permitted to flow from the pot through the discharge line to the ultimate free fall.

The air lines from the compressors to the ejector pots are a minimum of 1¼" diameter. On this air line, a normally open solenoid two-way valve is furnished when the compressors deliver air directly to the ejector pot. The solenoid valve is located after a tee connection on the line leading from the compressor to the ejector pot. This two-way valve is normally open and is closed when energized at the same time the compressor is going through its discharge cycle. When plant air or an air receiver is used, a three-way valve is utilized to serve this purpose.

The ejection cycle of the pot is always less than 30 seconds unless adjustments are made to lengthen or shorten the cycle.

Inspection and Test

All details of the installation were examined by Ass't. Architect T. W. Farricker, Committee on Test. A typical installation was inspected at the Sewage Plant at upper Nyack, N. Y. Present was Mr. Ralph Conte, representing the applicant.

Recommendation

On the basis of the inspection and the data submitted by the applicant, the Committee on Test recommends the approval of the Komline-Sanderson Pneumatic Sewage Ejector Systems, single and duplex, Models 30, 50, 75, 100, 150, 200, 250, 300, 350 and 400 GPM for use in New York City when installed in accordance with this report and the requirements of C26-1316.0 of the Administrative Building Code provided that each ejector pot bear a label permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 516-58-SA."

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 596-58-SM.

Subject: Automatic Louvered Fire Damper, Model
VWNYT-1.

MINUTES

Imperial Damper Co., Inc., Edgecombe Avenue, New York, filed October 17, 1958, an application with the Board of Standards and Appeals for approval of their Automatic Louvered Fire Damper, Model VWNYT-1 under the provisions of C26-191.0 Administrative Building Code.

Purpose

Fire dampers for installation in heating and ventilating duct openings.

Description

The Imperial Automatic Fire Damper is a multiple blade type intended for installation in heating and ventilating duct openings through walls other than fire walls not exceeding 48 inches in width and 36 inches in height when used singly and 96 inches in width and 72 inches in height when used in multiples of two or more.

The damper consists of seven horizontal blades with a maximum length of 24 inches and 6 inches in width made of 16 gage steel. The blades are mounted on $\frac{1}{2}$ inch diameter steel rods set in bronze bearings mounted in a $2 \times \frac{1}{2} \times \frac{1}{8}$ inch channel frame. The entire unit is then mounted in a 10 gage steel sleeve.

The damper is held in an open position by means of a standard fusible link. Fusion of the link will cause the damper blades to close by spring action.

Inspection and Test

All details of construction were examined by Ass't. Engr. G. F. Sklenarik, Committee on Test.

The Imperial Fire Damper as described was tested and approved by Underwriters' Laboratories, File 57C7587.

Recommendation

On the basis of the examination and the data filed by the applicant. The Committee on Test recommends the approval of the Imperial Damper Co., Automatic Louvered Fire Damper Model VWNYT-1 for use in New York City in accordance with this report provided that each damper shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 596-58-SM".

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

646-58-SA

APPLICANT—The Peelle Company, owner.

SUBJECT—Application November 7, 1958—Peelle Type UA-3 Interlock and Type UA-4 Lock and Contact, for Hoistway Doors, approval of.

APPEARANCES—

For Applicant: Paul R. Doneg.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 646-58-SA.

Subject: Peelle Type UA-3 Interlock & Type UA-4 Lock & Contact.

Peelle Company, Brooklyn, New York, filed October 31, 1958, an application with the Board of Standards and Appeals for approval of the Peelle Type UA-3 Interlock & Type UA-4 Lock & Contact under the provisions of C26-1139.0 Administrative Building Code.

Purpose

The appliance is a hoistway door interlock and electric contact.

Description

The Type UA-4 Lock and Contact is intended for use with Peelle Counter-Balanced Doors. It is manufactured for right and left hands so that it may be placed on either side of the door.

This Lock and Contact is for use with a stationary cam on the car.

The Lock and Contact consists of a single contact located in a steel box together with a locking mechanism so mounted to form a common assembly which is bolted to the door rail.

The contact is normally open and is located near the top of the box. The stationary part of the contact assembly consists of two (2) "U" formed $\frac{1}{16}$ " x $\frac{5}{16}$ " brass pieces with silver contacts mounted on a fibre base fastened to the base of the metal box. The active contact assembly consists of a "T" shaped $\frac{1}{16}$ " brass plate with two (2) silver contacts fastened to a $\frac{3}{16}$ " fibre arm. This is in turn fastened to a pivoting shaft which extends through the side of the box. The shaft is held in place by means of a "U" shaped guide casting mounted to the base of the box. Outside the box and attached to the shaft is an actuating arm which is actuated by a flat arm mounted on the door panel. Below the normally open contact is a similar shaft assembly mounted to the base of the box. Outside the box and attached to the shaft is a roller arm, the top of which is so shaped to lock over the flat arm mounted on the door panel to lock the door in its closed position. The contact has been tested for 220 volt, 2 amp. current and approved by the Underwriters' Laboratories, Inc.

As the car is brought to a landing, the stationary cam engages the roller on the roller arm and rotates the roller arm back, disengaging the locking portion of the arm from the locking arm on the door, thereby unlocking the door. When the door is opened, the arm on the door disengages the actuating arm of the contact which is gravity acting, opening the contact and locking out the control circuit, preventing the car from leaving the floor with the door in the opened position. As the door moves upward, the arm on the door engages the upper part of the actuating arm, thereby mechanically assuring opening of the contact. When the door is closing, the arm on the door moves downward engaging the contact actuating arm thus closing the contact. The contact being closed, the car control is moved permitting the car to move away from the landing, causing the stationary cam to move off the roller arm allowing the arm to move forward by gravity, permitting the locking portion of the arm to engage the door arm, locking the door in the closed position.

The arrangement of this device is such that the door cannot be opened from the floor side when the car is away from the landing. The cover plate for this contact is marked as follows:

The Peelle Company
Brooklyn, New York
Type UA-4
220 Volt, 2 Amp.

The Type UA-3 Interlock is intended for use with Peelle Counter-balanced Doors. It is manufactured for right and left hands so that it may be placed on either side of the door.

This Interlock is intended for use with a retiring cam on the car.

The Interlock consists of two (2) sets of contacts located in a single steel box together with a locking mechanism.

MINUTES

ism applied to same forming a common assembly which is bolted to the door rail.

The lower contact is normally closed and is actuated by a roller arm which in turn is actuated by a retiring cam mounted on the dumbwaiter car. This contact opens when the retiring cam presses against the roller arm. This contact is for interrupting the car circuit when the car is in a stopped position at the landing. The stationary part of the contact assembly consists of two (2) "U" formed $\frac{1}{16}$ " x $\frac{5}{16}$ " brass pieces with silver contacts mounted, on a fibre piece fastened to the base of the metal box. The active contact assembly consists of a "T" shaped $\frac{1}{16}$ " brass piece with two (2) silver contact fastened to a $\frac{3}{16}$ " fibre arm. This in turn is fastened to a pivoting shaft which extends through the side of the box. The shaft is held in place by means of a "U" shaped guide casting mounted to the base of the box. Outside the box and attached to the shaft is the roller arm, the top of which is so shaped to lock over the flat arm mounted on the door panel to lock the door in its closed position. Above the normally closed contact in the box is a similarly constructed contact assembly which is normally open. Outside the box and attached to its shaft is an actuating arm located between the side of the box and the roller arm which is likewise operated by the arm on the door. The contacts have been tested for 220 volt, 2 amp. current and approved by the Underwriters' Laboratories, Inc.

As the car is brought to a stop at a landing and the retiring cam motor is de-energized, the cam drops down engages the roller on the roller arm and rotates the roller arm back so as to open the lower contact and also disengage the locking portion of the arm from the lock arm on the door, thereby unlocking the door. When the door is opened, the arm on the door disengages the actuating arm of the upper contact which is gravity acting, opening the contact, locking out the cam motor circuit, preventing the retiring cam from being retired with the door in the open position. As the door moves upward, the arm on the door engages the upper part of the actuating arm, thereby mechanically assuring opening of the contact.

When the door is closing, the arm on the door moves downward engaging the upper contact actuating arm thus closing the contact. The upper contact being closed, the car control is moved so as to engage the cam motor, retiring the cam thus allowing the roller arm to move forward by gravity permitting the locking portion of the arm to engage the door arm, locking the door as well as closing the lower contact. If, however, the roller arm does not swing freely by gravity to lock the door but remains in a retired position as the retiring cam is moved away from it, the lower contact will not close and the car cannot be moved from the landing. The arrangement of this device is such that the door cannot be opened unless the car is at the landing with the control in the stopped position. Furthermore the car cannot leave the landing unless the door is closed and locked.

The cover plate for this assembly will be marked as follows:

The Peelle Company
Brooklyn, New York
Type UA-3
220 Volt, 2 amp.

Inspection and Test

The appliances were tested at the Underwriters' Laboratory in accordance with the requirements of C26-912.0 and C26-919.0 Administrative Building Code and successfully met the requirements.

Recommendation

On the basis of the tests and the data filed by the applicant, the Committee on Test recommends the approval of the Peelle Type UA-3 Interlock and Type UA-4 Lock and Contact as herein described for use in New York City under the provisions of C26-907.0 through C26-920.0 Administrative Building Code on condition that the appliance

bear a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 646-58-SA".

SAMUEL L. BECKER,

Director,

650-58-SM

APPLICANT—The Gamewell Co., owner.

SUBJECT—Application November 13, 1958—Flexalarm Fire Line Telephone System, as addition to Flexalarm Fire Alarm System, approval of.

APPEARANCES—

For Applicant: E. S. Ruth.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 650-58-SM.

Subject: Flexalarm Fire Line Telephone System as Addition to Flexalarm Fire Alarm System.

The Gamewell Company, Newton Upper Falls, Mass., filed November 13, 1958 an application with the Board of Standards and Appeals for approval of their Flexalarm Fire Line Telephone System for use in New York City under the provisions of C26-1429.0 Administrative Building Code.

Purpose

A fire line telephone system to be used in conjunction with a standpipe fire line signal system.

Description

The appliance consists of a complete Fire Line Telephone system designed to allow two-way conversation between the Master station and any Sub-master telephone station or between Sub-master stations alone, or between any Outlying station and the Master or any Sub-master station.

The system consists of a surface mounted Master station, one or more wall mounted Sub-master telephone stations, a number of wall mounted Outlying telephone stations, and 24 volt 60 cycle vibrating type signaling bells for the Master and Sub-master stations.

The Master station consists of a surface cabinet, made of #16 ga. sheet steel and finished with Fire Department RED enamel. Two permanent magnet six inch speakers are fastened to the rear of the cabinet face with machine screws. One six inch speaker is used as a dynamic microphone, and the other is used as a receiver, (Loud speaker).

The Master station contains the equipment required for a four stage transistorized amplifier for amplifying the input from the dynamic microphone of the Master station to the receivers of the Sub-master or Outlying telephone stations. A theostat complete with moulded knob is provided for varying the volume.

The Master station also contains the equipment required for a single stage transistorized amplifier for amplifying the input from the transmitter of the Sub-master or Outlying telephone stations to the receiving speaker of the Master station. Another stage feeds a cutout relay designed to pre-

MINUTES

vent coupling between the two speakers. A thermostat, complete with knob, is supplied for varying the sensitivity of the relay.

The power supply equipment is also mounted in the Master station cabinet. This equipment includes the power transformer, for supplying 24 VAC for the signaling bells, as well as the input to a bridge rectifier; the rectifier filter capacitors, and choke, required for providing a smooth DC supply.

The Sub-master and Outlying telephone stations have a $6\frac{3}{8}$ " high x $4\frac{1}{2}$ " wide x .40" thick, satin finished stainless steel front plate having a decorative grille transmitter opening and neatly beveled edges. The watchcase style receiver is a permanent magnet bi-polar type. The receiver cord is equipped with a line fastened from the cord to the receiver hook so that if the receiver is not rehung on its hook, its weight hanging on the cord will pull the receiver hook down.

The front plate is furnished with the calling buttons in one horizontal row with an engraved laminated plastic designation strip mounted above.

The telephone stations are made for both flush and surface mounting and are furnished with minimum thickness #18 gauge sheet steel wall boxes for conduit connection.

The signaling bells are of the 24 volt 60 cycle synchronous vibrating permanent magnet polarized type. The gong shells are of hot pressed steel, Parkerized and finished red. The gong housings are die cast zinc, gray enamel finish.

Inspection and Test

The Fire Line Telephone system was inspected and tested at the New York office of the Gamewell Company, 420 Lexington Avenue, in the presence of Ass't Engr., G. F. Sklenarik, Committee on Test, Supervising Electrical Inspector, R. C. Lent, New York Fire Department, and Mr. W. B. Flanigin and E. S. Ruth representing the applicant.

The system functioned satisfactorily.

Recommendation

On the basis of the inspection and test, the Committee on Test recommends the approval of the Flexalarm Fire Line Telephone System for use in New York City in accordance with this report, Rule 53 of the Standpipe Fire Line Rules of the Board, C26-1429.0 Administrative Building Code, and the requirements of the Fire Commissioner under Chapter 19, Sections 488 and 490, provided that the telephone equipment shall bear a label, permanently affixed, reading "Approved by the Board of Standard and Appeals for use in New York City under Calendar Number 650-58-SM".

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

720-58-SA

APPLICANT—Per-Fab Company, Inc., owner.

SUBJECT—Application December 9, 1958—Per-Fab Heat Transfer System, approval of.

APPEARANCES—

For Applicant: Frank Perrotta

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley, Commissioner Sleeper and Commissioner Fox..... 4

Negative: Vice Chairman Kleiwert 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 720-58-SA.

Subject: Per-Fab Heat Transfer System.

Per-Fab Company, Inc., Bloomfield, New Jersey, filed December 9, 1958 an application with the Board of Standards and Appeals for approval of the Per-Fab Heat Transfer System for use in New York City under the provisions of sections C26-191.0 and C19-11.0 Administrative Code.

Purpose

A packaged unit for heating and circulating a heat transfer liquid.

Description

The Per-Fab Heat Transfer System is an electrically heated packaged unit designed for the forced circulation heating of customer process equipment by means of a heat transfer liquid, either a mineral oil or a chlorinated biphenyl known as Arochlor 1248. The flashpoints of these substances are specified as not less than 350°F.

The complete package unit consists of from one to four Chromalox electric circulation heaters, type NHWO series 6, previously approved by the Board under Calendar Number 141-57-SA as fuel oil preheaters, which are connected together in series with a Roper hot oil circulating pump driven by means of a splash proof motor in addition a safety by-pass and relief valve, a heat transfer fluid strainer, a Fenwall indicating temperature controller, a fused disconnect switch, Allen-Bradley magnetic contactors and relays, on-off push button switches and a heat transfer fluid expansion tank with the necessary interconnecting piping and valves all assembled on a steel frame and a skid base.

The temperature control incorporates a two step controller which, in addition to automatic temperature control of the circulating heat transfer fluid, also provides an adjustable upper limit manual reset temperature limiting switch. Control circuit wiring is arranged so that the circulation pump must be in operation when the electric circulation heaters are energized. The piping is arranged with a by-pass circuit and a Fisher by-pass relief valve is installed so that the circulation of the heat transfer fluid will be maintained around the pump and through the heaters in the event of heat transfer fluid stoppage at the customers process equipment such as a jacketed kettle.

The heat transfer fluid expansion tank, which is open to atmosphere is installed on the suction side of the pump piping and is placed ten to twelve feet above the process equipment thereby producing a static fluid head of less than 5 psi in the system. In large systems the expansion tank is fitted with a sight glass and float operated low level switch to shut off the system in the event of accidental fluid loss in the system.

Maximum operating temperature of the heat transfer fluid is not to be over 400°F with operating pressures generally 20 to 30 p.s.i. on the high side of the pump and with the relief valve set at approximately 5 p.s.i. higher than operating pressure.

The Per-Fab Heat Transfer system is available in standard construction as described for non-hazardous locations or in explosion proof construction using explosion proof electrical components.

Inspection and Test

A typical unit was inspected at the premises of the applicant, Bloomfield, New Jersey, by Ass't. Engr. G. F. Sklenarik, Committee on Test.

Recommendation

On the basis of the inspection and the data submitted by the applicant, the Committee on Test recommends the approval of the Per-Fab Heat Transfer System for voluntary use in New York City when installed in accordance with this report and the recommendations of the manufacturer, the Electrical Code of the City of New York and the requirements of the Fire Commissioner; each unit to bear a

MINUTES

label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 720-58-SA".

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 758-58-SA.

Subject: General Automatic Gas Fired Hot Water Domestic Heating Boilers, Models L-4, L-5, L-6, L-7, L-8, L-9 and L-10.

General Automatic Products Corp., Baltimore, Maryland, owner-manufacturer, filed December 26, 1958, an application with the Board of Standards and Appeals, for approval of the General Automatic Gas Fired Hot Water Domestic Heating Boilers, Models L-4, L-5, L-6, L-7, L-8, L-9, and L-10 for use in New York City under the provisions of Article 12, Administrative Building Code.

Purpose

Gas fired hot water boilers for domestic heating.

Description

The General Automatic boilers are made with heat exchangers of $\frac{1}{4}$ inch boiler plate and crown sheets of $\frac{5}{16}$ inch plate all electrically welded. The boilers are built to A.S.M.E. requirements.

The gas burners are of raised port construction made from pressed steel and are porcelain enameled. A built in draft diverter is installed at the outlet of the boiler.

The entire assembly is enclosed in a fully insulated steel jacket.

The specifications are as follows:

Model	BTU Input	Smoke Pipe Connection Dia.	Optional Tankless Coil Hot Water
L-4	72,000	4" Rd.	not-available
L-5	90,000	5" Rd.	not available
L-6	108,000	5" Rd.	2½ GPM
L-7	126,000	5" Rd.	3 GPM
L-8	144,000	6" Oval	3 GPM
L-9	162,000	6" Oval	3 GPM
L-10	180,000	6" Oval	3 GPM

Standard equipment when used without hot water coil includes; automatic gas valve and safety pilot (self-gen-

erating type), gas pressure regulator, main shut off valve, pilot valve, gauge and A.S.M.E. relief valve. When used with hot water coil a 24 volt automatic gas valve, transformer and safety pilot are used in place of the self-generating controls.

Inspection and Test

All details were examined by Ass't Engr, G. F. Sklenarik, Committee on Test.

All models were tested and approved by the American Gas Association as central heating boilers.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the General Automatic Gas Fired Hot Water Domestic Heating Boilers, Models L-4, L-5, L-6, L-7, L-8, L-9 and L-10 for use in New York City when installed in accordance with this report and Article 12, Administrative Building Code with minimum clearances of 6 inches between adjacent combustible structural material and the sides and rear of the jacket and any projecting flue box or draft hood but with sufficient clearance for ready access to the unit for adjustment, repair and replacement of parts and further provided that each boiler shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 758-58-SA".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated
July 8, 1957 on Order No. 3496-7, reads:

"3. Provide an approved sprinkler system having
at least one source of water supply for the handling,
use, storage or recovery of "Safety Film" in the above
building or premises. C19-117.O-C, Administrative
Code."

and

WHEREAS, the applicant states that the building is 12
stories, 185 feet high, 200 feet by 275 feet in area, of fire-
proof construction, located in business use, B area, class 2
height district; that the exits consist of 4 fireproof stairs,
two 5 feet wide and two 4 feet 4 inches wide; that the
building is equipped with a standpipe system; that the base-
ment storage area is equipped with a one source sprinkler
system; and

WHEREAS, the applicant states that the building was built

MINUTES

as a loft building under N.B. Applic. 332/10; that the present use was established in 1932 as follows: Basement—offices, restaurants, loading and unloading, 400 persons; 1st to 5th floors—offices; 6th floor—offices, motion picture studio and storage of film (in Room 625); 7th to 10th floors—offices; 11th floor—offices, motion picture studio, projection room, storage of film (See Calendar Number 60-56-A); 12th floor—offices; occupancy of all floors above basement, 200 persons per floor; and

WHEREAS, the applicant contends that it is the intent of this application to maintain the present uses and secure a variance to install on the 6th floor in the office designated on the plans a fireproof film storage cabinet of the type approved by the Board of Standards and Appeals under Calendar Number 838-39-SM to be used for the storage of the safety type film; that the office in question has been occupied by Herbert Kerkow, Incorporated, for the last ten years; that by far the large majority of their business today is the production of training and Public Relations films for the Navy, Air Force, Army and United States Information Agency; that the films are generally photographed at Government locations and are edited and spliced on the premises; that the proposed film storage cabinet is completely fireproofed and provided with an approved type sprinkler head connected to the domestic water supply system and a vent leading directly to the outer air, said cabinet carried Board of Standards and Appeals approval under Calendar Number 838-39-SM, to be used for the storage of safety film; that said safety film will be kept in separate containers inside the film storage cabinet; that it is also proposed to install portable fire extinguishing apparatus as may be directed by the Fire Commissioner in the room proposed for storing of the film cabinet; and

WHEREAS, the premises were previously, inspected by a committee of the Board.

Resolved, that the decision of the Fire Commissioner dated July 8, 1957, acting on Order No. 3496-7 Objection No. 3, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that all film used in these premises shall be of the safety type and such film shall be stored, when not in use, in approved steel cabinets of a type and size as approved by the Board, and each fitted with a sprinkler head, as required; that the film stored shall not exceed the capacity of two such cabinets; that no loose film shall be permitted on the premises except when in immediate use; that a one-source sprinkler system shall be maintained in connection with the cellar storage only; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modified under Cal. No. 60-56-A on April 30, 1957; and that the requirements of the resolution adopted thereunder shall be complied with.

746-57-A

APPLICANT—Samuel Rosenblum, for Alma G. Roos.

SUBJECT—Application October 10, 1957—Appeal from a decision of the Borough Superintendent—re egress.

PREMISES AFFECTED—147-149 West 22nd Street, north side, 249 feet, 6 inches east of 7th Avenue, Block 798, Lot 17, Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel Rosenblum.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleiner, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 23, 1957 on Alt. Applic. 1193/57 reads:

"1. Provide second means of egress to comply with

Sec. 271 LL. Present rear stair does not meet requirements of Section 268 of the LL."

and

WHEREAS, the applicant states that the building is 10 stories, 112 feet in height, 45 feet front by 90 feet in depth, of fireproof construction, erected 1908, on a lot 45 feet front by 98 feet 9 inches in depth, now in an unrestricted use, B area, class 2 height district, and used and occupied since 1908 as follows: Cellar—boiler and storage, 2 persons; 1st floor—office and laboratory, 30 persons; 2nd floor—radio repairs, 25 persons; 3rd floor—manufacturing belt backings, 20 persons; 4th floor—office and jobbers filters, 20 persons; 5th floor—manufacturing coats, 30 persons; 6th floor—manufacturing undergarments, 30 persons; 7th floor—manufacturing hats, 40 persons; 8th floor—manufacturing dresses, 30 persons; 9th floor—manufacturing brassiers, 25 persons; 10th floor—photo engraving, 15 persons; that no change in use or occupancy is now proposed; that the building is provided with an approved standpipe system; that a dry non-automatic sprinkler system in the cellar and equipped with interior non-coded open circuit fire alarm sprinkler system as permitted by the Board under Calendar Number 1193-17-S; that the building is provided with one 37 inch wide interior fireproof stairs from roof bulkhead direct to street; that one exterior stairs on the rear extending to roof by stair and to yard by stair and ladder with egress to adjoining yard to the west; that window and door opens on the course of the exterior stair are fireproof self-closing; and

WHEREAS, Violation Number 2731 was issued May 1, 1957, in that all floors are not provided with a legal second means of egress to street as required by law, since fire escapes are not considered as legal exits under Section 271 of the Labor Law; that since fire escape on this building is 3 feet wide has 8¼ inch treads, 8¼ inch risers and discharges into the rear yard of the adjoining building to the west; and

WHEREAS, the applicant states that the rear exterior iron stairway is 3 feet wide, has 8¼ inch riser and a pitch of 45°; that a full exterior stair would be 37½°; that the stairs is screened to a height of 5 feet; that it has fireproof casement doors at each floor opening out; that all openings on the course of the exterior stairs are fireproof; that these stairs lead down to a platform which is five feet above the adjoining yard to the west; that at this point there is a counter weighted drop ladder which gives access to the adjoining yard, which is a hotel and has ample yard space to accommodate all persons who might have occasion to use same; that this egress to the adjoining yard was approved by the Department of Buildings under Alt. Applic. 2228/18; and

WHEREAS, the applicant states that an addition to the existing egress from the lower termination of the exterior stairs, they have obtained consent from the owners 148 West 23rd Street, as a result of which connection will be made from the 1st story platform to the building in question to the yard of 148-150 West 23rd Street, from which yard egress is available to the exterior stairway and fireproof mezzanine passageway of 148-150 West 23rd Street, leading to the street; that as indicated on revised plans filed with this appeal marked May 15, 1958, 2 sheets.

and

WHEREAS, on July 8, 1958 the decision was:

"THE RESOLUTION—

"WHEREAS, the Board found the means of exit was blocked and general housekeeping conditions do not warrant the Board making any variance, therefore, this application should be withdrawn until the conditions are in proper shape for reinspection at which time the Board can restore it."

and

WHEREAS, the applicant now states that conditions are corrected and requests case to be restored to the calendar for decision; and

WHEREAS, the premises and housekeeping conditions were

MINUTES

inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. Applic 1193/57, Objection No. one and that the appeal be and it hereby is *granted, on condition* that the second means of exit shall be maintained as indicated on plans filed with this appeal marked, "Received October 10, 1957," 2 sheets; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that the building shall not be increased in height or area.

1009-57-A

APPLICANT—Aaron Halpern, for Salvatore Cantone, owner.

SUBJECT—Application December 30, 1957—Appeal from a decision of the Borough Superintendent, re frame structure, factory use, re exits, stairs, etc.

PREMISES AFFECTED—77-03 101st Avenue, north side, 20.11 feet east of 77th Street, Block 9049, Lot 38, Woodhaven, Borough of Queens.

APPEARANCES—

For Applicant: Aaron Halpern and Salvatore Cantone.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 27, 1957 on Alt. Applic. 16/57, reads:

"1. Proposed change of use of frame structure for factory is contrary to 4.2.1 Bldg. Code.

2. Provide two legal exits for factory as per 270 Labor Law.

3. Provide one hour stair enclosures at factory floor and block up hallway opening as per 270 Labor Law and 6.4.1.11 Bldg. Code."

and

WHEREAS, the applicant states that the building is 2 stories, 22 feet high, 20 feet by 65 feet in area, of wood frame construction, erected in 1925, located in business use, D area, class 1 height district, used and occupied since 1956; Cellar—boiler and storage, no persons; 1st floor—clothing manufacturer, 12 persons; 2nd floor—2 families; that present legal use is as follows: 1st floor—stores; 2nd floor—dwelling, for which Certificate of Occupancy 18255/25 was issued against N.B. Applic 13691/24; that a Violation #4171/56 is pending in the Building Department for illegal conversion; and

WHEREAS, the applicant states that the lot line walls are brick filled; that both cellar and 1st floor ceiling will be fire retarded with 1 hour material; that the hall enclosure at the 1st floor will be also of 1 hour construction with fireproof self-closing 3 hour doors; that the exits will be improved by creating 3 means of egress; that the front 3 foot wide door now swings out to street; that the hall doors will all be 3 feet wide and swing in the direction of egress; that a new 3 foot steel stair will be built at the rear with a 3 foot door swinging out; that this exit leads to an open rear yard without fences, which yards connect and lead through an open driveway at 78th Street; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommends that the appeal should not be granted.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 16/57, Objections No. 1, 2 and 3 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

778-58-A

APPLICANT—Arnold W. Lederer for Pauline Farber, owner.

SUBJECT—Application December 29, 1958—filed pursuant to section 310 of the Multiple Dwelling Law for variation of section 187, sub. div. 1c, of the Multiple Dwelling Law—re egress.

PREMISES AFFECTED—1588 Carroll Street, south side, 225 feet west of Schenectady Avenue, 2nd floor, Block 1413, Lot 28, Borough of Brooklyn.

APPEARANCES—

For Applicant: Arnold W. Lederer.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 15, 1958 on Alt. Application 1181/57, reads:

"1. Provide a dual means of egress as per Section 187 sub. div. 1c either a fire escape or sprinkler system."

and

WHEREAS, the applicant states that the building is 2 stories and basement, 35 feet high, of non-fireproof construction, 20 feet 3 inches by 117 feet in area on the 1st floor, 20 feet 3 inches by 62 feet on the 2nd floor, located in residence use, E and C area, class 1 height district, built in 1922, used and occupied since 1943 as follows: basement—ordinary and 2 car private garage; 1st floor—2 families; 2nd floor—1 family; that the building is equipped with two interior wood stairs enclosed in wood stud wood lath and plaster partitions with wood doors; that one 2 foot 6 inch wide stair leads to street; that second stair 2 feet wide to side yard; that both stairs extend to roof by ladder and scuttle; and

WHEREAS, the applicant contends that the present means of egress substantially complies with Section 187 of the Multiple Dwelling Law in that, the 2nd stairway is an enclosed stairway leading to ground rather than an exterior fire escape with a drop ladder; that a 2nd enclosed stairway is better than the typical multiple dwelling fire escape; that a similar appeal was granted by the Board in the matter of Calendar Number 594-49-A; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 1181-57, Objection No. One be and it hereby is *modified* under the powers vested in the Board by Section 310 of the Multiple Dwelling Law, and that the appeal be and it hereby is granted, to permit the means of egress as shown on plans filed with this appeal marked "Received December 29, 1958", one sheet, *on condition* that the enclosure of stairs and doors as required by law shall be complied with; that the building shall not be increased in height or area and in all other respects shall comply with the requirements of Art. VI of the Multiple Dwelling Law.

PETITION AND ORDER OF CERTIORARI SERVED ON THE BOARD OF STANDARDS AND APPEALS

On April 7, 1959, Petition and Order of Certiorari was served on the Board by Coombs & Wilson, attorneys for Faith For Today, Inc., owner, seeking a review of the Board's denial on March 10, 1959 of their appeal from a decision of the Borough Superintendent; Calendar Number 559-58-A; Premises 108-43 71st Avenue, north side, 100 feet west of 110th Street, Block 2223, Lot 44, Forest Hills, Borough of Queens.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, 9th Floor, Borough of Manhattan.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the Administrative Official either Borough Superintendent of Buildings or Fire Commissioner and file with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*.
